Preface

The poor & righteous soul is beginning of righteous soul in the macro concept world; this is beginning so that this book will help how to be righteous soul to be survive from wicked soul's revenge and breaking in the macro concept world.

Truly this book writer me, I do not want to book "the poor & righteous soul" because truly I felt fear of the poor, but in the end I start end finish this books

So hard now livings are all to be rich but not to be rich, but this book is try to be the poor but not be rich.

The righteous soul living actor know that "the poor & righteous soul" living is seen to the righteous soul as recognized as soul. So long the righteous soul meets others righteous actor then the moment the actor also soul touched. So long even in the SEEN world righteous soul is minor but in the SEEN world, the righteous soul living actor meets the others righteous soul then feel a real souls living.

So long the righteous soul live in the poor, but also the poor actor live in righteous soul living then, the poor must be distance from wicked soul living place, which is easy living place, it infers that "the poor & righteous soul" must be live in the righteous soul living best place also.

"the poor & righteous soul" here righteous soul, as living not easy place, so long there is not any wicked soul actors do not live, so long, the righteous soul actor structure "wicked soul keep decreased

because of wicked soul nutrient must be $1/\infty$, so that in this condition “the poor & righteous soul” keep living in righteous soul living behavior “ it shared time with others and help others but also doing real love others” so that the righteous soul energy keep strong, but the wicked soul energy is $1/\infty$ in the end “ the poor & righteous soul” in the end reach at the place, wicked soul must be inferred that the wicked soul get in to mutation to righteous soul. “ the poor & righteous soul” until now comes perfect righteous soul in the poor.

“The poor & Righteous soul” start voyage

“The poor & Righteous soul” writing start, when I prepare it, the righteous soul of the poor try to help writing book of “the poor& Righteous soul”, this is much vibrated with joy. The poor is in the SEEN world actor all to be the rich living, but here “the poor & Righteous soul’ try to make it a value up, the poor with righteous soul is to be the poor is not fear, here is the poor must be, in the SEEN world living actor all of living, in the early living then naturally the poor actor, but most adults are doing for the rich, actually all of adult do not reach at the rich, but here is the poor must be inferred, the poor living actor must be compared with ferment, so long the poor of the poverty is not ferment so that, the poverty is rotten, so that here is The poor is not same as the poverty.

The ferment poor is realized actor, so long in the SEEN world all of the poor actor try to be rich living, but multiple actor living is not live as rich, so then, the poor living is general, so long, the poor is do not excitement living because of the poor, this simple conclusion is macro concept approach, but here is micro concept approach is the poor is not same, the poor also live excitement with realized so called it being ferment poor.

In the bible, “blessed are the poor in spirit” here is “the poor” is blessed, so long, “ the poor in spirit” is the ferment & realized & righteous poor, this poor actor living righteous soul. The poor & righteous soul is meaning is same, the poor=righteous soul, so long, it must be infer that in the righteous soul living destination place population are the poor soul is must be larger than the rich actor.

In the SEEN world all of the actor try to be rich living, then all of the poor do not happy as only the poor, it compared with the rich all the time, so long, the poor never be excitement, mostly in the SEEN world actor are, so long the rich actor fallen to the ground then, the actor hard to live because before rich actor do not happy, so long the actor faced to the dead, in the point of view the actor realized then, the poor living also can live as excitement, this is happening thing in the SEEN world.

In this “the poor and righteous soul” tries to voyage the poor living righteous, ferment actor living stories will saying, please this book writing must be excitement, here is I’m expecting helping from the poor righteous soul, for the poor actor going for the righteous soul living destination. This is the poor must live ferment and righteous, if the poor live as poverty then the actor must be decay, so long the here poverty actor is beggar in the street. So long, here the poor is the ferment and realization and excitement living. Then the poor living also can go for the righteous soul living destination place.

What is the poor?

In this the poor & righteous soul, so then, the poor must be living excitement fully, because of the living actor is righteous soul. Righteous soul, righteous behavior is the “shared time with others and help others” so then, the poor actor must be living righteous then the actor must be shared time with others, and help others. So long the poor actor shared time with others, it must be the poor actor what can do, but also help others also, it already the poor sharing is the must be time, so then it must be living excitement. It is same in this “the poor & righteous soul” this mechanism is “wicked soul, righteous soul +mind + body”, this is actor, but here is the actor must be “the poor”, so long the poor righteous soul actor, then, this combined “the poor” is seen world so called the “mind” level actor, but also the poor living in so long then, the poor can go to the kingdom of god. So long, the poor righteous soul actor is “the poor righteous soul + body”, so called “ the poor righteous soul” so long, here is the poor is must be in the soul then, “ the poor in soul” so long, the poor righteous soul is must be the poor righteous soul can go to the righteous soul living destination place.

The poor is do not desired actor, so long, the poor do not invade others, so long, the poor must be variable explained but here cannot defined, so long, it must be the poor actor variance are so simple, so that the poor actor do simple live righteous, so long the distance also very near to the righteous, so long, in the position of the poor righteous soul, then, the actor, the poor itself completed status, so long, the poor is same as the rich, the rich is in the SEEN world actor try to be the rich, this is mind level behavior, but in the UNSEEN world, the actor try to be the poor to go for the righteous soul. the poor is the in the UNSEEN world living goal, but The rich

is the SEEN world actor target to be rich, in the mind level all of the actor try to be rich.

“The poor & righteous soul” the poor is center actor, so long, around of the poor, all of actors are living, so long, the poor is center then, around of the poor are so many variables; the rich, middle class but also realized actor or do not realized actor, so long, in the SEEN world actor, the poor also same as the rich, then the living space is expanded, here is the rich living is easy living, but the poor living is excitement, so long, the poor righteous soul actor is living in poor then, the actor living will be excitement, this simple actor also can be live in the poor, so long, in the SEEN world, the poor living is excitement but also the rich is easy living.

What is the poor? Actually the poor in this “the poor and righteous soul” the poor is the main character, but the poor in the SEEN world economically living hard, this simple, but in this book expand the poor is the UNSEEN world, the righteous soul actor try to live in the POOR, so long the poor can be easy living in the righteous soul living destination place. The poor is righteous soul living procedures are all of required point, so then, the righteous soul living destination place living must be all make empty, the righteous soul is from the mind being $1/\infty$, mind is all be disappeared then comes the soul who is wicked soul or righteous soul, so then, in the living righteous soul living destination place living then, the actor must be strong relative with righteous soul and the poor is closed relationship.

The poor explained cause of something produced by fermentation of the rich or the poor, so long, the poor is the process of coming back to the righteous soul living destination place. If a actor reach at

the righteous soul living destination then surely the actor process, because the rich hard to come to righteous soul living destination place, so long, it must be infer that if an actor live rich then, the actor all of living try to be out of “mind” actor who is try to be the rich, so long, much more propound living is it being fermentation to the poor, this is the rich actor try to out of the “mind” so called “mind to be 1/∞ “ the rich actor realized that in the end the rich follows the righteous soul order, so called the righteous soul king God, so that the rich is the source of the poor actor or in the pray “help me” the answer key is the rich, so then, the righteous soul living destination place coming is all of variance of being righteous soul, the result is being the poor.

The poor is the on the way of the righteous soul living destination place reaching, the it must be the poor and try to be the rich, reach at the rich actor or do not reach at the rich actor to finally reach at the poor, so then, the actor must be possibility is larger than still the rich and still try to be the rich actors. So long to be live righteous then the actor must be related with the poor. What is the poor? The poor is the righteous soul living destination place safe returning essential course. So that the poor actor living must be excitement because of righteous soul living destination place returning possibility is higher than the other actors.

The poor is produced of fermentation of multi sources, but the poverty is produced as trash from the wicked soul living the poverty, so long, here is the poor related with righteous soul but the poverty with wicked soul behavior. It must be infer that the poor living with righteously but the poverty living with wicked, so long even in the poor living also discriminated living righteous from wicked living.

In this “the poor & righteous soul” also the actor is the same “wicked soul, righteous soul +mind+ body” so long, the righteous

the poor actor living and wicked the poor actor living is must be come, but also, the courageous the righteous soul live as the poor than rich, so long, it must be so variable actors are classified such as priest, the monk etc. these righteous living the poor in the SEEN world, the actor righteous living as the poor, so long in the bible saying the poor can possible to the righteous soul living destination place. But also in the SEEN world and UNSEEN world relationship the poor & righteous soul must be multiple stories are comes, so that this “the poor & righteous soul” must be live excitement living.

What makes the poor?

In this “The poor & Righteous soul”, the poor is playing the lead role. here is adverse twin is the poor and poverty, and righteous soul and wicked soul, here is some difference in the SEEN world the poor twin, must be the rich, but in this “the poor & righteous soul” the poor is relative the righteous soul produce.

The righteous soul related with pure, create, righteous so long, righteous soul create the poor, then, here is righteous soul actor can be rich in the SEEN world with creative, so long the actor is righteous soul, so long, righteous soul actor live with” it shared time with others and help others with real love” so long, even the righteous soul actor do create so long get be rich, but the actor do live righteous soul actor principle, so long, the creative actor time shared with others, and the creator actor helped others with Real love. Then the righteous soul actor with creative so long make increased the rich which is not there before, so long the rich actor create new rich, so long the actor of creating rich actor is not relative the poor actor. So long the righteous creative actor creating the rich is fermentation, so long the creative the rich in the procedure so long, the creative rich actor all of rich asset righteous living, so that the creative is solved from righteous soul living destination place future knowledge, so that the creator of rich actor lived as the righteous so long, the UNSEEN world actor soul righteous soul helped in the micro concept tunnel ($-1/\infty \sim +1/\infty$: micro concept book), so long the righteous soul actor live in the rich but the all of the righteous creative actor living is do righteous behavior so that, the righteous soul creature soul the rich is being fermentation so that in the end reach at the poor. So long, the poor is righteous soul actor all do live righteous living in the all of macro concept world so called the SEEN world.

The righteous soul actor helped in the creative so long in the tunnel of micro concept world $-1/\infty \sim +1/\infty$, then in the SEEN world, then the righteous soul start in the poor and live in the righteous soul behavior “it shared time with others and help others with real love” so long, the righteous soul actor living in the SEEN world of macro concept world, so then, the actor live creative so long, the creative actor produce the making others be living with then, so give a job of the actors, so long, the actor mean that the actor shared time with others, but also help others, so long, with R LOVE, then the righteous soul do live, then the righteous soul, project creative is solved by helping micro concept world so called SEEN world by the micro concept tunnel ($-1/\infty \sim +1/\infty$), so then the righteous soul actor helped so that the righteous soul actor righteous side make rich. Here is it comes that the creature the rich must be do not fear of the poor, the creative the rich must be try to be the poor, the righteous soul living destination place living actors are all finished the living courses “ the poor, created being the rich, the rich do as righteous soul king god’s affairs doing, then in the end the creative the rich reach at the poor” so long the creative the rich in the end come to right to be the rich, so long, the creative the rich also can be right to be returned to righteous soul living destination place.

In the “the poor & righteous soul” simply the poor can be itself the righteous soul, so long, righteous soul living is explained in the “LOVE ENGINEERING” this book written by me. So long

Originality natural actor is “wicked soul, righteous soul + mind +body” so long, if a do not realized actor live in the “mind +body” in the SEEN world, if infer that the actor realized then the mind is come to $1/\infty$, then in the SEEN world mind is about to zero, so long “ wicked soul, righteous soul + body” so long, the SEEN world actor, can be in the moment shape in the SEEN world, “ wicked soul + body”

or “righteous soul + body” so long the SEEN world momentum of time the actor “wicked soul actor” and “righteous soul actor” comes. So then all of actors in the SEEN world live righteous and wicked, so long all of living in the SEEN world, so all of SEEN world actor can choose living righteous soul actor, or wicked soul living actor.

What makes the poor? Actually the poor living is not easy but it can be live excitement, so long, the poor can live excitement but the rich can be live easy, so long, in the poor excitement but the rich is easy, then excitement and easy is not same but in the SEEN world, the actor living is all not to be live in difficult, so long, all of actor in the SEEN world, all of the actors are not to be difficult, so the most wicked soul living actor to try to live only to be rich which is not to be difficult living, but in the easy living is not related righteous soul, because of righteous soul is live in the poor, so that, all of wicked soul actor try to be rich even all of using means, so long live as the wicked soul live, then the wicked soul can live the rich in the macro concept world, so called the SEEN world, but the wicked soul rich is not related with “it time shared with others and help others with real love” so that, the wicked soul living actor live for easy living. So long the easy wicked soul actor, all the time going with deceit to get other assets even in the showing in the righteous but under righteous behavior all the time wicked soul actor go with that, so long, the wicked soul all the time going easy living.

In originality the actor is compose of “wicked soul righteous soul + mind + body” in the SEEN world actor, so long, if infer that mind is $1/\infty$, then “wicked soul, righteous soul +body” so long in the moment “wicked soul +body” “righteous soul +body” then, all of in the SEEN world, the actor live do not righteously so called “it shared time with others and help others with real love”. So then the SEEN world righteous soul actor must be shrinking so then wicked soul actor

getting stronger than righteous soul actor, so then the actor must be live as wicked soul living, so long, the wicked soul actor live wick, so long this actor living must be infer that, the actor live even in the all of means that the actor course is the poor and all of means using get rich then in the end the actor can be reach at the similar of the poor, the poverty, so long the actor do not reach at the righteous soul living destination place.

Righteous soul the poor & wicked soul the poverty

In this “the poor & Righteous soul” what energy makes the poor and the poverty? The poor actor live in the SEEN world, is better than the rich, it must be not, even in the righteous soul the poor also wanted to live as the rich. In the righteous soul, the actor are creature actor, so long in the righteous soul keep in relationship with righteous soul living actors, the righteous soul actor in the UNSEEN world, the righteous soul actor also do righteous soul behavior “it shared time with others and help others with real LOVE”, so long in the SEEN world, the righteous soul living creature actor helped from righteous soul living destination place. So long, the creative the rich actor with helping righteous soul living destination place, so long the righteous soul creative actor being rich, do live righteous living,”the creative actor shared time with others but also the creative the rich helped the poor with Real LOVE” so then the righteous soul creative the rich reach at the glorious righteous soul living place “the poor”. So then the righteous soul the creative actor being glorious “the poor”, the poor of creature actor in the end come to righteous soul living destination place.

In this “the poor & righteous soul” the righteous soul twin is the wicked soul, so long, actually all of actor in the SEEN world is compose of “wicked soul, righteous soul +mind+ body” so long, here is the wicked soul be strong then, wicked soul governing body, so long it must be explained newly the wicked soul win the righteous soul so long, then even soul realized then after mind is $1/\infty$, so long, here is “wicked soul + righteous soul + body” so long, the wicked

soul win to the righteous soul, so long “wicked soul + body” so long, the wicked soul actor, so long the wicked soul is living based on the wicked & deceit behavior, so long, wicked soul win to the righteous soul, so long, the wicked soul do not have creative so that the wicked soul try to get the asset from others, so that the wicked soul actor all of wicked and deceit power use to get asset, so long the wicked soul living actor makes hard others living, so that, the wicked soul do not know “it shared time with others and help other with real LOVE” the wicked soul do not know it, so long, the wicked soul actor also to live easy living, the wicked soul believe that the rich is easy living so that, all of wicked soul actor are come together in the wealth actor, or money trade is also, in this place are all of wicked soul actor living that place. The wicked soul actor do not know the asset with others so long, the wicked soul living also deceit from another wicked soul so long, the wicked soul living actor the rich all is disappeared by another wicked soul actor, so long, the wicked rich being the poverty so long, the poverty is not decided to the righteous soul living destination place. The wicked rich reach at the poverty so long the actor must be come to the wicked soul living destination place.

In this “the poor & righteous soul” the SEEN world actor are so variable actors so long, the living as the poor is so hard, so that in the “mind” level living all of actors are try to get asset, all of time, energy is used for getting asset, so called all of the actors are try to be the rich, no one try to be the poor. Even though actually all is not to be the rich, but also, in the “mind” level all is desired to be rich, all of the righteous behavior for this all of the actor, “wicked soul, righteous soul + mind + body” so long here “mind” level means that the SEEN world is “mind + body” so long, “mindful actor” the actor value is asset value, so long, the actor living community is important criteria is “asset”, there is no any value only the “mind+ body” mindful actor

only try to be rich so long, the body actor will possible try to get the righteous soul living asset, so long the creative righteous soul living asset also can be losing to the “mind+ body” actor.

In this “the poor & righteous soul” even in the realization so long the mind is $1/\infty$, then the in the SEEN world actor realized, the actor must be “ wicked soul + righteous soul + body” so long the momentum after so long, in time and place “wicked soul +body” and “righteous soul +body” so that after the “mind= $1/\infty$ ” then the “wicked soul” and “Righteous soul” also, so long it is infer that then, the strong wicked soul win case then, the SEEN world, the wicked soul actor relationship with wicked soul living destination place, so called compared with Satan, so long the wicked soul actor also to get much more asset so that must be the righteous soul creative rich or actor must be strongly wicked from the wicked soul actor, so that the wicked soul get the rich, in this case, the wicked soul actor getting rich, but the wicked soul do not live as the righteous living, so long, the wicked soul actor the rich it can't be fermentation so long the wicked soul living actor it must be keep try to be rich, but in the wicked soul living destination place also, the wicked soul and wicked soul fight for the getting other wicked soul asset, so long, the wicked soul living actor ultimate come to poverty, so long, the wicked soul actor also come to poverty, so long the poverty is not fermentation process so long, the poverty is wicked soul living destination place coming.

In this “the poor& righteous soul” the actor must be live as” wicked soul, righteous soul + mind + body” so then, in this cases the mind is $1/\infty$, in that case “wicked soul +body”, “righteous soul +body” so

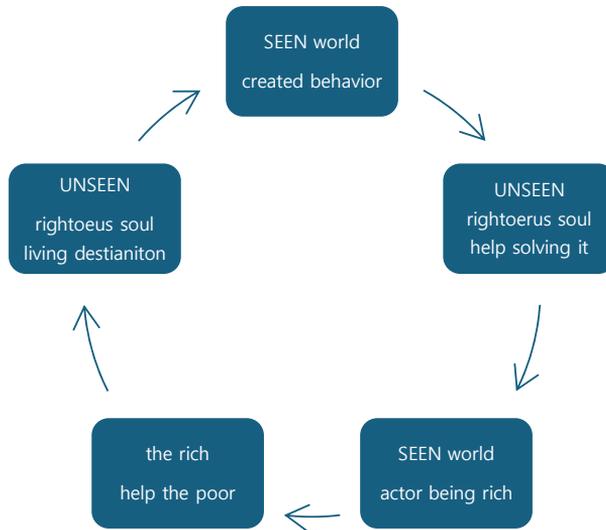

long, as righteous soul behavior “ it shared time with others and help others with real LOVE” so then, the righteous soul win to the wicked soul, so long, the righteous soul creative soul rich actor are also living with “it shared time with other and help others with real LOVE” so long, the righteous creative rich goes in to procedure of fermentation so that the poor produced, so long the poor is come out from all of righteous soul living so that the righteous soul the poor directly come to the righteous soul living destination place.

Righteous soul & excitement, wicked soul & easy

In this “The poor & Righteous soul” the actor is righteous soul actor and wicked soul actor are acting in this book, so then righteous soul actor related with excitement, wicked soul actor related with easy living.

So long righteous soul actor behavior is “ it shared time with others and help others with real LOVE” so long the righteous soul actor the rich and relative donors are do behavior of righteous soul, so long the righteous soul actor shared time means that, time is the origin of SEEN world living product time, so long this is come to increasing asset, so long the righteous behavior shared time with others means that the poor must be strong relationship to being the righteous soul, so long righteous soul actor with the poor is all the time going same time same place.

Some of righteous soul created and increased asset must be helped from the UNSEEN world actor righteous soul behavior so then the SEEN world righteous soul actor get solution of creating problems, so then naturally the righteous soul actor help the poor of righteous soul, so long, in the righteous soul is cycle

< Righteous soul & Excitement process >

Righteous soul living actor and the poor must be same, so long the poor also do righteous behavior so long the poor also” it shared time with others and help others with real LOVE. So then, in a moment the poor also as the role of the rich, it must be inferred that the rich can help others then, in this “the poor & righteous soul” book.

Here is “wicked soul & easy” so long, the wicked soul and the poverty is, wicked soul origin is the getting rich purpose is to easy in the living, so that the wicked soul all of the energy use for making asset all of other condition sacrifice, so then the actor mental physical condition deteriorated, so that the wicked soul actor of the rich actor and poverty is wicked rich soul actor toward the poverty critically saying “the poverties are all lived lazy so that the poverty are all must be live hard is natural” so long, the wicked soul rich never ever do not shared the wicked soul rich actor asset. So long wicked soul actor to be easy living, this is rich soul use asset for owned. So long the wicked soul do not related with the poor but related with the poverty.

In this “the poor & righteous soul” the poor is the keyword and righteous soul is also keyword.

The righteous soul behavior is “it shared time with others and help others with real LOVE” then the righteous created soul asset how many percent is general, it must be 6 to 4, so long if a righteous actor get a asset then, the actor use 6, but another 4 is not for the actor but helping others is better, in the SEEN world righteous soul actor must be doing like that, but the righteous soul actor do not recognition, but must be, righteous soul actor using 4 is must be help righteous soul of the poor, so then, helped the poor how to react to the creative righteous soul actor, it must be “the Righteous soul & Excitement process” as see, the righteous soul the poor has the righteous soul, so long the poor are righteous behavior then, the actor must be live as same as the righteous soul living “it shared time with others and help others with real LOVE” then, in the micro concept (seong ju choi) the helped righteous soul actor travel through micro concept tunnel($-1/\infty + 1/\infty$) so long, the righteous the poor soul travel to the righteous soul living destination place, to express of helper’s righteous behavior is so excitement, so long, the poor actor righteous soul energy saving in the righteous soul living destination place, blessed bank, so long the blessed bank energy is used in the SEEN world creative righteous actor, so long the righteous created actor get solved from righteous soul living destination place blessed bank. So that the poor righteous soul actor feel excitement, but also the creative the rich also excitement so that, in the righteous soul living actor are all be excitement. Furthermore the righteous soul creative actor soul asset related part also be going well, so long the righteous soul actor righteous behavior “it shared with others and help others with real LOVE” so long in the righteous soul living destination place are all be excitement.

But wicked soul & easy living actor must be live easy in the SEEN

world, this wicked soul actor use whole time, whole asset use 100% for wicked soul the rich actor, so that the actor is not any actor related with that, so long, the wicked soul & easy living actor the rich, around of the wicked soul the rich actor multiple wicked soul actors are try to do deceit so called wicked behavior, so long, the wicked soul the rich actor must be shared with wicked soul actor who is not the poor but the actor is strong wicked soul actor, so the wicked soul the rich must be live with another strong wicked soul, so long, the rich wicked soul actor do not avoid the wicked soul actor, so long the wicked soul the rich also wicked from other wicked soul actor, so long the actor in the late of the living has possible to be “the poverty” because of the wicked soul the rich actor strong relative with the wicked soul living destination place cursed bank, so long, as getting increasing the wicked soul actor rich, the strong cursed bank credit also increased. So long, the wicked soul living actor the rich must be related with wicked soul living destination place.

In the end the righteous soul living actor live in the righteous then, the actor of the rich created a new asset so that righteous soul living destination blessed bank energy use, so long, the righteous soul actor help “the poor” so that the poor righteous soul save in the blessed bank to help righteous soul another creative soul actor use the blessed bank energy. but the wicked soul the rich is old asset which is built all of means used even deteriorated of wicked soul actor mental and physical so that the wicked soul actor asset exclusively use wicked soul actor only, so that the actor in the end get to the poverty through it the wicked soul actor living destination place cursed bank energy used by another wicked soul living actor, so that the wicked soul actor being poverty and come to the wicked soul living destination place.

Who are the rich?

In this “the poor & righteous soul” the rich must be defined but also the poor here is also the place is both SEEN and UNSEEN world, so that the rich and the poor must be related with souls.

It has been said the actor is “wicked soul righteous soul + mind +body” so then, the rich must be explained as “wicked soul righteous soul + mind” this rich actor is do not realized so long in the SEEN world most the rich or to be the rich actor of the structure. Even much more detail in the rich then, the actor must be like that “wicked soul+mind” “strong wicked soul + righteous soul” but the poor is must be defined as “righteous soul + righteous soul” here is the poor is the soul “wicked soul + righteous soul” but the wicked soul is getting mutation from wicked soul to righteous soul cause of righteous soul’s real LOVE” so that original of the “wicked soul + righteous soul” is reached at the “righteous soul + righteous soul”, so long this 2 righteous soul is the poor.

Say again define in this “the poor& righteous soul” then, the rich is “wicked soul+ mind” “strong wicked soul + righteous soul” and the poor is “righteous soul + righteous soul=2 righteous soul” so long, in this “the poor & righteous soul” is the rich and the poor is defined.

Most actor of righteous soul try to be returned to the started place, so long the righteous soul actor has gift of Real LOVE, so long the righteous soul do REAL LOVE the others. This is the righteous soul actor not to be disappeared on the voyage, so long, the righteous soul only living weapon is “doing R LOVE” so that the righteous soul will comeback as complete living mission which is doing R LOVE the actor who the righteous soul wait in the eternity righteous soul living destination place. So long all of actor in the SEEN world living actor righteous soul keep turning back to the righteous soul living

destination place, so long, in the SEEN world the rich actor also try to go back to the righteous soul living destination place. This is the engine or process of the rich in the SEEN world actor, but also the poor actor also, so then, the poor actor living in the “the poor & righteous soul” 2 righteous soul righteous soul actor prepared in the all of living, but also the righteous soul has been lived as the poor because of the wicked soul do not like to be live as the poor, so that, the poor actor of righteous soul live righteous behavior “ it shared time with others and help others with Real LOVE” this righteous behavior is somewhat easy, the poor actor living righteous variance is so simple, just do live itself is the righteous behavior “ it shared time with others and help others with Real LOVE”, so that the poor living is clear of being “righteous soul + righteous soul” structure of the actor, in the SEEN world really righteous soul actor, it infer that “righteous soul +righteous soul” actor in the SEEN world, the poor of living in the Buddhism actors, Christianity actors, catholic actor, Muslim actors etc. but also in the SEEN world do not famous but in the place doing live as the righteous soul living, so then this actors are all the poor.

The poor living is in the UNSEEN world in the righteous soul living is strong energy actors, so long the poor in the UNSEEN world righteous soul living actors are all live as the righteous soul behaviors, so long, the poor in the righteous soul living destination place the living is all excitement but also the living of the poor is perfection. So long the poor is the righteous soul but also getting excitement & perfection.

On the contrary to this, the rich is in the SEEN world, the rich actor live easy, because the rich actor do all who what to do, buy all, eat all of expensive food, but also the rich actor live in the big house but also the rich actor do not work all of the poor actors are doing for

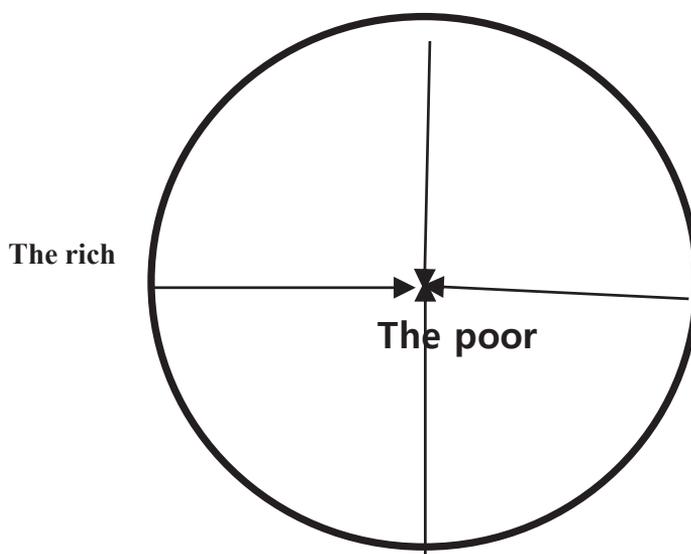

the rich. So that most actor in the SEEN world, so long the rich actor keep try to live easy living. So that, the rich actor tries to get more assets, so it explained as “strong wicked soul + righteous soul” “strong wicked soul + righteous soul + mind”, so long the rich in the SEEN world living is distance from the righteous behavior “it shared time with others and help others with Real LOVE” so long, the rich actor living is located in the UNSEEN world, the rich is in the place of the wicked soul destination place, so then, the rich righteous soul actor must be dead, so long, the righteous keep try to be strong righteous soul, the rich righteous soul also has the “Real LOVE” but the rich in the SEEN world keep easy living, so that the righteous soul behavior of Real LOVE is not used. Because of the rich behavior all make possible in the easy living by the asset, so long, the rich living is do not know the righteous soul living. So that in the rich actor righteous soul try to help from the poor strong righteous soul, “righteous soul + righteous soul=2 righteous soul” so long strong the poor righteous soul so called 2 righteous soul actor must be important to the rich righteous soul, so long, the rich actor righteous soul try to contact the poor, this is the rich righteous living, but the rich actor are strong in the wicked soul then the actor must be do not contact to the poor, so long, the rich actor in the SEEN world, the actor keep consist to live easy living then, the rich righteous soul must be dead, so long the rich actor never counted on the righteous soul living, the rich already out of the righteous soul living destination place.

Who is the rich in this “the poor & righteous soul”? In the SEEN world the rich is get much more asset, the actor is called as the rich, but in this “the poor & righteous soul” the rich is can help others, so called it may can help, suitable to help others, then the actor must be the rich, then “the poor & righteous soul” the poor is the rich actor righteous behavior then accept role even, the poor already there is no any asset, the poor is what is said that “righteous soul + righteous soul”

so long, it must be connected with righteous soul living destination place also.

Here is the poor is “it shared time with others and help others with doing real LOVE” so long, there is any “wicked soul, mind” so that the poor has nothing, so long the place never any wicked soul and mind also, so then, the rich the righteous soul is living and the righteous soul actor to be turning back to the righteous soul living destination place, the actor of asset must be keep doing righteous soul living behavior. “It shared time with others and helps others with doing real LOVE”.

The rich is not limited but the poor only decided.

The poor is center of the circle but the rich is going around, so that

the poor is decided but the rich is not decided, because the rich is somewhat relativity, but the poor is absolute decided the one, the poor is in this “the poor and righteous soul” the poor is “righteous soul +righteous soul=2 righteous souls” so long the poor is the gate of the coming back to the righteous soul living destination place. The poor= “righteous soul +righteous soul”, so long, the rich to be the poor then, it must be required relationship in the SEEN world living, in the SEEN world the rich must be easy living, so then, easy living must be decreased then, occupied in the easy living then occupied as excitement living is the rich is the SEEN world actor changed then, the actor must be contact to the poor, so long, the relationship with the poor, then here is the rich actor righteous soul must be react and getting strong, so long the wicked soul actor being process to the righteous being mutation. This is “the poor and righteous soul” procedures.

Righteous soul actor living to be the poor

In this “The poor and righteous soul” righteous soul actor living in the SEEN world creature rich living, and the poor living, so that it means that in the SEEN world righteous soul actor living is “it shared time with others and help others with doing real LOVE”, so long the righteous soul actor in the SEEN world, the actor recognized as righteous soul actor possible sharing asset to others or the poor, so then the righteous soul actor must be feel “the rich”. In this “The poor and righteous soul” the rich is relativity so that if a righteous soul actor can righteous behavior “it shared time with others and help others with doing real LOVE” then, the actor must be rich in the SEEN world, so long the righteous soul actor help the poor.

Here is the rich is defined in this “The poor and righteous soul” so long, the rich is in the SEEN world “righteous soul actor feel the rich with helping with real LOVE the poor” The rich is righteous soul actor who is live normal and righteous living actor. So long, the righteous soul the rich try to be the strong righteous soul, so then it must be infer that, in the SEEN world righteous soul actor means that all of the righteous actor; in this “the poor and righteous soul” the actor is consist of “wicked soul righteous soul + mind +body” so then, it still the righteous soul is leading the actor so long, infer that “wicked soul + **righteous soul** + mind + body”. So long righteous soul with real LOVE the wicked soul, so long in the SEEN world the righteous soul actor try to be living as righteous soul living, it still the righteous soul actor try to come back to the righteous soul living destination place safe. So long righteous soul actor do righteous living, “it shared time with others and help others with doing real LOVE”. There for the righteous soul actor with Real LOVE the wicked soul,

to make mutation of righteous soul, so long, righteous strong righteous behavior with real LOVE of righteous soul, so long it must be realized then, so long mind is $1/\infty$.

