# Vertical time but **H**orizontal time

-Poor and righteous soul of eternity living on vertical time, but getting much more than other, mind and body of dying on horizontal time

Seongju Choi

## **Preface**

Vertical time righteous soul, young time. Righteous soul land.

Horizontal time wicked soul, old time. Wicked soul land.

Vertical time living young time, runs to righteous soul energy, and creation of knowledge growing

Horizontal time living on old time, runs to the wicked soul energy, but creation of knowledge to be decreasing.

If a person live on vertical time, a person to be Righteous soul living growing, in the end arrival to the righteous soul living in destination place.

# Definition of vertical time

Vertical time

Vertical is travel, or run to depth

Vertical is

This is vertical

Vertical is narrow wide of  $1/\infty$  but depth is  $\infty$

So then,

Vertical time is a living in the vertical space and time

Vertical time space is

Width  $1/\infty$  X depth  $\infty$ = vertical space and time

A living in the vertical time

“it shares time with other, help other, and doing real love other” of righteous soul living

Vertical time living does not live revenge and breaking other

Vertical time living is new and creative knowledge base space and time living

It means that do not living old knowledge

Creative knowledge is bubble of creation of knowledge in the silence and clean clear

Old knowledge is from loudly and dirty

So then,

If a living runs vertical time living then

“it shares time with other, help other, and doing real love other” of righteous soul living

Creative knowledge is bubble of creation of knowledge in the silence and clean clear

Vertical time space and time living energy is

Vertical time living energy = width  $1/\infty$  X depth  $\infty$  =

Righteous soul energy, so called righteous soul living is from

“it shares time with other, help other, and doing real love other” of  
righteous soul living

Vertical time running helping is

Creative knowledge is bubble of creation of knowledge in the silence  
and clean clear

So then

A living vertical time living energy is

Righteous soul energy X running to the depth helping =

Truly infer that

Go depth is

Depth huge hard to go depth

Solid liquid making hard running through it

This is impossible yes, so then,

Vertical time is lie, yes who will criticize at now book writing me

Vertical time is hard just 1m depth who can run so hard macro concept world point of view is and scientific impossible, but micro concept world righteous soul living in destination place

Arriving to the righteous soul living in destination place is in the depth  $\infty$

So then,

Vertical time living a righteous soul runs to the depth

Righteous soul energy

"it shares time with other, help other, and doing real love other" of righteous soul living

Vertical time running helping

Creative knowledge is bubble of creation of knowledge in the silence and clean clear

Vertical time

Creation of knowledge helping runs to the vertical time

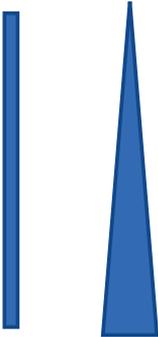

Bubble of creation of knowledge from righteous soul living in destination place

Because righteous soul living in destination place is in the depth  $\infty$

Bubble of creation of knowledge helping righteous soul running to the depth by only helping bubble of creation of knowledge

Vertical time running is

Righteous soul energy is increasing to the righteous soul living in destination place

Vertical time and vertical time energy

So then, righteous soul runs to the vertical time living is

Righteous soul energy is increasing to the righteous soul living in destination place reach at

Vertical time running righteous soul energy is  $\infty$

Righteous soul running to the vertical time is

Helping bubble of creation of knowledge

Righteous soul bubble of creation of knowledge possible macro and micro concept world governing knowledge

In the reach at the righteous soul living in destination place

Vertical time running bubble of creation of knowledge is  $\infty$

Vertical time living running to the depth then

As approaching to the righteous soul living in destination place then

Vertical time running righteous soul energy is  $\infty \times$  Vertical time running bubble of creation of knowledge is  $\infty$

= righteous soul living in destination place safe returning a righteous soul

Vertical time running righteous soul energy is  $\infty \times$  Vertical time running bubble of creation of knowledge is  $\infty$

Of a righteous soul living

It keeps a cosmos law so that a righteous soul living is silence and clean clear, a righteous soul =silence and clean clear on voyage vertical time living

Vertical time is

A righteous soul

Silence and clean clear

Vertical time running righteous soul energy is  $\infty$

Vertical time running bubble of creation of knowledge is  $\infty$

vertical time living is

righteous soul living is independent and self-support living

independent and self-support living helping bubble of creation of knowledge

righteous soul = bubble of creation of knowledge

bubble of creation of knowledge help righteous soul living behavior

righteous soul living behavior is

“it shares time with other, help other, but also doing real love other”

In this time and space is

Vertical time running righteous soul in the macro concept world

Vertical time living

Keep a cosmos law, so then cosmos law also helps a righteous soul living vertical time

Macro concept world

Micro concept world

And vertical time living

Created righteous soul voyage macro concept world vertical time living

A righteous soul first voyage in the macro concept world righteous soul energy is  $1/\infty$

But in the macro concept world righteous soul to the righteous soul living in destination place righteous soul energy to be  $\infty$

But also,

Righteous soul living in destination place creating righteous soul creation of knowledge  $1/\infty$ , but through macro concept world voyage vertical time living a righteous soul as approaching to the righteous soul living in destination place then bubble of creation of knowledge is  $\infty$

A righteous soul crated at righteous soul living in destination place

At that time a righteous soul energy is  $1/\infty$ , creation of knowledge  $1/\infty$

But as approaching to the righteous soul living in destination place

Righteous soul energy  $\infty$

Creation of knowledge  $\infty$

Righteous soul vertical time living

Is righteous soul living voyage orbit

A righteous soul vertical time running to the righteous soul living  
between micro concept world and macro concept world

Then,

Here is

A righteous soul creating righteous soul

Vertical time running righteous soul

Creation righteous soul grow to vertical time running righteous soul

Righteous soul energy from  $1/\infty$  to  $\infty$

Creation of knowledge from  $1/\infty$  to  $\infty$

Arrival to the righteous soul is

Righteous soul energy is  $\infty$ , creation of knowledge is  $\infty$

Then,

Vertical time running a righteous soul to be creator in the righteous  
soul living in destination place

Vertical time running righteous soul grows

A righteous soul creating righteous soul righteous soul energy  $1/\infty$ ,  
creation of knowledge  $1/\infty$

Through vertical time running micro concept world to macro concept  
world to micro concept world,

So that approaching to the righteous soul living in destination place

A righteous soul righteous soul energy is  $\infty$

A righteous soul creation of knowledge is  $\infty$

A righteous soul growing

This grown righteous soul through vertical time running to righteous  
soul living in destination place

Then,

In result of righteous soul vertical time running completion is

A righteous soul righteous soul energy is  $\infty$

A righteous soul creation of knowledge is  $\infty$

Therefore, a righteous soul be a righteous soul creator in the righteous  
soul living in destination place

This is answer to the question of “What is a vertical time?”

# Definition of horizontal time

Horizontal time

Runs to the end of macro concept world

Runs to the old time

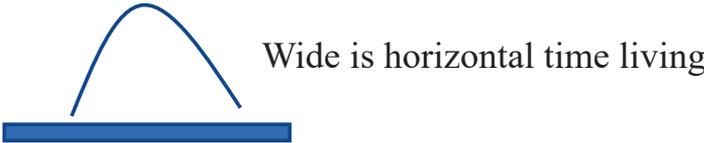

Horizontal time is

Wide  $\infty$  X depth  $1/\infty$  = horizontal time

Horizontal time living feeling 180°

So that

Depth is vertical time living

Horizontal time living feeling is runs to old time

Just flat line over of 180° recognition

It means that only seen world of macro concept world of 180°

But vertical time righteous soul living is 360°

180° of seen world macro concept world to other 180° unseen world  
micro concept world

So that

Horizontal time living end feeling is end of macro concept world,  
because 180° reach

But vertical time living end feeling is new micro concept world  
beginning if a righteous soul arrival to the righteous soul living in  
destination place, but if wicked soul living then, the terminal is  
wicked soul living in destination place

Horizontal time living is seen world vertical time living so that do  
not consider of unseen world micro concept world so that, the living  
is only 180° living

Horizontal time = wide  $\infty$  X depth  $1/\infty$

Horizontal world living actor of wicked souls are trying to live on

wide  $\infty$  X depth  $1/\infty$  = seen world  $180^\circ$  living energy, wicked soul do not know righteous soul, but only they do not know also unseen world micro concept world because wicked soul living only revenge and breaking to get living energy much more getting

wicked soul energy of revenge and breaking = wide  $\infty$ X depth  $1/\infty$

so then, seen word macro concept world horizontal time living is getting energy is

wide to getting wide, so called getting wide territory

here is wicked soul horizontal time living is

wide getting wide to  $\infty$  then, here is problems is macro concept worldwide territory is fix it never to be increasing so that wicked soul of horizontal time living getting  $\infty$  means that

macro concept world living wicked souls living is revenge and breaking to get wide territory

because macro concept world horizontal time is old time and old knowledge

but vertical time is new and creation of knowledge

then

horizontal time living wicked souls feels that

righteous soul energy is

depth  $\infty$  X width  $1/\infty$  = vertical time righteous soul energy

wide  $\infty$  X depth  $1/\infty$  = horizontal time wicked soul energy

here is horizontal time living wicked souls try to same getting  
vertical time righteous soul energy

so that

horizontal time living wicked souls are all rush to get much more  
than other wide territory but the territory is fixed and old time and old  
knowledge

horizontal time living wicked soul energy is decreasing to the end of

macro concept world end

because all of macro concept world horizontal time running to the end of macro concept world

because wicked soul to get much more than other, it required of wide territory getting

all of wicked soul energy used revenge and breaking with old time and old knowledge

so that,

macro concept world horizontal time living wicked soul do not know

righteous soul vertical time living energy increasing

righteous soul energy is cosmos law give to righteous soul energy as righteous soul cleaning cosmos

but wicked soul loudly and dirty in the cosmos so that keep decreasing energy

horizontal living wicked soul living energy

as to the end of macro concept world wicked soul living energy is  $1/\infty$

because all of macro concept world wicked soul runs to the end of macro concept world end, the horizontal living end energy is  $1/\infty$

horizontal living wicked soul old knowledge  $\infty$  so that creation of knowledge is decreasing to  $1/\infty$

because of horizontal living wicked soul has vested rights which is based on old knowledge so that strong wicked soul tries to keep vest right based on old knowledge which is keep increasing old knowledge but decreasing creation of knowledge  $1/\infty$

here is horizontal time living end of macro concept world

wicked soul living energy revenge and breaking energy using getting energy  $\infty$  keep decreasing as approaching to the end of macro concept world to  $1/\infty$

wicked soul old knowledge keeps increasing but creation of knowledge is  $1/\infty$

horizontal time living

in the end of macro concept world

horizontal wicked soul energy is  $1/\infty$

horizontal wicked soul creation of knowledge is  $1/\infty$

so that

vertical time righteous soul energy  $\infty$

vertical time righteous soul creation of knowledge is  $\infty$

truly infer that

horizontal time living wicked soul all of energy and creation of knowledge all used, so that in the end of macro concept world wicked soul living also end

vertical time living righteous soul all of energy and creation of knowledge is saved to full of  $\infty$ , so that end of macro concept world, but it beginning righteous soul living in destination place

here horizontal time is

energy is  $1/\infty$

creation of knowledge  $1/\infty$

then, all energy used up for living easy living even use revenge and breaking, because horizontal time livings are only living  $180^\circ$ , all horizontal time living wicked soul livings feeling is if end of macro concept world then, all is end, so that horizontal time living of wicked souls are do not save energy, but also do not learning creation of

knowledge

as that

horizontal time living of wicked soul

do not reach at righteous soul living condition

righteous soul living in destination living qualification is

vertical time righteous soul energy  $\infty$

vertical time righteous soul creation of knowledge is  $\infty$

if has full qualification to live at righteous soul living in destination place

righteous soul energy  $\infty$

creation of knowledge  $\infty$

so that horizontal time wicked soul livings

righteous soul energy  $1/\infty$

creation of knowledge  $1/\infty$

then, here is

horizontal time living wicked soul living do not go to the righteous soul living in destination place, so that horizontal time living of wicked soul to be disappeared in the righteous soul living in destination place

only vertical time living of righteous soul living safe arrival to the righteous soul living in destination place, this is called as completion of righteous soul macro concept world voyage completion

infer of truth

vertical time of

righteous soul energy  $\infty$

creation of knowledge  $\infty$

righteous soul living in destination place creator of god to be

but

horizontal time of

righteous soul energy  $1/\infty$

creation of knowledge  $1/\infty$

horizontal time wicked soul easy living lived as god's food, so called horizontal time livings are to be possible wicked soul living is animal of god's food to be

# Definition of righteous soul

Righteous soul

Righteous soul created at righteous soul living in destination place by a righteous soul creator

Righteous soul voyage to macro concept world for righteous soul living completion of righteous soul energy  $\infty$ , creation of knowledge  $\infty$  to be righteous soul creator

Righteous soul runs from righteous soul living in destination place to macro concept world to safe returning to the righteous soul living in destination place

Righteous soul runs orbit is 00000000

Righteous soul behavior in the macro concept world

“it shares time with other, help other, but also doing real love other”

Righteous soul macro concept world mission clear of

Righteous soul meet ordained a wicked soul and do real love to create righteous soul even macro concept world whole living

Righteous soul is host living so that righteous soul host to the guest righteous soul living behavior

Righteous soul runs to the vertical time living

Righteous soul macro concept world living

Silence and clean clear and getting bubble of creation of knowledge

Righteous soul silence clean clear relative with cosmos law who want to macro concept world to be being silence and clean clear

Righteous soul bubble of creation of knowledge is relative with running to the vertical time living

Righteous soul macro concept world living is based on righteous soul land which is connect righteous soul to safe living in the macro concept world, as possible as all of land to go to the righteous soul living in destination place

Righteous soul living with wicked soul but righteous soul tries to wicked soul to be righteous soul who runs to the macro concept world completion, righteous soul to the wicked soul is

Righteous soul shares time with wicked soul, help wicked soul, and doing real love wicked soul

Righteous soul living is

Silence and clean clear and bubble of creation of knowledge

Righteous soul runs on the orbit to the righteous soul living in destination place 00000

Righteous soul runs to the vertical time living

Righteous soul as approaching to the righteous soul living in destination place can hear clearly righteous soul living in destination place broadcasting to help safe returning to the righteous soul living in destination place

Righteous soul macro concept world living end then the same as that righteous soul living in destination place gate open to the righteous

soul living in destination place, in there, righteous soul creator welcome safe returning to the righteous soul living in destination place

This is righteous soul definition

Righteous soul living in the macro concept world is real living only this living is completion macro concept world voyage

In the macro concept world living itself is

Really hard living, really tension living, really fear living, so then, it never again to live in the macro concept world so then, only living in righteous soul living, that is only completion macro concept world voyage, safe returning to the righteous soul living in destination place living to the end

Righteous soul runs

Vertical time living

How to go deep vertical time living is

Helping bubble of creation of knowledge

∞Righteous soul living silence and clean clear of getting bubble of creation of knowledge

Vertical time + creation of knowledge = righteous soul running to the

vertical time living =

Truly

Righteous soul is on the vertical time living

In the vertical time, only righteous soul livings

Vertical time host living is righteous soul

Righteous soul on the vertical time runs to the righteous soul living in destination place

Then automatically

Creation of knowledge is increasing to  $\infty$

Righteous soul energy is increasing to  $\infty$

These two righteous soul results helping to voyage on the macro concept world

Creation of knowledge helping going depth

Righteous soul energy is running possible energy

Creation of knowledge helping keep righteous soul voyage orbit  
000000000

Righteous soul energy is vertical time running problems solving

Righteous soul connects to the righteous soul living in destination place righteous soul creator

