## Preface

It gives me immense pleasure to present the book titled Sustainable Finance and ESG: Global Policies, Green Investment Strategies and Inclusive Economic Transitions to students, faculty and readers.

The book has been divided into different chapters reflecting the importance of sustainable Finance and ESG. It will be helpful in terms of teaching and educating the students so that they manage the financial resources in the most efficient way.

We are thankful to all the contributors for their contributions to this book as authors and for providing insights into sustainable finance.

The book can be used for the development of the economy through the inclusive growth and prosperity of the different sectors. It also helps in reducing the burden on the financial resources.

We are thankful to the Deep Science Publisher for their cooperation in the tedious editing and typesetting work and for bringing this book out in a very short period of time.