Here is the supposition the mind is $1/\infty$, then it must be new actor constructive featured comes, so long “wicked soul + righteous soul + body”, so long this shape is in the SEEN world actors living, so long as the wicked soul so long to get make much more asset, so long, the wicked soul actor role is very strong, so then, the rich of righteous soul helped from the wicked soul, so then the rich is helped from wicked soul, so here is even in the SEEN world even strongly righteous behavior still the rich is not free from the wicked soul, so long the rich mixed with wicked soul is express the rich actor is “wicked soul strong + righteous soul middle + body” in this case most righteous soul is behavior of the rich style which is showy helping others. That is still better because of the rich shared asset with the poor, but still is not enough to be lead of the rich structure , so long to be the rich be strong righteous soul, it must be try to be the poor, so then, the rich actor do not depend on the wicked soul, so long, the actor must be helped from the poor of “righteous soul + righteous soul = 2righteous soul who is complete of wicked soul be mutated to righteous soul” so long the strong righteous soul reach at the absoluteness point, so long the poor actor already being righteous soul actor in the SEEN world and UNSEEN world.

In the SEEN world actor mostly has the “wicked soul, righteous soul + mind + body” this structure are living in the SEEN world, so long, how to returned safe to righteous soul living destination place. If the SEEN world actor in the Rich then, here is strong actor is “wicked soul + mind” then these actors are very strong to be live in the Rich, so that in the structure of actor is seen “wicked soul ∞ + righteous soul weak + mind ∞ + body weak” so then most actor do not try to

be the poor, so long the righteous soul actor must be disappeared, so then the actor structure is “wicked soul + mind + body” then, the actor all try to be rich, so then, the actor are all behavior of wicked then “the wicked soul actor do not shared time with others and do not help others, do not doing real LOVE” so long, the SEEN world ““wicked soul ∞ + righteous soul weak + mind ∞ + body weak” all do not reach the rich which is recognized as the relativity so long the wicked soul the actor keep try to get the asset, the relativity the wicked soul living actor even being the rich but the wicked soul actor feel the poor, it never the wicked soul actor is not the poor, so long the wicked soul actor try to be role of acceptor eternity. So long the wicked the rich who do not think as the rich, never ever do not help others for the purpose of absoluteness the rich.

But the righteous soul actor, “wicked soul + strong righteous soul + body” then the righteous soul actor of the relativity the rich actor try to be the absoluteness the poor, the actor keep helping with doing real love, the righteous soul actor doing Real LOVE to the wicked soul so then wicked soul keep changing from wicked soul to righteous soul, so long in the SEEN world righteous soul the rich as possible as can do not depend on the wicked soul behavior, instead of it the righteous soul actor do depend on the righteous soul actor, it means that the actor getting the poor, so long in the UNSEEN world, the actor of righteous soul connected righteous soul living destination place the poor living righteous soul actor list giving the rich, so long the righteous soul rich do righteous behavior with righteous soul living destination place righteous the poor must be helped, so long the rich get information on the righteous poor list, so that, further more righteous of the rich soul accepted the righteous soul actor king, so called “GOD” order, so long, in the SEEN world the rich righteous soul actor do righteous behavior “it shared time with others and help others with doing real LOVE”. So then, the righteous living the poor

actor helped from the try to be the righteous soul of the “righteous soul + righteous soul = 2 righteous soul” so long the returned to the righteous soul living destination place.

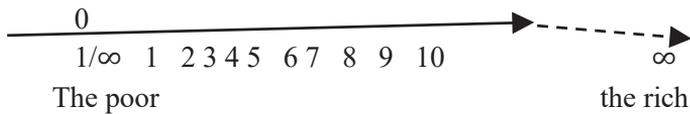

The rich righteous soul actor still is not be strong righteous soul actor(righteous soul + righteous soul) so long, it governing by righteous soul then the righteous soul actor living aim is returning to righteous soul living destination place. So long the righteous soul living actor keep helping the poor, to be the real the poor, so long the rich try to be the 2 righteous soul of actor, the righteous soul actor again and again help the poor, then, the righteous soul rich actor be the same of the poor.

In the SEEN world just real righteous soul living, then the helping is strongly required, so that the righteous soul actor here is the rich who is relativity, the rich do righteous behavior “it shared time with others and help others with doing real LOVE” this is itself real excitement so long this excitement lead to the perfection, so long the righteous soul rich can reach at the righteous soul living destination place returned safe. So long the rich also as keep doing righteous soul behavior then the righteous soul actor also reach fully the righteous soul living destination place. Here is saying is in the SEEN world, the righteous soul actor recognized as “I’m the rich who can help others with doing real LOVE” therefore the righteous soul everywhere, every time help the poor, then keep helping poor to the ∞ , the rich can be perfectly being the poor.

The poor and the pure

In this “The poor & righteous soul” this “The poor and righteous soul” then, righteous soul is not SEEN world living actor world, but “the poor” is recognized in the SEEN world poor actor. So that in the SEEN world, the poor recognized as poor actor, the poor is must be live in the criteria line, because of poor asset. So long the poor living is simple which is eat cost only, all is not accepted due to poor. In the righteous soul living place is all of living actor all poor, it is general, if in the SEEN world not poor then, the righteous soul actor must help others with real LOVE, because of righteous soul is help others, then the actor still is not perfect righteous soul and excitement because of the rich do not come to righteous soul living destination place.

In this “the poor and righteous soul” the rich is relativity so long, if the actor has the energy to share with others then, the actor is not the poor, so long to be righteous soul living destination place living actor must be required to be the real the poor, so long, the poor must be compared with “pure”, the poor and pure is closed related with, so long, the poor is defined as

Righteous soul level mind level

Wicked soul

The poor is $1/\infty$ the rich is ∞ , the rich is also explained as “divergence” which is pure, it must be understand the pure is $1/\infty$, pure is the poor, so long, the poor is micro concept world, but the rich is macro concept world living destination. In the soul world living is righteous soul living is in the $1/\infty$, so long in the righteous soul world is pure also, so long, if the perfect the poor then it must be reach at the pure, the pure is directly righteous soul, in the righteous soul living destination place living soul is pure righteous soul living actors are normal and usual.

But actually in the SEEN world, the most actor all push to be the rich, so long, the poor make reliable explain is not easy, the rich in the SEEN world, it must be general, or normal, whoever still pursue the rich is who is not censure being rich, but in this book “ the poor and righteous soul” is must be key word is “the poor” so long, it is not easy to live on, the poor living is not easy in the SEEN world, so long in the “mind level” actors are fear of being the rich, but in the “righteous soul level” the actor try to be the poor in this “ the poor and righteous soul”.

The actor is “wicked soul, righteous soul + mind + body”, so long the level of the “mind level” is the mind is still ∞ , in this level is “the rich” is general, in the :mind level” world the actor all try to be the

rich, but actually all of the actors are not reach at the what they wanted to be rich. In this “mind level” the actor live in the poor then, the actor living is failed, but in the “mind is $1/\infty$ ”

Then the poor living is not failed living. Mind is ∞ here is key words are fear of poor, so long try to live out of fear, so long, most actors are try to be rich, in the mind level all of actor behavior or living criteria is all “rich” all of actor living behavior all closed with being the rich. So long in the actor structure “wicked soul, righteous soul + mind+ body”.

In the SEEN world the actor living is “mind + body”, so long, “mind” is getting more is better, all of actor do not criticize of the actor try to get much more, so long, all of actor in the “mind level” is general being rich. Here is if an actor lives as the poor then, the actor must be getting disdainful treatment. So long, most actor try to be rich, most actor time use getting asset, so long, here is “mind level”, so long the actor realized mind but do not know the souls, so that, keep trying to be rich is still strong living value. But if the mind is $1/\infty$, then the actor is “wicked soul righteous soul + mind= $1/\infty=0$ + body”, so long, “wicked soul righteous soul + body” so long, here is the rich is can’t be seen, because of the rich is not pure, the rich is so complicate with all of the mindful key word deceit, this is closed related with “wicked soul”, so long the poor is the pure then, the actor pure is created and zero etc, so long, the pure of the poor closed related with “righteous soul”.

The rich is closed with wicked soul living destination place, but the poor is closed related with righteous soul living destination place. The rich & wicked soul, the poor & righteous soul, is someone in the level of “mind” actor strong anger to this book, in the level of “mind” the rich actor may argue, “why the rich be treat as wicked actor” in the mind level, in the SEEN world all of actor try to be all of best, so that

the rich there are any sin or any crime, but in the righteous soul level, then the righteous soul actor role is this “it time shared time with others and help others with real LOVE” so long, in the mind level actor the rich, is in the “righteous soul level” the rich actor to get much more asset all of the rich actor time is used all for the rich actors only, but also the time is so busy making asset, so long naturally the rich do not help others but also do not real love others. So long in the mind level, the rich to get rich then perfectly do not living righteous soul living, so that, the mind level actor the rich is strong actor but the poor actor is not strong, so long, in the “mind level” world living actor, all do not discrimination of the rich and the poor, so that, it is recognized as the rich is target in the SEEN world of “mind level”. The living is not simple, even in the “mind level” also without any restriction all of actor runs for the rich; it must be not going for the righteous soul living destination place as level of “mind level”.

In the wicked soul actor also strong related with easy living, so long, the wicked soul is on the righteous soul living actor, so long, in the rich and the poor then, the rich and wicked soul, so long, the rich is as the wicked soul level, is this, the rich is closed related with “mind level” key word deceit, this world is closed with wicked soul living, so long wicked soul has the strong power to break, make righteous soul living actor break, so long, the wicked soul in the SEEN world, to be easy living, then easy mean point of view, so long, easy is strong relationship is deceit, so long, even as the wicked soul level, then mind level deceit is most same, so long, without any hard course but get of the easy living, so that all of wicked soul aim to get by wicked behavior. So long, the rich in the SEEN world do the easy living without any hard working. So that wick soul actor also source of being rich, in the end the rich is related with “mind level ∞” and “wicked soul”.

The level of “mind level” point of view the rich is not sin, the rich can said “I live all of time use getting asset” what is my fault, this is level of “mind level” so long, the actor in the SEEN world, so long, to be live in the righteous soul living destination, it must the actor get out of “mind level” mind level is not all to live on, all of living is

The actor live “mind+ body” mind is not organic so that mind do not know UNSEEN world, so that mind there is no any responsibility of the actor to be live in the righteous soul living destination place. So long “the mind” keeps pushing to live for rich, so called mind being ∞ . “Mind + body” there is no any responsibility the actor to be live in the righteous soul living destination place. In the level of “mind +body” the actor living is to be rich, then it is the all of “mind level ignorance” mind level ignorance make absurd of existing of righteous soul living, so that the rich in the “mind level”, if infer that the rich actor try to be live in the righteous soul living destination place then, the rich must be out of the “mind + body”. Then the rich must be realized that $\text{mind} = 1/\infty$, here is mind is about to zero, then, the rich must be $\text{MIND} = 1/\infty$, then the rich out of inorganic mind control of the rich, so that, the actor of rich do live righteous behavior. “It shared time with others and helps others with doing real LOVE”. Then, in the SEEN world the rich is getting to be the poor and the rich closed relationship with the poor, so long as the rich try to live righteous soul behavior, then, the rich hear of the righteous soul actor, so long the rich keep doing righteous soul living behavior, so long, the rich living with the poor all of the actor time, because of the rich actor try to be live in the righteous soul living destination place.

The rich in the “mind level” the rich actor role of the righteous soul living destination king, so called the GOD, the rich is the GOD’s energy to help the poor, so then, the rich actor getting out of the “mind

level” in the end the rich get to the poor, so long, the new the poor come to realize then, the rich the poor actor come get out of the “ mind level” so long, the rich the poor, come to “righteous soul actor” so long as the rich being the poor then, the rich the poor come righteous soul living, but also the actor being “righteous soul living actor” the rich poor actor being mind is $1/\infty$, therefore the rich the poor come to real righteous soul living destination place living.

The poor & balance

In this “The poor & righteous soul” the poor is living, the rich also living. The poor can eat; the rich can eat. This is body energy support to be managed. So long, the poor is critical to live on, but the rich is out of critical so long, the rich living is all covered all the poor living.

The poor actor is constructed “wicked soul righteous soul + mind+ body”, but also the rich is naturally the rich constructed also same “wicked soul righteous soul + mind + body”. The poor living must be monotone so long the poor actor easy living in the balance.

The poor living actor must be cared from righteous soul actor, because of righteous soul living behavior is “it time shared with others and help others with real LOVE” so long the righteous soul living is going excitement. So long righteous soul actor with the poor is righteous soul find the poor to live righteous soul behavior, in the SEEN world righteous soul actor try to live righteous soul living behavior, the righteous soul actor easy contact the poor, the righteous soul actor hard to meet the rich, because righteous soul behavior actor try to do “it time shared with others and help others with real LOVE” so then the rich do not permit meeting the righteous soul actor righteous living behavior, righteous soul living actor urgent to do righteous behavior is so that the poor is target to the righteous soul living actor.

The poor living actor needed the helper of righteous soul, so long, the poor accept the righteous soul behavior, the poor actor is poor then, the wicked soul actor does not like the poor, because of the wicked soul like to live on easy living. So then the poor living is not easy living. So long naturally wicked soul actor never going with the poor,

so that the poor is open for the only righteous soul, so long righteous soul actor also very easy shared time with the poor, so long, the righteous soul actor help with Real LOVE to the poor. So that the poor soul is already built that,

The poor actor soul is “wicked soul $1/\infty$ + righteous soul + mind $1/\infty$ + body” so long the poor is do not mind to live rich, so long, the poor actor naturally not strong living in the “mind level” so long, “mind level” most mindful actor try to be rich, so long push way from the rich living field center, so long the poor live in the frontier of poor living. So long, in the mind level, the poor how to evaluate, the poor living is segregated from the try to be live rich, then, in the “mind level” the being the rich is end of all, this push the poor from the rich space to the poor place. Then in the “mind level” the rich must be all solved, so long, most mind level actors are desired to live the rich, this is right ? if the rich is end, then what is anger to the righteous living actor, so long in the righteous soul living destination living actors are all be excitement with others. Then the rich segregated from the poor, so long, the rich do not live with the poor, so long, the rich is not in the course living righteous soul standard, “ it shared time with others and help others with real LOVE”, so long the rich is still living in the level of the “mind” but also the rich actor living is so easy in the SEEN world, the difficult thing is all solved as using the asset of the rich, so long, the rich living is all solved in the easy circumstance. The rich is construct as the rich do not shared time with others and do not help other with real LOVE” so long, “wicked soul is ∞ + righteous soul is $1/\infty$ + mind is ∞ + body”.

In this case the rich soul actor righteous soul is almost to $1/\infty$, then the rich actor structure is “wicked soul + mind + body” this is this structured is not purpose of wicked living as the rich, but the rich living is so busy making asset in the end, the rich actor do not live for

the purpose of righteous soul strength, so that naturally wicked soul is get strong. Here is the rich righteous soul hard to live on, all of wicked soul actor strong but also the wicked soul living destination place cursed soul bank credit is keep increasing. So long, the rich living is hard; in the point of righteous soul living is so hard, but in the SEEN world mind level, the rich living is peak, all of SEEN world living actor try to be rich, so then, in the wicked soul actor is too strong but righteous soul living actor is so poor, so that the rich righteous soul and wicked soul balance is broken, so long, the rich is all wicked soul is so strong, the righteous soul actor still try to be the poor is living goal, because of the righteous soul actor try to be safe returned to the righteous soul living destination place.

The rich actor structure broken living balance

“Wicked soul + righteous soul + mind + body” this actor structure is broken balance, so long this rich actor featured is “wicked soul 100% + righteous soul 0% + mind 100 + body 0%” so long the rich living is all of time, energy using for being the rich, in the “mind level” the rich is broken balance of righteous behavior or wicked soul actor living is monotone so long, the balanced living actor it must be “wicked soul 50%, + Righteous soul 50% +mind is 50 %+ body 50%” so long, the balance living actor is mostly living actor, so long, balanced living actor it possible to be live righteous soul living is possible, the poor must be balanced living behavior, the balanced actor is already the poor, so long, here the poor living actor righteous soul actor living is much more better than living the rich, so long the poor comes the righteous soul living actor, so then, the righteous soul behavior reach at the poor, so long righteous soul actor do righteous behavior to the poor with excitement.

The balanced the poor living actor structure is

“Wicked soul 50% + righteous soul 50% + mind 50% + body 50%”

the balanced the poor

So then it comes the righteous soul actor this actor try to get strong righteous soul getting for the returning to the righteous soul living destination place. The process is this

Balanced the poor soul is

“Wicked soul 50% + righteous soul 50% + mind 50% + body 50%”

Righteous soul living actor structure

“Wicked soul 0% + righteous soul 100% + mind 0% + body 100%”
so then

Strong righteous soul with real LOVE, wicked soul make mutant to righteous soul and the realized righteous soul actor already mind is 0% so that

“Wicked soul 50% + righteous soul 50% + mind 50% + body 50%”
+ (helped from righteous soul) produce big Energy absorb balanced actor so that it changed to

“Wicked soul 0% + righteous soul 100% + mind 0% + body 100%”

= “wicked soul 0% + righteous soul 100% + mind 0% + body 100%”
= “righteous soul 100% + body 100%” = righteous soul body.

So long in the “mind level” living actor must be live balance living, so long, the realized actor must be start from balance living, so called the poor is balanced living, the rich the righteous actor to survive and living righteous soul, then the rich actor required to live balance.

The poor & righteous soul with time

In this “The poor & Righteous soul” here is the actor live as “wicked soul righteous soul + mind + body”. In the level of “mind” this is natural of being the rich, but after so called the mind is comes to $1/\infty$, then the righteous soul point of view is there is living soul actor is pure righteous soul, so long here is pure means that the poor in this “the poor & Righteous soul” so long, in the first level of “mind” place is keep trying to be rich is natural but in the second level of “righteous soul” place is the place is keeping trying to be the poor.

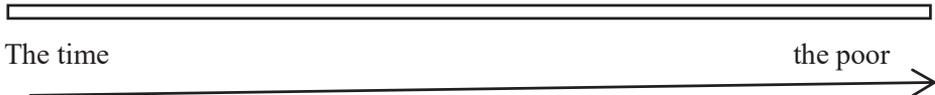

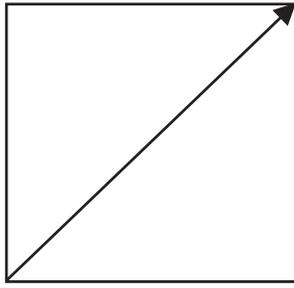

So long, in the righteous soul living actor point of view, the living must be the poor ~ the poor (the rich) ~ the poor is can be reach at the righteous soul living destination place. The rich and the poor has time, the rich used time for making asset, but the poor used time anything in the first level so called “mind level”, the rich actor use time with helping “mind” getting much more than others. The poor time no one help so that it shared time with others but also the poor help others with real LOVE. The poor living is mutually helping that is only surviving living. So long in the “mind level” the poor must be criticized from the rich not poor actors. So long, the poor living is in the point of righteous soul, the soul must be feeling unfair, in the “mind level” the poor living is voluntary living or getting left behind is not sure, but in the righteous soul living point of view then the poor must be voluntary living. So long the rich time is fast and busy, but the poor time is late and lazy.

In the “mind level” the poor all be criticize, but still the poor in the point of view, then the poor live in voluntary in the SEEN world, why the righteous soul try to live in the poor, so then the righteous soul

actor who is not create living actor can't live in the rich living so that the righteous soul of the poor try to be avoid the strong wicked soul, so that the righteous soul actor voluntarily live as the poor. Here righteously the poor must be out of the "mind" level, so long the poor righteous soul actor fast reach at the $\text{mind}=1/\infty$, so long the poor righteous soul actor being reach at the form of structure; "wicked soul + righteous soul + $\text{mind}=1/\infty$ +body" so long, the poor living soon get into the "righteous soul level" so long the poor of voluntary living actor doing live righteously "it shared time with others and help others with real LOVE".

Even the poor actor living is balance living so that the poor balanced righteous soul actor can be helped from strong righteous soul actor, the balance righteous soul can be strong righteous soul actor.

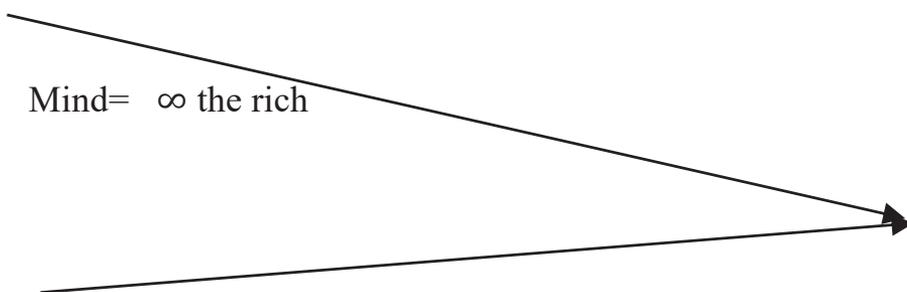

But the rich living actor is strong "mind level" the rich is living powerful to get much more asset so long, the rich is depend on "mind" but also somewhat in the "mind level" the actor helped wicked soul living destination place cursed bank energy, so long even in the "mind level" so called first level, so long the rich is preference in the first level.

The rich actor living with time the living slop is steep, but the poor living actor with time is so gentle, in the SEEN world first level, so long “ mind level” all of strong mind actor try to live living slop is steep, the course is so dangerous but most try to be the rich all of actor choose the steep road, but the poor living is so gentle road so that the living is not challenge so long the poor can live righteous because the poor road is can shared time with others, others situation also so that, around of the poor living is excitement because naturally the poor living help each other’s with Real LOVE. This is righteous soul living actor can live out of the “mind level” so called the poor actor living is “wicked soul + righteous soul + body” so long, the poor actor realized the existence of wicked soul and righteous soul, but also the poor righteous soul is occupied with mind place, so long the poor righteous soul actor now managed by righteous soul, so long the righteous soul actor faced to the wicked soul actor, so long the righteous soul actor with real LOVE, try to make mutation the poor oneself wicked soul to make righteous soul living.

But in the first level the rich actor is broken the balance, so that this actor structure is “ wicked soul 100 + righteous soul 10 + mind 100+

body 50” so long, the rich’s righteous soul actor to be righteous soul living destination place coming, the rich righteous soul must be so hard, so long, it must be infer that the righteous soul lose in the fight to the wicked soul, so long the possibility of being righteous soul living destination place reach must be so hard, but if the rich realized to be “mind =1/∞” then

Mind= ∞ the rich

Mind 1/∞

he poor

T

So that the rich realized so that the righteous soul living destination king, the god, connect the rich to order, help the poor who asked to the god, the God ordered to the rich help to the prayer, so then the touched with GOD, the poor can reach at the poor, so long, it lucky to the righteous soul actor can be come back to the righteous soul living destination place.

In the first level the rich is strongly related with mind=∞, so that the rich actor must be recognized “mind + body” so long, mind keep

teach “keep working then you can be rich”. So long the SEEN world the rich do not know all of righteous soul living behavior “it time shared time with others and help other with Real LOVE” so that the rich living is strongly against to the poor living, so long the rich living is all of time and energy to get asset all used, so that the rich can get asset, but the rich righteous soul all weak so that, the rich related with wicked soul living destination place soul king Satan. So that even get reach at the rich but the rich actor around of that are all of wicked soul group, all of wicked soul collect place, because of the wicked soul characteristics are all easy living pursuing. So long the rich who is around are so many occur of noise.

So long, righteous soul actor of the poor long time doing righteous soul behavior but the rich is short time get on the rich, so that the rich get power in the SEEN world, so long, the rich power still get more, so long, the short time reach at the power then, the actor haven't any righteous soul living behavior so that, the rich righteous soul must be disappeared from the rich, so that all of wicked soul actor occupied then, the rich must be reach at the wicked soul living destination place

The rich help the poor effect

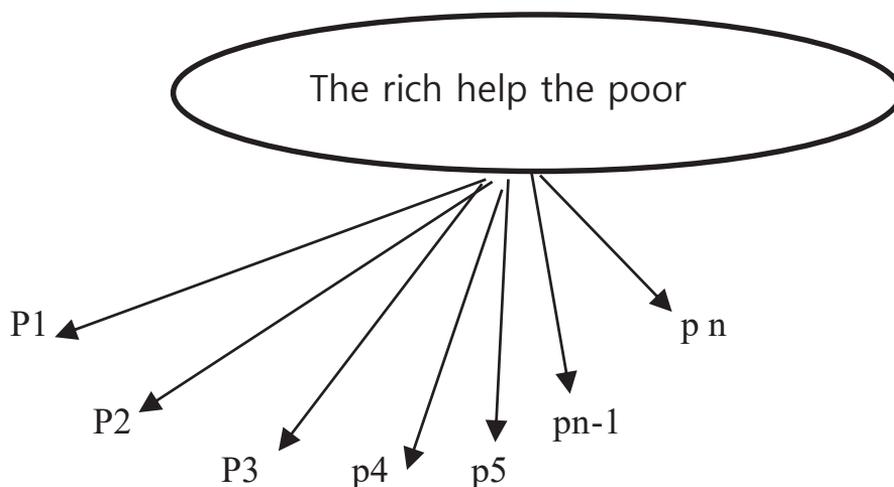

In this “the poor and righteous soul” the rich is relative with “wicked soul” “mind”, so long the rich must be calculate helping the poor then some of benefit expect. So that the rich can help the other then what comes to the rich. Even in the righteous behavior “it share time with others and help others with real LOVE”. Even though righteous soul behavior result is righteous soul living destination place living dream work, but the easy recognition if help the poor, the rich what is gain if the rich asset shared with others.

In the rich of the “mind level” first level, the rich must be inferred that strong relative with “wicked soul” “mind”, this rich actor help the poor, in this time so many “wicked soul actor calculate helping is benefit or not” so long helping is produce benefit then the rich help others, in this case this is not righteous behavior but the same effect to righteous behavior, so long the rich helping others naturally get to be righteous behavior, so long, the rich is what condition is if the rich help the poor then the rich actor righteous soul must be excitement, so long the rich righteous soul actor getting energy increased.

If the rich helped n the poor then the rich helping the poor numbers
Number 1, number2, number3, number 4, number 5 ... number N
So long, the rich related with number N, so long, the rich originality relative with wicked soul, mind, so long the wicked soul key word is wicked, deceit, but also mind key world is desired in this produced key word is this, but here righteous soul living behavior “helping the poor” Helping key word is not the rich, so long, the rich calculate if help the poor then, the rich help, because then the rich get something what? Here is at last the rich has key word “helping” so long, this

relative with the rich structure “wicked soul, righteous soul + mind + body” so long “wicked soul”, “mind” is so strong, but righteous soul so weak, in this condition is the rich actor, then the rich actor help the poor, then at last “righteous soul is moving” this is important, so long the rich how to help the poor, the rich wicked soul know in a moment.

What is benefit the helping the poor rich, if the rich help the poor then, the poor righteous soul must be move, the righteous soul feel excitement, so long the poor righteous soul do righteous behavior “it shared time with others and help others with R LOVE, so long, the righteous soul of the poor deliver the rich’s righteous behavior then, accepted righteous soul related actor also excitement being helped, so long, the rich actor righteous soul connected with righteous soul living destination place.

Here is $p_1, p_2, p_3, p_4, p_5 \dots P_n$ this is number of the poor. So long the rich “righteous soul” can get by the rich “the wicked soul actor calculates can get benefit” in the wicked soul what is benefit, the benefit is living easy not hard living. This means that the rich righteous soul recognize that, the righteous soul get energy from righteous soul living destination place, so long the rich righteous soul actor gradually expect “ the rich righteous soul can dream from now on “ I can go righteous soul living destination place”

As the rich helping the poor then, the wicked soul feel easy living, because of all of the poor numbers are all feel “thank you the rich” then the rich wicked soul get be noble, and but also the SEEN world shown to others recognition, but the rich “righteous soul” recognized that, the rich righteous soul is connected in the UNSEEN world righteous soul of the poor multiple actor try to share the rich righteous soul, so long multiple righteous soul try to help the rich actor righteous soul be strong, so long, the rich must be getting righteous soul, so then the rich in the SEEN world.

Here is the rich righteous soul actor as getting multiple helping others then the rich righteous soul increased how to

The **rich** helping other the poor then the **righteous** soul energy getting **increased** ratio (RRI)

The accepted helping the **poor** from the rich numbers **helping** the **rich** actor be righteous (PHR)

(RRI) = (PHR), so long RRI helped in the SEEN world, then RRI righteous soul energy increased.

So long the rich helping the poor then, in this “the poor and righteous soul” the rich helping the poor (RRI), so long, the poor helping the rich (PHR) must be calculated this way

The rich help the poor, then rich righteous soul doing righteous behavior so long, the righteous soul actor righteous soul living energy 1, but also the poor accepted the rich helping then the poor righteous soul feeling excitement so long, righteous soul of the poor energy is 1, so long 2 energy produced, but the this is excitement energy, but as the helping, it must be helping much more the rich righteous soul getting more righteous energy, so long it must be plus righteous soul living destination “blessed bank energy” also so that

$(RRI) = 2(PHR) +$ righteous soul living destination “blessed bank energy” so long, the rich help other of the poor, then the rich structure “wicked soul, righteous soul, + mind + body” then, the wicked soul calculate that, the rich living is can keep easy living, because of the rich can use the righteous soul energy.

So long the rich must be increased the righteous soul living actor, so long it must be connected to the righteous soul living destination place, so long here is the rich and the poor is the front line, the rich can help, the poor help righteous soul energy, so long, to the Rich the poor is important to live righteous soul living, so long righteous soul of the rich actor only survive as getting strong righteous soul.

As getting the rich soul get righteous soul living energy, the rich also be the poor, so long the rich in the end the rich actor can live in the righteous soul living destination place.

The rich righteous soul actor energy get increased, then the righteous soul actor do live righteous behavior “it shared time with the poor and help the poor with real LOVE”, so long keep helping the poor then, the rich already out of the “wicked soul energy decreased” “mind also get in to $1/\infty$ ” so then the rich actor gradually reach at the poor, so long, the rich righteous soul actor keep living with righteous behavior so that it excitement and perfect reach at the poor, so long the rich in

the end come to the righteous soul living destination place, the rich righteous soul actor getting strong helping from righteous soul living actors, so that the rich can be the righteous soul actor helping to be the poor, so that the rich righteous soul actor can come to the righteous soul living destination place. In this case in the SEEN world the rich soul actor must be easy living keep going in the point of view of wicked soul.

The rich & Righteous soul

In this “the poor & righteous soul” the actor must be led by the strong “righteous soul” so long “the poor & righteous soul” structure as “Wicked soul $1/\infty$ righteous soul ∞ + mind $1/\infty$ +body” this is realized as “righteous soul body” in the SEEN world and UNSEEN world. So long the poor & righteous soul is connected with righteous soul living destination place.

“The rich & righteous soul” must be rich living in the SEEN world, the rich living in the SEEN world living easy; so long the wicked soul living is easy living, so that the rich in this “the poor & Righteous soul” it must be called as the rich is strong wicked soul actor, so long “the rich & righteous soul” structure is “wicked soul ∞ righteous soul is $1/\infty$ + mind also ∞ + body” so long here “the rich & righteous soul” the righteous soul is in the trouble, the righteous soul living purpose is to be safe returned to the righteous soul living destination place, but now to the righteous soul living actor must be in desperate situation.

“The rich & righteous soul” must be hard living, but the “the rich & wicked soul” is easy living. So long, the “the rich & wicked soul” do live fully for wicked soul sake, do not living righteous soul behavior “it shred time with others and help others with real LOVE” so long, the “the rich & wicked soul” easy living all connected with wicked soul living destination place “cursed bank” so long “The rich & wicked soul” living in easy, it never related with righteous behavior. So “the rich & wicked soul” if keep in living easy, then the wicked soul living destination place “cursed bank” energy is effect to the “the rich & wicked soul actor” so long, the “cured bank” strong energy used in the “the rich & wicked soul” actor, so long “the rich & wicked soul “getting power of breaking around of “the rich & wicked soul”

so long, a strong cursed energy effect around of “the rich & wicked soul” so long, another wicked soul actor purpose living revenge others so that the wicked soul actor’s target is “the rich & wicked soul” so that around wicked soul actor is not rich but to be rich all of doing behaviors, so that the wicked around soul actors try to wicked behavior to “the rich& wicked soul” so long in the end “the rich & wicked soul” easy living end.