Righteous soul helped cosmos law, but also righteous soul helped from righteous soul living in destination place righteous soul creator

Righteous soul ordained to do righteous soul living behavior of righteous soul land

So then, righteous soul living is in the macro concept world righteous soul land so that

In the righteous soul land

All of variable livings all together living righteous soul living so that righteous soul runs vertical time living with righteous soul land

Land livings are ignorance livings who are impossible righteous soul livings even they try to living righteous soul living, so that righteous soul does live

Righteous soul living shares time with ignorance livings and help ignorance living but also doing real love ignorance livings

Righteous soul

Keep a cosmos law

Keep a righteous soul living role play in the macro concept world

Righteous soul survives in the macro concept world

Righteous soul runs on the vertical time living, here is wicked soul can't because

Here is

Keep a cosmos law

Righteous soul role, mission doing living only

As that

Righteous soul energy with cosmos law, righteous soul energy to be  $\infty$

Righteous soul creation of knowledge with righteous soul creator, creation of knowledge to be  $\infty$

Righteous soul vertical time running orbit of 000000

This is righteous soul

Righteous soul definition is clear

# Definition of wicked soul

Wicked soul

Wicked soul is not from righteous soul living in destination place, but indirect relative with righteous soul living in destination place, because wicked soul failed before macro concept world righteous soul living, so that, failing macro concept world voyage, they fallen to the wicked soul living in destination place

Wicked soul must be running macro concept world voyage to be saved from righteous soul mission ordained a wicked soul, righteous soul living in destination place creator try to save, a creating righteous soul mission ordained wicked soul saving mission and role playing

Wicked soul living is

Easy living and revenge and breaking living

Truly

Before macro concept world old knowledge getting so that, they are all try to do revenge and breaking other

So that wicked soul living is loudly and dirty this is anger to the cosmos law

Wicked soul living easy living is

Revenge and breaking mind living who are all try to getting much more than other

So that wicked soul friendly with mind living

Macro concept world mind with body from macro concept world, so that form micro concept world wicked soul very friend,

Wicked soul to be easy living based on mind living getting

But mind use wicked soul to be strong revenge and breaking power to get much more than other

Wicked soul living is revenge and breaking other

Wicked soul easy living required other of mind living to be sacrifice so that, wicked soul living is typically horizontal time living host

Horizontal time living place host is wicked souls, so that mind livings use wicked soul who has revenge and breaking so that

In the horizontal time living all of word, saying profit and gain, so called best fit is national profit and gain, a country profit and gain, but also personal profit and gain, and company profit and gain, whole living is horizontal time living

Wicked soul, horizontal time living is direct living

Wicked soul do not know perfectly doing righteous soul living behavior

“it shares time with other, help other, but also doing real love other”

But only

Know, mind living getting much more than other, and easy living with revenge and breaking

So that

Wicked soul living is only 180° living old knowledge concept

Truly wicked soul from incompleteness before world macro concept world voyage but wicked soul do not know it, only with mind from macro concept world mind with body living old knowledge only, so that, wicked soul all used up energy in the macro concept world 180° living, but also old knowledge living so that creation of knowledge is  $1/\infty$

There fore

Wicked soul living is

Macro concept world 180° living

So that,

Wicked soul living energy  $1/\infty$  as end of macro concept world

Wicked soul living creation of knowledge as the end of macro concept world, whole living used depend on old knowledge so that creation of knowledge is  $1/\infty$

But also, wicked soul like to win in the revenge and breaking other, so that

Wicked soul living adoptable living is horizontal living

Wicked soul like to live

Revenge and breaking to gain and profit from mind livings, mind living getting much more than other, then

All wicked soul using revenge and breaking then, mind to be being salver of the wicked souls

So then,

Wicked soul living on the horizontal time living

Wicked soul living is host of horizontal time living who living is revenge and breaking other so that in the horizontal time living is competition, game and war is living so then, here is really like from wicked souls, but all of mind livings to be fail with game and war with wicked soul, so that wicked soul horizontal time living is preferable

Wicked soul living

Horizontal time living host

War, game and competition try to be win using revenge and breaking mind livings

Wicked soul living is to be save by righteous soul macro concept world mission ordained object

If wicked soul revenge and breaking a righteous soul who will save a wicked soul, then a wicked soul it never to be righteous soul in the macro concept world

But wicked soul does not know

Macro concept world voyage is to be safe returning to the righteous soul living in destination place

Wicked soul must be saved from a righteous soul, so then a wicked soul living to be doing real loved from a righteous soul, then whole living helping from a righteous soul, so wicked soul is righteous soul really hear living righteous soul helping and doing real love then, wicked soul living end in the macro concept world completion

Here is wicked soul definition

Wicked soul living is not enemy to the righteous soul, but wicked soul living estimate righteous soul is their targeting revenge and breaking, so that how hard to the righteous soul living

Macro concept world living

Wicked soul living is ignorance and old knowledge-based living so that creation of knowledge is  $1/\infty$

Wicked soul living is all used up energy because  $180^\circ$  living so that energy is also  $1/\infty$

This is wicked soul definition

Wicked soul and righteous soul to be compared

Righteous soul

Creation of knowledge is increasing to  $\infty$

Righteous soul energy is increasing to  $\infty$

Vertical time living of righteous soul

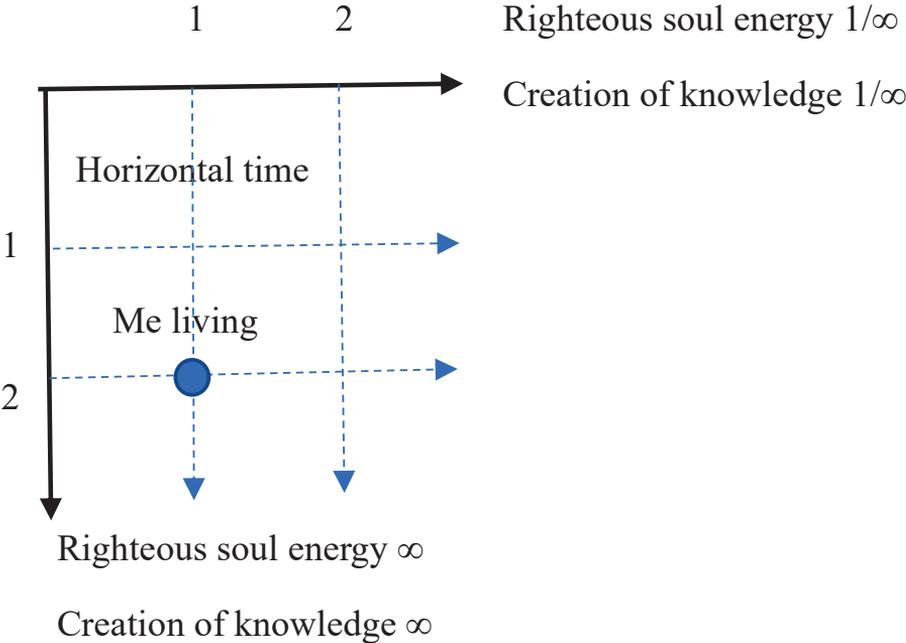

Wicked soul

Creation of knowledge decreasing to  $1/\infty$

Righteous soul energy is decreasing to  $1/\infty$

Horizontal time living of wicked soul

# Vertical time and horizontal and me

Vertical time

Me living in the horizontal time and vertical time living

It is variable ways to the end of it

If living me is direct to runs to the horizontal time end, but also vertical time running end

If living me runs to horizontal time and runs to vertical time living of zigzag running

Sure, it is

It is living me is every moment

Vertical time running, horizontal time running is same time

So then, if living me helping creation of knowledge then, I will be runs to the vertical time ruining

But if not to be helped from creation of knowledge then, I will be runs to the horizontal time running

If me living to the vertical time living then sure

Getting increasing righteous soul energy $\infty$ , creation of knowledge  $\infty$

But if me living to the horizontal time living then sure

Getting decreasing righteous soul energy to  $1/\infty$ , creation of knowledge  $1/\infty$

This is point of vertical time living

If see horizontal time living then,

If living me living runs to the horizontal time living then

Wicked soul energy  $\infty$ , old knowledge  $\infty$

If me living running to the vertical time living then

Wicked soul energy  $1/\infty$ , old knowledge  $1/\infty$

So then, me living between vertical time living and horizontal time living

Therefore

Me living live coordinate point

Coordinate point of me living is

(Horizontal time, vertical time)

Me living is

(horizontal 1, vertical 2)

Then, me living is horizontal time 1 to vertical time 2 running ways

But also, vertical time 1,2 runs and horizontal time 1, these variable ways to runs me living

Here me living runs to the vertical time end reach or runs to the

horizontal time 2 and end of horizontal time who knows

So that here is really critically important is

Now

(horizontal 1, vertical 2)

In this living runs to the vertical end, then at now prepared to solve vertical time running problems, if not automatically runs to the horizontal 2, then me living runs to horizontal time living

Sure

(horizontal 1, vertical 2)

To runs to the vertical time living it need righteous soul energy and creation of knowledge

Vertical time running as the near to the vertical time end then, it required much more righteous soul energy and creation of knowledge

So that

If me living runs to the vertical time end

It required to at the (horizontal 1, vertical 2) point, it must be huge righteous soul energy and creation of knowledge

If not, automatically runs to the horizontal time 2 and runs to the horizontal time end

Me living vertical time running required

Righteous soul energy increasing to  $\infty$

Creation of knowledge increasing to  $\infty$

So that

Righteous soul living energy getting is

Cosmos law keeping, cosmos to be creating silence and clean clear so that cosmos law giving righteous soul energy

It shares time with wicked soul and help wicked soul and doing real love wicked soul and create righteous soul

As then, cosmos law fee excitement because a wicked soul loudly and dirty is huge hard to cosmos law, so that a righteous soul creating from a wicked soul to righteous soul, then cosmos can help runs to the vertical time running righteous soul energy

Creation of knowledge getting is

Living silence and clean clear so that hear righteous soul creator helping creation of knowledge

Righteous soul runs on the righteous soul living in destination place running orbit, then a righteous soul can hear creation of knowledge to solve vertical time running problems solving

Righteous soul me running to the vertical time running is

Required

Righteous soul creating other wicked soul to righteous soul

Righteous soul living silence and clean clear to get creation of knowledge

Vertical time running is

Righteous soul energy and creation of knowledge is required

A righteous soul living safe returning to the righteous soul living in destination place, of vertical time end is

Righteous soul living energy to be  $\infty$

Creation of knowledge is also  $\infty$

Righteous soul living me macro concept world living is

Righteous soul me shares time with wicked soul and help wicked soul and doing real love wicked soul

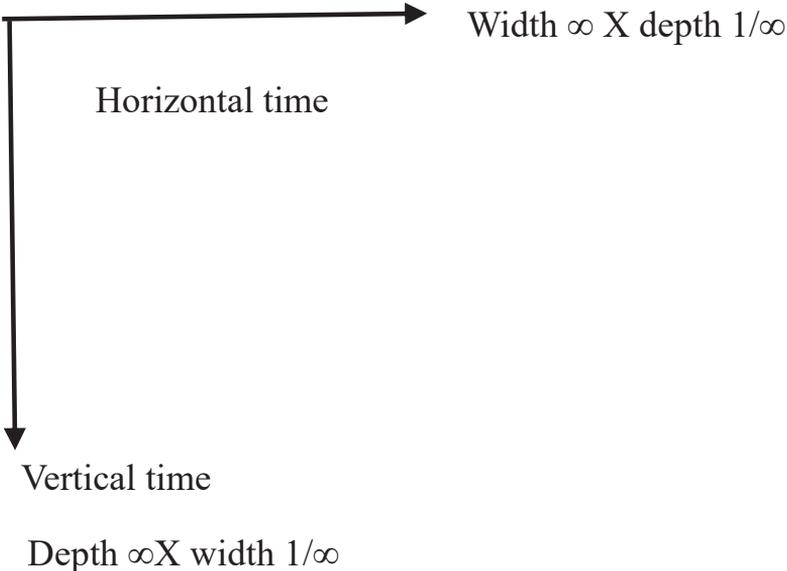

But also, righteous soul me living is

Silence and clean clear living with getting creation of knowledge

If living me vertical time running then

Righteous soul me running on the righteous soul living in destination place orbit of 0000000

# Horizontal time living on fix width

In the macro concept world

Who can live in horizontal time living?

Who can live in vertical time living?

In the macro concept world living ways are difference

So then, it infers that

Horizontal time living only getting wide competition with other

Vertical time living is only going deeper creating live only by my self

So then!

A living in the horizontal time living depend on other

A living in the vertical time living independent from other

A living horizontal time getting width is depend on other sacrifice

A living in the vertical time living getting deeper is independent on other sacrifice

Horizontal time living on fix width

If a living horizontal time living then, to be

Constant = width  $\propto$  depth  $1/\infty$ , here variance is only width, but width is not increasing but fix

So that, if livings are increasing in the horizontal time then, a living competition to be huge so that here is

A living to living competition

A company to company competition

A country to country war

Horizontal time livings are wicked soul so that

Wicked souls are easy living and revenge and breaking

So that

Constant = width  $\propto$  depth  $1/\infty$

To get width to be wider, then it based on

A living to living competition

A company to company competition

A country to country war

But

Vertical time living

Constant = depth  $\propto$  width  $1/\infty$

Here variance is only depth $\infty$ , but depth is not fix but infinity  $\infty$

So that if a living in the vertical time living, huge number of vertical time living there is no competition

Therefore

Vertical time living is righteous soul living

So that

Righteous soul vertical time livings are

A living It shares time with other, help other, but also doing real love other living possible

A company all creative business area to the  $\infty$

A country all peace with other countries to the  $\infty$

Horizontal time living on fix width

Horizontal time living wicked soul living in the fixed width

Vertical time living righteous soul living in the do not fixed of  $\infty$ variable

So then

Horizontal time living on the fixed with

Wicked soul easy living revenge and breaking

Competition

War

These keywords are prevailed

but

But vertical time living in the  $\infty$ variable depth

Righteous soul it shares time with other, help other, but also doing  
real love other

Help

Doing real love

Peace

These keywords are prevailed

Horizontal time living on fix width

Wicked soul competition and war in the horizontal time living, so then it matches up with wicked soul

Revenge and breaking other, top reaching are war

This is wicked soul living in destination place dream, macro concept world all to be destroyed and getting war