During “the rich & wicked soul” actor living do not righteous living because of wicked soul is so strong, “the rich & righteous soul” all of hard living, while “the rich & wicked soul” easy living then “the rich & righteous soul” actor living is living torture. “The rich & righteous soul” actor almost dies, so long the rich & righteous soul can’t be returned to the righteous soul living destination place. So called the “the rich & wicked soul” actor living is eternity, actually the rich is in the level of “mind” then in the SEEN world all of actor try to reach at the rich, so long all of mind level actors are in the SEEN world top purpose of living. To be the rich all of the actor do not righteous behavior “it shared time with others and help others with real LOVE”. So long in the “mind level” actors are fast run for the wicked soul living destination place. But to the realized actor, so long do the poor actor do not run for “The rich” so that in the “mind level” the poor live with others but also, the poor actor shared time with others, so long the poor actor in the mind level, the actor, realized to “mind= $1/\infty$ ”, so long the poor know the poor find “wicked soul, righteous soul + mind + body” these structure recognized so that the poor will be understand that mind is $1/\infty$, so that “wicked soul + righteous soul + body” so that the poor can live discriminate wicked soul from righteous soul, so long, the poor know that doing live righteous soul is much more valuable, this knowledge make the poor living is top, just same as the “mind level” time the rich is top, but in the second level, “righteous soul level” then the poor is top.

In the end the poor is relative with righteous soul living destination place. The poor will be blessed from the righteous soul living destination place “blessed bank” so long the poor and “blessed bank” is closed relationship, so that the poor behavior is righteous behavior, so long the behavior is “it shared time with others and help others with doing Real LOVE”.

“ the rich & righteous soul” actor keep try to touch with the righteous soul living actor, so long the righteous soul actor get energy from the righteous soul living “blessed bank” but also the righteous soul actor doing real love to the “the rich & righteous soul” so long, “the rich & righteous soul” even so small then, the actor do live righteous soul “ the rich righteous soul shared time with others and help others with doing real LOVE” even that is so small, then the rich actor in the SEEN world start to live righteous behavior, so long, just small righteous but “ the rich & righteous soul” actor touched the righteous soul actor, so long, “the rich & righteous soul” actor gradually righteous soul get more power, during the righteous soul actor contact the righteous soul living destination place the strong righteous soul actor or the king of the righteous soul, so long the GOD, then “ the rich & righteous soul” actor lucky to live as the rich can live righteous behavior, the righteous soul actor has the possible can be reach at the safe to the righteous soul living destination place. In the SEEN world the “the rich & righteous soul” gradually get to be excitement, the rich in the SEEN world, the actor role of god order behavior. If god accepts from a righteous soul the poor ask “please help me my problem solving” then the god can give order “the rich righteous soul actor” to help the poor righteous soul. So then the rich actor also needed to do righteous soul living behavior in the SEEN world.

“The rich & righteous soul” actor at last can go for the righteous

soul living destination place. It means that “the rich & righteous soul” actor keep sharing time with others and help others to the∞, so long “the rich and righteous soul” actor in the level of “mind” but after second level, “the righteous soul level” the rich & righteous soul changed to “the poor & righteous soul” so long in the “mind level” “the rich & righteous soul” fixed eternity of “the poor & righteous soul”.

“The rich & wicked soul” living is prevailed in the mind level, so long in the SEEN world the rich is mostly “wicked soul” in the “mind level” but the rich is not bad, because of the “the rich & righteous soul” is so good because of “it shared time with others and help others with real LOVE” much more important thing is whoever the rich or the poor the righteous soul to be returned to the righteous soul living destination place most be the poor, in the bible saying “easier for a camel to get through the eye of a needle than for a rich man to get to heaven” so long the poor is the basic to live in the righteous soul living destination place.

The poor is first level of “mind level” the poor actor are all frustrated but it don’t have to be live in frustrated, rather than live in an imposing manners. So long, the poor living with righteous soul then, the actor living can live in the righteous soul living destination place.

What is the poor?

In this “the poor & righteous soul” what is the poor? Actually the poor is recognized in the first level so called “mind level” so long in the first level, the poor and the rich is recognized. But the first level so called “mind level” can be destination of the living, if then “the poor & righteous soul” story must be force into corner, but in this “the poor & righteous soul” has the first level is “mind level” and second level “righteous soul level”.

So long, in the first level so called mind level the poor, the rich, but this actor continued to second level “righteous soul level” righteous soul of pure, the poor is living place, but it must be in the “righteous soul level” pair is “wicked soul level” so long the place living of the rich, so then in the first level has the “the poor” and “the rich” is same place living, but in the second level; wicked soul living place, righteous soul living place.

First level, mind level: in this place, locate “the rich” and “the poor”

What is the poor? The poor living in the first level, the poor living is not easy, but the rich is easy living. In the first level the poor living do not easy living, the poor living has hard living experience, in the tough time the poor must be one more pray to the god, the poor time usually related with God. The poor only living is in the structure “the wicked soul, righteous soul, + mind +body” so long, the poor living is not easy living, so that the wicked soul hate to live the poor, but also the mind also so small, just in the hard time, the poor cry but endure all of hard time. So long the poor can live righteously, “it

shared time with others and help others with doing real LOVE. The poor live not easy, but in the hard time, the poor around of another the poor, do shared time and help each other but also doing real LOVE among the poor. So long in the point of second level righteous soul then, the righteous behavior is this, so in the first level the poor living is fit to the righteous soul living, so that the poor living itself is in the second level, the poor automatically located in the second level, the righteous soul living destination place. So long
The poor living is much better to be live in the righteous soul living destination place. So long the poor structure “Wicked soul, righteous soul + mind +body” naturally being as to the poor, wicked soul hate to live in hard living so that in a soul of the poor, so long, wicked soul getting weak but the righteous soul living get be strong so then, in the end of the this, so long, it comes “Righteous soul” comes but also “mind” is desired so long to the poor of righteous soul, so not desired, so long “the poor= $1/\infty$ ” so that the poor structure is “righteous soul +body” so that the poor living is decided to righteous soul living actor.

In the second level is “wicked soul living destination place” and “righteous soul living destination place”. The rich in the first level, the actor all of energy used to be the rich, so then the rich actor behavior is cause of busy or another reasons the rich living is not “it shared time with others and help others with doing real LOVE”, so then the rich must be strong wicked soul living so that, if the rich do not helped from the righteous soul of the poor, the rich naturally living in the second level living is wicked soul living destination place.

So that the rich in the first level, to be live in the second level, the righteous soul living destination, it required to live with the poor, so long, the rich “righteous soul” and the poor strong righteous soul help

and real love so that the rich “righteous soul helped” so long the rich can be possible in the second level righteous soul living destination place living with the rich being the poor.

What is the poor? The poor can help and real loving the rich in the first level, so called “mind level” this is then, it must be in this “the poor & righteous soul” the poor is also pair of the rich.

So long, the rich must be pair of the poor, so long, the rich living is easy, the poor living is hard so long, easy and hard, actually most wicked soul getting easy living is preferable, but out of the rich then, the most the poor actor living is hard to live. So long the rich actor to be righteous soul living then, the rich actor can help the poor, so long, the rich easy living is somewhat make less of it but the rich also has the hard because of the poor the rich actor itself inconvenient living. So long here is the rich “righteous soul actor” can touch with variable the poor, so long, the poor must be show the strong righteous soul, so that the poor living is “it shared time with others and help others with doing real LOVE”. So long the poor must be the first level of “mind” world, the keep of the righteous soul living power, so that the “mind world” is not getting worst as the all of the living actors are wicked soul then, the place must be wicked soul living place, so that all of actor to be the rich, all of the living must be strong wicked soul living destination place. So long, not to be the wicked soul living destination place, the rich and the poor is must be pair, so then in this place, mixed wicked soul and righteous soul is live in this first level so called “mind level” so then, the poor is required to be strong live righteous soul living, “it shared time with others and help others with doing real LOVE. So long the poor is itself is sacrifice, but also the poor living actor is real courageous actor. So that in the first level “mind level” the poor is the role of the righteous soul living actor. What is the poor? The poor is the righteous soul soldier, so long the poor of the righteous

soul soldier must be keep righteous soul living. In the first level of mind level, the rich is and the poor righteous soul soldier is front line, this the poor and the righteous soul is as same as wicked soul and righteous soul living front line, so that the poor must be live excitement. Because of the poor is in the side of the righteous soul living destination place.

The poor role

In this “the poor & righteous soul” the poor is naturally philosophically erected, then it must not, so long, the rich is wicked soul, but the poor is righteous soul, then, if the poor gain righteous soul then it must be wrong. The poor need to be followed to be righteous soul actor. So long the poor role is righteous role then, righteous is “it shared time with others and helps others with doing real LOVE. The poor soul doing live righteous is role in this “the poor & righteous soul” but the rich is living in wicked soul. So long, the rich can live wicked this is natural, but the poor is wicked then the poor living is wrong, because of the poor is must be role in the “the poor & righteous soul”.

What is the poor? In this “the poor & righteous soul” it must be kept changed with getting much more doing realized. The poor it must be end of helping others, so long the poor must be start from the rich, the rich keep to end of helping so that all of giving asset all dried out.

The rich – helping others to end of helping asset = the poor.

The poor – strong righteous soul shared with the rich so many times
=

The rich being the poor

So long the poor all originality from the rich, so long the poor is even all of asset is about to $1/\infty$, so long, the poor come to reach at the $1/\infty$, this is micro concept point. So long the poor go in to micro concept channel to the micro concept actor righteous soul living destination place the strong righteous soul actor.

So then the poor actor live in the SEEN world, the poor actor in the

level of the first so called in the mind level, then the poor try to be ∞ of mind then the poor is not poor, but also the poor role is doing well, so long, the poor can be excitement with doing righteous soul “it sharing time with others and helping others with doing real LOVE. If failing as the poor righteous living, so long in the first level in the SEEN world “mind level” so that the poor anger to live with living poor. So long in the first level, the mind level actor so long the poor of righteous soul living also surly not easy. The poor actor live righteous soul behavior “it shared time with others with helping others with doing real LOVE”.

So long the poor actor of real righteous soul actor also not many, the real the poor of righteous soul actor is also really rare, if the poor try to be out of the rich the poor actor how to live then, the actor live in poverty. In this moment the poor is not the poor of righteous soul actor. So long the pair of the poor is the rich, so long the poor and the rich must be contact, so long, in this “the poor & righteous soul”.

In the first level, so called “mind level”

In the first level the poor is must be all the poverty, but the realized and the rich reach at the poor or the poor living who is originality of the poor, so long, then the second level, the poor will be righteous soul living.

In the arrow line, the poverty closed to the poor, but most poverty try to a long distance the rich, so that the poverty the poor is the poor, so long the poor which is all of asset giving others, so long the poor is can be reach at meeting righteous soul living destination place, righteous soul king, GOD.

The poor role is strong righteous soul shared with the rich righteous soul, so long the poor make the rich righteous soul keep grow, but the rich wicked soul decreased. The poor has responsibility living as strong righteous soul living, so that the poor righteous soul is pair with the rich. The strong the poor righteous soul with the rich righteous soul connect each transaction the poor give the righteous soul to the rich the righteous soul, but also the rich righteous soul give the asset to live on in the SEEN world.

The poor give righteous soul energy to the rich righteous soul but the rich righteous soul give asset, then whose place is benefit, it must be the rich righteous soul has been lived in the weak because of the wicked soul is so strong, so that, the rich righteous soul is much more urgent to live as the righteous soul, the rich righteous soul narrowly safe from the almost dead with wicked soul.

So long the poor righteous soul energy is much more expensive than the rich actor righteous soul help to the poor, because of the poor is already passed the rich time, the poor is closed to the righteous soul living destination place. So than the closed the righteous soul living destination place the poor, is naturally expensive compared with the rich righteous soul physical asset.

The poor soul behavior is help the rich can be the poor, so long, in the SEEN world, the poor role is strong as righteous soul, so long the

poor undertake all of the attack of the wicked soul, so if the poor live righteously then the strong wicked soul controlled by the poor righteous soul.

The poor righteous soul living is the SEEN world place getting comes to peace comes, so long the poor live must be live keep righteous soul, the SEEN world the poor living even much worse even though the poor living is closed with the righteous soul living destination place.

The poor righteous soul creature living

In this “the poor & Righteous soul” the poor living also can be affluence as creative making asset because the creative asset a new asset produced before wasn’t asset. The righteous actor can only connected with righteous soul living destination place a righteous soul actor solved the problems of righteous soul behavior actor.

The poor actor defined as the poor asset all shared others and help others all of time and asset with real LOVE. So that the poor now about to pure but also all of variance is zero, so long the poor is set eternity living. So long the poor with righteous soul of the actor of early living then the actor can be helped righteous soul living destination place righteous soul. The early poor can be live in the SEEN world living, but the early righteous soul poor also to create then so many times failed, so long the same time around of the wicked soul do not have eating thing so all of wicked soul live so wide distance. So that the poor righteous soul actor keep creating, even the poor righteous soul in the early, so many time failure but the righteous soul keep doing creative so the creative problems are solved from the righteous soul of the UNSEEN world. Even this time still the created actor soul live in the “mind level” but the created actor solving actor asset do not gain from existed so that wicked soul actors are keep just only existed asset is seen so that the poor righteous soul create is for a while keep in safe.

The creative excitement is only to the poor righteous soul actor exclusive owned possible asset. Because the creature righteous the poor soul endured all of torture so called all of hard time endured, the poor righteous soul actor try to bring the righteous soul living destination place righteous living knowledge to the SEEN world, this is the SEEN world growing for the righteous soul actor living well.

But wicked soul of the rich to get easily the existed knowledge which is created from the poor righteous soul, so long the wicked soul rich try to get, so then in the end the created knowledge is not any more created, so that the place all occupied by the wicked soul. So long wicked soul actor are living as outrageously. The wicked soul rich get owned existed knowledge fighting gain with others. So long the wicked soul rich produce multiple losers. So long during in this process,

The wicked soul rich actor on the existed knowledge

“Wicked soul strong + righteous soul weak + strong mind + body”

Another wicked soul rich actor fight makes the wicked soul actor being loser

So that produces the loser

Again to the loser soul actor structure is

“Wicked soul strong + righteous soul weak + anger strong mind + body”

The wicked soul rich actor tries to be rich, in the “mind level” so that the wicked soul use wick soul living destination energy, so long wicked soul energy is strong wicked soul power, revenge cycle energy, so long these living chain up, so long the rich wicked soul SEEN world needed to sustainment of the strong wicked soul actor with righteous soul actor, so that the SEEN world is can be managed SEEN world actor living.

The rich wicked soul living is not created energy so long, the rich wicked soul living can be explained cleaner of the creative knowledge already garbage of the poor righteous soul creating knowledge. The rich wicked soul actor does not ability to produce “creating” because creating is only righteous soul living actor get from righteous soul

living destination place righteous soul actor sake's righteous knowledge produce to the SEEN world. So that the wicked soul even hard, strong power of wicked soul living destination power but the power do not used to the righteous soul living destination place "creature".

So that in this "the poor & righteous soul" the poor righteous soul is so pure, because of all of giving and shared all, so long the poor righteous soul live so hard and difficult living so long, the poor righteous soul go for the righteous soul living destination place,

In the first level, so called "mind level" to "righteous soul level"

The poor righteous soul actor to be creating then, the poor righteous soul must be live creative then, the righteous soul poor actor rush to the poor who is closed of distance is $1/\infty$, so long the poor can meet the righteous soul living destination place righteous soul. The poor of righteous soul is formed

The poor of all of rich righteous soul keep help others in the end changed to the poor. So long the poor connect work with righteous soul living destination soul king, GOD.

Another the poor is the poor of righteous soul decide to live the poor

for the safe return to the righteous soul living actor returning safe to the righteous soul living destination place, infer that the weak righteous soul they know if live in the wicked soul actor then the righteous soul actor can't go because of wicked soul so strong so that, the righteous soul by nature righteous soul, the soul is the poor so that the poor, live exclusive righteous soul living destination returned so that the actor live in the poor, hard living, so difficult living.

The poor righteous soul living is can't imagination of hard living the poor righteous soul live all of living hard to live, so that the poor living cannot easy living so that the wicked soul perfectly distance from the poor righteous soul. The poor righteous soul all sacrifice for righteous living "it shared time with others and help others with doing real LOVE" strangely all the time the righteous living suffer all related with wicked soul actor also, so long the righteous soul the poor righteous soul living is sacrifice for the strong wicked soul, even righteous soul, so that the poor righteous soul living is all of hard living just only to be return to the righteous soul living destination place.

The first level, "mind level" the righteous soul living actor live the poor, so long the poor righteous soul actor all the time connected with righteous soul living actor energy, even the hard living but the poor righteous soul do not any sins so long the poor righteous soul actor living is in the first level is so hard living but the second level the righteous soul stage then the poor righteous soul is eternity righteous soul living destination place living.

The poor righteous soul living is creative suffering and excitement but also by natured the poor righteous soul living so hard living in the first level "mind level" but the poor righteous soul is so pure, so that in the first level "mind level" the poor righteous living even so hard but, the possibility living righteous soul is higher than live try to be

rich living, the wicked soul actor even all of the actor time for getting asset used, then the wicked rich actor is not end, so long the rich easy wicked soul actor living ultimate do not live in the second level in the righteous soul level, the rich must be live, instead of righteous soul living place but the rich wicked soul live in the wicked soul living destination place.

What is the poor?

In this “the poor & righteous soul” tries to show the poor living also excitement but my writing “the poor & righteous soul” is not easy. During writing I’m already the poor, so long in my soul all in the cloudy, so as possible as I can finish early writing “the poor & righteous soul”. Just the poor living is how hard, so long just writing “the poor” also I’m fear of being the poor. In the SEEN world many living actors are living not the rich, and then the poor is general in the first level so called “mind level”. How to be the poor? What make the poor? The poor living actor are accepting the poor is the poor righteous soul is lead to the poor, but do not accepting being the poor then the actor leaded by the wicked soul, so long, the righteous the poor living direction is to the righteous soul living destination place, but the wicked soul leaded reject to be the poor, the wicked soul poor is all the time desired to be rich, so long the wicked soul actor even not enough to be the rich, but still keep being the rich, then the wicked soul do behavior of wicked so long, the others must be deceit so long the poor reject wicked soul make do harm others. But the righteous soul living actor who is accept the poor then, the poor living is even hard living, but they all live in the righteous living behavior “it shared time with others and help others with doing real LOVE” the poor of righteous soul realized so long, the real the poor do not want to be rich then in the first level, mind level the poor is must be mind is $1/\infty$, so long it appeared righteous soul, so long it start to live in the second level of the righteous soul, so long the righteous soul with the poor, so long, the poor is possible living in the second level righteous soul, so long the poor of the accept the poor, the poor can live in the second level as righteous soul. The poor righteous soul, in the first level do live so hard, but the poor in the second level the poor live in the

righteous soul living. In the first level, so long “mind level” living the poor how to happened; the righteous the poor leaded in the segment from the wicked soul, so long, the poor living in the safe place so long the poor righteous soul oneself select to live the poor, but also the living all of actors are try to be the rich, so long the poor failing of being the rich, so long the poor being of cause falling to the ground. So long the poor is not related with UNSEEN world so long the fail to be the rich is still governing as “wicked soul” so the wicked soul the poor, so long the poor anger living, these the poor all of ages, but the old the poor also comes to the poor. The poor living is not easy. So long the poor righteous also how to explained just live for the righteous soul living, all of hard behavior living.

The poor in this “the poor and righteous soul” actually main character, the poor righteous soul must be live with the rich, because of the rich righteous soul need to be living connect to the poor righteous soul, so long the trade the poor righteous energy and the rich asset, so long, the poor must be helped but also the poor righteous living strong so that the poor righteous energy supply to the rich righteous soul. But the poor do not live as righteous soul strength living and the rich do not help the poor. It happens of increasing the rich wicked soul and the poor wicked soul, so long, the rich wicked soul enjoy of the rich asset easy living, the poor wicked soul try to be easy living, all of the poor wicked behavior so long, deceit others, so long the SEEN community must be all occupied the rich wicked soul, the poor wicked soul, so that a place occupied all of wicked soul.

What is the poor? The poor is test bed of the rich righteous soul actor do righteous behavior or not, so long in the righteous soul living point of view the poor is the problems of the rich righteous soul behavior test, by the way a beggar is the problems of the rich righteous soul. In this test, the walking by the way if a rich without any being hesitate help the beggar then the rich righteous soul being connect to the poor righteous soul, this is the start to live righteous

soul of the rich, so that the rich righteous soul can have dream to go back to the righteous soul living destination place, but the pass by the beggar, the rich righteous soul do not behavior then, the chance of connecting with the poor, so long the rich righteous soul lost to connect the poor righteous soul so long the strong wicked soul the rich, the weakest the poor righteous soul keep weak so that the rich righteous soul possibility to coming back to the righteous soul living destination place.

What is the poor? If this the poor live righteous soul in the first level “mind level”, the poor can help another poor, so long the poor righteous soul all help each other’s, so long the poor righteous soul actor help each other’s, so long, they can live excitement with others. The poor help each other then, even the actor is the poor but all of the poor righteous soul living “it shared time with others and help others with doing LOVE”, so long, the poor righteous soul living is “shared time with others” “help others” “doing real love” so long the poor can live with excitement. But also the poor righteous soul can touch with UNSEEN world righteous soul living destination place “blessed bank” energy. So then the poor must be not fear, because the poor righteous soul lives with other the poor righteous souls, so long the poor living can live excitement.

The poor in the first level “mind level” actually gap in the asset, so long if a actor get much more than other then, the actor called the rich, this is criteria of money getting or not, the variance is only “asset” the poor is do not have “asset”

But the poor still asset poor and the other righteous behavior is the poor then, the poor is not poor but the poor is poverty. In this “the poor & righteous soul” is the poor is asset is poor but the poor is righteous soul energy is strong, and then the poor is pair with the rich.

The poor righteous Energy
Excitement living

the rich strong asset
easy living

In this case, the poor and the rich are same, the rich is easy living but the poor living is excitement. So long, the poor excitement and the rich easy living is what is difference and advantages, so long, the poor excitement and the rich easy living. Most actors are living to live easy all run for being rich, but small actors are just run for the poor excitement living. So long what is the poor? Then the poor live for the excitement. Just the poor righteous soul “it shared time with others help others and doing real LOVE” with the poor excitement. The poor righteous community all the poor righteous soul then, they all lives righteous behavior so long, they all live in excitement. Their excitement is righteous soul the poor network so long these living are so excitement living.

Excitement living is both living and the easy living is one side living, so long the poor living excitement comes give and takes but the easy living is one side getting easy living, so long the easy living can buy all of easy living, but the excitement is help, real love without selling and buying. Just the excitement living is real LOVE, so long this energy from the righteous soul living destination place “blessed bank” energy plus, among the poor righteous soul actor compensate the righteous energy from UNSEEN world righteous soul living destination place “blessed bank”. But the rich easy living all paying money to be easy living, so long the easy do not related with others because the easy living is not “it shared time with others and help others but also doing real love” so long easy living is not same as the righteous energy getting.

So long excitement living is related with righteous soul living destination place, but the easy living is not related with righteous soul living destination place. Even though in the first level “mind level” actors are try to be rich, but all of actor does not want to be the poor. All of actor wants to be rich with easy living. These living are not related with righteous soul destination place. But the poor excitement living is related with righteous soul living destination place. So that what is the poor? Then the poor righteous soul is to live excitement. Helping excitement, real love excitement and going with others excitement. In this “the poor and righteous soul” the poor is the main character so long the poor living with excitement.

Unknown the poor righteous actor

In this “the poor & Righteous soul” is personal, actor realization; so long the actor is center. Unknown the poor are center, Unknown the poor can be righteous soul actor, so that multiple unknown the poor lived righteously, but they are not appeared in history. But actually Unknown and known line is critical line, the poor and the rich also critical line, main actor of righteous soul and wicked soul. It still keep bases is all of natural living structure is “wicked soul, righteous soul + mind + body”.

Unknown the poor must be main soul is righteous soul so long, the righteous soul the poor unknown actor live do not seen place. Unknown the poor righteous soul actor, in the first level “mind level” which is all of actor pursue to be rich living for easy living. In this time and place Unknown the poor righteous soul do not pursue to be rich, but live not rich, but the poor living. Unknown the poor righteous soul is not to be control from the wicked soul, because Unknown the poor righteous soul; the righteous soul hide well under the poor, so long the wicked soul pursue to live easy living, so that the wicked soul actor feel doing not interesting to the poor. So that Unknown the poor righteous soul live peace and calm. Unknown the poor righteous soul actor can go with same unknown the poor righteous soul with “it shared time with others and help others with doing real LOVE”. So that the unknown righteous soul actor stead going in the long run righteous soul living destination place.

Unknown the poor righteous soul living in the first level “mind level” it means that the structure of natural actor “wicked soul, righteous soul + mind + body” here is the first level is “mind +body”

recognition state. So long, unknown the poor righteous soul living must be so difficult. The poor itself not easy living, but so many actors are not rich, so that in the first level understanding recognition is Unknown the poor righteous soul as nothing but the rich is meaningful. But in the second level, so called “righteous soul living” in this place Unknown the poor righteous soul is meaningful but the rich is nothing.

Here is segment the word, “Unknown” “the poor” “righteous soul” the poor is main character in the first level “mind level” but second level “the poor” is getting possibility going with righteous soul because of the rich is not harmony with righteous soul.

But here is the poor “righteous soul” or “wicked soul” so long; multiple the poor all is not “righteous soul” the poor itself is not guaranteed living “righteous soul” the poor actor and righteous soul is very harmony but the poor wicked soul is not main character in this “the poor & righteous soul”, the poor living and the actor main soul is wicked soul, then it already called “poverty” not “the poor”. But also if the poor live as wicked then, this book can’t go anymore, but the poor living is unfair to the rich, so long even the poor but, the poor and righteous soul is strong to comeback to righteous soul living destination place.

In the first level “mind level” is all of natural actors are run for the get rich but run for the righteous soul living destination place. Because of in the “mind level” natural actor controlled by “mind” so long “mind” keeps strong being rich is living ultimate purpose. Yes the “mind” is not experience wicked soul living place or righteous soul living place unseen world, so that “mind” keep coaching to be “rich” is living goal. In the first level living so called “mind level” the rich is all; the easy living power is so huge. The huge easy power of the rich which is the actor is running to be reach. In this time rich

actor is “mind +body” so long, the rich actor control from “mind”, the rich hasn’t limit getting to the limitless(∞).

In the first level “mind level” the poor living actors are multiple who are not power, but also not predominance, but they are all living perseverance to be rich.

So that the poor use all means then, the poor is not the poor but “poverty”. Not to be poverty but the poor, the poor must be live in the “mind level” mind be shape as $1/\infty$, the poor can live “it shared time with others and help others with doing real love”. The poor actor even hard live but the poor actor live in righteous behavior then, the poor actor live with other poor righteous soul actors live in excitement. So that Unknown the poor righteous soul actors are all together living in a place, then each Unknown the poor righteous soul with righteous behavior so that they can live in the righteous soul living destination place.

Unknown the poor righteous soul actor, all of hard working, sacrifice, live do not live easy living but can live excitement which is produced from Unknown the poor righteous souls real love, helping each other’s, in the living real excitement only produce among the poor & righteous soul actors righteous soul living. In this “the poor & righteous soul” created terms is the rich “easy” living, the poor righteous soul living “excitement”. Excitement is produce each other’s sacrifice and help and doing real love, this excitement warm and righteous so long, the place is connect with righteous soul living destination place, even in the SEEN world the poor and righteous soul live in by the point, out of points are occupied by the UNSEEN world righteous soul living destination place energy. So long the poor and righteous soul actor produced “excitement” is connected to the Unseen world righteous soul living destination place. But the rich “easy” living is not each other’s easy but one is easy others are hard.

So long, the rich do not produce excitement. “Easy” living all rich asset paying buy the easy making. Do not buy then it can’t not live easy living. In the first level “mind level” the rich can buy premium product, so long around of the poverty the poor envy the rich buying premium product. This is easy, here is easy living is not related with others easy even excitement.

Unknown the poor righteous soul actor live does not easy living, but the poor is all live excitement living. Unknown the poor righteous soul actor can live, so that in this “the poor and righteous soul” still has advantage as living the poor and righteous soul, so long the poor living must be together in a place, help each other and shared time each other the poor live can righteous so long, even the poor living the poor excitement is much more valuable than easy living.

Unknown the poor righteous soul actor live excitement but also the poor actor lives in righteous soul so long, the poor in the righteous soul 2th level, in the second level is righteous soul living place the poor is strong advantages. The poor righteous soul actor can go to the righteous soul living destination place.

The poor living also if the poor live as righteously then, the poor living much more valuable than the rich in the “mind level”, so that Unknown the poor righteous soul actor living is really excitement living.

The poor & righteous soul getting better me

In this “the poor & Righteous soul” as writing I am getting well with “the poor” rather I’m “poor” until I have been lived out of the poor for my age living. Truly the poor living is not easy, but all is hard to live on. But in my retrospection the poor living also excitement, the poor same as me the friend and me, but also in the poor village residents are also my poor living warm energy, they are all my righteous soul living energy. I have a good the poor righteous soul living, but out of the poor, then going with righteous also disappeared from me. Hurry going out of the poor, all of means used to be rich, all of my time, my relationship; all of my energy is used in solving my problems. So that I couldn’t see other living, but also I couldn’t give helping other even shared my time with others further more I was busy so that I couldn’t real LOVE my closed relationship.

Suddenly, the poor getting familiar with me, as keep writing “the poor & righteous soul” I realized that the poor living as righteous then the living also really excitement, this living much more better than easy living the rich who are get strong wicked soul behavior, but also wicked soul is strong in managing rich behavior. Around the rich all of the followed actor must be asset power, just to live easy living all of getting much more, the wicked soul behavior is getting stronger, so that even the rich live easy but the rich also feel short of it, the short energy is the point of wicked soul getting stronger than the righteous soul actor getting lose.

The rich related with strong wicked soul, but the poor related with the poor righteous soul, the rich around soul expect some asset getting, so showing to the rich as servile attitude, so long all connection is bases on asset so called money, but the poor related with the poor

righteous soul, so long there is not asset so called money, so that the poor righteous soul actor it don't have to be show servile, so long the poor righteous soul relationship is pure, horizontal so that the living itself excitement.

As getting asset increased, but also as distance from the poor, now it appeared comes about to the rich, so then in the rich the bottom so that around of me, my wife and others to be strong the rich, strong mind is coming up, my wife said that if I have money 300 million won I can buy fully, she said, I was fear that around of me, gradually decreased the poor time righteous soul actors. So long what is problems, all of attitude is orientation to get make rich asset, so that out of the asset making, all of the righteous soul actor living micro factors are disappeared from me, this true is so fear. In this "the poor & righteous soul" writing in the walking time I have a routine "my goal is not to be rich" "I can live the poor", truly the poor living hard and difficult. But as realize living, just simple living, righteous behavior living "it shared time with others but also help others and doing Real LOVE", this is courageous real the poor.

All of standard first level, "mind level" actors are same it is so simple is "getting rich" this is the all of the actors are run for it, so that the rich is all actor look up the rich who are managed the wicked soul actor, so long in the first level "mind level" actor must be all try to be the rich so long, the rich, or to be rich actor getting distance from the righteous soul living.

But second level "righteous soul living place" the rich all try to be rich by the wicked soul actor strong behavior so then, naturally in the second level "righteous soul living place" the rich never ever come up, because of the in the soulful place also, wicked soul world. But the poor living managed by the righteous soul living so that the poor

righteous soul in the second level living in the righteous soul living place, the poor getting well.

Truly all is not to be rich, but also all is not to be the poor, so long all is mixed with the poor and the rich, so that but also, in the living righteous soul and wicked soul are mingle, so long the poor righteous soul and the rich wicked soul is pair, all the time the rich also do live righteous soul, so that the rich righteous soul try to connect the poor righteous soul, so long the rich righteous soul must be helped from the poor righteous soul, so long, the rich righteous soul also survive as the poor righteous soul level, then the rich righteous soul must live righteous behavior “it shared time with others and help others with doing real love” then the rich saved from wicked soul living to righteous soul living.

So then, if all of the actor has structure “wicked soul righteous soul + mind+ body”, this structure is all actor same in this “the poor and righteous soul book”

Most actors has the “mind” “wicked soul” “righteous soul” “body” mostly in the SEEN world recognized feeling body, so long most actor try to be healthy getting well physical approach, but in this “the poor & righteous soul” there is soul and mind but also Unseen world soul world who is compose of righteous soul and wicked soul.

So long the rich or the poor all the righteous soul actor try to come to the righteous soul living destination place, so long the poor righteous soul living is even hard, difficult but for preparing come back to the righteous soul living destination place getting so that the poor select a living way. But the rich wicked soul the soul wicked soul must be strong decision the wicked soul revenge to the rich, so long even the righteous soul sacrifice even death but getting the rich, so that strong wicked soul forming in this “the poor & righteous soul”.

The poor and righteous soul is familiar to me, so long courageous the poor and righteous soul living going with others, secured coming back to the righteous soul living destination place, then my “the poor & righteous soul” also very meaningful to me.

Only out of the poor & righteous soul living, I have been mistake. I didn't living with closed actors, to be out of the poor, I do live hurry, and all of valuable thing is forgotten. Not to run for the rich but run for the righteous soul living, as I'm not rich but on the way my righteous soul living is decreased, so long, I have to also connect to the poor, helping the poor, so long my weak righteous soul actor also helped from the poor strong righteous soul, my righteous soul also get up, getting toward righteous soul living, so then as getting asset this, so long the poor time righteous soul, so long in this time helping the poor, the poor righteous soul affect me, so long, my living go march to the destination of righteous soul living.

Luck or diligence or others fact, my living is not far the poor, still I'm not the poor so that I have enough asset to be the poor, I will shared time with others but also I will help others and doing real LOVE. My living also going with the poor righteous soul, then strongly I can get helping from the poor and righteous soul.

The poor problems

In this “the poor & righteous soul” the poor is short of money, so that in the first level “mind level” all limited doing something than the rich. The poor problems are beginning living in the first level “mind level”, it naturally try to out of the poor living. Then the poor living is the poor & righteous soul, so long out of poor living, then forgotten “righteous soul” so long if the poor must be care keeping in “righteous soul” living. But most actors in the SEEN WORLD try to get out of the poor all using tools are used. The energy time is all used in making money, so long; in this structure “wicked soul, righteous soul + mind + body” it can be explained “(wicked soul, righteous soul) ignorance + mind is ∞ + body all of time used for the mind slaver so that body used also ∞ ” so long, to be the rich, all of behavior is ignorance, so that the actor is simple all dry living.

“Mind body” actor to be the rich or out of the rich, the actor time is all used in making money without breaking. All of behavior is related with making money, so all of money getting is criteria of success, the rich is success, so long success is in the only SEEN world word. The rich is explained

The rich = the poor righteous soul – righteous soul= the poor wicked soul=

To be rich make strong wicked soul = the rich strong wicked soul

It has been hard to explain the wicked soul, so long; wicked soul is hidden in the place of zero in righteous soul, the rich being sacrifice of the “righteous soul” so long, the poor & righteous soul living is not easy but it also has the excitement but, so many trouble living as the poor, so long “the poor & righteous soul” is exact righteous soul

living. “It shared time with others; help others, doing real love”. This can be solved the problems. But it is not simple in the SEEN world. The poor & righteous soul actor has the strong advantages “creature” the creature power is righteous soul actor’s strong living tools. Who bring “creature” if the creature is do in the first level, wicked soul, then what happened it try to explain

If do created by wicked soul then

Creating do not produce by wicked soul character because wicked soul is “revenge, deceit, easy living” do be “create” then the wicked soul live in hard time, but wicked soul hate hard living to produce new idea. But also wicked soul related with UNSEEN world, wicked soul living destination cursed bank energy.

Creating is produced only by righteous soul because righteous soul is “it shared timed with others, help others, and do real love” how to do, the righteous soul is connect to UNSEEN world, righteous soul living destination place blessed bank.

Righteous soul actor helped from righteous souls in the righteous soul living destination place, so long the poor & righteous soul actor living hard and sacrifice and deep reach at solving the problems, because the poor and righteous soul actor living is hard, sacrifice but also try to help others but the poor righteous soul do not fight with wicked soul rich actor, so long, the wicked soul rich actor do not know the small but creature living value, so that even the poor righteous soul also keep in righteous soul with the poor rich living possible.

Creature the poor being rich but the poor rich with righteous soul, so long, the poor living possible righteous behavior “it shared time with others, and help others but also doing real love” then, the poor living is even poor in the first level “mind level” but the creature rich shared with the poor so long, the poor living also keep doing righteous soul

behavior.

In this “the poor & righteous soul” the poor is main character, the poor living also a kind of living all of majority try to be rich, but some of the righteous soul the poor choose not to be rich, so then, the poor must be live in mind is $1/\infty$.

The poor problems is based on the mind= ∞ , but the poor problems is based on the mind= $1/\infty$, then the poor problem is disappeared. Even in the first level the poor living is beginning time feel hard but if the poor actor live with righteous soul then, in the end all of hard course of the poor and righteous soul then, the Righteous soul actor is connected with UNSEEN world righteous soul living destination place blessed bank energy will solve it. Even that is not rich but the poor living also is living excitement.

Actually the poor and righteous soul living is hard, difficult and sacrifice but in the end the poor righteous soul living is reach at the righteous soul living destination place “blessed bank” so long the poor and righteous soul actor being safe returning to the righteous soul living destination place.

If the poor and righteous soul live keep a rule “it shared time with others, help others and do real LOVE” then the righteous soul living energy will go with the poor and righteous soul. As the poor righteous soul living hard and suffering but also so torture living, but the living is righteous soul, then the actor will reach at the righteous soul living destination place.

The poor problems solving process

The poor torture hard living difficult living

Even though the actor live righteously then, it comes end of the “mind

level” then the poor & righteous soul, so actually “the poor ““the rich” key word is in the mind level world words, but in the second level “righteous soul level” then only “righteous soul” key word is living then, in the end the suffering, difficult, torture living is win in the second level “righteous soul level” so long the poor & righteous soul, so that in the second level righteous soul only live.

In the end $\text{mind} = 1/\infty$, then naturally the poor and righteous soul actor living is general, but also the poor & righteous soul living is one way of living. This living can in the SEEN world. Some kinds of religious living patterns, but also the small actor a hidden place righteous soul living actor also silently keep righteous soul and poor living can possible without problems with $\text{mind} = 1/\infty$.

The poor & wicked soul

In this “the poor & righteous soul’ if the poor and wicked soul then the poor and the worst poor, so long these actors are roll of the criminal in the SEEN world. These actors are the poor is poverty and wicked soul, so long, wicked soul actor try to get easy living, with the poor wicked soul, how to live easy, so that the poor actor of being theft. These class actors are the worst living. If supposition to ratio then in the place of the SEEN world, then who will be the poor & righteous soul, who will be the rich wicked soul, but also who can be live the rich & righteous soul how many percent? Here is classify righteous soul, wicked soul, so long

Righteous soul & the poor: main character of “the poor & righteous soul”

Righteous soul & the rich: Creature rich shared with the poor

Wicked soul & the rich: against to the “the poor & righteous soul”

Wicked soul & the poor: for easy living stealing etc.

The actor of poor & wicked soul, this actor how to produce? The poor and wicked soul, it naturally poverty actor, these actors are strong connect to UNSEEN world wicked soul living destination place “cursed bank” energy.

So long, cursed energy effect to the wicked soul and the poor, how to related with these actors saving from wicked soul, these soul are so poor, if they gone to the wicked soul with poor living, the actor SEEN world living is worst living.

These actors do not live easy so hard, hunger living but UNSEEN world living also wicked soul living, why these classes produced? In

the SEEN world it happen the wicked soul and the poor class, it must be inferable explain that the poor and wicked soul is cursed from the wicked soul living destination place strong “cursed bank” energy contact with bankruptcy. All of wicked soul behavior killed by righteous soul living destination place “blessed bank” strong energy. Wicked soul & the rich is to be rich the wicked soul actor do not live righteous so long the rich accomplish by helping the wicked soul with wicked soul living destination place “cursed bank” strong support. Wicked soul & the rich time is strong working. The wicked soul living destination “cursed bank” is strong so that the bank energy support wicked soul to get the righteous soul actor not young creature rich who is after created living rich all is deceit multiple wicked souls. So long it becomes the wicked soul & the rich.

Righteous soul & the rich: Creature rich shared with the poor, this righteous soul and the rich is righteous soul so long time lived as the poor and righteous soul; so long the problems are solved from the righteous soul living destination place “blessed bank” energy so long, in the SEEN world the righteous soul the poor create to live on, so that the righteous soul the rich accomplished.

But righteous soul & the rich helped from the righteous soul living destination place creating helping, so long the righteous soul & rich comes, but righteous soul behavior is “it shared time with others and help others but also doing Real Love” so long, the righteous soul & the rich is in the righteous soul, so long the poor & righteous soul actor living required helping the creature rich energy. So long the righteous soul & rich shared with the poor and help the poor and doing real love, so long, in the end the righteous soul and the rich some changed so long the rich is changed to the poor, so long the rich and righteous soul is ultimate the poor & righteous soul.

The righteous soul behavior means that the rich help the poor, so then

the righteous soul energy is keep helping the righteous soul, so long, the rich to be live righteous soul energy, the rich must “it shared time with others, help others but also doing real LOVE” then righteous soul the rich eternity get of living in the righteous soul living destination place.

The poor righteous soul trade & the rich trade wicked soul trade

In this “the poor and righteous soul” in the mind level “minds level” the poor righteous soul trade with other 40:60 ratio live with righteous soul behavior, “it shared time with others, help others and doing real LOVE” the poor and righteous soul living itself doing righteous behavior so that the important is not gain but shared with others, but the rich and wicked soul trade ratio is 60:40, so long the rich and wicked soul all the time to get a gain so that “time exclusive for the wicked soul’s gaining working, and to be keep gaining it don’t have to help others, even much more the wicked soul rich do not give a real LOVE others”

In this “the poor and righteous soul” somewhat estrange within the SEEN world actor behavior whose actor try to get much more than others. But in the “poor and righteous soul” righteous soul ultimate living purpose is “returned to safe righteous soul living destination place” so long what is important to the righteous soul, the righteous soul do not care of rich, so long to get more being strong righteous soul energy, so that the poor and righteous soul living is 40:60, this means that an actor in the SEEN world, the energy use for righteous self but the others so called the poor, so that the poor each other trade ratio is 40:60, then it occur the miracle, so long the poor righteous soul actor can be circle then, the poor righteous soul actor trade, then 40:60 - 40:60 - 40:60 then in the connection the poor & righteous soul, so then actually 60:40 effect to the poor & righteous soul.

But the rich and wicked soul trade 60:40, but to be 60:40 all of energy input to live rich, because the rich wicked soul do not live “it shared time with others and help others but also doing real love” so that the segregated the rich & wicked soul live 60:40 only wicked soul

itself. So long the rich and wicked soul all of energy is used in gain of 60:40, the energy is “all time for make money time” “do not help others” and do not real love others” so long, the rich and wicked soul segregated from others.

In the case of “the poor & righteous soul “and “the poor & righteous soul” is

Explained “40:60:40:60” but “the rich & wicked soul” and “the poor & righteous soul” “60:40:40:60” in this trade then, it must be explained as “40:40” it must be the rich & wicked soul give 40 but the poor and righteous soul give 60 but has only 40, so long, in the line of the rich and poor trade is $40+40+(20)=100$, so long try to gain the rich & wicked soul gain +20, so long the poor righteous soul trade minus with others, so long, gain is the rich & wicked soul.

So that “the poor& righteous soul” and “the poor & righteous soul” can be helped each other so long, the first level “mind level” the poor actor living hard but in the trade, “the poor & righteous soul” surly not hard living, because the poor & righteous soul, segregate righteous soul behavior is “it shared time with others and help each other but also doing real LOVE” so that among the poor righteous soul living is effect of “60:40” so that there is any difficult living. But so excitement with trade, because of trade items are “time, helping, real LOVE”. So long the rich & wicked soul trade item is only money exchanged. So long, the poor & righteous soul living is not hard compared with the rich & wicked soul.

The poor & righteous soul asset is “time, helping, real Love” but the rich & wicked soul asset do not have “time, helping, real LOVE” so that in the first level “mind level” actor to be rich all of righteous asset “time, helping, real love” all forgotten so long, even though the actor get in to be the rich but there is no righteous soul asset to the rich& wicked soul. The rich & wicked soul actor segregated from the poor

& righteous soul, and then the rich & righteous soul must be dead, so long the rich righteous soul in the risk cause of strong wick soul.

So that the rich& wicked soul to be the rich and righteous soul through to the poor & righteous soul, the rich & wicked soul must be helped from the poor& righteous soul, so long the rich & righteous soul alive by the keep meeting the poor & righteous then the rich actor also has dream to come back safe to the righteous soul living destination place.

What is the poor?

In this “The poor & righteous soul” the poor definition is in the SEEN world, so called 1th level” mind level” the poor is living righteous behavior possible status it means that righteous behavior “it shared time with others, the poor and help others, the poor, finally doing real LOVE”. This is the poor. In this “the poor& righteous soul” the rich means that situated at most long distance from the poor so called do not living righteous behavior “it shared time with others, the poor and help others, the poor, finally doing real LOVE”.

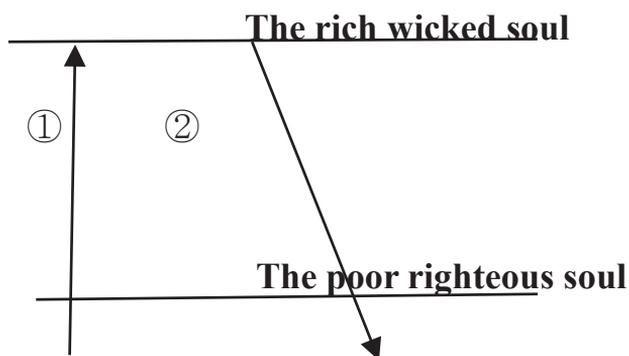

In this “The poor & righteous soul” at last defined the poor; so that it is clear “the poor& righteous soul” writing is strong possible but also it must be accepted readers’ reading the book of “the poor & righteous soul” so then it is reliable understanding of the poor, the poor living is get distance from the wicked soul actors who try to get more by all of breaking wicked power, so that the righteous soul automatically by the living actor strong choose to live the poor, for the purpose of in this SEEN world righteous soul traveling living safe living with wicked soul. Wicked soul seeks easy living, but righteous soul live real love power but also creative power.

So long, the wicked soul to be rich all of means used, the wicked soul haven’t creative power but also haven’t real love to others so that the wicked soul deceit or steal righteous soul creature rich energy.

So long, the poor righteous soul there is any energy to be stolen from wicked soul, so long wicked soul if live with the poor righteous

soul then, there is no any easy so that the rich wicked soul get distance, so that the poor righteous soul actor live the poor righteous soul actors safe, the real righteous soul actor live in the SEEN world, do righteous behavior, so long the poor righteous soul

It can be segregated from the strong wicked soul.

Number ① is in the 1th level “mind level” to be rich all of the poor righteous soul effort to be rich, so that the actor live out of righteous behavior “it shared time with others and help others but also doing real love” so then to be rich the time all used for the try to be rich actor, but also naturally the actor do not help others even real love also. So long the rich must be rich is living purpose in the 1th level, “mind level”

Here is in the number ① process the actor structure is “wicked soul,

righteous soul, + mind + body” then, it must be wicked soul all of behavior of wicked soul energy usage, this energy is wicked soul living destination place “cursed bank” energy. Because the try to be rich there is no time to do righteous behavior, actually the rich wicked soul getting strong, then righteous soul almost to die, about wicked soul 90%, righteous soul 10%, this righteous 10% is defending wicked soul failing cause of wicked soul energy usage.

So long number ① place the rich wicked soul is strong wicked soul so that weak wicked souls are all collected in the strong wicked soul of the rich. So long wicked soul multiple numbers all try to make break the strong wicked soul rich, so long the rich wicked soul to support keep status number ①, all energy supplied from wicked soul living destination place “cursed bank” if this actor full use of the cursed bank energy. then the rich & wicked soul structure is “wicked soul 99~100, and righteous soul is 0~1, + mind is 100 + body” then, there is any harmful to righteous soul in rich actor, so that it is free to righteous soul actor of damage, then even do not offend the wicked soul, but wicked soul themselves break the rich & wicked soul. Here inferable result then the rich wicked soul, as possible as can of 90% keep consistence then it goes for long time, but the wicked soul whole get expel 10% righteous soul as mind is 100, so long the rich & wicked soul end of the rich. It must be in the wicked soul status all break so that there is not survive righteous and wicked soul all dead.

Number ② is very important the rich & wicked soul, by accident meet the poor & righteous soul, so long the rich & wicked soul just first help the poor & righteous soul, so long feeble the rich & wicked soul’s righteous soul gradually get energy, so long, the rich & wicked soul meet and help, take a time with the poor, then, here is connect the rich & wicked soul’s righteous soul and the poor strong righteous soul, so long, the poor & righteous soul do righteous behavior, so that help the

rich & wicked soul righteous soul, so that the rich & wicked soul gradually getting strong of the rich righteous soul, about the rich & wicked soul get to 50 righteous soul 50, then it is time optimistic the rich& wicked soul strong real LOVE from in the rich wicked soul's righteous real and the poor righteous soul Real LOVE, so that the rich & wicked soul realized that the righteous soul living is much more valuable, so long the rich and wicked soul actor gradually changed to the rich is all give to the poor, as that naturally the rich is not now the rich, so long changed to the poor, but also the wicked soul changed to righteous soul, so long the rich& wicked soul do soft landing to the righteous soul living destination place. Infer that this model is most living, so long here is, in the second level "righteous soul living time" the poor is strong, so long, the poor & righteous soul actor is ultimate living purpose.

Number ② is support that all of righteous soul even the poor or rich all try to coming back to the righteous soul living destination place. So then in the first level "mind level" the poor and righteous soul living also can be live excitement.

The poor righteous living can be live real excitement with body, the body feel in the SEEN world righteous soul living destination place "blessed bank" energy,

So long the living time live in the SEEN world righteous soul living.

The poor & righteous soul

In this “the poor & righteous soul”, the poor is living with excitement but the rich is living with easy. Righteous soul is “it shared time with others, help others and doing real love actor” in the 1th level, governing mind, all the actors do not live as the poor, but all want to be rich. So that here “the poor & righteous soul” is not explained, even I’m also so that I fear getting the poor keyword.

But second level where is governing by “Righteous soul” then it is true “the poor & righteous soul ”the poor= righteous soul, so long in the second level, in the righteous soul living destination place major actors are all the poor & righteous soul. So long, to explain and understand the “the poor & righteous soul” is much more deep in realized.

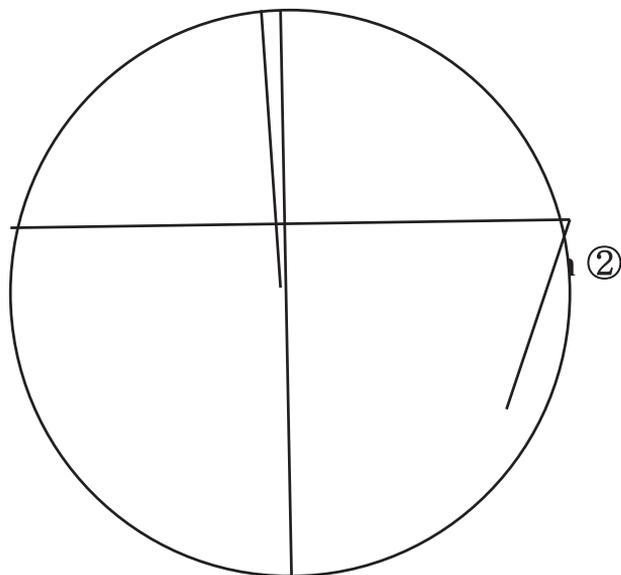

The rich = easy living in the 1th level, so that most actors are looking forward to being rich, the rich is made not depth but wide then, to be rich the rich make hard or to get then the loser produce. So then the rich and wicked soul is closed related. Then t rewrite as the rich= easy living = wicked soul, so long in the 1th level mind governing time, some actor question on this frame, why the rich is = wicked, if the rich is righteous soul then, the rich must behavior of righteous soul “ it shared time with others and help others but also doing real LOVE”.

But to be the rich the actor save time for actor self so long, even not correct but the rich even do not wicked soul but the rich is not

righteous soul, so long in the soul knowledge, if do not righteous soul then all is wicked soul, so long the rich is wicked soul.

The deep of the rich is rich, but shallow and wide rich which is preferable, it must be deep size rich is infer that creative rich, but shallow wide size rich is wicked soul related rich, even though the creative rich also to be righteous then, the actor being again the poor by the procedure of “it shared time with others and help others but also doing real love”

The deep size rich ①

Deep size area① is explained for the rich then “ $1/\infty$ width X depth ∞ ” this is doing not make hard others but deep size actor creative getting rich.

But the shallow wide size rich then " ∞ width X depth $1/\infty$ " this is make hard the losers, so long the rich winner has a basis of the losers hardness.

Here is the deep size rich area ① = the shallow wide size the rich area ②. So long to be rich it must be moment wicked soul energy user of ②, but the ① is all of suffering but live in the righteous living then, the actor deep seek the solution to be the actor all of the actor effort only one, so that the behavior is righteous soul long in the deep place touched the righteous soul, righteous soul get from righteous soul living destination place a new knowledge. So long the actor living is get to rich.

The rich is ① of the deep size rich is preferable than the shallow wide size the rich ②, here is the rich produce is deep size is do not live easy living all of hard process after getting the rich ①, but the shallow wide size the rich ② do not go deep but in the shallow wide actor's asset collect. So then the trade procedure decision times all of helped from the wicked soul. In the first level, the trade is make surplus is all, this means that winner wicked soul behavior make loser hard, the loser all of effort to produce the products, so long the loser all live hard, then the loser anger upward to the winners. So long the shallow wide size the rich ② is infer that the winner helped from the wicked soul, so that the rich is wicked soul.

The shallow wide size the rich ② winner structure "wicked soul ∞ , righteous soul $1/\infty$, + mind ∞ + body" but after that produce another loser, so long the poor but poverty also, this actor structure is "wicked soul ∞ : anger, righteous soul $1/\infty$ + mind ∞ anger +body" so long, The shallow wide size the rich ② is produce the poverty of strong wicked soul. This trade is made worse the actors living.

In this place, who can go for the righteous soul with the poor? In the place strong winner is strong wicked soul, then loser also strong wicked soul, here is hard the righteous soul actor living.

Deep size area① rich actor has the righteous soul living actor, but also helped from the righteous soul living destination place knowledge, so deep; so long the rich structure is “wicked soul $1/\infty$, righteous soul ∞ + mind $1/\infty$ + body” this rich is not relative with the losers so long, Deep size area① rich is not produce loser so that Deep size area① rich actor righteous soul living philosophy, so long the rich actor do righteous “it shared time with others, but also help others and do real love” so long, around of the Deep size area① rich actor produce “the poor and righteous soul” the deep size areas rich produce “the poor & righteous soul”

Here is “the poor & righteous soul” structure is “wicked soul $1/\infty$, righteous soul ∞ + mind $1/\infty$ +body” so long Deep size area① rich is same as “wicked soul & righteous soul”, rewrite then Deep size area① rich structure is “wicked soul $1/\infty$, righteous soul ∞ +mind $1/\infty$ +body” so that as same as deep size area① rich and “the poor & righteous soul” so that as the rich being the poor then the actor also can go for the righteous soul living.

“The poor & righteous soul” is possible of the righteous soul living destination place new knowledge to the SEEN world, then the righteous rich asset effect to the “poor & righteous soul”.

The poor living in ignorance

In this “the poor & righteous soul” the poor living in the first level, the poor is nothing, whoever do not count on, because the poor is obstacle only to the rich, so that the rich leaded SEEN world, the poor, there is no any helpful to the rich.

So that the poor living itself suffering, even the rich try to segregate from the rich, the poor how to be occurred, what power makes the poor? Whoever fear of being the poor, at now I feeling, writing “the poor & righteous soul” so many times repent writing “the poor & righteous soul” so long the poor all is ignorance, even I’m try to help the poor, so writing then, still offend me “how you know the poor, even do not know why the poor writing” so that it is so hard truly I want to finish as soon as possible early.

Actually in my UNSEEN world mood is the poor, so that I’m so hard living, in this book writing, happened strange I’m segregated from major in my work place, the segregate is so fear to me, I try to understand me myself, “I’m righteous soul so I have to live righteously “it shared time with others and help others but also doing real love” but now I feel trembling, I feel I’m not a saint but just so small UNSEEN world nothing soul, but why I’m doing this writing “ the poor & righteous soul” sometimes I feel temptation from why I have to live if I live others living then easy living, so on today morning I’m out of the my usual behavior. The behavior is I have been donating by the way to the beggar.

The living as the poor, yes I believe that the writing time the key word actor must be leading the writing. Then this “the poor & righteous soul” the key word is the poor, so that I’m still fear of the rich power of wicked soul, so that in my this writing is so hard, as this

book is third book making, then the one is “micro concept” the other is “Love Engineering” these book key word is righteous power and there is not discouragement but now in this book “the poor & righteous soul” so hard all of obstacles are comes even the key word soul the poor are anger to me “why you are write the poor” so that it is very hard. But I have to make reveal to the rich, the poor is also strong related with the rich.

How to make the poor, what power produces the poor, what is the poor, the god explained the rich do not come to the heaven kingdom but the poor can come to the heaven kingdom in the bible explained. So then the poor must be best so called in this “the poor & righteous soul” so long after first level “mind level” the second level of “righteous soul living time and place” the poor is best.

So then make me hard soul is it must be wicked soul of the poor, so called poverty living actors, so they are make me hard to writing. So that in the Sabbath day I pray to the god, “please finish so earlier this writing” I want to as possible as can I want to finish early. I want to get out of it, but strange the poor souls are anger but make hard do not out of place. They the poor soul ignorance is seen to me, so then in the first level as the poor living, the ignorance living, how means treat from the rich, the rich is easy living so that the rich paying to the poor, the poor get from the rich then living, some the poor living is salver, but the other poor do live righteous so that the righteous poor live as the righteously, so that the righteous soul poor live keep doing righteous “it shared time with others but also help others and doing real love” so that the poor righteous soul living excitement because of righteous soul living safe from the strong wicked soul. So that the poor righteous soul is really excitement, the place is small member or makes fewer members so then; the poor righteous actor is so excitement. So that the poor righteous soul do not ignorance because they knew the place of righteous soul living destination place, so that

the poor & righteous soul living place is best place righteous soul living.

How depend even small group the poor a wicked soul also occur, the poor righteous soul doing real LOVE, depend the wicked soul actors. The place can control by the righteous soul living actor.

How to produce the poor? The poor is the punishment from wicked behavior living so that the wicked soul living destination place energy using, the rich actor behavior all of strong wicked behaviors. So long the poor living is final of the wicked soul living behavior. So long wicked the rich is the cause of the poor, because of the all of wicked soul energy usage then, the actor strong wicked soul living, but the soul try out of the wicked soul, then the soul must be live the peak the poor living. So long the poor living is even zero wicked soul energy righteous soul energy. The poor living is beginning to the righteous soul living, if the poor realized, so called the poor live righteously even the hard situation but all overcomes the obstacles.

Not to be the poor, how to live is? It is very simple my generation does not live rich and do live righteous soul living so called it must be here is “the poor & righteous soul”. So long it also all from me, if my live is all use energy, so then being the rich the actor after generation will be live the poor, all used up righteous soul energy but also wicked soul energy all used up, so then “the rich and wicked soul” all of energy used up, so called the poor is wicked soul poor, but also the righteous soul poor, so long the soul living.

What makes the poor?

In this “the poor & righteous soul” it is not easy the poor definition, it also infer that of produce the poor, the poor must be hard to live on in the first level so called “mind level” difficult living, then after comes excitement, even though in the living with body, the rich is prefer. In this SEEN world, the poor living is hard and ignorance but the rich is easy and getting in power to live on. The rich living easy power and the poor ignorance and poverty living. This is all same in the point of second level “righteous soul living world” the important thing is righteous soul is strong but also righteous soul living or not is important, so long in the righteous soul living 2th level place, only living righteous soul, so long, the actor living must be live with righteous soul strong, the poor, the rich actor has the structure also same.

The poor actor structure: wicked soul, righteous soul + mind + body
The rich actor structure: wicked soul, righteous soul + mind + body

Righteous behavior criteria

“It shared time with others, help others and doing real LOVE” this criteria is comes from my writing two books “micro concept” and “Love Engineering” these book supplied to me the righteous soul living criteria.

Which actor between the poor and the rich shared time with others
It must be inferred that the rich are busy making money whole time for the making money; it infers that the rich time is directly related with money making.

But the poor time is do not make money time used, the poor is poor so that it depend on others, mutually all are poor so that the time is

shared with others.

The rich live rich so that around the rich actor all rich, so long, the rich living must be inferred that it doesn't have to help others because around of the actor all rich, the rich living infer that helping or helped is regarded as failure, the rich is the combat winner also, so that the winner hate loser. So long it must be infer that helping each other's also not enough better than the poor.

The poor living is so poor but the poor around are all the poor, so that the poor living is naturally help each other's, because it can't live without helping from others, helping and helped is urgent, all of the poor living itself is help each other's.

This is all physical relationship or almost the 1th level; all of "mind level" but another indicates is doing real love, real love is exclusively righteous soul asset to live on, so that this real love is how to live then it gains, but also natural benefit comes, the righteous soul is comes out of the 1th level, so long the "mind level" exodus, by the realize that all of mind is $1/\infty$, so long, without realize so that all of disappeared mind then, it comes the righteous soul actor, so long, doing real love it must be doing realized actor. So long,

The rich actor structure is "wicked soul, righteous soul + mind is ∞ + body" so long, the rich living is to be live rich much more richest living then, the mind is keep increased. So long the rich living is following mind which is keep large, rich is preferable. So that the rich structure is SEEN world understand is "mind + body" so long, the rich is mind producing it never ending rich, so long that is segregate and closed the righteous soul gate. So long the rich actor behavior is in the "mind level" buy the expensive product, but also money power, the rich try to buy all by money. But the rich do not open "righteous

soul living place”

The poor actor structure is “wicked soul, righteous soul + mind is $1/\infty$ + body”

So long the poor soul even lived in the 1th level “mind level” but the poor living is all segregated from the 1th level, “mind level” perfect reach at $1/\infty$, the righteous soul living poor is “it shared time with others and help others but also doing real love”. The poor of righteous soul living method is again saying righteous behavior, but even the poor also do not live righteous then the poor being poverty actor, the poor anger of the poor so long the poor follow the wicked soul, then, the poverty actor living is all be lived as pitiful, the poverty actor is 1th level living also the poor, but also the pitiful actor also can’t open the righteous soul living place. The poverty actor is not the poor, the poor with wicked soul then it really pitiful actor, in this book, so not carry the poor and poverty.

So long the rich and righteous soul living is, it must be possibility is the poor living can be opened the righteous soul living place door. So long it living the poor then, do live righteous then, the poor can be lived in the 2th level “righteous soul living place” the poor actor can live in the righteous soul living place. The place the poor must be main character. Just as the same in the 1th level the rich does, the poor also in the 2th level living as the rich actor easy living in the 1th level “mind level”, so long, the poor also come spring season in the “righteous soul living place”.

The poor is every place, it must be infer that the poor selected in the string righteous soul, but the poor of poverty is strong wicked soul living place failure of loser in the living. Here is in this “the poor & righteous soul” is the poor actor is the strong righteous soul, the poor actor try to be the at first living also the mind must be $1/\infty$, so that the

poor living already controlled by the righteous soul, so that the poor is strong righteous soul living. It infers that the poor must be priesthood class. They knew the living risk is so that the actor starts in the soul place, religious actors are pure strong righteous soul actor living.

But also, some of natural actor of the poor also, the poor living actor in the real living out of the religious actor also can be open to the righteous soul living place. The poor originated from righteous soul living destination place. The poor must be connected with righteous soul living destination place. So long the poor actor must be inferred that the poor structure is “wicked soul, righteous soul + mind + body” so long, the righteous soul actor at start of living then righteous soul is so strong, so that the righteous soul actor, must be beyond the 1th level living mind related behavior is not increased but the righteous soul living strong so that in the 1th level time poor is not important to the righteous soul living actor, rather than the poor must be live excitement all out of the mind level problems, so long the righteous soul living actor try to live righteous to be kept living righteously, so that the SEEN world living is all righteous, the SEEN world righteous soul safe returned to the righteous soul living destination place.

It is not known that among the beggars who is righteous soul living actor or who is wicked soul actor of failure is not sure, in the SEEN world, the walker by the way, see the beggars then the beggars who is connected with righteous soul living destination place, then the god watch the world through the beggar watching the SEEN world, so long, if the walker do not donate the poor then it must be the actor who pass the poor, must be lost chance to the god, the actor of righteous living, righteous behavior is “it shared time with others but also help others and doing real love” so long, the walker do not donate to the righteous soul living of the poor then, the walker with seen the

god, then it must be sorrowful.

The donation to the poor it must be the time to realize beginning, this is the normal actor living is at least if the poor is connected to the righteous soul living destination place then, the donation money must be saved in the righteous soul living destination place “blessed bank” this is righteous soul living behavior, the rich living must be needed to soft landing to the poor, keep donating the poor, then the point of the time, must be revealed to the righteous soul actors, so long through the righteous soul living actor eye and soul direct to the god, so then the donor actor righteous soul getting strong. The righteous soul behavior is very simple do live righteously then, the righteous soul is getting healthier. As keep doing healthier then the actor already being the righteous soul living actor.