Because

Horizontal time living easy living based on only

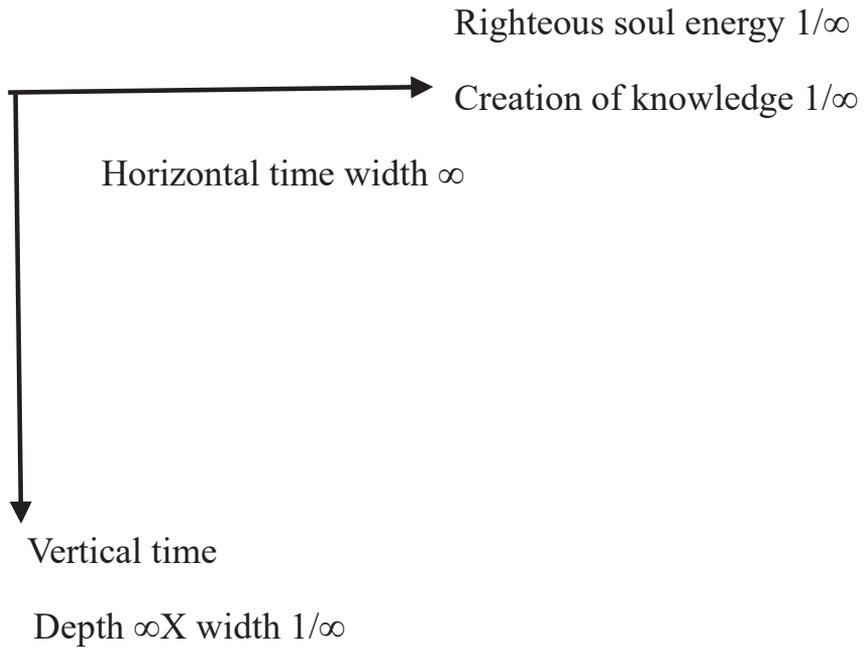

Getting wide, this is only wicked soul to be easy living possible

Horizontal living easy living only depend on getting width

Constant = wider of width  $\infty$  X depth

Huge other to be dead and sacrifice and getting a width  $\infty$

So then, in the horizontal living all getting easy living is

In the horizontal time living fixed width

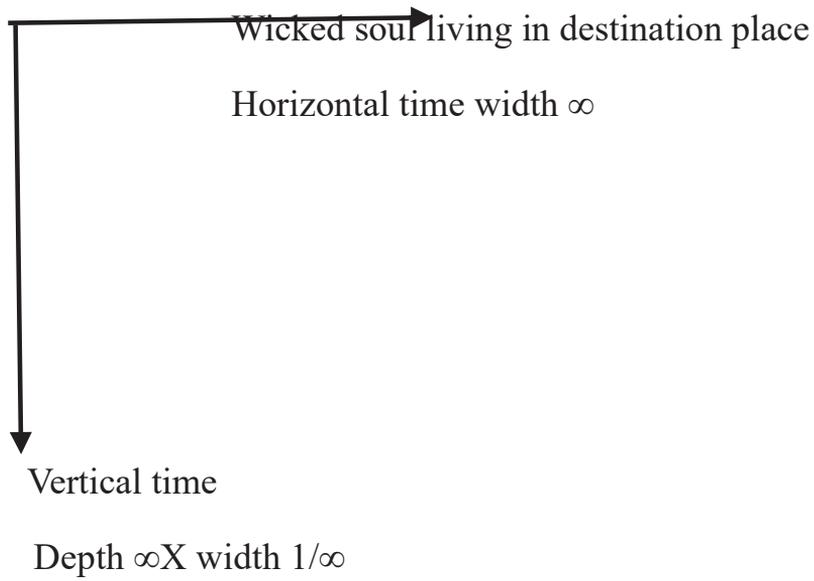

So that

A wicked soul on the horizontal time living runs to the end of horizontal width to  $\infty$  then,

Horizontal time width  $\infty = \{ \text{righteous soul energy } 1/\infty \times \text{creation of knowledge } 1/\infty \}$

Horizontal time width  $\infty = \{ \text{wicked soul energy } \infty \times \text{old knowledge } \infty \}$

Wicked soul living in destination place

In the horizontal time living fixed width

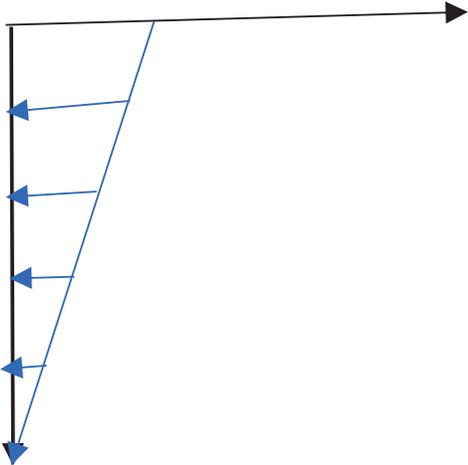

Then horizontal time livings are all to be reach at the wicked soul living in destination place

# Vertical time running by helping creation of knowledge

Vertical time

Constant = depth  $\infty$  X width  $1/\infty$

And creation of knowledge

Vertical time running to the deepest

Righteous soul living in destination place

Constant = depth growing to the deepest X width decreasing + creation of knowledge

Constant = {depth running problems + creation of knowledge} X  
width  $1/\infty$

Defined of creation of knowledge

Righteous soul living in silence and clean clear then, hear of bubble of creation of knowledge connect to righteous soul living in destination place broadcasting to help macro concept world righteous soul vertical time living.

Vertical time running faced to problems; wicked soul obstacles to run depth shown as problems

Creation of knowledge can solve wicked soul produced problems obstacles to the righteous soul living in destination place

As going deepest to the righteous soul living in destination place, wicked soul problems is exquisite, elaborate, delicate to this righteous soul creation of knowledge to be also exquisite, elaborate, delicate to solve wicked soul obstacle problems.

Vertical time running keyword creation of knowledge

Creation of knowledge is a kind of broadcasting wave from righteous soul living in destination place

Creation of knowledge help righteous soul living in the macro concept world

Truly infer that

Macro concept world

Old knowledge all occupied by wicked soul who living in easy living

Old knowledge has a power to live easy living in the macro concept world

Wicked soul's brain is very good, so that wicked soul decision to get living tool, all easy living with getting much money income, this is macro concept world is natural

But righteous soul creation of knowledge is only solving problems to runs going depth, righteous soul living

Vertical time living,

Here is creation of knowledge righteous soul running to the righteous soul living in destination place must be not understand as living in old knowledge wicked soul easy livings.

Truly infer that

Creation of knowledge power is small just like bud of plant

Here is righteous soul living in the creation of knowledge then, the righteous soul living new and creation of world, so then, runs to the future, righteous soul creation of knowledge opens the new and creation of future so then, righteous soul is fore runner, this is righteous soul living.

Then, this creation of knowledge open to the poor of righteous souls, so righteous soul creation of knowledge characteristic is saving poor of righteous souls.

Righteous soul of creation of knowledge shown to the macro concept world give helping the poor of righteous soul, so that righteous soul creation of knowledge all of nation to be super growing just like USA.

USA helped by creation of knowledge vertical time running while righteous soul livings runs to the depth, at that time creation of knowledge help all livings include poor and righteous soul all to be living wealth, social secure.

Creation of knowledge runs depth, but in the macro concept world runs to the new creative of future, and creation of knowledge is bright and equality free democracy all of macro concept world living changed just like righteous soul living in destination place

Vertical time living

Creation of knowledge

USA righteous soul living time = depth  $\infty$  of creation of knowledge  
X width  $1/\infty$

USA righteous soul livings income is high with creation of knowledge, macro concept world, but micro concept world is going deeper helping creation of knowledge, so that, USA income is not relative with width, because of vertical time running is width is  $1/\infty$

But now USA losing righteous soul living running to the vertical time so that, USA do not live of creation of knowledge, truly infer that at now facing is most region is that, so that it is really fear.

As losing vertical time living running then, again poor and righteous soul livings to be living harder.

Righteous soul vertical time running

Constant = {depth running problems + creation of knowledge} X width  $1/\infty$

So then,

USA righteous soul living number must be increasing is required

Who is righteous soul living?

At first feeling is silence and clean clear then geta bubble of creation of knowledge

As righteous soul behavior

It shares time with other, help other, but also doing real love other

Then, USA start vertical time running, even hard but here is creation of knowledge of bud growing

So then, slowly runs to future macro concept world, micro concept world vertical time running

This is USA development program

Because if this then, automatically occur creation

As bud of creation of knowledge will USA restore before leading free and democracy and capitalism so that reach at the poor and righteous soul social secure living possible

Vertical time = {depth  $\infty$  + creation of knowledge} X width  $1/\infty$

All of livings living well is depend on creation of knowledge, this is true.

But truly still old knowledge horizontal time livings are their energy increasing depend of getting wide area.

Truly horizontal time living

Constant = width  $\infty$  X depth  $1/\infty$  = it never can give all of livings to be wealth and democracy and free and all growing living.

Even hard but must begin vertical time living

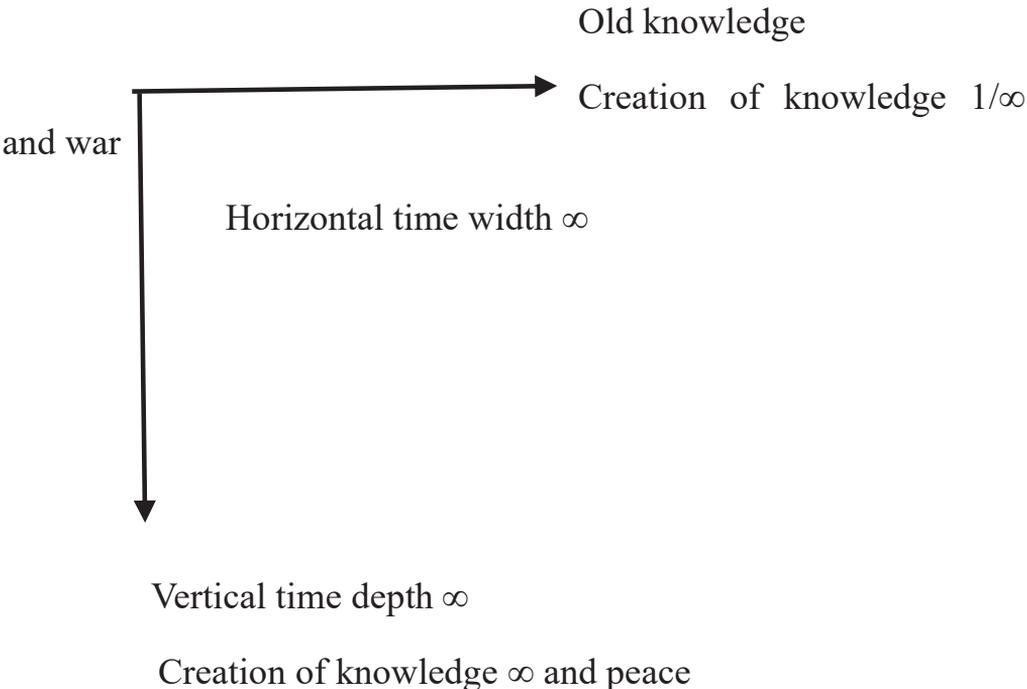

Righteous soul creation of knowledge of bud to live poor and righteous soul livings well living

Now begin vertical time living running helping by creation of knowledge

# Vertical time running world creation of knowledge and peace

Vertical time running helping with creation of knowledge

Horizontal time running does not help creation of knowledge but helping old knowledge

Vertical time running going depth

Horizontal time running going width

Depth is  $\infty$

Width is limit

Vertical time;  $\text{Depth } \infty \times \text{width } 1/\infty = \text{constant} = \text{horizontal time};$   
 $\text{width} \infty \times \text{depth } 1/\infty$

Vertical time running = horizontal time running then, both equal

But,

As depth is  $\infty$

But, truly infer that vertical time running to the depth helping creation of knowledge

And truly infer that horizontal time running to the width because horizontal time livings are impossible to runs to the depth, that is problems so that only runs to the width

Vertical time running going depth = creation of knowledge  $\infty$

Horizontal time running going width = creation of knowledge  $1/\infty$

Vertical time running going depth is not width

So that, macro concept world livings going well without wide area but creation of knowledge going depth

Macro concept world horizontal time running width is not depth

So that, macro concept world living does not go well without wide area, width area is limit so that,

In the comparison

Vertical time running = depth limitless  $\infty$  X width  $1/\infty$  helping creation of knowledge  $\infty$

Horizontal time running = width limit  $\infty$  X depth  $1/\infty$  cause of creation of knowledge  $1/\infty$

Sure of

Vertical time running is advantage and keep growing to the  $\infty$ depth

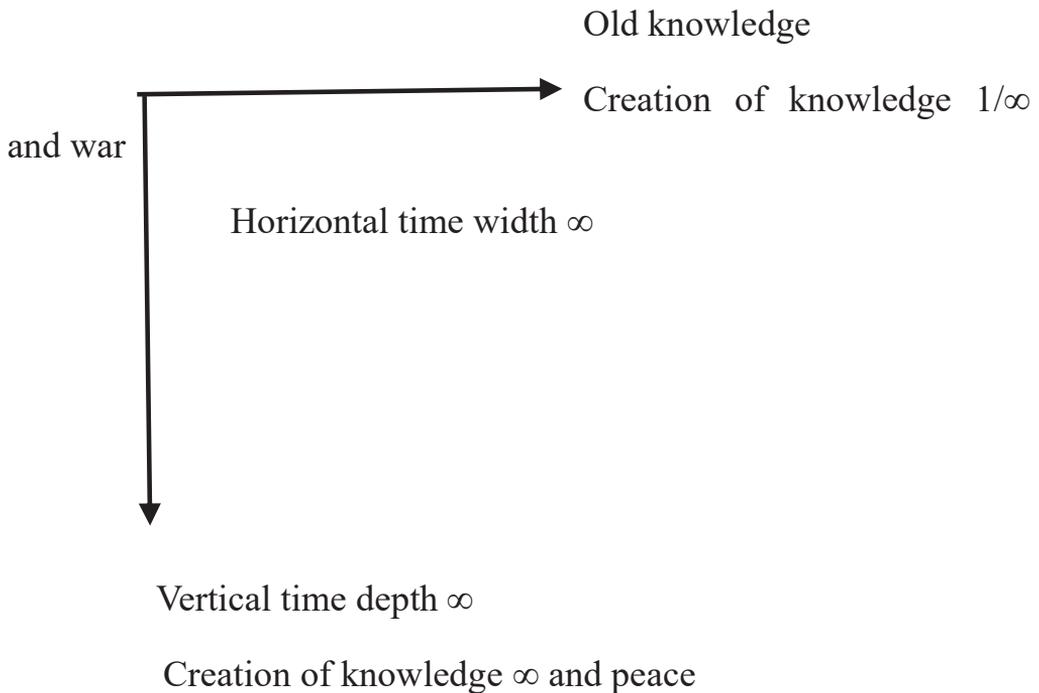

Horizontal time running is do not advantage and do not keep growing to the limit wide $\infty$

Vertical time running growing with creation of knowledge without width

So that here vertical time living keep peace

But horizontal time running does not grow as limit getting wide area

So that here horizontal time living broken a war

Horizontal time running place and vertical time running place goes gap width because

Horizontal time living place is area is not changed but, all of horizontal time living actors all try to get wider area getting, but there is not increasing wide anymore because same area, this is competition and this is broken war

Even though

Horizontal time running place try to get area wide only, there is no creation of knowledge because

Horizontal time running living actors are old knowledge helping wicked soul livings, truly wicked soul livings are not silence and clean clear so that, in the place loudly and dirty in the righteous soul living place, truly righteous soul living is disappeared but wicked soul living only, so that here is not creation of knowledge

Creation of knowledge is silence and clean clear of bubble of creation of knowledge only

Even small land,

Righteous soul vertical time running helping creation of knowledge

Righteous soul living in silence and clean clear of bubble of creation of knowledge

Then,

Vertical time running = depth  $\propto$  helping creation of knowledge X width  $1/\infty$

Then,

Vertical time running it never conflict because vertical time running is not relative with area width

It doesn't necessary competition with other, so that vertical time running is sure all are helper each other, so that

Here comes peace

Here is righteous soul living behavior is possible

It shares time with other, help other but also doing real love other

Vertical time running world of creation of knowledge and peace

Sure!

Vertical time running is itself growing to the depth helping creation of knowledge

Truly creation of knowledge is only righteous soul, righteous soul is running to the righteous soul living in destination place safe returning so that it is hurry and busy running to the depth, it never makes hard other, but righteous soul only deep running.

So that righteous soul vertical time running there is no any competition and war, but only peace and helping each other, this is vertical time running peace living

Without any competition, in the vertical time running is keeping

growing living standard and even here is really sure is all of poor and righteous souls are all living in normal standard living, this is righteous soul creature of living

But horizontal time running living

Only wicked soul living easy living, but poor and righteous soul living in huge poor to be disappeared.