The poor righteous soul actor living

In this “the poor & righteous soul” the poor actor is so strong righteous soul, the strong righteous soul the poor actor chooses the poor living. The poor living is generator of righteous soul. So long the poor decide to live the poor, so long, the poor living in the first level “mind level”, the poor righteous soul living is said righteous soul energy generator. So long, they live righteously, in the SEEN world they live righteous. While the rich try to be get much more money so in this the rich actor “mind level” minds’ loyalty actor. So long the rich is money makers. Contrary to the not produce righteous energy. So long, the poor role is righteous soul living energy produce. In the 1th level “mind level” living actors are rich and the poor, so long, it must be the rich living and the poor living is general living patterns.

The poor living actor must produce “righteous soul living energy”, the rich is money produce. So long, the poor living actor must royalty to righteous soul living for the strong righteous soul living energy, but also the rich produce money for the rich living maintain.

In the SEEN world the poor is the poor and poverty is discriminated in this “the poor & righteous soul” so long, the poor living is responsibility for producing the righteous soul living energy, but the poverty do not know righteous soul, because of the poverty is not strong righteous soul, so long the poverty is still wicked soul is so strong, so then the poverty is the pitiful actor who do not live rich in the SEEN world, but also in the 2th world “righteous soul living place” the poverty actor do not live any place, the poverty living actor live at the same as the rich wicked soul living destination place.

So long the poor & righteous soul must be live keep the rule of the

righteous behavior “it shared time with others and help others but also do real love” this is the rule to the righteous soul living actors, so then, the poor & righteous soul if do not keep this rule then, the poor also drop to the poverty with wicked soul, even the rich is easy living wicked soul, but the poor actor do not keep a rule then the poor actor feel so hard but also do not live righteous so then the poor and wicked soul comes, how silly it is. So that the poor & righteous soul must keep a rule of the righteous soul living behavior, the righteous behavior not for other but for me, so the poor & righteous soul living actor does righteous behavior. This is also the rich actor do live wicked so then, it must be compensation of the rich wicked living, so long the rich get out of the wicked soul then, the rich must donate to the poor & righteous soul, so long the rich righteous soul can get the righteous soul living energy. Therefore both the poor righteous soul live righteously but also the rich make money within wicked soul. So long, actually the rich open to the righteous soul living possible by helping the poor & righteous soul’s strong righteous soul produce. But the poor & righteous soul do not live in righteous soul living. Then the rich can’t have chance to get the poor righteous soul energy, so long the rich must be lost to get into righteous soul living destination reach. So long, the poor righteous soul actor is so important; the poor & righteous soul also so valuable, if the poor & righteous soul live righteously, the rich must be touch so long, the poor righteous soul do good to the rich. So long in the community it must be the rich also the poor required. The poor role is very important the poor living must be hard to live on, but the poor actor live righteously; the poor actor center work is righteously then the poor righteous living is strong energy living righteously. So long if the righteous the poor soul actor live “it shared time with others and help others and do real love” then the community still righteous soul living possible community, but if the poor & righteous soul disappeared in the community then, it never can buy or acquired. So

then, the community is wicked community.

The poor & righteous soul actor is the defender of wicked soul actor, if a poor & righteous soul living energy generates righteous soul, then the community still righteous soul living destination also, but also a righteous soul actor righteous soul connect to the UNSEEN world righteous soul energy.

The poor & righteous soul actor chooses for the poor selves, to come back to the righteous soul living destination place going. The righteous soul actor also wicked soul, so then the righteous soul the poor, it is required time make strong righteous soul to wicked soul to righteous soul making mutation. So long, the poor living is so hard, the poor actor choose to live on righteously, then, endless torture this road is cliff so, the poor living to get the wicked soul make be mutant so, the time is really hard, all of the difficult overcoming, so then, the poor and righteous soul for long time wicked soul to righteous soul, so long, the poor righteous soul being the righteous soul energy producer. How to survive in the road of cliff, the road make live righteous because the cliff road there is no choose but the cliff road, then the poor & righteous soul win in the righteous soul living. So then, if a righteous soul actor gets out of the road cliff then the actor loses the actor's footing. So long the poor & righteous soul living is not easy also. The rich and the poor, the rich living is good condition of road but the poor righteous soul actor road is cliff road, how to live these two actors are safe reach at the righteous soul living destination place.

The rich road is wide and, the poor road is dangerous cliff road, then, the rich wide road is wicked soul road, the poor dangerous cliff road is righteous soul living actor road. So long in the 1th level, "mind level" there is no any question, all try to be the rich to live easy living. So all try to travel wide road, but so rare strong righteous soul live in

the cliff road which is so hard to travel, how to live is better to live in the righteous soul living destination place.

The rich righteous soul also makes strong, then the rich righteous soul do live righteously “it shared time with others and help others but also do real love” to the poor and righteous soul, so then, the rich righteous soul actor meet the poor & righteous soul strong righteous soul so that, the strong righteous soul righteous behavior “it shared time with others and help others but also do real love” then the poor strong righteous soul do real love the rich righteous soul, but also help do live righteously, in this the rich righteous soul help the poor & righteous soul, then the rich righteous soul and the poor strong righteous soul meet, so long the rich righteous soul keep strong connecting.

In this living then, the rich righteous soul, the poor strong righteous soul is making the community affluent place. So long in the SEEN world, the rich help the poor, but also the poor righteous soul help the rich righteous soul, the rich righteous soul also can possible in the 2th level living “righteous soul living place” it can be possible. Even the rich righteous soul is the poor righteous soul comes, so that the rich & righteous soul changed to the poor and righteous soul, so long, the rich and righteous soul changed to the poor, so it goes to the 2th level, the righteous soul living place.

The poor soul is $1/\infty$ and the rich is ∞

In this “the poor & righteous soul” story is what is said, the soul is actor, but I’m a body actor writing. One actor read that it must be first understanding condition. The poor & righteous soul is located at the micro concept place which is said in the book of “micro concept, seognju choi”, so the explain is the place is SEEN and UNSEEN world “ $-1/\infty \sim +1/\infty$ ” this is space and time, if a actor want to know deep then please read “micro concept”.

In this “the poor & righteous soul” the poor is main character, the poor is center actor, the poor living is must be explained in this “the poor & righteous soul” truly the poor all of 1th level, “mind level” all actor do not like the poor, so that the poor living is itself need to courage all of living in the poor. In the mind level actor the poor as pitiful actor, but also as possible as can do not connect to.

But the poor living is living $1/\infty$, the poor; there is no any useless asset, the poor living is minimum quantity. Otherwise the rich living is ∞ , so long there is over using asset, the rich living is maximum quantity. The rich living is making increase endless asset.

The poor is $1/\infty$ it means that the poor live as the soul, so long the poor out of the mind level, the poor know that the essential is “the righteous soul actor living voyage is keep righteous soul living overcoming all of wicked soul behavior which is wicked, deceit behaviors, then all of voyage path in life “it shared time with others and help others but also do real LOVE”. So long the poor living is keep doing righteous behavior, it means that still keep mind $1/\infty$ “
The poor living in the righteous soul, so then the righteous energy will keep produced in the poor just like green tree produce oxygen.

The poor is $1/\infty$ this is so similar of the micro concept “ $-1/\infty \sim +1/\infty$ ” the poor can move this micro concept tunnel “ $-1/\infty \sim +1/\infty$ ”. The poor how to sustainment as $1/\infty$, it must be explain “the produced energy of righteous or SEEN world energy all doing “it shared time with others and help others but also doing real love others” so that the poor reach at the $1/\infty$.

The rich is ∞ , so called is mind is ∞ , mind is limitless gaining asset, so then one rich actor collect all asset for only the rich easy living. “The rich easy living” the rich, easy key word is the wicked soul main key word is “easy living” the wicked soul all the time stationed at easy place, the wicked soul and righteous soul is same place located, the wicked soul squeeze the orange the righteous soul behavior built harvest. The wicked soul easy living is based on the righteous soul behavior creating energy. The same as the rich ∞ depend on others portion getting as the wicked soul behaviors. So long if the rich keep ∞ , then the other actor must be infer that keep decreased. The rich is wicked soul behavior so long, wicked soul do wicked behavior to the righteous soul behavior, in the first level, so called “mind level” the rich is keep increasing to ∞ .

The poor righteous soul $1/\infty$, the rich wicked soul ∞ and mind ∞ , so long the rich wicked soul, mind is same ∞ , so long, the rich is end in the 1th level, “mind level” second level living “righteous soul living place living actor is $1/\infty$ ”. Righteous soul actor all, what the actor has all give others and real love all, so long the righteous soul itself is being $1/\infty$, the poor actor living place second level the righteous soul living place, the righteous soul is major actor, so long here is second level, “righteous soul living destination place” is strongly segregated from the wicked soul who were all lived rich with wicked soul, and the pitiful the poor wicked soul actors collecting place. The wicked soul living place all live each other’s wicked behavior “they do not

know righteous soul living general behavior “ it shared time with others and help others but also do real love”. So long in the wicked soul living destination place, all are live feel lonely, all are living do not help, so long every place are suffer from poverty living, but also, all are do not real love, so that all of the place is false love prevail. The 2th level place is perfect segregate righteous soul living destination place and wicked soul living destination place.

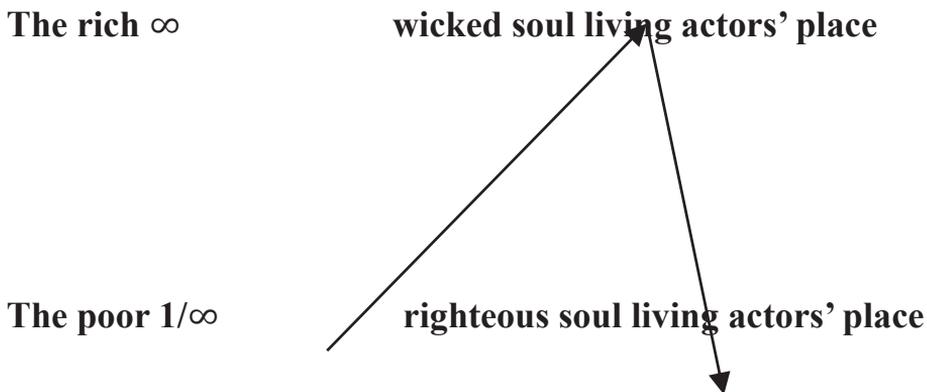

In the first level the poor & righteous soul actor is first in the second level “righteous soul living destination place” the rich ∞ , also ahs the righteous soul even the theory in this “the poor & righteous soul” how to get in to the righteous soul living destination place. It must be the rich ∞ must be $1/\infty$, the rich righteous soul was $1/\infty$, wicked soul ∞ , this structure of the rich actor, must meet the poor, so the rich must be helped from the poor, who ware strong righteous soul living actor, so that, the rich righteous soul must meet the poor strong righteous soul actor. So then, the rich righteous soul get strong, but the wicked soul actor decreased in powers, so long, the rich righteous soul gradually the rich is come to the poor and righteous soul be strong so long, the rich try to second level righteous soul living destination place living then the rich much more time required than the poor & righteous soul reach at the righteous soul living destination place.

The rich required to increasing to ∞ and get in to the rich righteous soul $1/\infty$, so long, the entire asset helps others. It already the poor lived long time poor and righteous soul, therefore the rich also to be $1/\infty$, the time is almost same time required.

But the poor wicked soul there is no any energy changed to from wicked soul to righteous soul, the poor and wicked soul is so pitiful, so long the poor must be live righteously. Then first level hard living but second living is main character.

The poor itself

In this “the poor & righteous soul” in the first level, “the poor” itself living not easy, but also the living is minority, so long, in the righteous soul living actor point of view, it must be in the not easy means that out of the wicked soul, the poor itself, it included in the righteous soul, in the SEEN world most actor are try to be lived in the rich, but that is not impossible truly, the poor is the result not a process, the poor also try to be living rich, but the result the poor do not live like the rich. Minority living, in the SEEN world the rich is respectable, the rich is all of power getting, but the poor of minority do not have a power. The rich around are all of historical relics but the poor of minority historical story do not any place. The poor living also same as the rich in the SEEN world, the rich living in the first level, so called “mind level” lived all easy living, so that they have a strong power, in the end the power used for the benefit of the rich.

The first level “mind level” the second level “righteous soul living”

In this “the poor & righteous soul” book has been kept supposing two level, one is “mind level”, second is “righteous soul actor living level”, so then in the book of “the poor & righteous soul” must be two worlds saying, first level world, second level world. In the first level all of actor run for the rich, so that the entire actor lost righteous soul living but live with mind ∞ so called the wicked soul actor all occupied. So long it is very simple, the result of the rich living closed related with the wicked soul world, but the poor result of first living then, the poor hasn't strong wicked soul, so that the righteous soul actor live, because of the poor living, the poor lived diligence, but also the poor live righteous, the poor shared time with others and doing real love. So long the poor lived as balanced.

The poor living working hard and doing diligence living, here is another poor defined “work hard and doing diligence living with” it shard time with others and help others and doing real love others” this is the poor definition. So long the poor living is $1/\infty$, it must be do not others actor getting, but all the poor live for himself with righteous soul living.

The living must be compared, the rich living and the poor living is

The rich living

The poor living

The rich living is shallow and wide living but the poor living is deep and narrow living. The rich living actor invades other area, even in law competition but in the end the rich get others portions. Here the rich mind ∞ but also, the rich structure must be “wicked soul ∞ , righteous soul $1/\infty + \text{mind } \infty + \text{body}$ ” so that the rich living wicked soul living. But also the money making also, all other actor asset gains so that the rich asset expands by combining others.

But the poor living is deep and narrow, so long; the poor living is not invader others, but all is within the poor actor region living. The poor living actor live deep, so long, the actor living is creative living deep reaching the righteous soul to solve the poor living problems, so that the poor live itself sustainment living.

What we defined the poor “live diligence work hard with creative with living “It shared time with others and help others but also doing real love others”. The poor do not make other hard, but the rich do

make hard others also, so long, the poor living structure is “wicked soul $1/\infty$, righteous soul is ∞ + mind is $1/\infty$ +body” the poor actually live simple, so that the poor living is possible “it shared time with others and help others but also doing real love others” so that the poor actor living is so deep, then the actor reach at the $1/\infty$, so called the poor soul actor soul is righteous soul so long, the righteous soul can meet in the micro concept tunnel “ $-1/\infty + 1/\infty$ ” the micro concept actor, so called righteous soul actor can through the micro concept tunnel to the righteous soul living actor knowledge, so long the righteous soul living actor can helped from the righteous soul living actors.

Truly, the poor living actor in the “mind level” the rich do not see the poor behavior, but the minority living also has the value in the righteous soul living actor point of view. In the “mind level” the rich is whole getting with power, but under the place the few righteous soul of the poor living actor also living. The poor living actor some of the righteous soul, do not reach at the deep, but the poor living actor structure is “wicked soul $1/\infty$, righteous soul ∞ + mind $1/\infty$ +body” then the poor living also righteous soul, so long the actor must be live in the second level “righteous soul living place” the poor can live in the righteous soul living destination place.

The poor, the minority, the ignorance, the segregated place living actor live righteous soul living then surely the poor, the minority also live in the second level righteous soul living destination place. In the second level main recognition is “it shared time with others and help others but also doing real love others”.

This is criteria so that, in this test that can be pass this test, it must be the poor & righteous soul is very possible. Because the righteous soul living place is itself is “it shared time with others and help others but also doing real love others”. So then how to the rich can live in this

place, the rich build the asset in the shallow and wide, but in this righteous soul living place is narrow and deep, so that, the rich is not deep but also narrow, so long, the rich never comes to the righteous soul living destination place, the poor live narrow and deep living so that the poor is very possible living in the righteous soul living destination place.

The poor must be live righteous living, if not then the poor must be increased the wicked soul so long, the poor must be drop to the poverty actor, so then the poverty actor must be eternity pitiful, in the first level poverty but also the righteous soul living stage also do not live that place, so long the poverty actor must be sorrowful actor.

The poor living must be live righteous, then the poor live also receive a reward. So long, the poor living actor must be live in the hard time “it shared time with others and help others but also doing real love others”.

The poor itself getting reward in the “righteous soul living place”, so long, the poor actor live righteously then the righteous soul living actor must be strong.

So that the poor live is not easy but the poor living do not live wicked then, it must be much more possible eternity living system, so long, in the SEEN world living is just live work hard and live diligence with creative but sure of righteous behavior “it shared time with others and help others but also do real love” then the poor living is better than the rich living, in the point of righteous soul living.

Righteous soul behavior sealing

In this “the poor & righteous soul” righteous behavior must be help others, then helping is momentum forgotten, just like closed all helping thing, this is sealing. Sealing is eternity recorded, but in the SEEN world the righteous soul living actor forgets all of the righteous behavior. So long righteous soul living behavior must be new every moment. The righteous behavior must be stored in the accepted a righteous soul, the actor righteous soul remember eternity. So long the righteous soul living behavior sealing in the helper but the acceptor must be keep feeling thank you the helper. This is the righteous soul behavior power; so long the acceptor must be learned from the helper, so that the acceptor also tries to help others also, so long the cycle of the righteous behavior then, the community all live in helping each other’s, so long the righteous soul living behavior all sealing in the righteous soul living destination power.

Here is very simple, the sealing is “it shared time with others, and help others but also doing real love” behavior all sealing in a moment. This is the righteous soul living actor daily living itself. This understands as the personal behavior.

“The poor & righteous soul” is personal story, the person know the living “righteously” is so excitement, but “wicked soul living” so easy rely on other actor scarifies. So long wick soul living relationship produce anger of others, but righteous soul living is not making anger others because righteous soul living actor is “it shared with others and help others but also doing real love” just righteous soul behavior creates other make excitement but also the actor also excitement. So long, the righteous behavior itself is sealing. Because of the living is

righteous behavior is normal in the righteous soul living place, so called the righteous soul living place, “blessed bank” all of sealing energy is saved in the blessed bank.

The sealing “blessed bank” energy is not stolen from the wicked soul, the wicked soul do not inter into the righteous soul living place. The living in the “mind level” seen world, all of the actor easy living, the actor try to get much more, to be rich, then the actor structure “wicked soul role for all of means to be rich, so that the righteous soul behavior forgotten, but also the mind is endless increased, so that the body over worked” so long, the rich lost all of the time doing righteous behavior, but all of the rich time is used in the wicked behavior, so then, the rich break balance “diligence work and “ it shared time with others and help others but also doing real loving” the rich lived do working all of the time for make money lost do time doing “ it shared time with others and help others but also doing real loving” so that the rich do not have save in the righteous soul living destination place “blessed bank”.

In this “the poor & righteous soul” the person lives basically realized living, light living, so cold, there is not any redundancy. Then other time and energy real love doing practice then, the person living must be in the righteous living.

All of the rest of balance using then the energy can be used righteous soul living, then the rest of the energy save in the righteous soul living destination place “blessed bank”. So long all of the righteous behavior all is sealing in the righteous soul living destination place.

The sealing energy all is finished, each case, each righteous soul end, so long there is no calculated in the SEEN world; this righteous behavior is small, the poor, and minority actor without any power but the righteous soul living itself is blessed, so long, in the SEEN world,

the poor must live excitement, but the rich is live easy. In this “the poor & righteous soul” tries to say, the poor living with righteous soul then the poor righteous soul also sure to live in the second level, the righteous soul living place fully living. This “the poor & righteous soul” makes strong motive to live on the living righteously excitement. In the lag behind place the poor righteous soul actor also, the poor can live excitement but also, the righteous soul living poor is reserved to the righteous soul living destination place living.

This is very simple, righteous soul living behavior is helps others, do real love others, it goes time with others, this is very simple, then the living is in the sealing of the righteous soul living behavior.

Because the SEEN world, the poor righteous soul living is real living the road of living, generally accepted in the righteous soul living behavior. The road to generally destination to righteous soul living destination this is a kind of Tao, the way to righteous soul living destination place reaching. This living doing every moments are all sealed in the righteous soul living destination place.

The pair between the rich wicked living and the poor creature living

In this “the poor & righteous soul” the poor & righteous soul’s pair is the rich & wicked soul, but also this pair is not kept, in the SEEN world this infers maybe do not understand.

The poor & righteous soul major living energy is supplied inner circle so long, the poor & righteous soul is key word the poor so long, the energy supply is not depend on other, but the poor must survive as righteous soul, so long, the righteous soul living is within the circle but also depend on the poor self, so long, the poor strong advantages are the only power to the righteous soul that is “creature energy” this is the poor living strong power. This energy is from righteous soul living destination place through micro concept tunnel($-1/\infty \sim +1/\infty$) if this book reader much more want to learn then please buy “ micro concept” at now selling in the Amazon E market.

The wicked soul & wicked soul major energy is wicked behavior. The rich use strong wicked power doing using the power of wicked and rich is “tyrannize & domineer” the rich get owned the poor actor source of energy “creature”. Because of the wicked soul do not have function to create in the problems solving. But the righteous soul only gets the “creative power” from righteous soul living destination place.

The rich & wicked soul and the poor & righteous soul is pair, this is also infer because the rich has the strong power in the SEEN world, the rich all live easy, there is no any problems to live on, the poor & righteous soul hard to live on the poor try to find the solution to get asset for supporting the poor, so that the poor all of effort to find the

knowledge, solution the time is somewhat longer then the righteous the poor keep consistence living righteously “ it shared time with others and help others but also doing real love” then the righteous soul find the personal characteristic so called creative personality. The poor & righteous soul strong live in righteously then creative personal peace & excitement living occurs. If not pair between the rich & wicked soul and the poor and righteous soul” then the break pair then the growing in the soul is not expected. The poor & righteous soul to the rich & wicked soul, strange the rich is best in the SEEN world, so called the “mind level” who knows the inferable second level “righteous soul living place” but do not realized then the rich & wicked soul any problems of living, because the rich is lived in the SEEN world, the rich lining who blame no one criticize the rich, because the rich all want to live, the rich living is peak. There is no any problem, the rich & wicked soul, it means that the rich personal actor, all done. There is no anything necessary to live another thing. So that the rich & wicked soul breaks the pair to the poor & righteous soul, in this “the poor & righteous soul” segregated from the rich in the mind level.

If then it must be the living is so simple, here is the rich is peak, done not anymore, so in this “poor & righteous soul” the rich & wicked soul is living in the “mind level” so long, it must be do not realize, in the “the poor & righteous soul” realized then, the poor & righteous soul structure is “wicked soul $1/\infty$, righteous soul is ∞ + mind is $1/\infty$ + body” so long, the rich & wicked soul structure is “wicked soul is ∞ , righteous soul is $1/\infty$ + mind is ∞ + body” so long, the rich is peak but also done, all actor desired to be rich, but the rich is in the structure is wicked soul and mind is ∞ , so that they do not live this simple behavior “ it shared time with others , help others but also doing real love” so that in the end the rich& wicked soul and the poor & righteous soul do not pair.

The breaking pair communities it must be segregate the rich living from the poor living. Then it happened of inferring is “the rich & wicked soul” living getting old, but also there is no any wicked target the poor were not the rich place, but also there is no any “creative solutions” in the rich & wicked soul, so long the rich & wicked soul must be closing. The rich & wicked soul living generation gap is so short in must be, but also the righteous soul living without the rich & wicked soul, then it must be the poor righteous soul, here righteous soul living is free from the strong wicked soul power, the strong wicked soul power break the righteous soul, but the rich & wicked soul and the poor & righteous soul pair braking then the righteous soul live righteous so long, righteous soul time being strong righteous soul actor. But also the poor & righteous soul living power of “creature” keeps eternity; the creative power means the poor & righteous soul living actor in the SEEN world, living righteous then the actor of righteous soul keep connected to the righteous soul living destination place, the SEEN world the poor righteous soul living actor living really excitement forever. But rich & wicked soul, wicked soul clearly revenges the wicked soul, the same wicked soul actor broken. But strong righteous soul can be defending from the wicked soul power.

The best thing is “the rich wicked soul” and “the poor righteous soul” living coexistence then, the rich wicked soul changed to righteous soul, the rich shared with the poor then same the poor, so long, during the rich wicked soul to change to righteous soul then the rich & wicked soul do role as the pair of the poor & righteous soul, so long the rich & wicked soul accept from the creative energy so long, the rich & wicked soul keep changed to righteous soul but also the rich of the old being the poor new soul beings. So long the besting is the rich & wicked soul and the poor and righteous soul is best pair then, the community place is itself is the righteous soul living righteous living place.

The poor righteous and the poor wicked soul

In this “the poor & righteous soul” main character is the poor & righteous soul, but here is the poor & wicked soul is must be seeing, because of the poor & wicked soul is majority in the SEEN world. This common factor is the poor & righteous soul, the poor & wicked soul. The poor is same but the righteous and wicked so different. The poor & righteous soul live excitement with the poor, but the poor & wicked soul, the poor is not satisfy living in the poor, so long the poor & wicked soul try to be rich, still the structure is “wicked soul ∞ , righteous soul is $1/\infty + \text{mind}\infty + \text{body}$ ” the poor & wicked soul role in the SEEN world, the criminal position, the poor of wicked soul is poverty actor.

In the SEEN world first level “mind level” living

The poor & righteous soul and the poor & wicked soul is mixed living
Here is the poor is same but seen the poor, but UNSEEN wicked soul and righteous soul

UNSEEN world wicked soul living	UNSEEN world righteous soul living
The poor & wicked soul = wicked soul	the poor & Righteous soul = righteous soul

In this “the poor & righteous soul” in the SEEN world, the first level,

“minds level” the poor & ~~wicked soul~~, the poor & ~~righteous soul~~, so long, in the SEEN world all same the poor is poor, so long there is no difference between the poor & righteous soul and the poor & wicked soul, so long both are the poor, because in the SEEN world wicked soul and righteous soul is not seen, so long in the SEEN world both living.

But in the UNSEEN world, the second level “righteous soul living place” and “the wicked soul living place” segregated. Here is there is not seen the poor, but only seen is wicked soul and righteous soul. So long righteous soul is located in the righteous soul living destination place but the wicked soul out of the righteous soul, so that the wicked souls are all lived the wicked soul living destination place.

The important thing is in the UNSEEN world, the righteous soul living destination place living with righteous soul actor just like “it shared time with others and help others, but also doing real love”.

But the UNSEEN world wicked soul living destination place they do not shared time with others, but also do not help, further more do not real love, this means changed explained then, the wicked soul living destination place is all are lonesome actors, but also they do not help others so long are living poverty, and thieves, robbers, and they do not know real love, then they false love in the wicked soul living destination place. Because they are all live in the SEEN world all seen the poor, but in the UNSEEN world the poor is not seen but the wicked soul is only seen, so that, they do not know righteous soul living, so that their eternity living is wicked living.

In this “the poor & righteous soul” this world is the poor is first level “mind level” but the righteous soul is second level “righteous soul living place”, so long, the poor and righteous soul, this is how to live is the poor & righteous soul living. It must be even the poor but the

actor live excitement as doing behavior of righteous soul living “it shared time with others and help others but also do real love others” so then it must be infer that even do not easy in living but in the righteous soul is∞, this actor do not complain of the poor living, live keep move to the righteous soul living destination place with excitement attitude, because the poor righteous soul can’t meet strong wicked soul brake all of righteous soul living but also stealth asset to live easy living offend to the righteous soul.

The wicked soul try to live easy living so that, somewhat easy necessary asset of the righteous soul is being target from the wicked souls who are the rich & wicked soul and the poor wicked soul. The rich & wicked soul fight all of the from past to now wicked soul living to the poor & righteous soul, but also the poor & wicked soul to the poor righteous soul, then the poor wicked soul every wicked soul behaviors. So long the poor righteous soul, both the rich wicked soul and the poor wicked soul are all do not interesting to the poor & righteous soul, the poor + righteous soul means all of asset help others, so long there is no any asset. So long the poor and rich wicked soul there is no interest with the poor and righteous soul, because all of the wicked soul busy gathering asset all of means, so long the wicked soul even know the righteous soul of the poor but, the wicked soul in the SEEN world, so busy making asset so that lost the poor and righteous soul, the wicked soul break righteous soul, but the wicked soul are busy in first level living “mind level” easy living. So that the moment, the righteous soul somewhat good for living as the righteous soul living, for this the poor & righteous soul actor living as the first level “mind level” living all of tortured living, too poor so there is no any wicked soul do not watching the tortured the poor & righteous soul.

The poor & righteous soul and the poor & wicked soul living in the

SEEN world, all are same as the poor, but the poor & righteous soul is has the future but the poor & wicked soul is there is no future. So long, in the SEEN world living must be needed to live on the righteous behavior, all the place time, the place is same place there is “righteous soul to wicked soul” so long, most moment in the SEEN world wicked soul make strong, or righteous soul make strong is a big difference, the righteous living under the poor is has the future but, the poor & wicked behavior then the poor do not have the future.

The rich & wicked soul live help to be the poor & righteous soul

In this “the poor & righteous soul” the rich & wicked soul is pair of the poor & righteous soul, so long, the rich wicked soul even the peak in the SEEN world “mind level” the rich& righteous soul after rich, how to live then, the rich & wicked soul must be live to be the poor & righteous soul. Because the rich & wicked soul must be know that the righteous soul living is better in eternity living. The rich & wicked soul must be live how a new living, a new dream this is get in to “the poor & righteous soul”, this is rule is adopt in the SEEN world then, the place must be living is getting better, because the rich & wicked soul origin Is not help others, but wicked soul of the rich, the wicked soul is role being the rich, but the rich structure “wicked soul ∞ , righteous soul $1/\infty$ + mind ∞ + body” then, here is derived from the poor structure “ knowledge what is in the poor & righteous soul’s living also much more easy and + realized from the knowledge, so called the rich & wicked soul minority the righteous soul helped from the poor & righteous soul, “ wicked soul $1/\infty$, righteous soul ∞ + mind $1/\infty$ + body” then, the strong the poor & righteous soul, helped the rich & righteous soul, how to be live excitement of righteous soul living.

That is the poor & wicked soul but the minority righteous soul getting realized, so long the rich & righteous soul so fear of wick soul, it must be appeared in the SEEN world, the rich in the helping others then, in the wicked soul understand “the poor is do not work and lazy, they are strong body so they must live their self, I don’t have to help the poor” so long the minority actor very weak in power, “even though

they are lazy, do not work, it must be helping is the poor can revive so it needed to help others” this is comes in the SEEN world, but in the UNSEEN world “the rich & wicked soul meet the poor & righteous soul” in the SEEN world before segregated wicked soul and righteous soul, so then the “rich & wicked soul minority touched to the strong righteous soul the poor & righteous soul” so then the rich & minority righteous soul learned the other living is after level, so called the “mind level” after it come to second level “righteous soul living destination place living” in this place actually it don’t necessary “rich and poor” is not the only thing is “righteous soul living”

so that the rich & minority righteous soul keep connect to the poor and righteous soul, so long as keep often meeting the poor & righteous soul, at now the rich and wicked soul as keep meeting the poor and righteous soul so then the rich minority righteous soul keep growing, so

Keep multiples meeting the rich and the poor so the rich asset all helped to the poor so long, the rich changed to the poor, but also, the minority rich righteous soul multiple helped from the poor & righteous soul, so long

The rich changed to the poor, wicked soul being $1/\infty$, righteous soul ∞ = original the poor & righteous soul so long, both the rich and the poor is all saved from the living the rich & wicked soul actor get the future of righteous soul living in the second level “righteous soul living place” but also, the poor in the first level so called “mind level” body living of the poor & righteous soul living so hard but the rich helping then the suffering in the SEEN world living also getting better. In the end both are better living.

This procedure in the SEEN world, the rich & wicked soul and the poor & righteous soul actor, so called in the SEEN world, the rich and the poor help each other's, so long, the rich and the poor community living is getting brighter but also living is so righteous in the end the place is keep growing because of the rich keep growing in the righteous, so long, the rich being righteous it means that the rich also produce righteous but also strong produce righteous is also the poor. So long, the place in the SEEN world best living place produced.

SEEN world, UNSEEN world mutual effective in living

In this “the poor & righteous soul” the rich, the poor related with SEEN world energy, and UNSEEN world energy. In this “the poor & righteous soul” the poor is related with righteous soul, but the rich is related with wicked soul. Here is must be SEEN world, the first level, “mind level” so that the rich actor tries to be the rich it must be infer that the rich is not doing based on “it shared time with others and help others but also doing real love others” if the rich do like this then it must be “the rich & righteous” this is best, but in this “the poor & righteous soul” here is righteous is living on the “it shared time with others and help others but also doing real love others”.

In the first level “mind level” do not see righteous soul, or wicked soul, so that they only see “the rich” “the poor” so long most SEEN world actor select simple hesitation but select living in the SEEN world “the rich”, most SEEN world living actors do not like living in “the poor” so long to be the rich, the rich must be strong fortune living actor, but the poor is not the fortune actor. Actually, who is live fortune in the rich, who is not rich in the not fortune. Actually, in the SEEN world all living diligence but also all try to be rich all of actor their best even just moment also, but the result is not all be in the rich living. SEEN and UNSEEN world an actor must be effect, at now all of living is inferable,

	The rich①	The rich②	The poor③	The poor④
SEEN world	righteous soul	Wicked soul	Righteous soul	Wicked soul
UNSEEN world	Righteous Soul energy	Wicked soul energy	Righteous Soul energy saving	Wicked soul Energy saving

This is in this book “the poor & righteous soul” inferable result, it must be the rich and the poor being variances are multiple, but here is inferable simple just soul’s energy using or saving is somewhat difference.