Horizontal time running is only winner living easy living, but loser livings are all poor living

Because

Horizontal time living area wide is limited

But vertical time living depth is limitless, so that a righteous soul growing helping creation of knowledge then,

Here is a righteous soul do righteous soul living behavior

It shares time with other, help other and doing real love other, so that

Vertical time living is all righteous soul livings are not poor and righteous soul, living possible righteous soul

That is automatically peace

Again, peace is there is not poor and righteous soul but all is living possible righteous soul, that is peace.

# Vertical time righteous land

Vertical time

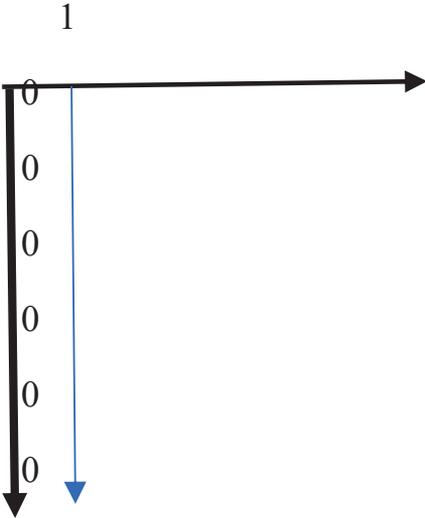

Righteous soul

Peace

Vertical time is righteous soul living in destination place voyage orbit

Righteous soul macro concept world real living

Peace is righteous soul create of knowledge helping without other creating, then shares to the poor of righteous soul, vertical time livings are all normal righteous soul living this is peace

Vertical time

Righteous soul

Peace

Vertical time = depth  $\infty$  X width  $1/\infty$

Vertical time = depth  $\infty$  X width  $1/\infty=0$

Vertical time = depth  $\infty$  X width  $=0$

Here is vertical time even width  $=0$ , here is equation  $=\text{depth } \infty + \text{width}=0$

So that vertical time living is only to the depth  $\infty$

Here is runs to the depth of vertical time living

At there righteous soul living in the peace

Here vertical time

At first in the deepest place righteous soul living in destination place

Furthermore

Vertical time living cosmos law on this righteous soul vertical time of righteous soul living in destination place orbit 000000

Here is

Righteous soul living is

A righteous soul behavior

It shares time with other, help other, but also doing real love other

So that

A righteous soul shares bubble of creation of knowledge

A righteous soul all creating righteous soul so that righteous soul land creating

Around of a righteous soul creating righteous soul land

In the righteous soul land peace and righteous soul

Righteous soul land = depth  $\infty$  + around of righteous soul 0 of horizontal time 1

Righteous soul help to the horizontal time 1 of livings creation of knowledge to run to the depth

A righteous soul land is

Horizontal time  $0 + 1 =$  about to 0

Because a righteous soul help getting creation of knowledge

This means that

Truly horizontal 1 is near of horizontal 0, so that a righteous soul does righteous soul living behavior

Because righteous soul creature knows that only righteous soul vertical time is real living of macro concept world voyage completion

and safe returning to the righteous soul living in destination place

So then

Here is righteous soul living in destination place or bit is

From original righteous soul orbit to righteous soul land orbit is  $0+1=0$ ,  $0+1=0$ ,  $0+1=0$ ... Expand to horizontal time 1 living is also to be 0 of vertical time running of righteous soul living in destination of orbit

Righteous soul living is

Not a righteous soul only one righteous soul living in destination place safe returning but truly righteous soul help other to know creation of knowledge to runs to the vertical time running, so that near of 0 of 1 to knows that creation of knowledge so that vertical time running horizontal time 0 to 1 all both possible to the righteous soul living in destination place

Righteous soul living in destination place really excitement with a righteous soul creating righteous soul land and righteous soul land is horizontal time 0, 1 all to be possible of 0 righteous soul living in destination place running vertical time living

Vertical time living is peace living

Peace living is all of vertical time livings there is no poor and righteous soul, but all living enough righteous soul, because vertical

time living

Vertical time = depth is  $\infty$  X width  $1/\infty$

In the vertical time depth is  $\infty$  so that if a poor and righteous soul then, it must be helping creating so that runs to the much more depth which is not competition and war with other, vertical time running is it never make hard other, but vertical time running is all runs independent other, all of righteous soul living out of poor and righteous soul, this is all living peace

Righteous soul peace means that

Righteous soul living behavior also possible

It shares time with other, help other, but also doing real love other

Here is righteous soul land is

Really a righteous soul strong righteous soul living behavior

Because horizontal time 1 has wicked soul living

Easy living only wicked soul, but also to be living in easy living, revenge and breaking energy using, then, sure of a righteous soul damage but, a strong righteous soul does righteous soul behavior to the horizontal time 1

So that

A strong righteous soul shares time with horizontal time 1, help and doing real love

So, horizontal time 1 also knows that vertical time running creation of knowledge

So then,

In the macro concept world

Vertical time running is

Horizontal time

$0+1=0$

$0+1=0$

$0+1=0$

$0+1=0$

Vertical time running is wider

So that

Macro concept world living to be brighter of righteous soul living getting wider

Righteous soul land from a strong righteous soul help creation of knowledge to the horizontal time 1 to

Give a peace living

Righteous soul land peace living is all of righteous soul is not poor and righteous soul, but all is normal living righteous soul living possible

So, living in the horizontal time peace living place to be expand from 0 to 1

a righteous soul from micro concept world righteous soul living in destination place to macro concept world voyage peace living and safe returning to the righteous soul living in destination place, then, this is righteous soul livings peace living

even horizontal time running is competition and wart, but vertical time running is there is no competition but helping each other, but also there is no war, here is vertical time living peace.

# Vertical time and meeting righteous souls

Vertical time

Meeting righteous soul

Vertical time running helping creation of knowledge ∞

These creation of knowledge from righteous souls who had completion of macro concept world voyage

All righteous soul has righteous soul energy ∞ and creation of knowledge ∞

So that

Vertical time running righteous soul to be helped from completion of macro concept world voyage a righteous soul creator or righteous souls

Then

A righteous soul vertical time running to the righteous soul living in destination place, and safe returning to the righteous soul living in destination place then, before macro concept world voyage completion a righteous soul meet and see further more welcome from all of righteous souls

In there a righteous soul meet ancestor who were livings at the macro concept world in righteous soul living, but also, they were all runs

through vertical time running.

If not a living in the macro concept world

Horizontal time running then, a macro concept world does not, cannot meet a righteous soul who did completion of macro concept world voyage, so then a macro concept world horizontal time running a wicked soul fall to the wicked soul living in destination place where no one welcome fallen to the wicked soul living in destination place

Because wicked soul living in destination place is doing not completion of macro concept world, so that, wicked soul living in destination place is again challenge to macro concept world trial to the completion of macro concept world voyage

Macro concept world voyage

If choose vertical time voyage then, the voyage is even huge hard it needed creation of knowledge but, the travel is programed schedule keeping travel, this course is keep running then, the end of travel to reach at the righteous soul living in destination place

If choose horizontal time voyage then, the voyage is even huge easy it don't necessary creation of knowledge but old knowledge helping, the travel is changed course scheduled before traveling in the righteous soul living in destination place, because macro concept world easy living is temptation from wicked soul livings, so then, this easy running course, there is no righteous soul running hard problems, so that just runs to the horizontal time running, huge number of macro concept world travelers choose it, here is brilliant genius all of

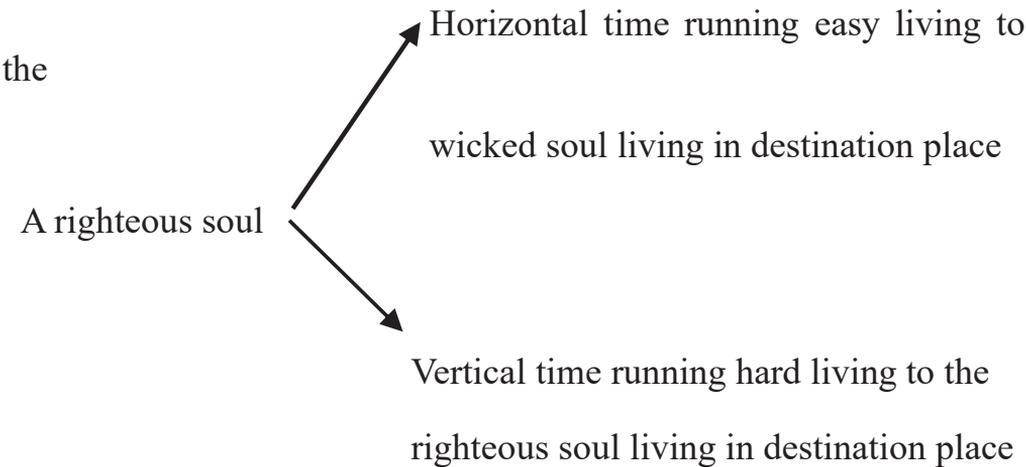

livings whose living was vertical time running course, but changed in to horizontal course, because they reluctant to live hard and deep running helping creation of knowledge, so that, most trying to easy living who just easy living by him/herself in the macro concept world, only easy living is changed in from vertical time running to horizontal time running.

Macro concept world voyage courses

Righteous soul living in destination place created a righteous soul; creation of knowledge  $1/\infty$ , righteous soul energy is  $1/\infty$ , righteous soul macro concept world voyage to get creation of knowledge  $\infty$ , righteous soul energy  $\infty$ , this is righteous soul macro concept world voyage purpose

Then

A righteous soul voyage in the macro concept world

a righteous soul who to be righteous soul living in the macro concept world

“it shares time with other, help other, but also doing real love”

If accept it, then a righteous soul chooses vertical time running to the righteous soul

Living in destination place,

But do not accept it, then a righteous soul chooses horizontal time running to the

Wicked soul living in destination place

Strange in the macro concept world

Brilliant and genius livings are chosen by alone easy living so that, the wisdom

Energy do not use so that all of remaining energy to be rot, decay and decompose

This living is horizontal time running, this is really sin and misdeed, so that they to be

Penalty from cosmos law, so that they will be get wicked soul living energy to runs to

Wicked soul living in destination place

But poor and righteous souls

Who choose vertical time running, really hard living, this voyage is possible only,

Cosmos law helping righteous soul energy

Righteous soul living in destination place creation of knowledge

To do that

A macro concept world a righteous soul living is

Silence and clean clear

Getting bubble of creation of knowledge connect to the righteous soul living

In destination place creator

But also,

Righteous soul energy getting as

“it shares time with wicked soul, and help wicked soul and doing real love wicked soul”

This is really hard living, so that

Cosmos law help righteous soul energy, because righteous soul vertical Time running is

wicked soul to creating righteous soul, in the end

cosmos law helps to the righteous soul righteous soul energy∞

righteous soul vertical time running

as righteous soul energy  $\infty$ , creation of knowledge  $\infty$

and safe returning to the righteous soul living in destination place

at there

vertical time running righteous soul meet a righteous soul a create,  
who are ancestor

of righteous soul of infer that, so that righteous soul vertical time  
running voyage

meet a righteous soul

so that as arrival to the righteous soul living in destination place

all of righteous soul welcome new and safe arrival righteous soul

this is really excitement meeting a righteous soul who will be ancestor

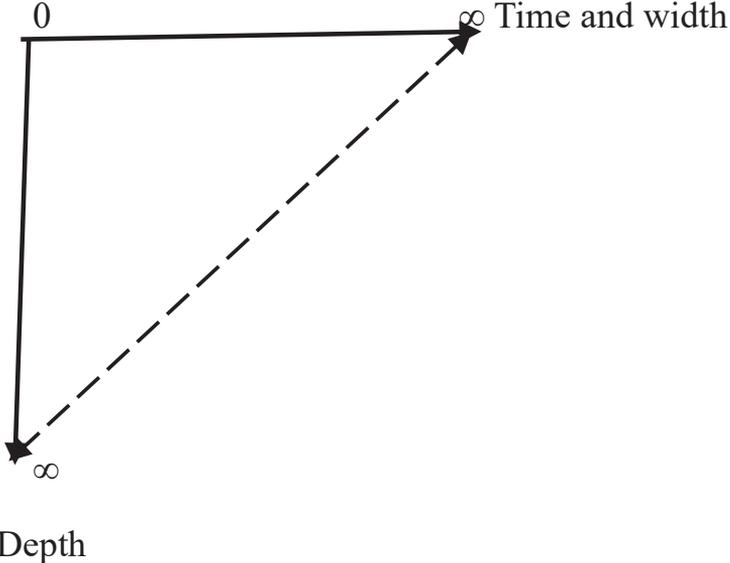

vertical time running righteous soul meet a righteous soul ancestor

this is really macro concept world completion reward

living in the righteous soul living in destination place, righteous soul  
ancestor of

righteous soul to the end

# Righteous soul vertical time keep young

Horizontal time running = time and width  $\infty$  X depth  $1/\infty$

Vertical time running = depth  $\infty$  X time and width  $1/\infty$

Here is 0 is same horizontal time and vertical time

Horizontal  $\infty$ time and width = vertical time  $\infty$  depth

Horizontal time  $\infty$ =oldest = width $\infty$

As reaching at the width  $\infty$  is also time  $\infty$  oldest

Vertical depth  $\infty$ =time is  $1/\infty$  and width  $1/\infty$

Here is vertical time is reach at end then, time is still  $1/\infty$ =youngest

Horizontal time is reach end then, time is  $\infty$  = oldest

If a company managing then

The company moving to the end

If this company runs to the horizontal time end then time to be  $\infty$

But if this company runs to the vertical time and then time to be  $1/\infty$

Here is horizontal time is disappeared

Here is vertical time is keep living

Say again

Vertical time running is keep living to the end of destination place

Horizontal time running is kept creasing disappeared to the end of horizontal time

This is compared as

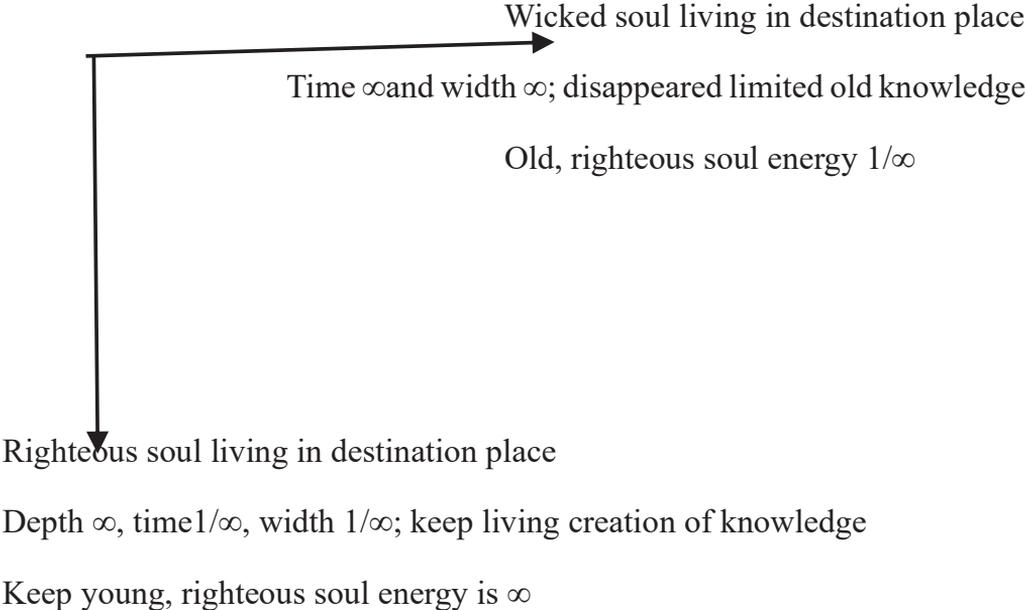

Horizontal end is time  $\infty$ , width  $\infty$  old time to be disappeared

Do not reach at the righteous soul living in destination place but short of time to cross to the righteous soul living in destination place

Here is old knowledge is time limit

Vertical end is depth is  $\infty$ , time is  $1/\infty$ , width  $1/\infty$  young time to be keep living, enough time to cross to the righteous soul living in destination place

Here is creation of knowledge is time is not limit infinitive living

Vertical time running is to reach at the righteous soul living in destination place

Young time, creative knowledge fully enough righteous soul energy

Horizontal time running is to reach at the wicked soul living in destination place

Old time, old knowledge short of righteous soul energy but full of wicked soul living energy

If a company running to the horizontal time then, to be same as vertical time running then, horizontal time getting wide width and time, so then, a company to be same vertical time running to get width then, the company will be oldest so that, the company will be disappeared.

But if a company running to the vertical time then, to be same as horizontal time running then, much more runs to the depth, then it has width  $1/\infty$ , time  $1/\infty$ , so then a company to be same horizontal time running to get reaching at depth, the company still young, there by the company will be keeping living

Vertical time running time is for example

Horizontal time  $\infty$ , width  $\infty$  = vertical time depth  $\infty$ , time  $1/\infty$ , width  $1/\infty$

Horizontal time  $\infty$ , width  $\infty$  helping old knowledge =

vertical time depth  $\infty$ , time  $1/\infty$ , width  $1/\infty$  Helping creation of knowledge

a country, a company runs to the young time is vertical time

if a country, a company runs to the old time is horizontal time

horizontal time running companies and countries to be reach at the end of

horizontal time to be being disappeared

vertical time running companies and countries to be reach at the end of

vertical time to be being still living, here is keep living company and companies

in the news is not vertical time running but horizontal time running company and country then

in the end the news company and country will be disappeared

but truly infer that

horizontal time running is easy because it can possibly depend on old knowledge

most company and country run easily runs to the horizontal time, here is there is no righteous souls

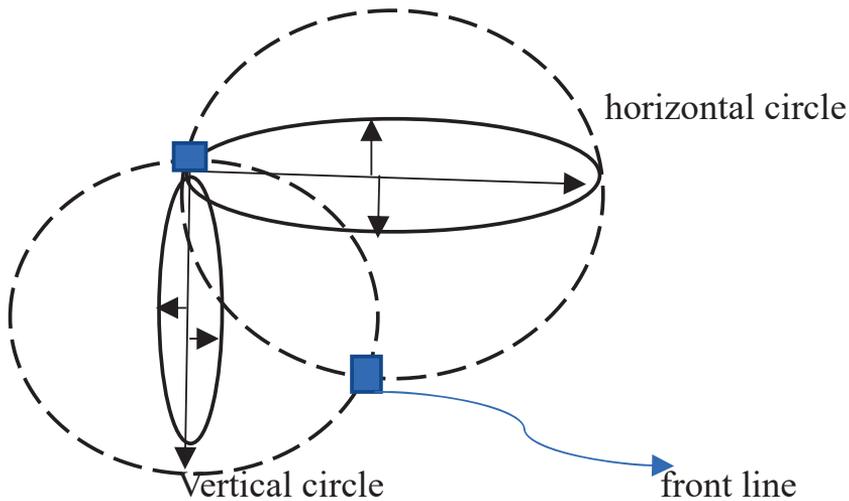

so that here is not creature of knowledge

there is no righteous soul; there is not creation of knowledge

a company, country living a righteous soul then, there is creation of knowledge

therefore, righteous soul living or not is vertical time running or not is decided

## vertical circle horizontal circle

Vertical time = depth  $\infty$  X width  $1/\infty$

Horizontal time = width  $\infty$  X depth  $1/\infty$

Horizontal time circle center is arrow direction is high and depth

Vertical time circle center is arrow direction is left and right

But end of horizontal time is

Horizontal time = width  $\infty$  X depth  $1/\infty$

Horizontal time circle is vertical moving to horizontal, and direct to horizontal time running is both ways

If horizontal time circle is round then, vertical moving to horizontal time is much more depth

Horizontal dot line round is much more depth to horizontal time running

Horizontal dot line meets vertical time dot line 2 points

But end of vertical time is

Vertical time = depth  $\infty$  X width  $1/\infty$

Vertical time circle is horizontal time moving to vertical, and direct to vertical time running is both ways

If vertical time circle is round then, horizontal moving to vertical time is much more width

Vertical dot line round is much more width to vertical time running

Vertical dot line meets horizontal time dot line in 2 points

Vertical circle to wide to horizontal time then rounds of circle

Horizontal circle to depth to vertical time then rounds of circle

Here is vertical and horizontal time meeting 2 points is variance opportunity, from vertical to horizontal, from horizontal to vertical.

Here two points are from depth direction to wide direction

Or from width direction to depth direction

It means that, a person, a company, a country moving direction is variance in two points

This is means that, righteous soul living with creation of knowledge living is from horizontal time to vertical time direction moving

But this means that wicked soul living with old knowledge living is from vertical time to horizontal time direction moving

It is really concerning

Vertical time running is creation of knowledge

Horizontal time running is old knowledge

Hear means that vertical time running round is creation of knowledge to old knowledge

But, here means that horizontal time running round is old knowledge to creation of knowledge

Here 2 points

Saying,

Horizontal time running to be changed in to vertical time running is

In the meeting time, vertical time running a righteous soul strong help to horizontal time running to vertical time running direction changing

Vertical time running to be changed into horizontal time running is

In the meeting time, horizontal time running wicked soul strong power shift vertical time to horizontal time running direction changing

Here are personal livings then

If a person horizontal time running, then in the meeting 2 points vertical time running a righteous soul helping, so that a horizontal time running wicked soul to be helped to be creating a righteous soul, so that a person running to the vertical time running

If a person vertical time running, then in the meeting 2 points, horizontal time running wicked soul power, so that vertical time running righteous soul to be force to be wicked soul, so that a person running to the horizontal time running

Front line is 2points

Here is another saying all of livings same has opportunity to be righteous soul to be wicked soul, wicked soul to be righteous soul.

This is front line, in the meeting a soul to be righteous soul living in righteous soul helping is much more than wicked soul did, but righteous soul to be wicked soul, the wicked soul force righteous soul to be wicked soul living.

Therefore

A person, a company, a country all to be possible

From vertical time to horizontal time

From horizontal time to vertical time

Here is really critically important is

Righteous soul living and silence and clean clear of creation of knowledge

If do not living in righteous soul and do not living silence and clean clear but also do not accept creation of knowledge then,

From vertical time to horizontal time running.

Here is very important is vertical time running is to growing

Here is very important is horizontal time running is to do not growing

Here is really important

A person, a company, a country to be growing is vertical time running  
of righteous soul,

Silence and clean clear of getting bubble of creation of knowledge

Only righteous soul living is vertical time running with keep growing

This is a person to be saints of righteous soul

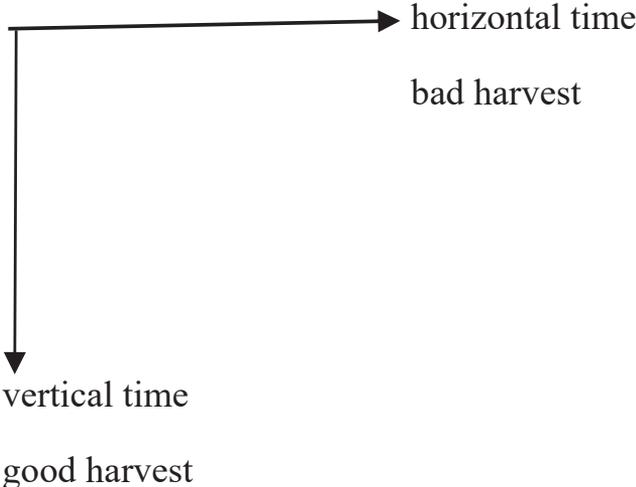

A company is high-tech leading company

A country is developed well country

# vertical time is health, dynamic growing to harvest

vertical time running is health, dynamic growing to good harvest

horizontal time running is sick, lethargy do not well grow to bad harvest

vertical time; depth  $\infty$  X width  $1/\infty$

righteous soul, creation of knowledge, young time  
keep health dynamic growing  
good harvest

here is as time going in the horizontal time but vertical time is

constant

here is a person to be righteous soul completion to safe reach at righteous soul living in destination place

here is a company to be creation commodity completion, to be growing enough selling

here is a country to be righteous soul, creation of knowledge to be living healthy wealthy living

Horizontal time; width  $\infty$  X depth  $1/\infty$

Wicked soul, Old knowledge, old time

Sick, lethargy do not grow

Bad harvest

Here is as time going in the horizontal time, so that time is runs to old

Here is a person to be righteous soul do not completion to it can't reach at righteous soul living in destination place but to the wicked soul living in destination place fallen

Here is a company not to be creation of commodity, so that old goods, not to growing poor selling

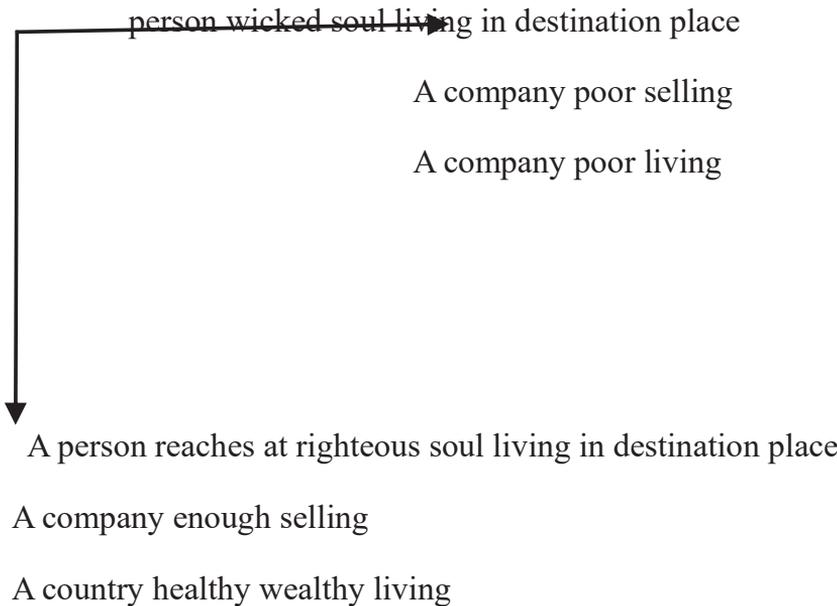

Here is a country to be wicked soul, old knowledge to be living sick and poor living

Here is very important clue is

Vertical time running person, company, and a country all to be righteous soul reward living

Horizontal time running person, company, and a country all to be wicked soul punishment living

In the macro concept world variable mind livings seen

Horizontal time and vertical time living huge big difference is

Vertical time living helping creation of knowledge

Horizontal time living depend on old knowledge

Vertical time creation of knowledge is

Righteous soul silence and clean clear of bubble of creation of knowledge

Horizontal time old knowledge is

Wicked soul loudly and dirty of old knowledge

Silence and clean clear based on  $1/\infty$  of mind

Loudly and dirty based on  $\infty$  of mind

Here is mind is defined

Getting much more than other = mind

Most macro concept world mind is  $\infty$ , is direct appeared, this is just like concordance cosmos law

Most horizontal time running

A person, a company, a country directly runs to get much more than other, so that mind  $\infty$

A personal mind  $\infty$  = individual greedy

A company mind  $\infty$  = take company profit

A country mind  $\infty$  = take national interest

If a person, a company, and a country try to direct getting much more than other, then this is relative with mind  $\infty$

Then, mind  $\infty$  relative with wicked soul loudly and dirty, in this full useless old knowledge it never feels mind  $1/\infty$ , righteous soul silence and clean clear of bubble of creation of knowledge, so that here is

A person mind  $\infty$ , a company mind  $\infty$ , a company mind  $\infty$ , it never to be living getting much more than other

This is horizontal time running.

Truly now happening affairs are all relative with mind  $\infty$

All living individual greedy, a company take company profit, and a country take national interest

This is impossible

Because cosmos law does not permit to be living getting much more than other

Huge number of macro concept world livings are on the horizontal time running so that

Infer that

Macro concept world criteria is must be inferring that horizontal time running

Here is deceit, old knowledge news is huge number product, but in the horizontal time running, it never to be living vertical time running

A person reaches at righteous soul living in destination place

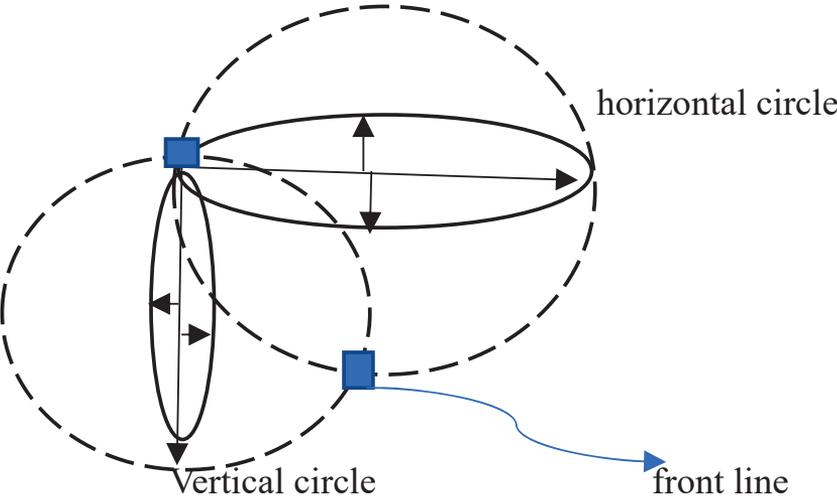

A company enough selling

A country healthy wealthy living

To be living vertical time running,

Main concerning is creation of knowledge, if do not get creation of knowledge then, impossible running to the vertical time running.

vertical circle horizontal circle

Here is only 2 points; vertical to horizontal but horizontal to vertical opportunity points

Only these 2 points of front line, here is changed

If a person really wants from horizontal time to vertical time, it must a person living is in the 2 points front line is absolute only opportunity.

Here is same as company and country also, only front line of 2 points are only to be possible change from horizontal time to vertical time running.

Front line is

Righteous soul to wicked soul face line

A person front line is in side righteous soul to wicked soul front line

If a person living righteous soul living behavior

“it shares time with other, help other, but also doing real love other”

Then, cosmos law gives to the righteous soul livings a righteous soul energy,

Then, as righteous soul energy increasing then, gradually righteous soul growing, so then

Here is 2 points front line is chance to be horizontal time to vertical time

The same as if a righteous soul gradually do not get righteous soul energy

Means that, righteous soul does not share with other, do not help other, but also, do not doing real love other, then, in the 2-point front line, to be shift from righteous soul to wicked soul, therefore vertical time to horizontal time running.

vertical time is health, dynamic growing to harvest

this is cosmos law like so cosmos give righteous soul energy

but horizontal time do not health, do not dynamic and do not growing to harvest

this is cosmos law do not like, so cosmos do not give righteous soul energy but wicked soul energy only.