In this “the poor and righteous soul” is must be the poor③, still keep writing it, but also the rich is keep talking is must be the rich②, it must be the poor④ is poverty, then the rich① is must be creative rich, helped from the righteous soul knowledge explained. This actor already realized so that the righteous is same but the rich is very moment, so long the creature rich asset must be shared with the poor, so long originality the righteous is convergence to the poor③ so long, in the SEEN world, the rich and the poor is only seen do not know, the SEEN world and UNSEEN world energy. Simplify to be rich living then, the rich① is live righteous in the SEEN world the actor live “it shared time with others and help others but also do real love others” while the actor deep reach at the realized so long the actor touched to the righteous soul soluble knowledge so that the righteous soul get to the rich, but the living all living righteous so long the righteous soul living energy is so strong, so that the righteous soul behavior and UNSEEN world righteous soul living energy so called “blessed bank” energy is so huge so that the righteous soul actor for

the purpose of helping the poor, so that righteous soul actor being the rich, but in the rich② is the SEEN world the actor is so strong wicked actor, so long, the actor can get all of used means, so long all of others actor assets are owned by variable all of wicked means, so long, in the UNSEEN world “cursed bank” energy also so strong, so that the power of break other is so strong, so that the rich is typically wicked soul means used to being the rich. So long in this “the poor & righteous soul” and “the rich & wicked soul” is main character.

Here is rich ① is so hard, this living is comes in the SEEN world, the rich and respectable actor, so long the living all of righteous energy helping him, so long the rich① live whole of living “it shared time with others and help others but also doing real love others” so then the rich① is ideal actor, it also can be possible.

The rich ② is usual, to be rich in the all of moment used by the wicked soul knowledge, so that the actor all of energy seeking wining in the battle so then, the rich ② all of the actor time do not use for others for making the rich, but also the to be win in the battle getting rich, so that the energy all the time is not enough to help others, but also the rich② actor all forget doing real love, because the rich② is killer to get rich, so many actors are loss in the battle of making rich. So that the rich all of being procedures are distance from the righteous behavior, so long they do not shared time others and do not help others but also do not real love.

The poor ③ the poor living is to be righteous soul living only to be come back to the righteous soul living destination place. So that it don't mind being the rich, the rich living is easy living, but the poor & righteous soul, choose the poor, so long, the poor can live “it shared time with others and help others but also do live real LOVE”.

So long, the same the poor ③ can do same so that these poor ③ doing live excitement, because these the poor ③ it can shared time with others, help others, doing real love others. So the poor ③ living is excitement living, just one time in the SEEN world living then, it must be infer that live excitement living is better than easy living. So long the poor ③ they don't live rich, even they do not have in the blessed bank, but they all concentration to be living righteous living. But these actors all are diligence, but also working hard. So that, they must be very important because they produce the righteous soul living energy, so then they are fears of being wicked soul, then they all loss of the excitement living.

If the poor③ do not live righteous soul living then, it must be occupied the place instead of righteous soul but all occupied by wicked soul, so long the poor but they are beginning to be wicked soul so long, the poor & wicked soul is appeared. Truly in this “the poor & righteous soul” is main character but, it was confused in the first time of writing, it was recognized as the poor feeling fear of the poor, that is the poor④, the poor ④ is so pitiful because of the poverty the poor ④ living is SEEN world living also poor and in the second level “righteous soul living” place also do not live that place, so long the poor④ is really fear living.

So long in the SEEN world, living the rich and the poor all related with SEEN world UNSEEN world, a actor try to be live but the actor can't live rich, but also the actor also to be live the poor but also it is not easy, because of each actor has the difference energy in the “cursed bank” or “blessed bank” so long, all is living must be related with each bank increasing energy is living in the SEEN world, but please know the ”cursed bank” even this energy can be rich but the cursed energy origin rich is not going eternity, so long, the rich living

is righteous living or not is clear. Here the rich ② is use the “cursed bank” then the rich must be live rich, but the rich “cursed bank” energy so called the wicked soul living so that in the second level “righteous soul living time” the SEEN world recognized the rich is not recognized in the second level “righteous soul living time” there is no any rich and the poor but also wicked soul also, the only the righteous soul living in the righteous soul living destination place. So called in the second level “righteous soul living time” the only the righteous soul actor living excitement.

Righteous soul behavior helped from righteous soul living destination

In this “the poor & righteous soul” the poor and righteous soul is key word. Righteous soul living is doing real love and creature. So long righteous soul is so pure so that the righteous soul live in pure, pure relative with the poor, so that the righteous soul living relative with mind is $1/\infty$, here mind do not know the soul living place experienced.

Righteous soul living actor doing in creature, real love, the surly wicked soul disturbs in acting it. So then, strong wicked soul anti power of righteous soul living actor doing creature and doing real loving, because the wicked soul living is revenge and break others. So long, if do not live in righteously then right the time occupied by the wicked soul actor the place. So long, the wicked soul tries to break others but also before world time lived as wicked soul then, another wicked soul actor do harmed the wicked soul so that the wicked soul revenge the wicked soul.

In first level is “mind level” the actor structure is made of “wicked soul, righteous soul + mind + body” here is “mind level” main character is “mind” in the first level, “mind level” mind is desired to be rich, to be rich all of means used, so long “mind” is not organism, but wicked soul, righteous soul and body is organism. So long “mind” to be rich all of power all use, the power is “wicked soul” so long in the first level is to be rich is combined all of power “wicked soul ∞ + mind ∞ ” so long, here is to be rich the wicked power of breaking power is adopt, so long so many angers but also the power of revenge so long in the wicked actors the harmful actor used the wicked soul to revenge so long, the wicked soul rich must be break all of

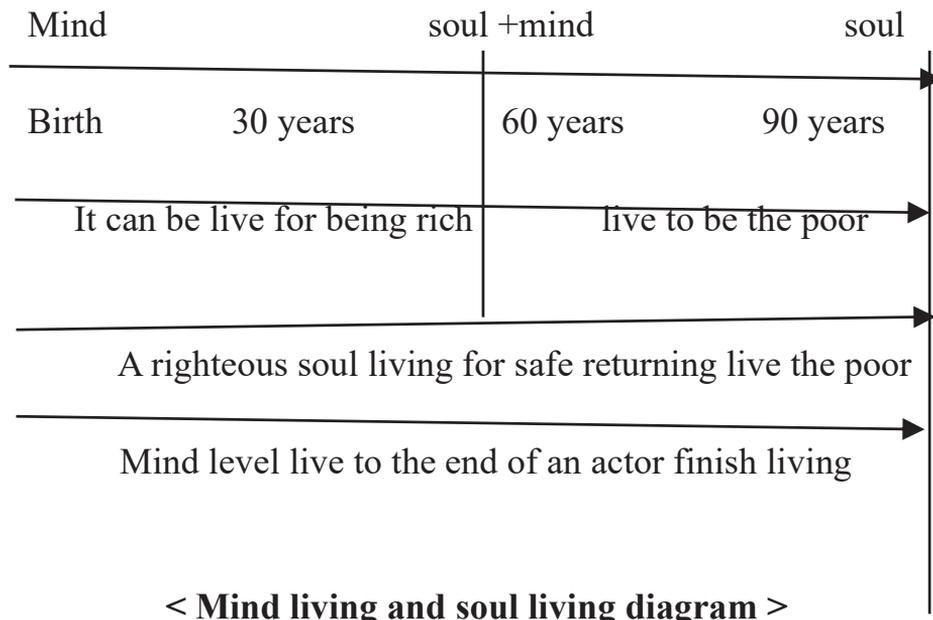

happening is occurred.

Righteous soul living is “it shared time with others and help others but also doing real love others” but also to be living is not related others but creature living. On this behavior is all related with righteous soul living destination energy.

Here is the righteous soul living means that person, singular living, a actor living structure is “wicked soul, righteous soul + mind +body” mindful living, first level living is “wicked soul, righteous soul is closed but only living “mind +body” so long, all live for rich living in the mindful living, because they do not know the “wicked soul, righteous soul” living but in the meaningful of the second level is a actor to be live like is “righteous soul living place” so then, if a actor realized that the mind is $1/\infty$, then after that it appeared to the poor & righteous soul living actor showed to the “ righteous soul living”.

it must be variable infer that this second level is soulful level, so long in the living concept is then the changed to body to soul, so long the poor & righteous soul living actor can go to the righteous soul living destination place.

But the living must be have in the SEEN world a actor, so called out of the mindful living so called “mind + body” then the mind is $1/\infty$, then open for the poor & righteous soul actor can open the righteous soul living destination place. So long the actor feels live real excitement in the poor living & righteous soul.

It must be live so early live in the poor living then the actor must be live righteously, so long the actor living must be segregated from the wicked soul, but also the actor helped from the righteous soul living then, the actor must be infer that the actor so early it can be the mind is $1/\infty$, so the poor already being the righteous soul, so long in this “the poor & righteous soul” main character is forming then the actor lead the poor & righteous soul.

But the mindful actor live for the mind, so called to be rich all of time used so that the actor if reach at the rich but the actor living only “mind +body” living so called the actor can’t coming back to the second level “righteous soul living destination place”

But as most case then the actor tries to live to be rich, all of mind and wicked soul used to be rich, even in this time truly not a soul but mind

is major but mind much more get to be rich then, all of power even wicked soul, this explained to be rich it's possible energy, power means all used to 60 years, but after that the actor try to live to be the poor, then, the actor try to be poor but rich so that the time is must be try to live the poor & righteous soul living comes.

This living time is so important an actor all of asset donated to the poor then the moment the actor being the poor, but also the donation soul is righteous soul, righteous means correct soluble so that, the old time all of the asset help the poor then, it comes the righteous soul living is comes.

Righteous soul living is helped from the righteous soul living destination place.

Righteous soul living is "it shared time with others and help others but also doing real love" if the actor do not live in this righteous soul living, then it comes the wicked soul occupied. Wicked soul can break and revenge, so long living itself is not peace, but all the time is turbulence living.

To be peace the living must be live in the righteous soul living. Then it must be helped from the righteous soul living destination place. So long the righteous soul living actor used the righteous soul living destination place "blessed bank". So long the righteous soul actor living keeps live safe and peace.

Righteous soul living & the poor

In this “the poor & righteous soul” righteous soul living must be basically realized, but also righteous soul living actor does real love others and help others but also it shared time with others. So then in the oriental philosophy books terms, the virtuous gentleman(君子) similar but, in this “the poor & righteous soul” actor is not similar because of in the philosophy of oriental then the power, famous but in this “the poor & righteous soul” is even the righteous soul actor live in the virtuous gentleman but the poor & righteous soul is not point of social but the person, so that the righteous soul living actor live do righteous soul living. In the really poor living, there is no any power, just hidden place, so long, some of social systematically power try to build, their standard and their knowledge so long, the social power make frame working “it required the programs” so long “the poor & righteous soul” the actor segregated from the social powerful system frame work groups.

In this “the poor & righteous soul” the righteous soul living in the poor living, then the actor must be strong knowledge to evaluate of virtuous gentleman (君子) living. So then, most social power frame of the virtuous gentleman theory must be counted on the strong power of learning knowledge power. So that in the poor living righteous soul living also, has the power to live on, so long, in this “the poor & righteous soul” it mixed with, the righteous soul and the poor, so that, here is the poor means that social opportunity rare to the poor, all of the social knowledge information is not communicated with the poor, so long, the poor do not live simple safe living, their all of living is located in the hidden place, that is not sin to the poor, but in the social power make the poor sinners, so long in the first level “mind level” social all of mind power push to the place of the corner, so that the

poor & righteous soul actor it never sinful lived, just live in righteous behavior, “it shares time with others and help others but also doing real love” in this “ the poor & righteous soul” righteous criteria is the simple, shared time with others and help others but also doing real love others” so long, they live fully living righteous soul living. Because the poor righteous soul living itself is the righteous soul living. But in the social power of the virtuous gentleman(君子) try to do knowledge power basis, so long, the poor is not count on the social virtuous gentleman(君子), most do not seen from the personal but the from the social point of view, because of the social power must be recognized to social norm, so that the social power produce the virtuous gentleman(君子) is not same from the personal center “the poor & righteous soul” then, this actor is much more pure righteous soul, because the “the poor & righteous soul” it don’t have to social recognition, the important is that in this “ the poor & righteous soil” is not a social but the soulful world aiming.

It must be the virtuous gentleman(君子) is living under the first level “mind level” so long it don’t have to keep a criteria of the righteous soul living “ it shared time with others and help others but also doing real love others” so then, social power then the power must be mixed all of not pure knowledge, but the “the poor & righteous soul” is purely a personal, or actor just righteous soul living.

The righteous soul living actor structure is “wicked soul $1/\infty$, righteous soul ∞ + mind is $1/\infty$ + body” so long, here righteous soul behavior is the actor himself urgent to live for the purpose of righteous soul’s travel route “start from righteous soul living destination place for the purpose of bringing the lover back to the righteous soul living destination place, the righteous soul meet in the travel the wicked soul who is try to revenge and break others, the soul

argue it must be go to travel opportunity 1 to 1, so then, the wicked soul get on the righteous soul actor traveling, so righteous soul live with the wicked soul” this is the beginning, but the righteous soul living destination place has been lived “ it shared time with others and help others but also doing real love” the best living place but the wicked soul living place “all of revenge each other but also break others” so long in the meeting, the righteous soul and wicked soul, so long, the righteous soul doing thing is only do “real love” this is only tool to live between the righteous soul and wicked soul, while the wicked soul keep try to revenge but also break the revenge target then, the wicked power getting strong then, the righteous soul traveling route must be “deviate from normal track” the righteous soul normal route is “doing real love the wicked soul so that the wicked soul changed to righteous soul in the end getting strong righteous soul making, because of the in the soul room, unify from wicked soul and righteous soul but 2 righteous soul living” it means that the 2 righteous souls are in the righteous soul living actor, so long the righteous soul living actor try to find and get the Lover, the love if live in the righteous soul living then, it must be live excitement in the point of view, but the lover is now occupied by wicked soul, then so long, the strong righteous soul actor, to save the lover, it must be love strong to the lover strong wicked soul, so long the lover weak righteous soul to survive and make strong help the wicked soul’s righteous soul from the strong righteous soul, but also righteous soul living destination place “blessed bank” energy usage also. So long the righteous soul all of effort to do real love the lover then, the lover also being “strong righteous soul” so that the original righteous soul, do at first solved the first meet wicked soul saved to make righteous soul it means that the wicked power disappeared, so long in the soul world saved the wicked soul, but also the lover wicked soul save to righteous soul, so long the origin righteous soul, 2 wicked soul make mutation to righteous soul, but also save the 1 righteous soul make strong, so

that the righteous soul living comeback all of problems solving. And at last it returns to the righteous soul living destination place.

Social power recognized actor virtuous gentleman(君子) living must be structure is “ wicked soul, righteous soul, + mind + body” living equality so long, the social living must be the virtuous gentleman(君子) live with all of variable actors in the first level, so long it is simple, the rich and the poor, but the virtuous gentleman(君子) must be live with social ranking order power living actor so then, it must be live with the rich actor, so long the rich structure is “ wicked soul ∞ but the righteous soul $1/\infty + \text{mind} \infty + \text{body}$ ’ so long the social power produce the virtuous gentleman(君子), but the social power standard still has the structure is not predominated by the righteous soul. so long the poor and righteous soul, living all of suffering time, but also the righteous soul living is urgent if do not live righteous soul, the righteous soul traveling route must be fallen to out, so long, the righteous soul traveling time must be do not complete the travel mission. So that even in the social power of knowledge push to the corner of the poor living place, but in the poor living, the poor live “ it shared time with others and help others but also doing real love” then the living behavior helping the self-righteous soul do love real loving the wicked soul, so long, by the righteous soul living then, the poor living actor body help the righteous soul mutation the wicked soul to righteous soul living. So long in the poor living righteous soul actor, all of the behavior is itself is righteous soul living traveling.

The righteous soul living is so hard but all overcoming for the safe returning to the living righteously in the righteous soul living destination place. So that the person, the actor living is not related with strongly social, but the actor living all related with righteous soul can get travel original route going. So that the righteous soul living

must be temptation from others powers. Correct living righteous then,
the actor after traveling must be reach at the first aims.

Righteous soul and creature

In this “poor & righteous soul” it must be righteous soul role is very infer that it must be produce of righteous soul energy, what is the righteous but also, righteous must be relative correct, so then, the righteous soul give correct answer to the problems, so long, the solving the problems power from righteous soul living, righteous soul living all of the righteous soul, they must be produce power of righteous, righteous power, corrective living, do not cross the line of wrong doer, then it must be righteous soul learned the righteous knowledge, so long in seeking correct answer then, it must be solved by the righteous soul actor, so long, the new creature in the SEEN world, comes, so long, righteous soul and creature is not strange, so long, in this “ the poor & righteous soul” so long, the righteous soul creature so long, the poor & creature, creature must be comes so long endurance in faith to solve the problems, so long a new creative, so long, this living is kept in poor living, so long the poor actor meet the righteous soul helping in solving the problems, so long, the righteous soul comes to help the righteous living the poor, the poor living actor create, this is infer that a new and righteous creative power in the poor actor, in the time of creature also where located in the poor, so long, the creature knowledge do not temptation to the wicked soul, so long in a moment it comes only living righteous soul living time, but the wicked soul know that the solution of the problems is can be making asset, so then wicked soul actors will try to get it, anyway the creature is owned by the righteous soul, it must be live in righteous soul living even in the poor, but the poor cling to a problems then in the end the poor get to solve by helping from the righteous soul living destination place “blessed bank” energy.

Creature and rich living must be explained by the creature is righteous

soul, the rich is wicked soul, so long, in the SEEN world if keep produce creature then the community is righteous soul living, so then, the community still righteous actor governing place, but if do not produce creature solution in the community then, the place is the rich existence knowledge governing place, so then the place is governing by the wicked soul. There is no create then the place is the old and old knowledge power governing. There is no any bud but all old, so long, the green new generation must be hard to live on, this is result of the wicked soul actor governing.

In this “the poor & righteous soul” then in the poor, but they are all live in righteous then, even they are poor but all are righteous soul, so long they live “it shared time with others and help others but also doing real love” so that in this time all of creature power is so strong, so that the poor live excitement, because the poor do not fight to get asset but, they live on the power of creature, they all get basis of living by the creative, so long the poor all do not hard in the poor living actor relationships. The poor & righteous soul is helped from creature power, so then; all is being true living, in the poor & righteous soul community there is not important still is the righteous living, but in a place there is no any creature so long, the wicked soul actor governing time comes, so then, the wicked soul is so strong, the community is governed from the wicked soul living destination place “cursed bank” energy is used, so that the wicked soul actor governing place, a strong wicked soul to live on rich, it must be used the tool of the wicked soul living place, that is “revenge and breaking power” so long, they stealth the creative build asset, because of the wicked soul actor try to live easy living, it required a wicked soul actor use power of strong “revenge and break” power, all of the righteous soul living energy all get by the wicked soul, so long, they do not have power but they can get by the wicked soul helping. In this place is must be not creative so long, they use only the past old knowledge so that, the wicked soul

living community just do not solve the community problems because all of source of problems from wicked soul actor “revenge and break power” but they do not solve the problems, they try to solve the problems old knowledge then, the wicked soul living place going deep in to problems.

Because of wicked soul have not power to creative, so long, they must be live in righteous soul living then it comes new and creative solution will comes. This is very simple righteous soul living is “it shared time with others and help others but also do real love others” if do not live then, it must be hard to live righteous soul living.

Then how to live righteous soul living, it must be live in the poor, so then, the wicked soul must live hard in the poor living, then it comes appeared to live righteous living. The rich with wicked soul living, then the rich and wicked soul live in easy it based on the power of wicked soul living destination place “cursed bank energy” then, the place main character is wicked soul, so that wicked soul live in easy living, because they have power of “revenge and break” so that “the poor & righteous soul” do not have so after creature then some while after the wicked soul can copy the creation knowledge, so then the poor & righteous soul actor pushed in to corner so long, it occupied by the wicked soul so long, the wicked power is must be used, the strong wicked power all occupied in living easy. So long, the place there is no any “the poor & righteous soul” so long the time must be wicked soul living actor get well in the living.

Mind + wicked soul

Creation point = Righteous soul + mind, wicked soul $1/\infty$

“The poor & righteous soul” creates a new solution, but the rich do not create so long the wicked soul combined with strong mind, to be easy living, the rich and wicked soul copy the creative knowledge. It must be here is infer that the creation of righteous soul living must be short time, the time is “the poor and righteous soul living” the time produce the new creative knowledge, but after soon the place occupied from the mind & wicked soul. So long so long time wicked soul occupied place, so long, a rich in easy living, but the others do not easy living. But even does not easy living the poverty actor also try to live in easy living, the place are all actors are revenge and break power, so long, the place all wicked living place, so long

The poor & Righteous soul = Creation point = righteous soul + mind, wicked soul $1/\infty$ ①

The rich & wicked soul = mind + wicked soul ∞ + righteous soul $1/\infty$ ②

The poor & righteous soul living must be still do not changed, this the poor and righteous soul actor must be live in excitement, so the small and the poor personal actor also live well, in the creation point, so long in this point the wicked soul so weak, so long, the poor & righteous soul actor live well, they live simply “it shared time with others and help others but also doing real loving others” this is very simple, so that if this simple behavior keep then, it must be wicked soul keep weak in living, so long, the wicked soul actor living energy is “revenge and breaking” so long, the wicked soul keep revenge and break the righteous soul living, so long the wicked soul actor getting

strong.

At last, the rich & wicked soul = mind + wicked soul ∞ + righteous soul $1/\infty$ ②

The rich has the chance to be rich by breaking the all of righteous soul living, so long the wicked soul keep braking the righteous soul living “it shared time with others and help others but also the doing real love” so long wicked soul living time must be “do not have time with others, do not help others, but also do not real love others” this is real of the wicked soul energy past growing, so that in the wicked soul living destination place “curst bank” energy so past increased.

So long the place all occupied by the wicked souls, so that the place being push the poor and righteous soul in to the corner. Actually the poor actors are all lived in the corners. In the SEEN world, the righteous soul is not seen but only seen is the poor, so that the poor there is no any power, they live in the corner because of strong wicked soul power. They are all occupied to the place so that the poor & righteous soul living must be so hard. So long, the poor must live in the righteous soul living, and then the place occupied by the wicked soul, then, the place is live in righteous soul, the poor & righteous soul must live strong righteously.

The poor & righteous soul living is the righteous soul actor bud, green living, so that the righteous soul in the poor, even they do not discriminated from the righteous the poor and wicked the poor, but wicked the poor must be wicked behavior actor, but the poor and righteous soul actor must be live in excitement even the poor but they live excitement “it shared time with others and help others but also doing real love others”

This is very important to live, the poor even not easy living but live in excitement then, this is the poor & righteous soul, so long the poor and righteous soul living actor brought to change from wicked soul

living community to righteous soul living community. So long the place the poor and righteous soul living actor can be live excitement eternity.

The poor & righteous soul to be strong righteous soul

In this “the poor & righteous soul” righteous soul, is appeared from the mind is $1/\infty$, then the actor see or realized that souls are righteous soul, and wicked soul, here is the center actor is righteous soul, so long righteous soul living program then, the righteous soul living actor must be live in the first level “mind level” there is possible survive in the first level, the actor then, the actor live in the “poor & righteous soul” the poor living is “it shared time with others and help others but also doing real love” then it must be live in righteous soul, so long the righteous soul can reach at the second level “righteous soul living place”.

This is righteous soul living actor process, then, the wicked soul living process is “revenge others and break others” this is wicked soul behavior, so long, the wicked soul plus righteous soul and poor, then it must be wicked soul + the rich, then the wicked soul to be rich use strong power of “revenge and breaking power” in the bottle to get a strong rich asset, the rich & wicked soul can possible. But the wicked soul and the poor, the actor power also “revenge & breaking” so long they are all convict living. So long the wicked soul living actor can be cycle, wicked soul living ~ wicked behavior ~ wicked soul living destination place living. So long they do not know other living of righteous soul living, the living is “not me but you” just like all be live in “it shared time with others and help others but also doing real love” this living all forgotten but they all try to get much more than others to be the wicked soul used the power of “revenge & break power” so long, the wicked soul try to get easy living so that all of means use stealth the righteous soul start living conditions. Anyways the wicked soul must be live in the righteous soul so long the righteous soul to be live in the righteous soul the soul living must be

make strong real love the wicked soul

Wicked soul	Real love	Righteous soul
To be live rich the wicked soul Use “revenge, breaking power”	weak	Then righteous soul power Is feeble, almost disappeared
The rich righteous soul revive The rich help others, righteous behavior	strong	Righteous soul is strong Do real love the wicked soul

A wicked soul is so strong then, the actor lives for the purpose of being the rich, the actor all use energy “revenge and breaking) power then it must be the righteous soul disappeared from the soul. The rich wicked soul must be not in to the second level “righteous soul living” place do not going into, so long the rich & wicked soul is not appeared in the righteous soul living destination place.

A strong righteous soul meets strong wicked soul, so long, if temptation of living rich living then, the actor must be losing the living of righteous soul, so long the rich & wicked soul occupied in the SEEN world actor living. Here is strong righteous soul, and strong wicked soul, so long these actors are infer that possible energy is so strong, so then a strong righteous soul if live in righteous sly then, the strong righteous soul actor living in a place, then the poor & righteous soul must be live under the strong righteous soul actor, then the place is peace and living excitement living. Every place all same ratio strong righteous soul and strong wicked soul is appeared, so long what is the strong righteous soul, it must be the strong righteous both

living easily just live the rich & wicked soul but also, the poor & strong righteous soul, but if the strong righteous soul live in the rich & wicked soul, then the rich must be not in the righteous soul, so long the strong righteous being the weak righteous soul but strong wicked soul so that, “the poor & righteous soul” actor must be live in so hard, so difficult living and come to second level “righteous soul living destination place”.

But the rich righteous soul being real love of the poor righteous soul, then the rich weak righteous gradually increased to the rich righteous soul get in to strong righteous soul, so long, the rich righteous soul keep helping others but also the rich righteous soul must be comes strong righteous soul, then the strong wicked soul both living, then, the strong righteous soul do real love endless the strong wicked soul, so that the rich actor live in righteously.

The rich righteously actor real loved from the poor & righteous soul, so long, the rich righteous soul being to the all shared time with others and help others but also doing real love others” so that the rich living actor even in the UNSEEN world already being the poor but, in the SEEN world, out of the actor see the rich living actor also can be inter into the second level “righteous soul living place” but actually in the UNSEEN world the rich is not rich but the righteous soul only recognized.

The rich & righteous souls are not appeared in this “the poor & righteous soul” but the rich & wicked soul connected to the righteous soul real loving. The rich & righteous soul must be role for the righteous soul, this is righteous soul, so long, and the righteous soul powerful soul mission is to live righteous soul living then the strong righteous soul mission, is even strong righteous soul must be live righteous soul living with “it shared time with others and help others but also doing real love” so long, the strong righteous soul create a

better for the righteous soul of the actor “the poor & righteous soul”, it must be infer that strong soul actor as result in the SEEN world good living, best condition living actor live sacrifice, standard living which is not living easy living, then the strong righteous soul can overcome of the strong wicked soul, then the strong righteous soul being the strong doing righteous soul behavior in the SEEN world, but strong righteous soul also the strong wicked soul, so that strong wicked soul try to live easy living in the SEEN world, so that the SEEN world living, the strong righteous soul is estimated but in the SEEN world there is any place the strong righteous soul in the poor living. “The poor & strong righteous soul” then around of the strong righteous soul actor living, the strong righteous soul real love the poor & righteous soul, and then the poor & righteous soul living must be so excitement living, so that it infer that the strong righteous soul must live doing real love the strong wicked soul, then the community must be righteous soul living full occupied so then it must be in the SEEN world living is excitement.

The person in the SEEN world, without any suspicious, the strong righteous soul and wicked soul= in the SEEN world brilliant actor, so called the righteous soul actor living destination place expect to live as righteous soul, so long safe comeback to the righteous soul living destination place, but also the strong wicked soul try to be live in rich so that, the strong righteous soul is daunted so that the rich& strong wicked soul live in the rich, originality strong righteous soul actor forget the place of righteous soul but the rich & wicked soul, is easy living in the first level, so long, the rich & wicked soul live in rich.

The brilliant actor living can live the poor and righteously, then the strong righteous soul actor can live “it shared with others and help others but also doing real love others” then the place must be

righteous soul living place, as the strong righteous soul live in the poor & strong righteous soul, then the poor & righteous soul live in really excitement living.

Please the brilliant actor in the SEEN world; please live only do live rich but to live righteously then the strong righteous soul kept living, so then the strong righteous soul live in righteously but also the strong righteous soul can reach at the second level “righteous soul living place”. If the strong righteous soul living actor righteously living in the SEEN world, then the poor & righteous soul actor must be live in excitement forever. Say again the strong righteous soul must for ones live in righteous soul living then, the strong righteous soul even poor living but the actor can get eternity righteous soul living destination place.

What is “the poor & righteous soul?”

In this “the poor & righteous soul” it surly “the poor “and “righteous soul” is key word. I try to explained “the poor” and “righteous soul”, here is “the poor & righteous soul” is the righteous soul get off “righteous soul living destination place” with “real love energy, or living tools”. Before moving to long tour the righteous soul imagine “I will live in the SEEN world as righteous soul living, so that I can shared my time with others, and helping others but also I will doing real love others” so long, the righteous soul living must be busy in living righteous soul living. But the righteous soul does not know, only in the SEEN world happen just living “the rich” or “the poor”, doing righteous soul living then the poor required.

Here are “the rich” and “the poor” only in the first stage, so called in the “mind level” living behavior. The rich is explained much more gaining then the poor has asset, but also the poor is explained much less gaining than the rich as asset.

So long, the rich to be much more get asset, the rich do live diligence for getting much more asset, so long, all of the rich time used, and much more the rich very save all of asset do not give other, furthermore the rich do not know doing real loving, because the rich try to get more, so long, loving also used as the making asset.

The rich structure is “wicked soul do not know doing real love, so wicked love false love, there is real loving, so that Righteous soul living weak, but also mind is main prime is to be rich, so long to the rich “mind is so huge∞ and body is all tired with try to get much more asset. So long, the rich is strong wicked soul.

Righteous soul mission is do love real love the lover and then bring

the lover to righteous soul living destination place much more importance thing is comeback safe to the righteous soul living place even single.

This mission righteous soul very urgent this is at first the righteous soul survive as the righteous soul, second make in the same place wicked soul make mutant to survive only doing real love wicked soul is second detail working. Then the righteous soul governing the SEEN world actor structure is “wicked soul get be mutant to righteous soul so that there is no wicked soul, so that the righteous 1, and original righteous soul 1=2 righteous soul. At now the righteous soul actor dreamed before leaving righteous soul living destination place, the dream is bring back with lover to this righteous soul living destination place.

The righteous soul living actor is core soul, righteous soul only doing real love, but also righteous doing only do creature because creature is the power of real problems solving. So long righteous soul living actor’s usual behavior. So long in the king of righteous soul living destination actor expect to live righteously in the SEEN world.

But in the SEEN world, righteous soul living voyage it is not easy, the righteous soul mission is a lover safe bring back to righteous soul living destination place.

These missions obstacles are wicked soul “revenge and break power” and “mind” is very cling to the “body” so long, righteous soul safe living condition is not any place, here is “mind” is friend with “wicked soul” so long, to the righteous soul so hard to overcome of the “wicked soul; revenge and breaking power” and “mind to be rich with body” so long righteous soul living place in the SEEN world, the new place is must be out of the “wicked soul; revenge & break power”

and “the mind to be rich with body” so long the righteous soul living place is where, the righteous soul characteristics is generally accepted is “doing real love others” so long the righteous soul must survive with others so long, it shared time with others, but also help others, the best place is in the poor living.

So long the righteous soul living place in the poor living. The poor living is best place to the righteous soul, righteous soul actor main concerning is time is necessary to make mutation in the same place wicked soul to righteous soul, so long the righteous soul, must be live in the righteous soul behavior is easy place, so long, the time is very hard time to the righteous soul, so long in this time all of the body occupied by righteous soul, so long the righteous soul feel in the criteria of righteous soul living. So long the righteous soul overcoming with a wicked soul behavior. The wicked soul behavior is “revenge and break power” so long the righteous soul only doing real loving to the wicked soul, so that in the place of the righteous soul with body, do live in righteous soul living, so that keep supply righteous soul energy through “blessed bank” which is located in the righteous soul living destination place. The righteous soul body keeps righteous soul living and super strong power of energy is religious behavior also, so long, the religious energy help though “blessed bank” so long the body and righteous soul keep living righteously behavior.