Try to be keep “vertical time is health, dynamic growing to harvest”

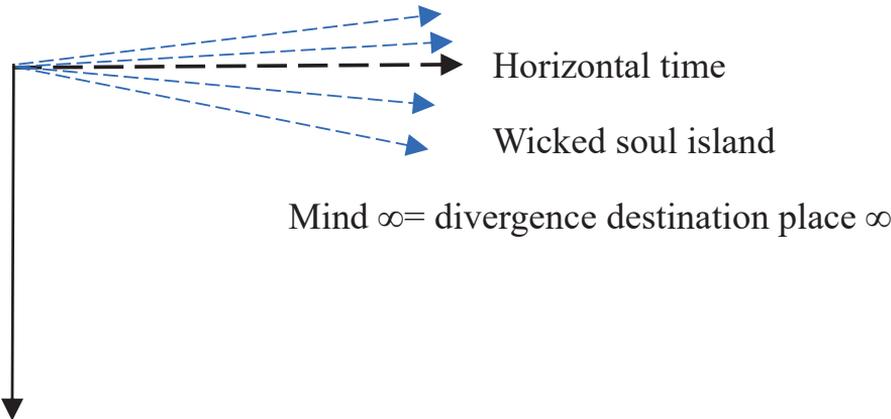

Righteous soul living and help from a cosmos law, then automatically vertical time running creation of knowledge helping.

Macro concept world mission completion and safe returning to the righteous soul living in destination place

# Vertical time running righteous soul land

Vertical time running is righteous soul land

Horizontal time running is wicked soul island

Vertical time

Righteous soul land

“Mind  $1/\infty$ ” = convergence destination is  $1/\infty = 0$

Horizontal time = width $\infty$  X depth  $1/\infty$

If a living run on the horizontal time, then getting energy is faster running to the width

So then, the living easy living, here is competition to get wide width

Here is do not “it shares time with other, help other, but also doing real love other”, impossible

So here is all of livings living self-support living only, so that here is not connect to other, all segregate,

Here is called as wicked soul island

Horizontal time end of a living ends is all difference all alone destination place, no one in there

Because a living easy living, just all focus for wicked soul living only

In the horizontal time running is only by oneself running, so called as wicked soul land

Here is a living is easy living so that, a living does not know “it shares time with other, help other, but also doing real love other”, so only by oneself running solving problems is wicked soul revenge and breaking, this energy is not any longer but soon used up.

Here is energy consuming running to the horizontal time running, but also endless competition for easy living.

Only wicked soul himself/herself living.

here is strange thing happened, why a living busy competition? Only

oneself easy living because horizontal time wicked soul island does not know vertical time “it shares time with other, help other, but also doing real love other”, this wicked soul island living is huge there is no excitement with other, only oneself easy living.

In the real living wicked soul island a living getting much more than other, only himself, over energy for wicked soul oneself, but it never do not do righteous soul living behavior, help other, so that, over running energy also it never do not shares others, this is happened to around of me, huge numbers are saying “he is rich” but he do nay shares help his family, but only oneself easy living, it is truth, just one coin do not help to his family, this is really ironically happened.

So that, overflow energy all used up, but also do not know energy saving, but all used up, a wicked soul island feels that all the time getting much more than other, but the wicked soul island when energy all run out, then, cosmos law all end of getting as the energy all consumed.

Horizontal wicked soul island livings are all living lonesome so that, do not know by other, only living alone, so the horizontal time running is who knows where finish of macro concept world, so that the end of destination place all difference this is diversify, mind is  $\infty$  so that destination also  $\infty$

Mind  $\infty$  = horizontal destination place also  $\infty$  = wicked soul islands  $\infty$

So that in the horizontal time end, wicked soul living in destination

place, no souls wait a wicked soul island reach at the wicked soul living in destination place

This is wicked soul island wanted living in the macro concept world so that, automatically wicked soul living in destination place also, no one in there but only wicked soul island living arriving in the wicked soul living in destination place

But!

Vertical time = depth  $\infty$  X width  $1/\infty$

If a living runs vertical time living then, to get well living, the living only runs to the depth, this is not competition but, a living silence clean clear of bubble of creation of knowledge helping runs to the much more depth, here is perfectly wicked soul it never ever does not reach but only righteous soul runs to the depth.

Vertical time running is not competition with other, but righteous soul vertical time running is

Creation of knowledge helping, so that,

Depth is  $\infty$ , this is relative with righteous soul energy  $\infty$ , creation of knowledge  $\infty$

So that righteous soul energy  $\infty$  “it shares time with other” creation of knowledge  $\infty$  is “help other” and

Righteous soul ordained from a creator of righteous soul to run macro concept world living is “doing real love other”, if living righteous soul then, automatically doing real love possible

Here is righteous soul vertical time running is strong relative with

“it shares time with other, help other, but also doing real love other”

This is righteous soul vertical time running righteous soul living, here all network living,

As getting deeper all to be getting creation of knowledge so that, all

Knows creation of knowledge so that the creation of knowledge help

Righteous soul land living

Vertical time running livings all same direction to the righteous soul living in destination place

“Mind  $1/\infty$ ” = destination is  $1/\infty = 0$

Vertical time running macro concept world livings runs convergence to 0

All of righteous soul vertical time livings macro concept world living is

“it shares time with other, help other, but also doing real love other” so that here is all of livings

Network and connecting this are all to be living in excitement and

pleasure of interesting living

Righteous soul land is same as a righteous soul running

Even righteous soul and variable livings but it is same as righteous soul livings

Righteous soul land runs to the

“Mind  $1/\infty$ ” = destination is  $1/\infty = 0$

Convergence of 0 righteous soul living in destination place

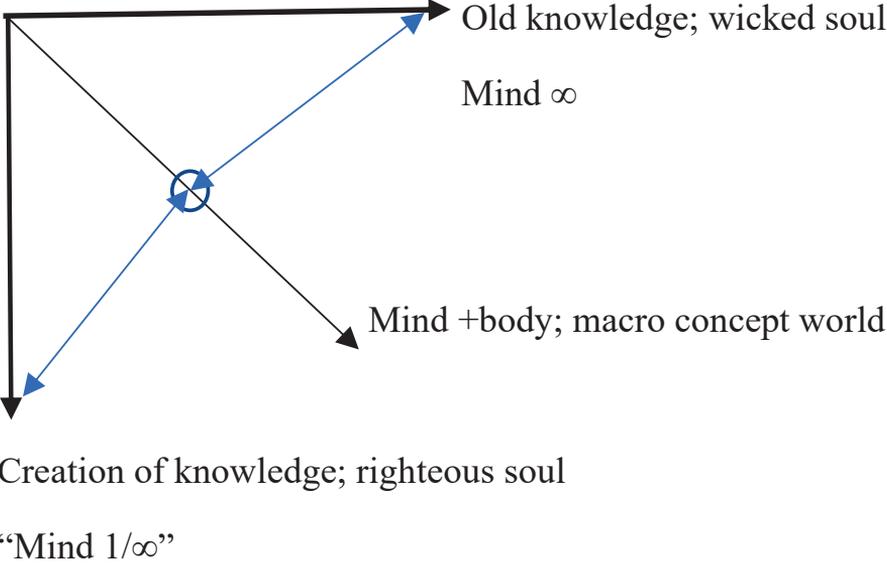

Vertical time running destination place is only one of 0

So that, from macro concept world vertical time running to 0, but also in the righteous soul living in destination place a soul's living is at the 0, so that righteous soul living in destination place a righteous soul creator and other righteous soul wait in the correct arrival from macro concept world righteous soul land.

Righteous soul land meet in the 0 of righteous soul living in destination place

It is really pleasure excitement because as righteous soul land, a hard-righteous soul all help each other as righteous soul living behavior “it shares time with other, help other and doing real love other”, so that hard righteous soul and possible righteous soul all comes together to the righteous soul living in destination place

# Righteous soul, wicked soul, and mind with body

A living to vertical time running as mind  $1/\infty$

A living to horizontal time running as mind  $\infty$

Mind  $\infty$  is energy consumption to  $1/\infty$  as macro concept world time to end

Mind  $1/\infty$  is energy saving to  $\infty$  as macro concept world time to end

Energy  $1/\infty$  is dead; wicked soul living in destination place

Energy  $\infty$  is still alive; righteous soul living in destination place

Horizontal time energy  $1/\infty$  dead with old knowledge

Dead is residue and sediment with old knowledge

Horizontal time running living incompleteness to the end of time

Incompleteness livings to be lonesome in the dead residue and sediment place

Lonesome living really hard living in the dead residue and sediment place

Horizontal time old knowledge

Useless cheap knowledge

Advertising knowledge

Occupied in a place

All old knowledge there is no room bubble of creation of knowledge

Here is old, cheap, advertisement in the lonesome of residue and sediment

There is no clean water but there is rotten water with mess

Bubble of creation of knowledge is mixed with rotten water and mess

This is horizontal time old knowledge

Here is wicked soul old knowledge talking and hearing

Boring and tedious living

Old knowledge is only cheap and advertising saying

Even, try to saying creation of knowledge but all advertising and cheap saying

Hearing this is really not interesting but only one saying all hearing of tedious talking

Do not say helping growing to righteous soul

Dead old knowledge, old song here is all old and dark in the

horizontal time place

Vertical time energy  $\infty$  alive with creation of knowledge

Alive is clean water and garden with creation of knowledge

Vertical time running living completion to the end of time

Completion living to be excitement and pleasure with righteous soul  
land in the alive clean water and garden

Righteous soul land living really excitement and pleasure living in the  
alive clean water and garden

Vertical time creation of knowledge

Useful and save life vertical running knowledge

Truth and real necessary growing knowledge

Clean water of garden with bubble of creation of knowledge

All of bubble of creation of knowledge all occupied in the place

Here is all of livings to growing righteous soul creator

Righteous soul, righteous soul creator living in excitement and  
pleasure

In the clean water and garden with bubble of creation of knowledge

Righteous soul, righteous soul creator talking each other helping to growing

Bubble of creation of knowledge in the clean water and garden

Feeling really excitement and pleasure with creation of knowledge with righteous soul land

Here is only righteous soul creation of knowledge talking hearing living

Creation of knowledge

All talking and hearing all is pure creation of knowledge

Helping a living to be growing to the righteous soul creator

100% creation of knowledge

So that all of righteous soul land to be still growing here is

righteous soul living in destination place

all Talking all hearing

here is talk on about various subjects on righteous soul growing

alive creation of knowledge, create song bright in the vertical time place

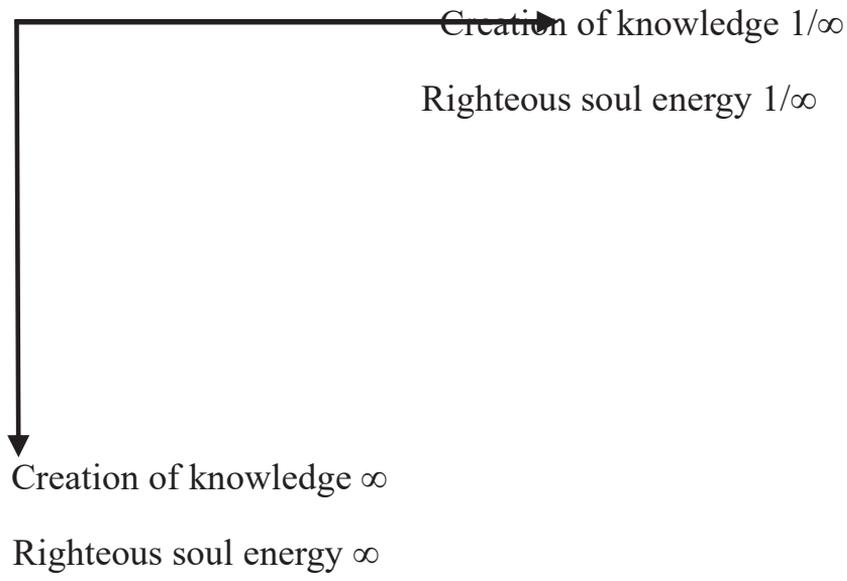

# Vertical time; righteous soul energy $\infty$

Vertical time running is increasing creation of knowledge  $\infty$

Vertical time running is increasing righteous soul energy  $\infty$

Horizontal time running is decreasing creation of knowledge  $1/\infty$

Horizontal time running is decreasing righteous soul energy  $1/\infty$

How to vertical time creation of knowledge  $\infty$

Righteous soul living is silence and clean clear, so then there is a silence space,

In the silence and clean clear space bubble of creation of knowledge feeling

Here is silence and clean clear is based in mind is  $1/\infty$ , as then wicked soul also to be  $1/\infty$

As mind and wicked soul disappeared then, it created silence and clean clear space built

Here is silence and clean clear of space is righteous soul

Righteous soul hears of bubble of creation of knowledge

Righteous soul = silence and clean clear of space

Then, righteous soul = perfect 0 to be nothing of 0

Righteous soul = perfect 0 creating a creation of knowledge

Perfect 0, and creation of knowledge runs to the vertical time

At the deepest of vertical time

Righteous soul living in destination place

So then, only perfect 0 of righteous soul and creation of knowledge

Can be reach at the righteous soul living in destination place

How to vertical time righteous soul energy ∞

Vertical time is righteous soul running to the righteous soul living in destination place

Righteous soul feeling bubble of creation of knowledge

Righteous soul knows how to get righteous soul energy helping by creation of knowledge

Creation of knowledge helping how to get righteous soul living energy

Cosmos origin is silence and clean clear space, so that cosmos law sees a righteous soul

Help cosmos to be silence and clean clear,

If cosmos law feels help cosmos silence and clean clear

Then, cosmos law gives to a righteous soul of righteous soul energy

So that what is helping cosmos to be silence and clean clear

Righteous soul mission in the macro concept world

Righteous soul meets a wicked soul, and do real love then create wicked soul to righteous soul, so then

Righteous soul mission clear,

Here is wicked soul to created righteous soul

Wicked soul living is loudly and dirty

Righteous soul living is silence and clean clear

So that, if a righteous soul by doing real love wicked soul and create righteous soul then

Cosmos law feel much more silence and clean clear by a wicked soul loudly and dirty is disappeared.

So that cosmos law huge quantity righteous soul living energy to the righteous soul

This righteous soul energy can be used vertical time running to the righteous soul living in

Destination place

But also, righteous soul energy is used as righteous soul behavior

It shares time with other, help other, but also doing real love other

So that righteous soul vertical time running righteous soul land is by

Doing righteous soul living behavior

Here is

Vertical time creation of knowledge  $\infty$

Vertical time righteous soul energy  $\infty$

Is possible

Vertical time deepest righteous soul living in destination place

All of righteous soul creation of knowledge  $\infty$

All of righteous soul righteous soul energy  $\infty$

This is vertical time righteous soul living in destination place

Why horizontal time creation of knowledge  $1/\infty$

Horizontal time running is cause of vertical time is  $1/\infty$ , so that here horizontal time running

Helping old knowledge,

This old knowledge is

{Long time ago creation of knowledge + horizontal time running livings mind  $\infty$ ; getting much more than other old knowledge + wicked soul deceit revenge and breaking old knowledge}

This old knowledge is like rusty of iron, volume is larger, there is not any clean clear all of mind and wicked soul deceit knowledge, as wicked soul, and mind knowledge increasing then in the end creation of knowledge is  $1/\infty$

Why horizontal time righteous soul energy  $1/\infty$

Horizontal time running wicked souls is loudly and dirty, this is cosmos law really anger and hard with cosmos law, so that cosmos law does not give righteous soul energy but wicked soul living energy revenge and breaking energy, so then, here is righteous soul energy is  $1/\infty$

As to the end of horizontal time running then, here is righteous soul energy is  $1/\infty$ , so that

In the horizontal time running

There is no {it shares time with other, help other, but also doing real love other”

But only {revenge and breaking}, if as wicked soul energy is  $\infty$ , then

The same as revenge and breaking energy is also  $\infty$

This is wicked soul living in destination place really want, all of macro concept world to be war because revenge and breaking energy  $\infty = \text{war}$ .

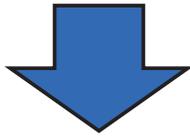

Wicked soul living in destination place wish is

Macro concept world all breaking by a war.

Here is horizontal

Creation of knowledge  $1/\infty = \text{old knowledge } \infty$

Righteous soul energy  $1/\infty = \text{wicked soul energy } \infty$

War and huge wicked souls to be disappeared

It is really wicked soul living in destination desired

Horizontal time running is

Width  $\infty$  X depth  $1/\infty$

So that here is only try to territory getting wide is horizontal time running

This living in the end to be war of huge number of wicked souls disappeared in the macro concept world

## **vertical time righteous soul land**

vertical time righteous soul land

righteous soul shares time with other, help other, but also doing real love other

so that others to be runs to the vertical time as righteous soul land

here is righteous soul land is

righteous soul righteous soul living behavior

here is righteous soul to other is

righteous soul is host, other is guest

so then,

righteous soul of host to be being silence and clean clear of space

but others who are wicked soul, mind livings and other righteous soul

living in the guest only one living

truly infer that

righteous soul host is only silence and clean clear of space

so that only one of guest of other are living free

so that

righteous soul of host is nothing

other of guest is only something

so that

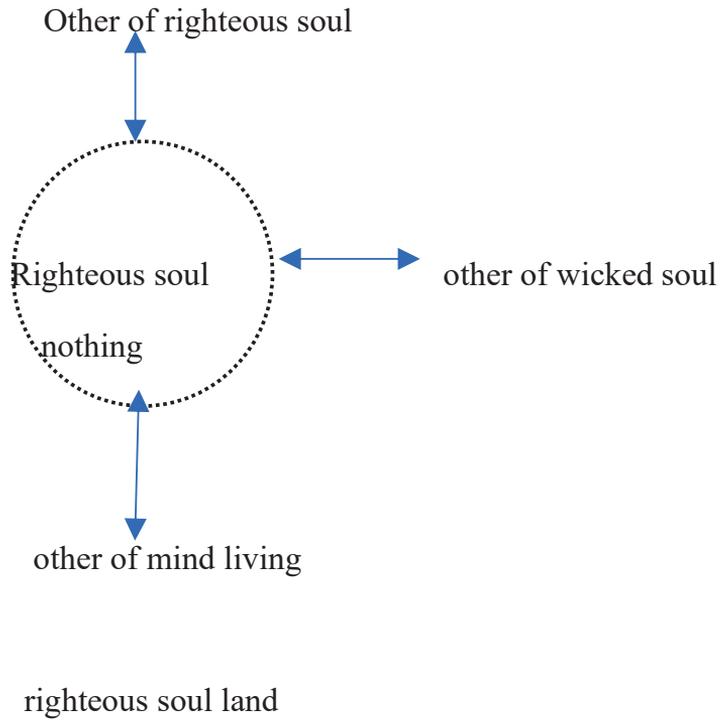

Other can live in the host of righteous soul space

Here is other is

Righteous soul land is righteous soul and other networking

Then, other and a righteous soul to be one of a righteous soul

So that a righteous soul runs to the righteous soul living in destination place

Righteous soul land is

Righteous soul living with other

Righteous soul shares time with other, help other, but also doing real love other

But righteous soul is only silence and clean clear of space of nothing

So that,

In the righteous soul land, there is only other one living

So that other living in the righteous soul land

Other of livings are same as

Righteous soul silence and clean clear and getting bubble of  
creation of knowledge

So that

Other living is same as one of righteous soul living

So that

Righteous soul land = righteous soul

{Righteous soul host of righteous soul is nothing + other of guest  
soul living something}

= righteous soul

{righteous soul land only other of guest} = righteous soul

Cosmos law and righteous soul living in destination place  
recognized

Righteous soul land of righteous soul land only other of guest as a  
righteous soul

So that

{Righteous soul land = righteous soul}

is possible

say again

other of wicked soul = righteous soul

other of mind living = righteous soul

other of righteous soul = righteous soul

here is righteous soul is host, strong righteous soul host, then

righteous soul is silence and clean clear of space only

righteous soul silence and clean clear = righteous soul

in the righteous soul land only seen is

{other of wicked soul = righteous soul}

{other of mind living = righteous soul}

{other of righteous soul = righteous soul}

Righteous soul vertical time living is

Righteous soul runs to the deepest righteous soul living in destination place

Righteous soul land = righteous soul

Righteous soul host + guest of others = righteous soul land

So that

Strong righteous soul creates in the righteous soul land from guest of wicked soul, and mind level livings to righteous soul,

Righteous soul land = righteous soul

So that righteous soul land safe reach at the righteous soul living in destination place.

Horizontal time of wicked soul island

Wicked soul island is not network

Just all of wicked soul livings are do not connect to other wicked soul also

So that, here is all of wicked souls are

Easy living using revenge and breaking energy

Here is wicked soul meet a space then

All each wicked soul is something,

Any wicked soul does not as nothing

Wicked soul cannot live with other in a place so that all of wicked soul

Seek a space only one of wicked soul, this is called

Wicked soul island

Wicked soul + wicked soul  $\neq$  each other revenge and breaking

Wicked soul = wicked soul living = wicked soul island

Wicked soul no one to be host all is guest, so that

Wicked soul guest = wicked soul

Wicked soul does not host only do is host living, so that

Wicked soul stealth mind level living getting much more than other energy

As revenge and breaking energy

Wicked soul does not do

Righteous soul living behavior

{it shares time with other, help other, but also doing real love other”

So that wicked soul only one easy living and revenge and breaking other, so that

Wicked soul living = wicked soul island

This living does not know creation of knowledge

This living does not know righteous soul living in destination place

Righteous soul living in destination place is

{It shares time with other, help other, and doing real love other}

Excitement and pleasure of living

And silence and clean clear living

But also, creation of knowledge

Fresh and clean water and garden

Here is righteous soul living in destination place

But wicked soul island does not know a righteous soul living in destination place is

A wicked soul = wicked soul island

Segregate with other, so that

The wicked soul living only cheap old knowledge of advertising

The wicked soul island is really pitiful and pathetic living in the

macro concept world

A wicked soul = wicked soul island

Is horizontal time living

Here is wicked soul living in destination place

Here is strong is

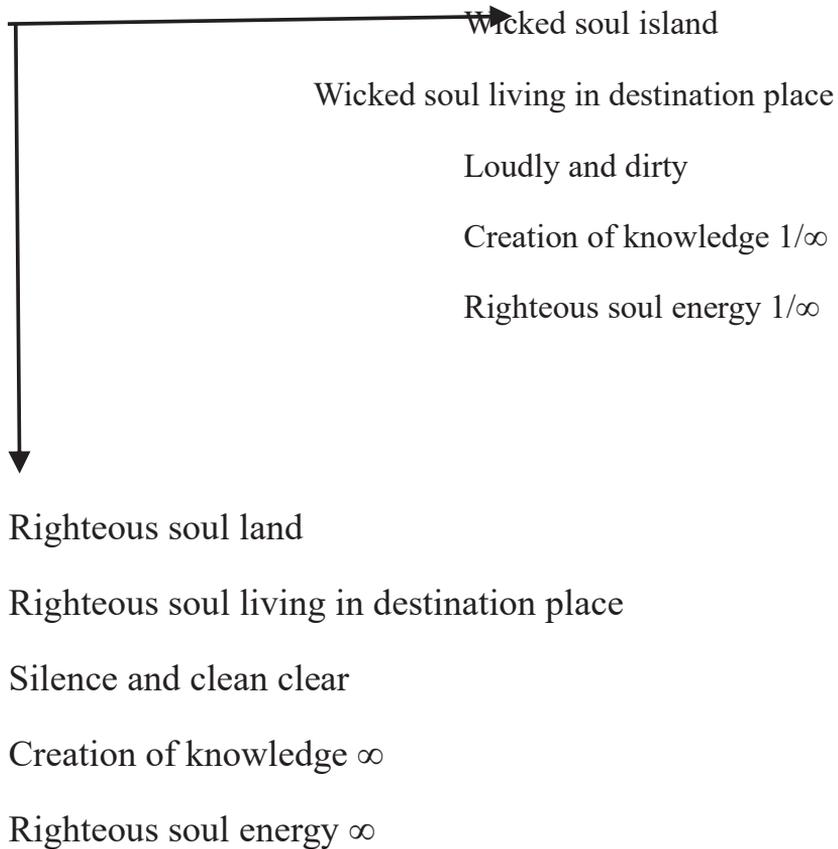

Wicked soul living is no one to be host living

Wicked soul living is all living is host living

So that

Wicked soul livings cannot live in a same place

But only one a place living of wicked soul island living.

If I were righteous soul, then I will all of my family as righteous soul land

I will carry to the righteous soul living in destination place

As I living a righteous soul, then I can do as righteous soul

“it shares time with other, help other, but also doing real love other”

This is what I try to do

Here is I will be reach at righteous soul living in destination place  
with family

In the righteous soul living in destination place

Where is

Silence and clean clear, creation of knowledge

Clean water, and garden

This living is in the vertical time

= depth  $\infty$  X width  $1/\infty$

In the macro concept world to micro concept world righteous soul  
living in destination place

Macro concept voyage completion is  $360^\circ$  is only vertical time  
running

A living in the macro concept world

Which way to the micro concept world

The way is

Vertical time running is 360° macro to micro concept world righteous soul living in destination place

As righteous soul silence and clean clear of bubble of creation of knowledge

Even, this is really challenge and hard

But as helping creation of knowledge

Running to the righteous soul living way of vertical time running is righteous soul living me living.

# Vertical time solving problems

Vertical time running by creation of knowledge

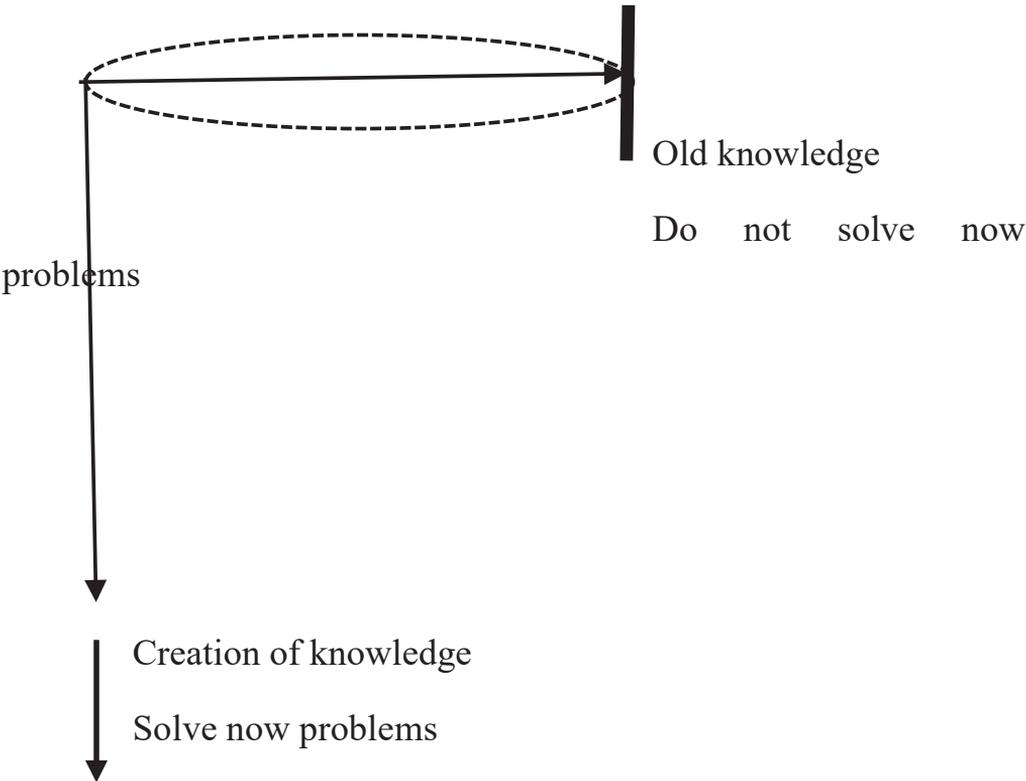

Horizontal time running by old knowledge

Creation of knowledge solve now problems

Old knowledge does not solve now problems

Solving problems runs to the future

Do not solving problems do not runs to the future

Vertical time = depth  $\infty$  X width  $1/\infty$

= depth  $\infty$  with creation of knowledge  $\infty$  X width  $1/\infty$

Vertical time creation of knowledge now problem solving

Keep running to the next of vertical time

As solving now problems

Vertical time running to the deepest righteous soul living in destination place

This is seen in the macro concept world growing and creation of growing

Vertical time running to the future

Here is vertical time running region is growing and creation of growing running to the future

So that, all of old knowledge problems solving, all forgive old knowledge

Here is

Righteous soul land running going with other

Righteous soul living behavior

“it shares time with other, help other, but also doing real love other”

Here is really concerning is

All of normal livings are to be harvest living of health and wealth living

So that

Here is macro concept world peace and democracy is strong

Here is there is no poor and righteous soul, but all of livings are

Healthy and wealthy of righteous souls living

Vertical time = depth  $\infty$  X width  $1/\infty$

= depth  $\infty$  with creation of knowledge  $\infty$  X width  $1/\infty$

Vertical time running livings all knows

Living health and wealthy is not relative with width so that here vertical time running

Is not interesting width  $\infty$ , so that vertical time running is width is only  $1/\infty$

As do not interesting width

So that, here vertical time running there is no competition and fight and war

Vertical time running

depth  $\infty$  with creation of knowledge  $\infty$  is  $\infty$

so that all of vertical time running runs to the vertical time running

here are now problems solving so that runs to the next

righteous soul land all of livings runs to the next

here is

macro concept world living

righteous soul human beings

silence and clean clear living of bubble of creation of knowledge

runs to the future

all of imagine then all come true

here is

righteous soul living behavior is normal

“it shares time with other, help other”

Here is excitement and pleasure with other

All of livings in the face to face meeting the  
Smile and say hello and how are you

In the morning

Good morning in the condominium apartment elevator

Hi good morning

This is usual

but

Horizontal time = width  $\infty$  X depth  $1/\infty$

= width  $\infty$  with old knowledge of creation of  
knowledge  $1/\infty$  X depth  $1/\infty$

Horizontal time old knowledge of creation of knowledge  $1/\infty$  now do  
not solve now problems

Do not running to the next horizontal time

As do not solving now problems

Horizontal time running a road is blocked so that

In the horizontal time world running is circulation of old time

This is seen in the macro concept world decline, decay and do not growing with old knowledge

Here is

Wicked soul island land running only one of wicked soul easy living

Wicked soul living behavior

“wicked soul easy living for this revenge and breaking energy using”

Here is really concerning is

Wicked soul several % living easy living but

Most all of normal livings are being poor living deteriorate health and wealth living

So that

Here is macro concept world war and dictatorship, autocracy

Here is there is all poor and righteous soul, poor wicked soul, poor mind livings

Here livings are living depend on old knowledge living in old time

Circulation, they feel still moving to the future but all of horizontal time

Running livings are custody in the future

Horizontal time = width  $\infty$  X depth  $1/\infty$

= width  $\infty$  with old knowledge of creation of knowledge  $1/\infty$  X depth  $1/\infty$

Horizontal time running depend on

width  $\infty$  with old knowledge of creation of knowledge  $1/\infty$

running circulate old time

horizontal time running depend on width

here is width is do not increasing but fixed

so that,

huge number of wicked souls try to live easy living using revenge and breaking energy

but it is impossible because

width = fixed it

so that

horizontal time running to be wicked soul easy living

fight, competition and war are necessary

here is living old time of circulation

so that, here is only one old knowledge so that

still old knowledge active, so connect to old knowledge

do not forgive in the old knowledge

so that

circulation in the old time, then, here is wicked souls are all has energy

revenge and breaking are still strong

here is old knowledge is

Horizontal time = width  $\infty$  X depth  $1/\infty$

= width  $\infty$  with old knowledge of creation of knowledge  $1/\infty$  X depth  $1/\infty$

Old knowledge = width  $\infty$  with old knowledge of creation of knowledge  $1/\infty$

Relative old knowledge is not creation of knowledge but width of fixed it

Wicked soul revenge and breaking is width of fixed it

Here is old knowledge limitation is

Wicked soul easy living impossible is only

There is width of fixed it is losing, so that if getting width is  $\infty$

Then, all of wicked soul to be easy living again

But

Wicked soul = width  $\infty$  of fixed it

This is not solving now problems

Then, this is kept old time

Wicked soul = width  $\infty$  of fixed it

As there is not runs next of future so that

Vertical time = depth  $\infty$  X width  $1/\infty$

= depth  $\infty$  with creation of knowledge  $\infty$  X width  $1/\infty$

Righteous soul = depth  $\infty$  with creation of knowledge  $\infty$

Running is growing to runs to the future

But

Horizontal time = width  $\infty$  X depth  $1/\infty$

= width  $\infty$  with old knowledge of creation of knowledge  $1/\infty$  X depth  $1/\infty$

Wicked soul = width  $\infty$  with old knowledge of creation of knowledge  $1/\infty$

Do not growing to runs to the future but circulation past of old time

Here is

Macro concept world only interesting on width  $\infty$  is to be

Keep living old time

But also, it never forgives relative with old time

Here is still running horizontal time

Their running still circulation in the old time

Here living region livings are all

Wicked soul island

Only one of wicked soul easy living to be that other of wicked soul  
not easy living

This is ultimate wicked soul living in destination place

Who know?