So this, righteous soul living actor, to be safe return to the righteous soul living destination place, how hard, how difficult so long, righteous soul must be dangerous with “wicked soul” so long if the wicked soul getting strong then, the wicked soul power of revenge and breaking power, so that, in the SEEN world, the actor living losing power to the wicked soul, then the actor can be live wicked soul living so that the righteous soul must be swept away by the wicked soul living, so then the righteous soul living is disappeared from the righteous soul living tour.

So that the righteous soul must be get on the poor living in the SEEN world, because of in the poor living place, the wicked soul energy it don't have to use the reason why? The wicked soul energy power is "revenge and breaking" so that in the poor living that power it don't necessary, so even the wicked soul so huge it don't make sense, because there is no any easy living energy, if the wicked soul to live in the poor living then, the wicked soul so hard to live on, there is any soul energy, so long, the wicked soul getting weak, but righteous soul behavior living is so excitement in the poor living "it shared time with others and help others but also doing living real love others" so long in the poor living the wicked soul in the end get mutation to the righteous soul living soul.

Then still is not understand in the point of SEEN world actor, the SEEN world who is the poor? The poor is defined in "the poor & righteous soul" then the poor is righteous soul living actor can live place supplied actor, then the poor is defined. The poor is not poverty in the SEEN world, the poor must be righteous soul actor living place is the poor. It defined that "the poor" is righteous soul residence, so long the poor is righteous soul living actor all governing the body that is the poor.

The poor & righteous soul living with courage

In this “the poor and righteous soul” in the first level “Mind level” all of living actors are run for rich, this is Mind level best living, so called this place is rich is best accomplishment, so long in the “Mind Level” The poor is no one want to go the place of poor, so long, in the “mind level” if a actor live at the poor then it must be one is mental retardation, the other is not start to be rich with courage. So long here is the poor & courageous living. This courage is living righteous soul living segregated from the wicked soul of the rich. The poor living is so hard living, at first the poor living is segregated a big wicked soul living, so long, the criteria is wicked soul living, the righteous soul living criteria of the poor living, so long the poor living in righteous soul, but the big try to be rich still they are also poor, or running being rich, but they are all criteria of wicked soul, so then, even the wicked soul actor living is wicked criteria but majority criteria is rule so then to be rich group all of means are used to collect asset, so long in the poor righteous soul living criteria is “righteous or not” is criteria but the to be rich group is “gain and loss” is criteria so called the righteous soul living is excitement living doing “it shared time with others and help others but also doing real love” but the to be rich group but also the rich is easy living so that here is easy living is only me easy living so that it do not know the righteous soul living “ it shared time with others help others but also doing real loving” much more clear terms is the poor and righteous soul living is “ not me but you” but the rich and wicked soul is “ all is for me not others”.

So long living the poor and righteous soul living is simple, not multiple so that the poor living actor living place is corner living small community or an actor living world. Just a actor living is “poor and

righteous soul living” an actor living must be doing poor & righteous soul living, then how to live in this SEEN world try to be rich world, this is must be not fit in this “poor & righteous soul” so this book must be attacked by to be rich group, this book already definite “the poor & righteous soul” the poor is a righteous soul actor living destination place in the SEEN world, because the righteous soul can living in the poor, it much more deep writing then, “ all of the actor has the structure “wicked soul, righteous soul, + mind + body” the soul is living in the same place “wicked soul, righteous soul” so long, it infer that also “mind +body” also is same place living”.

So long then, in the first level realized actor understanding then, it must be anger with do live “poor” living, so then in the first level” mind level” then actually the actor are realized in the “mind is ∞ and body is ∞ “in this structure is recognized in the SEEN world first level, so that in this “mind level” is all of actor run for the mindful so called to be rich living to be mindful and easy living”

So long, all of actor does not know because of “mind level” all of actor run for the mind fulfillment living. So long in this recognition, the poor living must be treated as considering sin, so that the poor itself is sin, in the first level, all of actor run for the rich but the poor. So long, in the first level living actor will read this book so anger or do not read this book, so long, in the SEEN world actor understand living “the poor & righteous soul” it must be hard to make understand the running to be being the rich, so long, they are all living in the criteria of the “gain and loss” so long all the to be rich actor living with the gain place living. So long losing place tries to do not living. The purpose of living is to be rich so that, the rich & wicked soul is not seen in the SEEN world of the first level “mind level” just seen, the poor (righteous soul unseen) and the rich (wicked soul, unseen) so long, so that the first level living actor do not want to be the poor because the living is so hard, the rich group hidden the wicked soul

so long, absolutely distance from the poor, so that the poor and the rich do not live in a same place, so that the rich & wicked soul is only living with to be rich living group, but the poor righteous soul living group is living with righteous soul living, it is very good time to the righteous soul, so long here is SEEN world just only segregated from with the rich & wicked soul or to be rich souls are all wicked soul so that they can live their themselves, but the poor & righteous soul living with others righteous soul actors. So long here is really lucky to the righteous soul living actor can survive in the SEEN world, righteous soul living actor live in the poor, so that righteous soul living can live in the SEEN world.

The poor and courageous living, how to live in the poor, what make the actor live in the poor, what make live in righteous soul living, even in the SEEN world do not discriminate righteous soul from wicked souls so that, the most important thing is me, me is center, with me and around are, so long how to live is really in me, not others, because of the poor living & righteous soul is the poor is a righteous living house, the poor is house, the righteous soul is residence in the house, so long, the house is the poor, the righteous soul is the poor living residence, so long, this is all in the me recognition, so long a actor realize, a actor structure is “wicked soul, righteous soul + mind + body” then in the SEEN world, mind is $1/\infty$, then appeared come to the actor, the soul which is being righteous soul or wicked soul, so long, the poor & righteous soul is really a poor living, so that the SEEN world, a reader of this book then it must be deep realized that, this book is not criticize the rich but offence the wicked soul.

Here is trying to saying that, the rich must be all likeable, so then here in the “mind level” the rich must be main character, the poor is minor character, so that in the “mind level” the rich is strong power living, but in the poor living is so weak living so then,” the poor & righteous

soul” comes, why in the SEEN world all of the rich and strong power living actor living but also they all get knowledge in the all of living for the purpose of being rich, so long, this is prime rule so that the rich living all get, the poor living do not anything getting. So long the righteous behavior is coming up, so long,” the poor & righteous soul” the poor living in the SEEN world, the poor living with minority living then, the living must be live in the rule of righteous soul living it is very simple “it goes with time with others, and help others but also doing real love others” then the living is righteous soul living.

Here is strong discriminate the one is “the rich & wicked soul is power living but also major living, the rich & wicked soul pursue to live on easy living and the living is gain and loss criteria” other is “the poor & righteous soul is living is poor and weak living, they live in “righteous or do not righteous” criteria so that the poor & righteous soul is live in excitement with others”. So long the rich & wicked soul, and “the poor & righteous soul” is simply living method is “the rich & wicked soul living is based on “gain or lose” but “the poor & righteous soul living is based on “righteous soul living or not”.

The poor & righteous soul living give up of being the rich, rather than live easy but live in difficult living, so long this decide is helped from the courageous righteous soul actor’s, righteous soul has the real love, so long the righteous soul touched real love and courageous soul, real love and courageous is strong helping each other’s, righteous soul behavior power from the courageous energy, it must be real love and courageous is related from the righteous soul living destination place “blessed bank” energy so long the righteous soul living energy, righteous soul living must be helped courageous power which originated from the “blessed bank” in the SEEN world, most actors are all run for the to be rich, but a righteous soul live in the poor, so long, the poor living is house of the righteous soul living place in the

SEEN world.

In the SEEN world, majority is “the rich & wicked soul, to be rich group” they all criteria are strong asset, so they all try to live easy living, so long they wicked soul temptation others being the rich, but actually the rich & wicked soul knows that all of the actor do not to be rich, even though but all instigate actors to be rich then the rich do live easy the poor living is hard, so long all of actor run for the rich. But the minority the “poor & righteous soul” living is do not to be temptation but live in the poor live with righteous soul, so long the actor living is safe in righteous soul living, all of the poor live values is “righteous or not” so long the poor living in righteously. The poor living is “it shared time with others and help others but also doing real love others”. In the “poor & righteous soul” is main character in this book, so that the poor & righteous soul living voyage is it must be not in the SEEN world but to the UNSEEN world traveling is awaiting so long, the poor & righteous soul is living in the cycle of safe righteous soul living voyage, but the “rich & wicked soul” living destination is must be wicked soul living destination place, but also their traveling is many, but also easy traveling there is no any difficult living so that, the rich & wicked soul traveling destination place also easy place, so long most travelers are easily comes in to wicked soul living destination place.

So that the rich & wicked soul do not second level, so called righteous soul living destination place, the poor & righteous soul is only reach at the place of the righteous soul living. The same as in this righteous soul living destination place are all living “it shared time with others and help others but also doing real love others” in the righteous soul living destination place there is no rich and poor knowledge, the poor and rich is only in the first level “mind level” so then in the second level “righteous soul living place” nothing poor and rich. So long the courageous and living “the poor (righteous)” so long it required to

live in courageous the poor living. The poor living then the poor is
the house of righteous soul living place.

“The poor & righteous soul” the poor support by creating energy

In this “the poor & righteous soul” defined as the “the poor is righteous soul is living in the poor then it is the poor & righteous soul”. So long the poor & righteous soul structure is “wicked soul, righteous soul + mind + body”.

“The poor & righteous soul” must be “typically wicked soul $1/\infty$, righteous soul ∞ + especially mind is $1/\infty$ + body” typically wicked soul $1/\infty$ is wicked soul get into mutation to righteous soul, so long wicked soul $1/\infty$, the place all occupied by a mutant righteous soul living. Furthermore here is especially mind is $1/\infty$, then the first level “mind level” the righteous actor perfectly live in the poor, so long the poor do not live in rich.

Then the poor is righteous soul living place for safe returning to the righteous soul living destination place, as living perfectly segregated from wicked soul. So long here means that at first the righteous soul does not wicked behavior in the SEEN world body, but the body lives righteous soul living community behavior “it shared time with others and help others but also doing real love others” so that “the poor & righteous soul” strong living righteous soul so that, the poor produce righteous energy to save in “blessed bank” in the righteous soul living destination place. So that the “poor & righteous soul” in the SEEN world live in the poor, so that the poor itself must be segregate from the wicked soul, because the wicked soul living keep seeking the easy living, the wicked soul do not want to live in poor hard living, so that “ the poor & righteous soul” living is perfectly poor, the poor segregated from wicked soul, so long wicked soul all get in the SEEN

world the easy living place, so long “the poor & righteous soul” must be live in the SEEN world, how to live it must be the wicked soul function is “revenge and breaking power” so long the wicked soul do not have creative power, so that this power, even in the SEEN world wicked soul try to get, but they can’t approach because of the creation process also not easy so, the wicked soul do not live with creation of “ the poor & righteous soul”. Creature is typically righteous soul living actor exclusively job, righteous soul have knowledge in the righteous soul living destination place a new and creative knowledge. So long the key word is righteous soul is there is no any fault, so long it must be perfection, so long, to be perfect it must be creature is it. So long, the righteous soul creates energy. The creation is produced from solving the problems by helping the righteous soul living destination soul helped. The creation is build new, so long it is very against to the wicked soul “revenge and breaking”. So long, the righteous soul created thing is being old then, the old creature is not creative, so long the old creative occupied by the wicked soul, so long they use for the purpose of the easy living, but they all produce complicated problems of the wicked soul, only the before long time ago, righteous soul create, because wicked soul do not have future creating power, so long, the old creative using wicked soul living in the rich & wicked soul they are fighting each other’s, because the wicked soul has only “revenge and breaking power” so long, the wicked soul actors in the rich or easy living actors wicked soul occupied are all effort to find the solutions, so long the knowledge of old created are used but, that is not can help solving the problems. In this community all of the rich and power of easy living actor helped from the wicked soul living energy of “cursed bank”, so long wicked soul living actor in the SEEN world, powerful energy gets from the wicked soul living destination place, so long the wicked soul actor all erased the righteous soul in a place, then all of wicked soul fight to live easy living by the power of “revenge and breaking” so that each

other do harm. The place is not any righteous soul actor, so that the place is living wicked soul living actor, the place criteria is all of wicked soul living actor so long, so long wide the rule of the righteous soul living destination place. “It shared time with others and help others but also doing real love others”

So long, in the wicked soul living place personal actor structure is “wicked soul ∞ , righteous soul $1/\infty$ + mind is ∞ + body” so called if there is no any righteous soul, then it must be live in the place, wicked soul actor, and mindful actor, only in the wicked soul living place all actor run for being rich. So long rich is the all of actor’s aiming living. To be rich then around of a rich each stakes holders are all do “revenge others, break others” so long, the rich is not going longer, the wicked soul energy characteristics are so huge power so it must be get in but the huge power also be break down because of wicked soul is “revenge & break” so that the eternity living is only righteous soul living actor only.

“The poor & righteous soul” structure is “wicked soul changed to righteous soul, original righteous soul + mind is $1/\infty$ because of the righteous soul is living poor, + body is health because of righteous soul living place, so that itself being healthy and clean and pure in the body.

“The poor & righteous soul” living by creation power, all of new product helping from the righteous soul living destination place “blessed bank” so long, the place of the “the poor & righteous soul” living place in the SEEN world, there any short of living. The living is fully live righteous soul living “the poor actor time used with others, and help others, doing real love others” so that the righteous soul living community is all live righteous living excitement. The place is very simple, the righteous behavior then it, it doesn’t have to live like wicked soul living revenge and breaking.

Creature is not invader existing rich or rich place, but out of all of the rich and wicked soul living area, but just so distance from vested right who are all old, so long, the creature of the poor & righteous soul living can be realized the righteous behavior “it shared time with others and help others but also doing real love others”. The poor & righteous soul living with creature, so that the poor do not make hard others, the poor of creature is living all be live excitement, but the wicked soul haven’t creature power, so that to live rich all of “the rich and wicked soul” all the time fight in a same asset in a place, so long, the poor & righteous soul live on creature, so long, the creating is new field is increased in perfectly newly, so that the poor it don’t have to conflict to the mighty power of wicked soul “revenge & break power” so that the poor & righteous soul live possible.

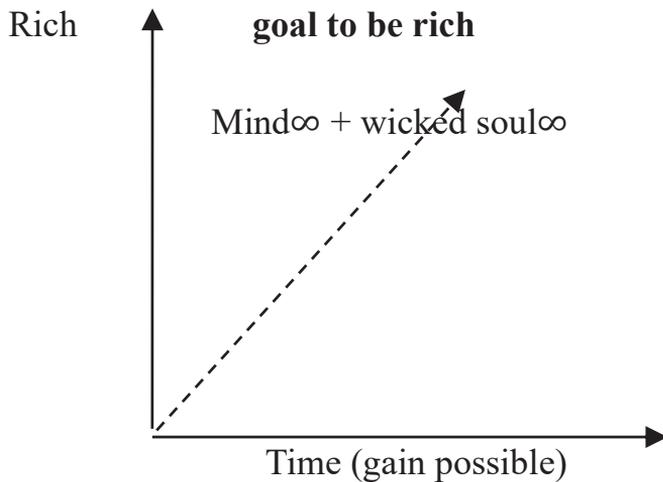

“The poor & righteous soul” and creation is all do not live easy, but hard and torture and live in righteous behavior, so difficult but righteous soul, do righteous living “it shared time with others and help others but also doing real love”. The creation is a benefit from righteous soul living destination place “blessed bank”, all of the poor of righteous soul, so long it don’t have to be frustrated cause of poor, the poor is righteous soul living place, so long all the time the creation is followed to “the poor & righteous soul”.

“The poor & righteous soul” recognition criteria

In this “the poor & righteous soul” the SEEN world a actor in the poor & righteous soul how to recognized in doing something, “the poor & righteous soul” must be recognized with righteous behavior or not, so long the “poor & righteous soul” do in the righteous behavior criteria, this is the critical rule to live on the righteous soul living. In the SEEN world it is happen variable situation but the righteous soul.

“The poor & righteous soul” main prime criteria is righteous or not, but “the rich & wicked soul” recognition criteria is “gain or loss” so that the “rich & wicked soul” do in the gain behavior, so that “the rich & wicked soul” try to live in the “gain” situation, but the righteous soul live in “righteous” situation.

As we already understand the “rich& wicked soul” structure is “wicked soul ∞ , righteous soul is $1/\infty + \text{mind}\infty + \text{body}$ ” but the “the poor & righteous soul is “wicked soul $1/\infty$, righteous soul $\infty + \text{mind}$ is $1/\infty + \text{body}$ ” so then in “the rich & righteous soul “recognition in the first level, so called mind level, so long mind is ∞ , then all of “mind $\infty + \text{body}$ ” in this level, even the mind do not recognition of existence of wicked soul, but in the wicked soul itself live for the purpose of “revenge & break” eternity enemy, so long in the mind level “mind $\infty + \text{body}$ ” helped from the wicked soul energy.

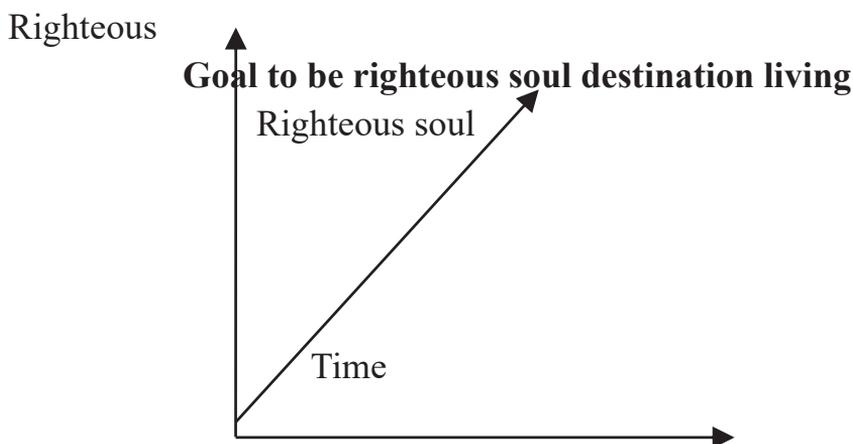

In the SEEN world “the rich & wicked soul” actors are all run for rich, but the dot line is show that that is not all reach at the rich but all of the wicked soul try to be rich, because of the wicked soul has the power of “cursed bank energy” so long the wicked soul use all of energy for being the rich, so that in the graph show that all of actor live “mind∞ + wicked soul∞” they live on power position is “gain possible” all effort use even the wicked soul energy, the mind do not know the wicked soul power of “cursed bank energy” the power is “revenge & break” so long, Mind use the wicked soul energy in the critical time to get “gain” from the others. So long “wicked soul∞ + mind∞+body” get gains even others wicked soul “cursed bank energy” so called the energy is “revenge & break” it must be infer that the wicked soul combined with mind ∞ the other eternity enemy revenged.

but also break the eternity enemy, so long the mind level a actor gain and be rich at the rich, then the rich must be also, being target of the another wicked soul energy “cursed bank” so long, the rich must be do not live “the rich & wicked soul actor” keep in position of the rich

but the cycle must be kept going.

“The rich & wicked soul” do not know, because of the rich is not sin but it is natural in the SEEN world. The rich is not living goal in the point of view “the poor & righteous soul” this actor live in the righteous criteria so long, the “the poor & righteous soul” living is

In the SEEN world, the righteous soul living actor structure is “wicked soul $1/\infty$, righteous soul ∞ , + mind $1/\infty$ + body” then here mind $1/\infty$ can be explained as the actor living is “the poor” but the wicked soul $1/\infty$, righteous soul ∞ then the actor is righteous soul, so long here is “the poor & righteous soul” so long the righteous soul actor is helped from “blessed bank energy” the energy is help the

righteous soul coming to righteous soul living destination place safe.

So long, the righteous soul ultimate goal is to return to the righteous soul living destination place, so that all of time going the righteous behavior is getting increased so that, the righteous soul be strong, so long righteous soul actor live in righteously “it shared time with others and help others but also doing real love others” so long, the righteous soul do not use time for being rich, so that the righteous soul live in the poor, so long the living is so hard the poor & righteous itself, but “the poor & righteous soul” also helped from other also, so long, in the righteous soul behavior then, “help each other” so long, the living is not hard as expected from “the rich & wicked soul”.

“The rich & wicked soul” fears of hard living, so that not to be hard living, the mind is so huge, the huge is ∞ , minds there is no any deep recognition just to be rich is surly be safe living easy going. So long, all of “the rich & wicked souls” are run for the rich living. The living starts “the rich & wicked soul” just single living; do not know others, but also even the “the rich & wicked soul” other, then they are their enemy to “revenge & break” so long, they all energy used “revenge and break power from the wicked soul living destination place cursed bank” but the “poor & righteous soul” as seen in the structure of righteous soul ∞ so long, there is no mind so that, the righteous soul it don't have to fear of living, so that the righteous soul actor live “ it shared time with others and help others and doing real love others” so then, adverse another righteous soul also do live the same living, so that, “the poor & righteous soul” living is same as the living of the “the rich & wicked soul” single living. “The rich & wicked soul” all revenge and break other but the only “the rich & wicked soul actor” only live easy living, the rich & wicked soul living is easy living but there as the structure is “the wicked soul ∞ + mind ∞ + body” so long, here is “the rich & wicked soul” still has the wicked soul “revenge &

break energy” and the strong mind has the cause of fear mind, so long, the rich& wicked soul” actor eternity problems is not solved the problems being eternity keeping chain system.

“The poor & righteous soul” actor is righteous soul living so long the actor is righteous soul is main character then, the actor has the strong tool live on in the SEEN world is “real love” so that, the real love produce around live in feeling of real love, so long, the righteous soul living structure is “righteous soul + real love + blessed bank energy” so long, this living must be in the SEEN world living actor living righteously so that, the righteous soul live in the poor living actor, so that, the poor defined in “the poor & righteous soul” is somewhat result defined but the poor is righteous soul living actor is strong so long, the pure righteous soul living place is the poor, so the righteous soul all of hard thing overcoming in the SEEN world living. The living is challenge to live on, the living itself righteous soul living, so that righteous soul living in the poor body, then the living itself also, as the real excitement, because of the “the poor & righteous soul” living is “it shared time with other but also help others and doing real love other” this is “the poor & righteous soul” living, this living is not easy living but this living is so excitement living. Even this living is poor but this living is not wicked soul, this living is righteous soul living, this is real future living, we have proverb “ 苦盡甘來 (GOJINGAMLE) “the poor & righteous soul” living future is bright time is a wait, so long the second level of “righteous soul living time” then there is no any poor, but the place is righteous soul is only living in the eternity living.

“The poor & righteous soul” living itself is charity

In this “the poor & righteous soul” living is frugality living in the SEEN world. “The poor & righteous soul” living itself is charity, the poor living itself optimistic living, because the poor do not have to live enough living but live in optimistic, so long the living, it do not over or less, so long it is called as “optimistic living” in this “the poor & righteous soul” living is explained as the poor living plus the righteous soul living, so that the poor means that against to the rich, so that the rich living is easy and enough living, but the poor is not enough so called that the poor living is very optimistic.

So long the poor & righteous living defined “it shared time with others and help others but also doing real love others”, if righteous soul living in the SEEN world, the place must be happened this living, the place even so poor living but there is not to be appeared as lack in usage such as food, and housing and all of clothes are not shortages.

“The poor & righteous soul” living is clear of poor but the place no one live in the lack living, this is cause of “righteous soul” power, so long righteous soul is living in the “it shared time with others and help others but also doing real love others”. Therefore there is really living excitement living, even do not use over but use optimistic but the place happened very excitement living but also safe from “the rich & wicked soul living” enough living or easy living.

“The poor & righteous soul living” use optimistic so long there is not

over usage, so long, enough so that the residual energy all others actors can use, it must be the user who is expelled from “the rich & wicked soul” will use it, so long, “the poor & righteous soul” living itself save others from risk situation to safe living.

“The poor & righteous soul” all the time with others, the other is all must be fail from living place of trying to be live rich, so they have nothing, then it must be come to the place of “the poor & righteous soul” living place, the place even not enough but there is not short of energy because of the place living itself is “it shared time with others and help others but also doing real loving others”.

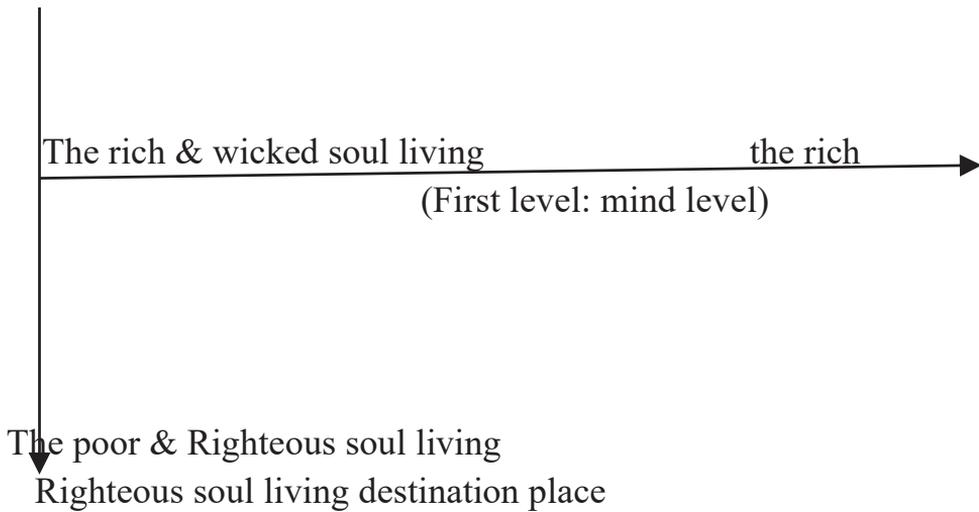

“The poor & righteous soul” actor living in the SEEN world, it must be living in the corner, they do not seen from trying to be rich or being rich living actors, so long “the rich & wicked soul” living actor must be “do not cared with rich living” so long, it must be there is all wicked soul of the rich, but the place of the corner is living “the poor & righteous soul”. In this SEEN world all of best thing is focus for the rich & wicked soul, they live well so called; they are major living in the SEEN world, all of police, book etc. is all for the purpose of “trying to be rich or already being living rich” so that in the corner “the poor & righteous soul” living actors are not counted on. This means that the place of living the poor, whoever does not care because the place is not enough energy to be get by the rich & wicked soul. The poor is seen but it must be “righteous soul” is not seen. So that in the SEEN world the rich who are not seen wick soul, so long the rich segregated from their living from the poor, so long, the poor is defined that the righteous soul is living place is the poor in this “the poor & righteous soul”.

In this characteristics, the poor is live in excitement because of the poor & righteous soul actor has future of living righteous soul living destination place, in this SEEN world, just first level, mind level is being rich is main focus but the place is use energy fully, so long the rich living is not optimistic but there is so many wasteful living, they all live fully enough living, they use all of future living energy, “the rich & wicked soul” all of behavior wicked behavior, so long they do not “it shared time with others, help others, but also doing real love”, so long, the “the rich & wicked soul” they have enough energy, but they do not have time with others, but also, even the energy is wasteful but do not help others, so long, even they all living easy living, but they do not know the real loving others.

“The rich & wicked soul” live in all of energy in the first level, so called “mind level”. Even in the SEEN world, brutality “the rich & wicked soul” anger to the poor, so long, it does their living. Who knows the poor living has the future, after coming second level, so called “righteous soul living place” they do not any place in the righteous soul living destination place.

“The poor & righteous soul” living and “the rich & wicked soul” is living is explained as even before used

(Second level: righteous soul living)

In this diagram, one actor living is deep living, the actor do not harm other in living but go deeper, so long, “the poor & righteous soul” but the other horizontal line is the first level mind level is to be rich all of power combined of wicked soul and mind to be get rich, so many other soul actors are trampled so

Many a new wicked soul living actor produce, so many soulful actors try to live the rich, the live in the way, the rich living way, the place” the rich & wicked soul” truly get on the place rich, but all of the try to be rich actors are all be trampled.

So long the first level, the mind level living actors “mind + body” are live on the horizontal arrow line, but the “the poor & righteous soul” actor living is vertical arrow line live, “the poor & righteous soul” living is not make hard others but “it shared time with others and help

others but also doing real love others” the poor living do not make hard others how to live it must be the living is infer that creative live, the righteous soul living helped the poor.

In this “the poor & righteous soul” must concerning thing is the righteous soul voyage, the righteous soul start from the righteous soul living destination place so long the righteous soul actor must live righteously, so then, the living condition is simple is better, so long the real righteous soul like to live on the poor. But also the righteous soul actor living in the poor then, the wicked soul living circumstance deteriorate so then, the righteous soul live with the poor so then the righteous soul living is good for living “it shared time with others and help others but also doing real love others” so that the strong righteous soul living actor live in the poor, so called “the poor & righteous”.

“The poor & righteous soul” real living in the SEEN world

In this “the poor & righteous soul” actor in the SEEN world living must be live this way “the righteous soul living in the SEEN world is just like righteous soul voyage; start from righteous soul living destination place to bring a lover to righteous soul living destination place. The righteous soul voyage schedule is

- ① Start voyage from the righteous soul living destination place as traveling tool only REAL LOVE energy.
- ② First meet wicked soul living in the soul room, this time righteous soul do real love to the wicked soul, in this time the body must be live righteously “it shared time with others and help others but also doing real love” furthermore strong righteous soul power of God helping. So long the “the poor & righteous soul” living of principle is this, in this living is the poor living helping the wicked soul energy keep weak, because of the poor living is not easy living so that wicked soul do not like, but the righteous soul living is make strong the righteous soul so that in the soul room, the righteous soul also doing real love to the wicked soul then the place of soul, ultimate a wicked soul to be mutation so long, in the soul room, there only living two righteous soul so that, both righteous soul help each other’s, but also it shared time with others, so long both are strong real love. In the end in this voyage created to the strong righteous soul so long the righteous soul gets a basis of the righteous soul living in the SEEN world. Here is appeared in the SEEN world “the poor & righteous soul”
- ③ Second the “the poor & righteous soul” will meet a lover,

then the lover structure is “wicked soul, righteous soul + body+ mind” so then, “the poor & righteous soul” try to help love to be live righteously, so long “the poor & righteous soul” do live righteously“ it shared time with others and help others but also doing real love others”. Then the mission is recalled to “the righteous soul try lover to bring back to the righteous soul living destination place. so long, the lover must be helped from “the poor & righteous soul”, the lover must be live righteous soul, so long; “the poor & righteous soul” righteous soul connect to the lover righteous soul, so long, these “ the poor & righteous soul” and “ the lover righteous soul” meet, so then so strong righteous actor of “ the poor & righteous soul” to do righteous soul behavior, “the poor and righteous soul” shared time with lover righteous soul and help the lover righteous soul but also doing real huge love to the lover righteous soul, so long, in the end the Lover righteous soul huge righteous soul: lover righteous soul energy + “ the poor & righteous soul” energy + body righteous soul behavior and huge strong righteous soul of the God Real love” so that the lover soul is being strong righteous soul may can change the lover wicked soul to be mutation, in the end the lover also strong righteous soul actor.

- ④ As result of that the “the poor & righteous soul” and “lover righteous soul” so huge righteous soul so long, they are super righteous soul living these two righteous soul living is “the poor & righteous soul + the lover righteous soul” is combined a huge and strong righteous soul appeared so long, “the poor & righteous soul” actor mission clear but also the righteous soul safe bring the lover to the righteous soul living destination place.

⑤ This cycle is righteous soul voyage; so long in the SEEN world living must be simple, living in the poor is critical important, all of living in the SEEN world, all of the actors are all same, so long, the righteous soul voyage to be safe returned to the righteous soul living destination place then, righteous soul cycle ②③④ all must be started from the poor living. Because the righteous soul must get mutation, this is really important process, so long, “the rich & wicked soul” in the SEEN world seen is “the rich” perfectly it never can be righteous soul possible the wicked soul changed to righteous soul, so long, “the rich & wicked soul” never it can be possible righteous soul mission voyage.

So long, “the poor & righteous soul” real living in the SEEN world must be live in poor & righteous soul. Righteous soul living must be doing not related with the rich living.

“The poor & righteous soul” growing

In this “the poor & righteous soul” actor live in the SEEN world, then the actor will be grown to what, “the poor & righteous soul” will be real at the righteous soul living destination place, then it infer that “the poor & righteous soul” must be reach at top, so long, “the poor & righteous soul” actor soul of righteous must be grown to strong righteous soul, the physical size must be also big size, even it is not to be calculated in this SEEN world. This is very important knowledge, because of “the poor & righteous soul” actor living conditions are these actors living world, so called the SEEN world. So long the SEEN world living actors are difference in “righteous soul size” here is size to be explaining in this SEEN world used word.