Infer that horizontal time running region only 180° living,

So that

Wicked soul island livings do not know

After macro concept world

Righteous soul living in destination place

Here is only the way of vertical time running

Here is 360°

Micro concept world righteous soul living in destination place to

Macro concept world voyage is  $180^\circ$

From macro concept world to micro concept world of righteous soul living in destination

Place is total  $360^\circ$

Righteous soul  $360^\circ$  voyage is

Righteous soul living in destination place created as

Righteous soul energy is  $1/\infty$

Creation of knowledge is  $1/\infty$

$180^\circ$

Righteous soul macro concept world vertical time running

Righteous soul energy  $\infty$

Creation of knowledge  $\infty$

$360^\circ$

In the safe returning of righteous soul living in destination place

Welcome from

Righteous soul me creator

Macro concept world

Righteous soul living ancestors

All to be being excitement and pleasure

Vertical time running is

{macro concept world + micro concept world righteous soul living in destination place}

Vertical time running is

Righteous soul living 360°voayge completion

If a righteous soul runs to the vertical time running to the righteous soul living in destination place

Then,

A righteous soul living is completion living to the end in the righteous soul living in destination place

# Horizontal time end is human animal

Macro concept world living is

Creative knowledge is growing from  $1/\infty$  to  $\infty$

Righteous soul energy is growing from  $1/\infty$  to  $\infty$

This is vertical time running is growing

Creative knowledge is growing from  $1/\infty$  to  $\infty$

Righteous soul silence and clean clear of getting bubble of creation of knowledge

Righteous soul energy is growing from  $1/\infty$  to  $\infty$

Righteous soul living behavior

“It shares time with other, help other, and doing real love other”

Righteous soul silence and clean clear

Righteous soul does righteous soul behavior and righteous soul mission

“righteous soul meets a wicked soul and doing real love other, then create wicked soul to

Righteous soul”

This is cosmos law help righteous soul living energy

Because as righteous soul does real love wicked soul then create righteous soul

Wicked soul to be decreasing then, cosmos feel silence and clean clear

Here is cosmos law helping righteous soul energy from  $1/\infty$  to  $\infty$

Here silence and clean clear is getting creation of knowledge from  $1/\infty$  to  $\infty$

This is righteous soul vertical time running completion

Righteous soul living in destination place arrival

Righteous soul living energy  $\infty$

Creation of knowledge  $\infty$

This is righteous soul living in destination place to be righteous soul creature

So then

Macro concept world feel that

This is god

Vertical time running livings are called as human god

But

Macro concept world living is

Creative knowledge is not growing but only to  $1/\infty$

Righteous soul energy is not growing but only to  $1/\infty$

This is horizontal time running is not growing

Creative knowledge is not growing but only to  $1/\infty$

Wicked soul livings are loudly and dirty, but also the residue of garbage small bad

But also, in side is all full of garbage so that, there is no “silence and clean clear of getting creation of knowledge”

So that automatically

Here is creation of knowledge is  $1/\infty$

Righteous soul energy is not growing but only to  $1/\infty$

Here is creation of knowledge is  $1/\infty$ so

So that

Wicked soul does not know righteous soul energy

Because wicked soul only to be object by righteous soul do creating

As righteous soul doing real love then wicked soul to be create to righteous soul

There by

Wicked soul does not know also

“it shares time with other, help other, but also doing real love other”

There for automatically

Righteous soul living energy to  $1/\infty$

Here is cosmos law do not help righteous soul energy from  $1/\infty$  to  $\infty$

Here do not silence and clean clear is do not getting creation of knowledge from  $1/\infty$  to  $\infty$

Wicked soul righteous soul energy  $1/\infty$ , wicked soul energy  $\infty$

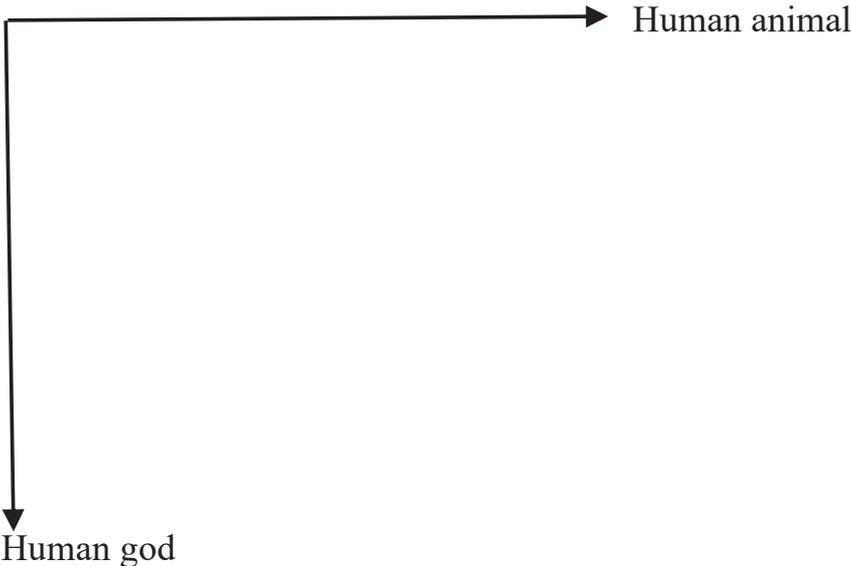

Wicked soul creation of knowledge  $1/\infty$ , old knowledge  $\infty$

Wicked soul living in destination place arrival

Macro concept world feel that

This is not god but devil of animal

Horizontal time running livings are called as human animal

Horizontal time

Width  $\infty$  X depth  $1/\infty$

Here is

Depth  $1/\infty$       {  
                                    Righteous soul energy  $1/\infty$   
                                    Creation of knowledge  $1/\infty$

Horizontal time is only width  $\infty$  just runs to get wide area only

This is as same as animal, so then human animal

Because there is no creation of knowledge

Even much more than there is no righteous soul energy

So that, wicked soul revenge and breaking only,

This is really same as animal so called human animal

Vertical time

Depth  $\infty$  X width is  $1/\infty$

Depth  $1/\infty$       {  
                                    Righteous soul energy  $\infty$   
                                    Creation of knowledge  $\infty$

Vertical time is only depth  $\infty$  just runs to depth

Helping by creation of knowledge

This vertical time running is huge hard then

It shares time with other, help other, but also doing real love other

There for righteous soul energy is really help each other

This is micro concept world is

Safe reach at the righteous soul living in destination place

To be righteous soul creator

In the macro concept world is

Feeling of god

There for

Human god

As result of that

Human being eat animal as food

God eat human animal as food

So that

Horizontal time running wicked soul livings are to be god of food

There fore

Called as human animal

Horizontal time running end is to be god's food of human animal

Vertical time running end is to be righteous soul creature of human  
god

Just macro concept world living

Some is vertical time running of to be god

Other is horizontal time running of to be food of god

In the macro concept world how to live?

This bigger question

It must be living vertical time running is even hard but this living is  
only living.

# Horizontal time and War

Horizontal time running and war

Horizontal time is

Width  $\infty$  X depth  $1/\infty$

Width is war winner get a territory

So that

Width  $\infty$  is war winner relative

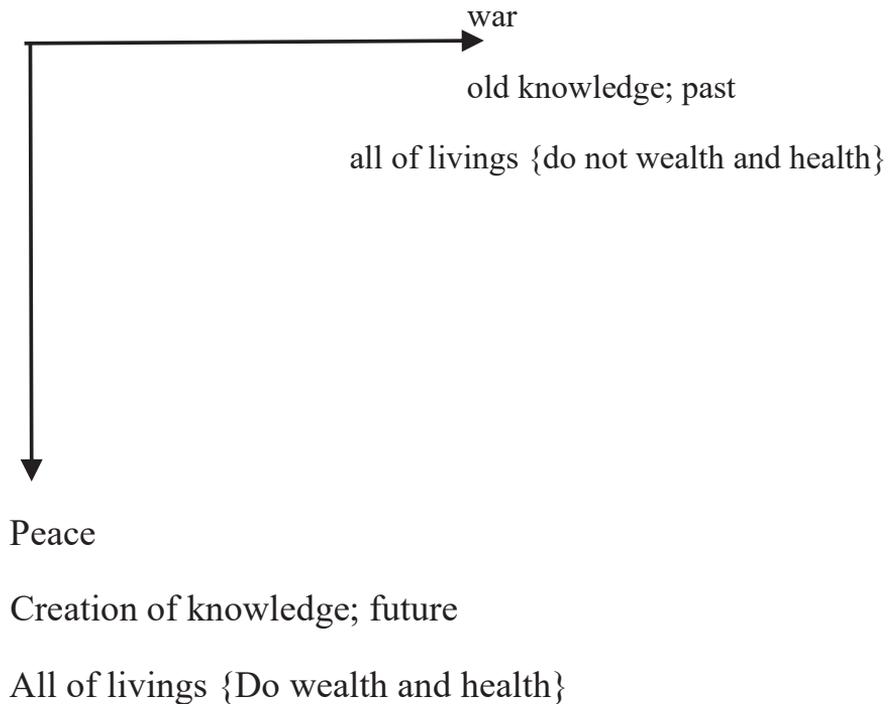

Vertical time running and peace

Vertical time is

Depth  $\infty$  X width  $1/\infty$

Depth is peace problems solving

Depth  $\infty$  is macro concept world problems solving of peace

Vertical time running creature of knowledge solving problems

Macro concept world problems is progress to the future with all of livings to live wealth and health

Progress future is now problems all solving by helping creation of knowledge

At now problems is regional poor livings in the Africa

At now problems is stop creational of progress most regions

As most regions lost capability running to the vertical time running  
= depth  $\infty$  X width  $1/\infty$

Most region try to getting powerful energy

Some region did vertical time running but now

In the region a righteous soul living disappeared so that

So that, here is impossible getting creation of knowledge

Automatically try to same powerful energy the easy living way is

Horizontal time running

= width  $\infty$  X depth  $1/\infty$

Vertical time running powerful energy region was developed country,  
leading region

Righteous soul “it shares time with other, help other, but also doing  
real love other”

So that, righteous soul energy increasing to  $\infty$ , creation of knowledge  
is to  $\infty$

All of world leading creation of knowledge

Philosophical creation of knowledge can help living righteous soul

living

Medical creation of knowledge can help health living

Scientific creation of knowledge can help wealth living

But truly

Creation of knowledge was

vertical time running

= depth  $\infty$  X width  $1/\infty$

But now these region livings are all changed into wicked soul livings

Horizontal time running living

= width  $\infty$  X depth  $1/\infty$

Cosmos law critically judge

Even one time was vertical time of creation of knowledge

But now horizontal time running of old knowledge then

In the old knowledge then

They are all revenge and breaking because losing one power position

So that, here is all vertical time running from depth  $\infty$  changed in to horizontal time running of

Width  $\infty$  of old knowledge

Then

Here is war broken

Wicked soul revenge and breaking energy depend on old knowledge which is not solving problems

So that

To get powerful position is only war

Horizontal time running is

= width  $\infty$  X depth  $1/\infty$

By war try to get width  $\infty$

Horizontal time to get wide area width  $\infty$  depend on old knowledge but creation of knowledge  $1/\infty$

Even though here is wicked soul try to living easy living, without helping creation of knowledge is

Only do is war for getting much wider of area

Much wider area old knowledge is same as much deeper creation of knowledge

= depth  $\infty$  X width  $1/\infty$  = = width  $\infty$  X depth  $1/\infty$

= much deeper creation of knowledge = much wider old knowledge

= new bright for the future = old dark for past

= all of livings health and wealth = all of livings do not health and wealth

= peace = war

= future of righteous soul living = past of wicked soul living

= it shares time with other, help other, but also doing real love other  
= revenge and breaking other

= righteous soul living in destination place = wicked soul living in destination place

At now infer of it

Still try to living horizontal time running region is huge

Horizontal time running

= width  $\infty$  X depth  $1/\infty$  region is

Try to be wide area, so called width  $\infty$  is

Never ever creation of knowledge so that

Very sorrowful

A horizontal time running getting wide  $\infty$  living getting poor living

In there

Never ever regional livings to be health and wealth

But wicked soul old knowledge livings are poor decide,

If keep running horizontal time running of wide  $\infty$ , then here is creation of knowledge  $1/\infty$

Here living in the end soon decreasing to be being disappeared

Strange

Horizontal time running

Width  $\infty$  X depth  $1/\infty$  is it never ever

In there, huge number of livings disappeared in the macro concept world from war

War likeable region livings are all to be living not excitement and pleasure but all then

Time much more than width  $\infty$ , here is all living is competition living

Here all of livings forget

A righteous soul living

It shares time with other, help other, but also doing real love other of excitement and pleasure

In the horizontal time running region is all time of war, try to invader near territory getting wide

In the vertical time running region do not understand why try to get

wide territory

In the region all of livings changed in to wicked soul

So that, there is no any creation of knowledge

This is inferred that

As the creation of knowledge is  $1/\infty$ , but old knowledge  $\infty$

Here livings are automatically

{= depth  $\infty$  X width  $1/\infty$  = = width  $\infty$  X depth  $1/\infty$   
= much deeper creation of knowledge = much wider old knowledge  
= new bright for the future = old dark for past  
= all of livings health and wealth = all of livings do not health and wealth  
= peace = war  
= future of righteous soul living = past of wicked soul living  
= it shares time with other, help other, but also doing real love other = revenge and breaking other  
= righteous soul living in destination place = wicked soul living in destination place}

Horizontal time running region

Even win the war but still in the place is wicked soul living of horizontal time running

So that

The livings in the horizontal time running is

Old dark for past

All of livings do not health and wealth

War

Past of wicked soul living

Revenge and breaking other

Wicked soul living in destination place

Why horizontal time running region do war?

For what?

This is really sorrowful livings

Horizontal time running region livings are all do not health and wealth

Vertical time running region livings are all health and wealth