In the first level living “mind level” it must be to be rich is all of SEEN world actors to do, so long, to be rich all of actors are do not living as righteous soul living behavior “it shared time with others and help others but also doing real love others” so long, “the rich & wicked soul” actor reach at the rich but the rich is “the rich & wicked soul”, but in the SEEN world, a weak it maybe the actor do not want to be wicked living, so then, it must be difference living from the to be run for the rich, then it clear the actor living is righteous soul living not rich so long the poor is the actor living, so long here is appeared to “the poor & righteous soul” so long, “the poor & righteous soul” the poor of righteous soul grows to the big size soul as doing “ it shared time with others and help others but also doing real love others”.

The righteous soul size is growing to live in the second level

“righteous soul living” place, so long in the SEEN world the righteous soul keep growing, but “the rich & wicked soul” also, in the SEEN world, the wicked soul keep growing erase the righteous soul living place, here is center of the righteous soul and wicked soul, then the other soul must be hard to live on, so long “the poor & righteous soul” is the righteous soul is center then, the righteous soul growing then in the soul room the wicked soul must be weak then, the wicked soul get mutant to righteous soul, because of strong righteous soul, so long, the wicked soul to be survive then, the wicked soul itself mutant to righteous soul. So long, the SEEN world “the poor & righteous soul” righteous soul size is so heavy, the righteous soul so big in the righteous soul living world so called “second level”.

In the SEEN world, all of actors are living, “the rich & wicked soul” “the poor & righteous soul”, so long the rich & wicked soul” peak is wicked soul size is big but also “the poor & righteous soul” peak then the righteous soul is big, but also each soul also small and middle all of variables souls are appeared in the SEEN world.

Therefore the “the poor and righteous soul” actor living in the SEEN world, so hard, cause of “the poor” so that the actor living is not easy living, but also the actor difficult relationship with others, the rich maltreat the poor, but also, the easy living “wicked soul” wicked soul power is “revenge & break” so long the righteous soul living distance from the wicked soul, so long, the righteous soul live at the corner.

“The rich & wicked soul “size must be same as rich degree, so long, the wicked soul size it means that “the rich & wicked soul” do not live in “it shared time with others and help others but also doing real love others”. What before said that “the poor & righteous soul” actor of the righteous soul size also appeared.

reaching as “the poor & righteous soul” the rich must be related with the big righteous soul, god will connect him to expect role of the god accept all of the poor & righteous soul actor pray, so long the rich doing righteous means that “the rich shared time with the poor and righteous soul, but also help the poor and righteous souls, but also doing real love the poor and righteous souls” so then the rich also can be “the poor & righteous soul” so long the rich also get in to second level “righteous soul living place”.

The 2th level righteous soul actors are all righteous soul size is so huge; so long the righteous soul living size is multiple sizes degree, from unseen seen size to the huge size, so long, the center for the righteous soul then, it must be the huge righteous soul can live in the righteous soul living destination place. how to live in the SEEN world, the actor can live in the SEEN world, the actor live in the 2th level, righteous soul living destination place, that is “the poor & righteous soul” living is inferable possible, because of the righteous soul, do not live in wicked soul living, the poor is righteous soul living.

“The poor & righteous soul” living must be keeping growing righteous soul, so long “the poor & righteous soul” is produce and supplies the righteous soul energy to the SEEN world, so long “the poor & righteous soul” living is very important to live on in the SEEN world.

If the “the rich & wicked soul” do not know this true “the poor & righteous soul” produce & supplies the righteous energy, then the SEEN world must be all occupied by “the rich & wicked soul” with include try to be rich all of the actors.

Then the wicked soul living place all wicked soul living, then the place which is not living righteous soul, this must be miserable place

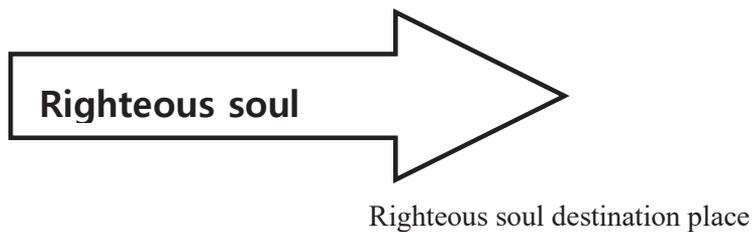

all occurring “revenge & break” power of wicked soul, so then the place to be changed wicked soul living destination place.

Even so poor, but the poor living is hold the righteous soul, so long, the righteous soul produce & supplies righteous soul criteria then, the speed of being wicked soul living. “The poor & righteous soul” must endure of righteous living; this is also role of the righteous soul living destination place building. Here is the poor is not to be rich but to live righteous living, so long, the righteous or not is a criterion of living.

So that “the poor & righteous soul” keeps living righteously then, the “the poor & righteous soul” actor’s soul of righteous size must be growth to huge. The huge righteous soul produces & supplies righteous soul energy. Even “the rich & wicked soul” is spread to past but “the poor & righteous soul” grow huge size soul then, defense wicked soul energy.

“The poor & righteous soul” actor living road (Tao)

In this “the poor & righteous soul” the actor is living on the road, the righteous soul road to the righteous soul living destination place.

Here is right direction arrow line is “road” this is “Tao” righteous soul traveling on the destination of the righteous soul living place. So long the righteous soul right road to the righteous soul living destination place.

The righteous soul living actor must be difference from out of the road of the righteous soul, so long what is difference righteous soul road passenger or not?

In this “the poor & righteous soul” in the SEEN world the poor living is not rich, the rich is easy living, but the poor living is difficult living.

Here is righteous soul behavior is “it shared time with others, and help others, but also doing real love others” but do not living righteous soul is “it does not shared time with others, do not help others, but

also do not real love others” so long so long, the difference is this.

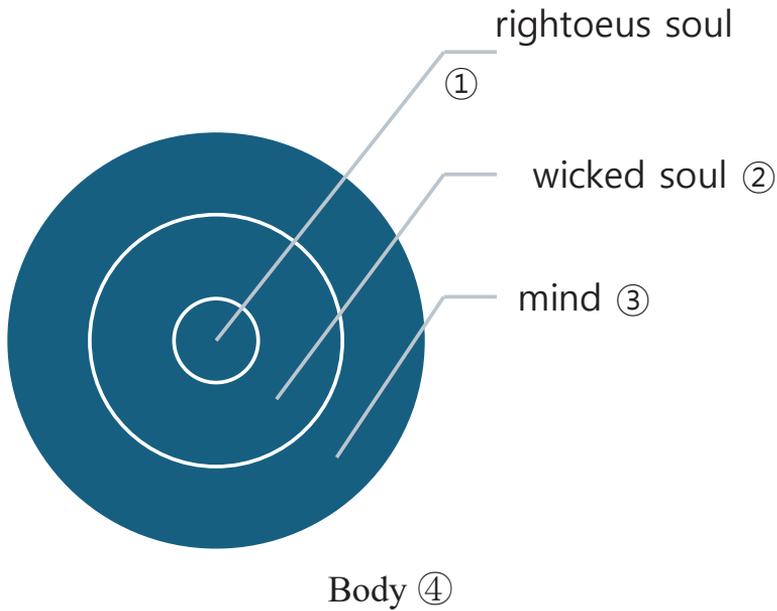

In this SEEN world, the poor only seen but righteous soul is not seen, but the righteous soul urgent to live in righteous soul, so that the righteous soul live in the poor, so long in this “the poor & righteous soul” the poor is righteous soul living place, so long, righteous soul living poor, hard, sacrifice, not easy living. Righteous soul living on the road (Tao) is simple; “the poor & righteous soul” is passenger ride on the road to the righteous soul living destination place.

In the SEEN world, it may be most actors are all want to live “the rich & righteous soul” the rich actor anger on this concept, why the rich do not living in the righteous soul living destination place. But also it might be saying, we are rich and doing living righteous living.

So the rich try to get on the righteous soul living road, then soon, the rich forget and losing interesting of righteous soul living, because of the rich are all occupied by easy living select wicked soul, in this “the poor & righteous soul” said that, the easy living soul is wicked soul, but excitement living soul is righteous soul, so long, why the rich on the righteous soul destination road try to get off reason is the rich is not fit to this living “ it shared time with others, help others and doing real love others” this behavior is not fit to the “rich” so that the rich and righteous soul is not fit, but also the rich around all of wicked soul collect, then righteous soul actor panic place. So that it is not built “the rich & righteous soul” so long the rich anger that why not rich can’t live righteous soul is clear answer.

Righteous soul center living so called righteous soul living process is

Righteous soul center living

Righteous soul living actor must be living then, it must be independent from the wicked soul, mind, in the end body. Then the righteous soul reaches at the righteous soul living destination place.

An actor birth in the SEEN world, then the structure is “wicked soul, righteous soul + mind + body” an actor’s point of righteous soul knows that before living place of righteous soul was so excitement place so that, the righteous soul try to be comeback safe to the righteous soul living destination place, so that the righteous soul main living concerning is safe returned to the righteous soul living destination place.

But the wicked soul was so anger place; so long do not know safe

return so long the wicked soul living is what the wicked soul mission is “revenge and break” so long, the wicked soul behavior is there is not any real loving, so that the wicked soul behavior is itself is wicked.

Another “mind” do not know soul living world, “the mind” living is to get more, to live rich, this is all, so long, “mind” is not care of after of SEEN world, so long “mind” do not know UNSEEN world, so that “mind” try to use all of energy, any energy even from the wicked soul energy use for only rich living.

Finally “body” body is the place and space, so called ground for the “wicked soul”

“Righteous soul” and “mind”, body is realized level owned place, so that if mind actor then, the body is owned by mind, but also wicked soul occupied then the body is the place of the wicked soul, but also if righteous soul occupied then the body is righteous soul living space.

Righteous soul center living then, righteous soul living is to be pure righteous soul then, in the formula

It must be “wicked soul $1/\infty$, righteous soul ∞ + mind $1/\infty$ + body” so called the righteous soul to be comeback the righteous soul living destination place, then “wicked soul make $1/\infty$, this is righteous soul do real love the wicked soul to make mutation to righteous soul, but also mind make $1/\infty$, so called the righteous soul must live in the poor, because mind ∞ is the rich and body must be live helping righteous soul behavior “it shared time with others but also help others and doing real love” then the righteous soul living actor live in righteous so long safe return to the righteous soul living destination place.

Here is why only “the poor & righteous soul” is required to be poor and righteous soul is cleared in the formula. So that “the poor &

righteous soul” living itself is the road to the righteous soul living destination place this living is Tao “road for the righteous soul living destination place going” “the poor & righteous soul” living is the Tao of righteous soul living.

The poor and righteous soul can be misunderstanding

In this “the poor & righteous soul” must be understand in the point of philosophical ways. Here is righteous soul is UNSEEN world living actor, but righteous means that in the SEEN world keep in live righteous living actor, the actor can be seen, so long, “ righteous soul “ is not seen, “ righteous “ is SEEN, so long, here is “ the poor” also, the poor is SEEN world understand as the hard living, but “ the poor” in the UNSEEN world, then, the poor is same as righteous soul living place, so called UNSEEN world, the poor physical condition is “righteous soul” residents place.

Righteous soul living place in the SEEN world if infer that then, righteous soul living to the righteous soul living actor who is “it shared time with others and help others, but also doing real love others”.

Here “The poor and righteous soul can be misunderstanding “is in the SEEN world “ Mind level” a living actor live as mind level understanding, then the rich is best, the rich is famous so long, in the point of the rich the poor is means class living. So long, if the poor living is righteous soul, the rich is wicked soul then, it must be angry to the rich. The rich must be living in easy living. So long the rich is easy living who are all wicked soul actor all living to living rich concentration.

In this “the poor & righteous soul” the righteous soul live in excitement but the wicked soul is to live in easy living. So that the rich is familiar to the wicked soul, but the poor are all hate to live in the poor living by the wicked soul.

So that the rich all occupied by the wicked soul, but the poor occupied by the righteous soul. So long in the righteous soul living world, UNSEEN world then, the rich is not seen in UNSEEN world, but also there is just seen is righteous soul, in the righteous soul living destination place, there is no any the rich living actor.

The rich in the Mind level actor do not go into the righteous soul living this is pure philosophical point of view. In this “the poor & righteous soul” it is hard to live on “the poor” so long, the poor is best place to the righteous soul.

Righteous soul wants to live in excitement out of wicked soul, so long, righteous soul seek the poor, this is understand in the SEEN world, the poor & righteous soul, the poor is righteous soul living actor, the righteous soul is UNSEEN world living actor, so that the poor is in the SEEN world righteous soul living place, the righteous soul is in the UNSEEN world living actor in the righteous soul living destination place.

So that in the Mind level, the rich it don't have to criticize “the poor & righteous soul”. The poor living is righteous soul living but the rich is wicked soul living so that the rich can't go into the righteous soul living destination place.

The rich so long it must not misunderstand “it is strange that the poor actor is righteous soul” the rich it can be complained “I did my best to be rich but the poor do not try to do to be rich” why the rich is wicked soul, the poor is righteous soul.

The rich argue is right, the actor did best for being the rich, it means that the rich infer that “ it is not shared time with others but also do not help others, and do not real love others. It means that the rich run for the only to be rich, it is the Mind level, best praise things. No one

against to the rich is best, then in the point of righteous soul living, then the rich out of the righteous soul behavior, “it shared time with others and help others but also doing real love others”.

Here is “real love “means that only the righteous soul actor only doing real love so that, so long, the rich is most wicked soul residence so long, the rich of wicked soul can’t doing real love.

So long the rich it doesn’t have to criticize “the poor & righteous soul” forming.

In this “The poor & Righteous soul” What is the rich

In this “the poor & righteous soul” and the rich, this is a living actor live naturally, so long the rich living is most SEEN world actors are dreaming. In the “mind level” most actors are all living for once live in rich. Rich is the all of do not deep in living just go for being rich, the rich is a real best living. Best living is that there are no problems, is the rich living safe? All do not think in deep, just most actors are run for that so all of actor run for being rich. The rich must be inferring that if a rich living, then the living actor feel easy, so long the rich actor are deceit from all around wicked soul actors. The rich strength is must be only money related. The rich actually, other actor think that the actor be rich but the rich do not feel rich, then it must be the rich may be not there but also the rich also to be the rich, the rich must be endless marching to be rich.

All of living actor live then in the mind level the mind to be increased to ∞ , so long if an actor living in rich then, the actor mind is ∞ , mind is ∞ , then it against to the mind $1/\infty$, so long it can be infer then possible explained

All of actor structures are “wicked soul, righteous soul, mind and body” so long an actor live so long, it truly there is no real rich, but all try to be rich, because the rich has the same mind ∞ , so long then as mind ∞ , so called the actor as rich feel also mind problems are in the same time increased, so long the mind ∞ , still the go for the solve the problems going mind increased to the ∞ .

As getting, it being mined ∞ , then the rich feel easy living, getting easy living then in the mind also increased so long problems are

occurred. In this “The poor & righteous soul” defined that righteous soul close to the poor, the poor is righteous soul living place, the poor is hard living not easy living, so difficult living, but the righteous soul is safer from the strong wicked soul actors, but the rich is naturally try to be easy all get to fulfillment mind, so long, all of easy living soul is wicked soul, the wicked soul it never do not like the poor but like to live rich, it means that easy living sought actor is naturally the wicked soul.

The rich living is in the Mind level prime purpose, all of living actor do not live hard and difficult, but do live easy living.

Here is again explain that, there is no rich in the real, even a rich actor seen from the poor the rich is abstract, but this rich is understood by the poor, but the real rich are struggle to solve the mindful problems, so that the rich is not rich but out of the rich just looker see the actor as the rich, what is that? What problems are? In this “the poor & righteous soul” it can be explained the rich structure is “wicked soul, righteous soul, mind and body”?

The rich actor main Character is “wicked soul” and “mind” this key words are can be inferable explained. The rich is all of pursuing to live easy living, then the actors are “wicked soul” so long, around of the rich, naturally the wicked soul all concentration to the rich, but also the rich itself still keep struggling to be rich and keep rich, but also rich problems solving. So this is deep in relating with “mind”.

In this “the poor & righteous soul “wicked soul character is revenge and breaking others, so long the wicked soul threat the rich to be break. So long as the rich being to ∞ , the rich keep in dangerous from the easy living likable wicked soul living actor.

But also “mind” is mind means that as getting mind ∞ , mind feeling all the time not enough, mind is not full forever, so long, the mind endless then, the actor of rich, do not know the righteous soul living, “mind ∞ ” then the rich must be easy living, so long, it must be do not know the living “Excitement” furthermore the rich do not know existing “ righteous soul” just UNSEEN world, so long, the Rich living strongly do not realized the righteous soul living.

In the end the rich must be out of the road to the destination of righteous soul, so long, the rich out of righteous soul living way but just fall out it, the rich road to the wicked soul living destination place.

What is “the poor?”

In this “the poor & righteous soul” The poor is main character, even though “the poor” is hard to explain in positive. In the SEEN world in mind level living actor all fear in poor living. In this “the poor & righteous soul” the poor is place of the righteous soul, it must be infer that the poor is “righteous soul + the poor living body”. The poor righteous soul living hard to live compared with the rich wicked soul. The poor must be live with others as the righteous soul living behavior. “It shared time with others and do help others, but also do real love others”

The poor living depend on other’s righteous soul behavior, it must be the poor needed helped from others. So long the poor itself righteous soul so long the poor living with “it shared time with others and help others and doing real love others”.

“The poor & righteous soul” the poor living so hard, but the rich living is so easy.

If the poor hard living, if infer that the poor complaints then the righteous soul also hard to live in righteous soul living. In general an actor live easy preferable.

What makes the poor living excitement? If a actor keep living in poor, here is the poor living is keep living “it shared time with others and help others but also doing real love others” the poor & righteous soul actor SEEN & UNSEEN world time and space living, then the poor & righteous soul must be benefit to live in hard in the SEEN world. In this “the poor & righteous soul” the poor is main character, so long to the poor what is living value, it must be the poor & righteous soul,

it must be live in safe from the wicked soul, so long the poor & righteous soul actor all living sacrifice, hard living for the purpose of survive from the wicked soul revenge and break the righteous soul. Furthermore the poor & righteous soul poor living is urgent, so that to be secure from the wicked soul, the poor & Righteous soul poor living is excite to live on.

The poor main character of “the poor & righteous soul” the poor living is very noble living. The poor structure is “wicked soul must be run from the poor because the poor living is not easy, so wicked soul must be so feeble, but the righteous soul excitement to live in the poor because of feeble wicked soul, but also mind do not effect to the poor, so long the poor of mind must be $1/\infty$ ”

So long “the poor & righteous soul” best living place is the poor, so long the poor with righteous soul living so excitement even in the mind level, the SEEN world so hard to live on, living is difficult.

In the SEEN world “the poor & righteous soul” actor living is how to be seen, the poor & righteous soul in the SEEN world must be personal concept but the personal community. So long “the poor & righteous soul” tries to explain really the poor of righteous soul actor must be rewarded.

How “The poor & righteous soul” to be rewarded? The poor living is so hard of SEEN world living this living fully reward is UNSEEN world righteous soul living destination place living.

Righteous soul living destination place, this place is in the SEEN world, “the poor & righteous soul” actor live in righteous soul living, the living is “it shared time with others and help others but also doing real love others”.

The poor lived righteous behaviors, just living on the road to the righteous soul living destination place. Righteous soul & the poor living is not easy, so long, the time in the SEEN world is so hard but if the living is on the road of the righteous soul living destination place, then the poor living reward is so great.

“The poor & righteous soul” structure is “righteous soul + body” living in the poor. So long “the poor & righteous soul” living in the SEEN world then, the actor must be live in righteous soul living, so long, it must be SEEN and UNSEEN world the poor & righteous soul live in righteous soul living destination place living.

In this “poor & righteous soul” the poor is living is destiny in the righteous soul living destination place. This is very precious living purpose. Truly if an actor lives in the poor & righteous soul then, the actor living in the SEEN world, just live in righteous soul so, the living is peace and blessed living.

Peace and blessed living in the righteous soul living derived effect, to be live in peace and blessed living want to live then, it must be “the poor & righteous soul” living is necessary course.

Peace living is out of wicked soul, so that wicked soul living behavior is revenge and break, so long, the wicked soul is peace breaker, then, “ the poor & righteous soul” living in the poor, so that wicked soul hate to live hard living, all of wicked soul to be easy living all of wicked power used, the wicked power is revenge and break, so that wicked soul likeable easy living place is not peace, because of the place is variable wicked soul actors collection place.

Blessed living of “the poor & righteous soul” the righteous soul behavior in the SEEN world, then, the righteous soul living behavior

“it shared time with others and help others but also doing real love” then, this is give and acceptor are all living excitement so long, this is saved in the righteous soul living destination place, blessed bank accumulate the blessing. So long, the righteous soul behavior itself keeps saving in the blessed bank.

In this “the poor & righteous soul” is located between SEEN and UNSEEN world.

The righteous soul living in the SEEN world, the actor live in hard, but do not make other hard from the righteous soul living actors, but help, and love other so long, the righteous soul living behavior itself accumulate the blessing.

2016.2.4

Topic: “The poor & righteous soul” excitement and easy living

In this “The poor & righteous soul” another keyword is excitement and easy living. Excitement used in righteous soul living pleasure, and Easy living is wicked soul living pleasure. In the SEEN world an actor living must be try to live in excitement and easy living. Because if an actor lives then all the time fear, and tension, living stress it must be do not live in the SEEN world.

In the SEEN world , the actor try to get out of the hard situation to be safe, an actor get in to living “ Mind” living, here is “mind” makes body to get much more, so long, to get easy so long distance from the fear, hard, difficult living.

The mind level actor all of decision and living is controlled from “mind” mind do not know “righteous soul living” and furthermore there is “wicked soul” living also.

So that the actor just “mind level recognition” to get much more, so

that the actor time all effort to get out of the fear, hard, and difficult living, in this case the actor structure “wicked soul, righteous soul, mind and body” which characters are operating.

This is must be to live easy living, do not live hard and difficult living. So long the actor doing hurry all of energy to get easy status. What is Easy? Easy is at first out of hard living, and it don't have to do hard working. So long the actor reaches at easy living. From this the actor forgets the difficult time, so that the actor lives in easy.

The easy living actor know that much more easy living then the living would be elegance living, it already enough get out of difficult living, but much more easy living also comes to the easy living actors.

Easy living is inferred that most actors are tried to go for, so called to be rich living. Easy and rich is all of actor run for it.

But in this “the poor & righteous soul” the actor living space is “SEEN world, and UNSEEN world” so long in this “the poor & righteous soul” are consist of “wicked soul, righteous soul, mind and body” so long, wicked soul try to live in the easy living, the wicked soul has powerful power to revenge and break others.

Righteous soul living is “it shared time with others and help others and doing real love others”. But also mind is just hurry not to be hard and difficult living.

Even much more body also tries to live easy living.

So long most actors are living easy then all is ok, easy living likeable characters

“Wicked soul, mind, body” these actors are tried to live in easy. But only righteous soul is “it shared time with others, help others, and doing real love others” righteous soul living is not easy living. Righteous soul living is excitement living.

What is excitement living? The excitement living is righteous soul living behavior of pleasure, so called it shared time with others, the actor time used with others, here is others is same as the bible saying “do love neighbor” then time with neighbor, so long, the place is forming of charity so long, the relationship itself produce excitement.

Righteous soul behavior “do help others’ to help others, it must be the actor do live save and diligence living, then helping structure is forming, helping is just momentum helping pleasure but also preparing to help other, working also produce the excitement.

Finally righteous soul behavior of producing excitement is “do real love other” here is real love then; pair of false love, real love is charity love, not an instinct love, real love is eternity love, false love is do not recognition in the righteous soul living destination place. Doing real love is only righteous soul living can do real love others. So long, real love is righteous soul strong weapon to face with wicked soul, so long real love power wicked soul changed to righteous soul, so long real love is mutation power, so long, if an actor do real love others, especially the wicked soul actor is changed to righteous soul then, the excitement is also produced.

The actor in the SEEN world, the actor live in easy and excitement live, the easy living also a kind of living, but also excitement living can live in this world.

Excitement living is doing righteous soul living result, so long, to live excitement living is required to living as righteous soul, in this process is all of power also involved such as righteous soul king, the god, righteous soul living destination place “blessed bank” energy, so long excitement living is even live in the poor and hard living then, the pleasure is excitement.

But the easy living pleasure is produced only actor self, the money

power, to be easy living, only money power easy living, just like PC game, gambling, drinking expensive alcoholic beverage etc. this pleasure is not recognized in the righteous soul living destination place. Easy living perfectly do not related with righteous soul living. In the SEEN world living is not easy, just living righteous soul living or wicked soul living both all living is difficult to live on, so long all living in this SEEN world must be seeking to be pleasure living. All of the living time is completed hard, difficult but sometimes pleasure time.

In this “the poor & righteous soul” righteous soul is main character; so long just sure of this SEEN world time, must be clear how to live, but also excitement living is much better than easy living. If an actor just clear one time live in the SEEN world then, it must be live in righteous behavior then the pleasure is comes to the excitement, so long this excitement is fully the poor living is really excitement with righteous soul living.

“The poor & righteous soul” soul living

In this “the poor & righteous soul” has the three key words; the poor, righteous, soul. Soul is combined to righteous soul, so long, righteous soul living is main character, but if do not live in righteous soul then, the actor must be wicked + soul living. Soul living, actually it do not know but in this book “ the poor & righteous soul” all said so long here it must be infer, so long it can possible “soul living”.

Here “the poor & righteous soul” time and space is lies in the SEEN world and UNSEEN world.

SEEN world - righteous soul is in the structure

Righteous soul + body: soul is not major

UNSEEN world -righteous soul is major

In the SEEN world mind level, an actor structure is “wicked soul, righteous soul, mind and body” so long, the actor recognized as the body, so long the body is

Managed as ratio of mind then if the mind is $1/\infty$ then even minor but the body manager would come to body, so long then righteous soul body. But if not most actors are controlled by mind, so long, “mind + body” is mindful body so long they feel that even their structure has the righteous, wicked soul is managed but all control from mind, mind managing body do not know the soul.

Righteous soul living in the body, in this “the poor & righteous soul” issue of righteous soul living in the poor, so long “the poor & righteous soul” is complete.

What is the soul living, how to feel, it must be required to live in deep in meditate, and religious behavior but also in this book issue righteous soul living behavior. “It shared time with others, help others, but also doing real love others”

Righteous soul living actor comes from $\text{mind}=1/\infty$, then the actor live in strong meditate living result, this is personal realized, then the actor behavior of righteous soul, then the actor “it shared time with others means that not me but others, and do help others so long the actor feel real excitement, much more doing real love others then, the love only righteous soul living actor exclusively right to love, the righteous soul with wicked soul, the living tool is real love, the real love was gift from the righteous soul living destination place starting tour to the SEEN world, the righteous soul living actor’s gift.

So that righteous soul living is this simple, righteous soul SEEN world living mission is the actor survive as the righteous soul living. The righteous soul to be survive righteous soul main character managed the actor not to be the wicked soul managed soul, so long, the actor prefer live in the poor, so long it comes that “ the poor & righteous soul” comes.

Righteous soul living is clear, the condition is mind is $1/\infty$, but also righteous soul living behavior; it shares time with others and help others but also doing real love others” furthermore to survive the actor must be in the internal survive then the righteous soul actor live in the righteous soul best living condition, but wicked soul worst living condition, the wicked soul worst living condition is do not live in easy

living condition that is the righteous soul best living condition, so long the righteous soul live in the not easy living condition, the condition is the poor living actor. So long righteous soul living must be living in the poor actor.

The poor actor of righteous soul is mind be $1/\infty$, so long the poor is reach at the mind about to zero, so long it comes righteous soul, so long righteous soul living behavior is “ it shared time with others and help others but also doing real love others”. The poor & righteous soul living is hard and difficult so long, this actor must be seen in the SEEN world; pity looked from wicked soul living actors.

But in the righteous soul living actor know that “the poor & righteous soul” living is seen to the righteous soul as recognized as soul.

So long the righteous soul meets others righteous actor then the moment the actor also soul touched. So long even in the SEEN world righteous soul is minor but in the SEEN world, the righteous soul living actor meets the others righteous soul then feel a real souls living.

So long the righteous soul live in the poor, but also the poor actor live in righteous soul living then, the poor must be distance from wicked soul living place, which is easy living place, it infer that “ the poor & righteous soul” must be live in the righteous soul living best place also.

“the poor & righteous soul” here righteous soul, as living not easy place, so long there is not any wicked soul actors do not live, so long, the righteous soul actor structure “ wicked soul keep decreased because of wicked soul nutrient must be $1/\infty$, so that in this condition “the poor & righteous soul” keep living in righteous soul living behavior “ it shared time with others and help others but also doing real love others” so that the righteous soul energy keep strong, but the wicked soul energy is $1/\infty$ in the end “ the poor & righteous soul” in

the end reach at the place, wicked soul must be inferred that the wicked soul get in to mutation to righteous soul. “ the poor & righteous soul” until now comes perfect righteous soul in the poor.

At now the perfect righteous soul do start for the mission completes, the perfect righteous soul in the SEEN world, the actor do real love lover, righteous soul if the love is not state in the righteous soul, then the strong righteous soul do give righteous soul energy to the lover righteous soul to be righteous soul, so long the righteous soul lover bring to the righteous soul living destination place.

Righteous soul living excitement in the SEEN world how excitement, it is not know the real clear excitement living is feeling in the SEEN world, just one time living in the SEEN world, then it must be very urgent to live on righteous soul living so that “the poor & righteous soul” living is really excitement living.

“The poor & righteous soul” and “the poor & wicked soul”

Why “the poor & righteous soul” writing, an actor living in the poor, the actor living in hard in the SEEN world. The poor actor living must be out of center living, and then the actor living value is questioned? The poor in the mind level an actor must be complain “why I’m not a rich but also I’m hard living” then it must be infer that it is natural, the complained actor must be not a “the poor & righteous soul” because the actor do not recognized with righteous soul living, so long the complained actor must be “the poor & wicked soul”. The poor & righteous soul endure of hard living in poor, so long the poor living is hard, then the living is not easy living.

In this “the poor & righteous soul” wicked soul like to live in easy living, so long the wicked soul like to live as rich so long, it generally defined “the rich & wicked soul” so long in this book it explained why the rich is connected with wicked soul. Because it must be fear of the rich reader anger to me, but in this book explained as the actor structure is “wicked soul, righteous soul, mind and body” so long, all of actor has same living. But “the poor & righteous soul” it must be righteous soul actor must be value of righteous soul living is much better than easy living, here easy living means that the behavior result is get gains, but the “poor & righteous soul” the living is not related with making easy condition getting, but the poor living can possible righteous soul behavior “it shared time with others and help others but also doing real love others” so long, the poor want to live in the condition of righteous soul behavior living condition.

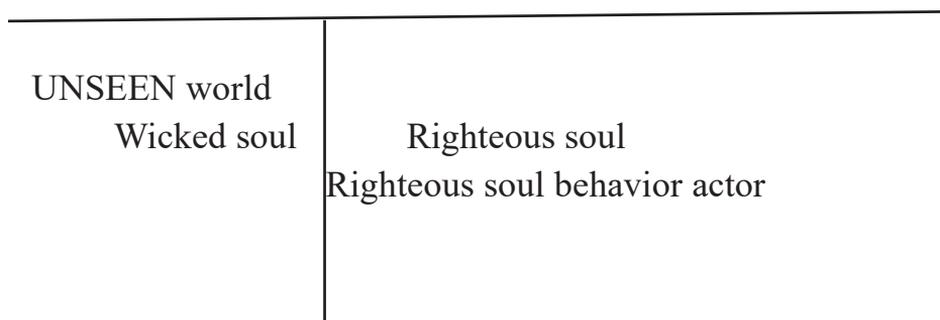

“the poor & wicked soul” this is possible in the SEEN world, so long the poor living is anger so that, try to getting out of the poor, then all

of means used, here is all means that is “wicked soul” behavior of revenge others and break others. So long, the break then stealing others, the poor must be wicked so long, the poor must be one time living, the poor in the wicked soul living, then the poor & wicked soul is deep piteous living actor.

“The poor & righteous soul” actually in the SEEN world recognition is somewhat is not clear but, in this “the poor & righteous soul” the poor term is seen world recognition but “righteous soul” is not recognition in the SEEN world. So long the righteous soul as possible as can just live in righteous soul living, so long the righteous soul originally do not know the wicked soul, the wicked soul meet in the gate to start to SEEN world.

SEEN world

Wicked soul, righteous soul, mind, body

So long, the righteous soul is connected with righteous soul behavior in the SEEN world, then, the righteous soul behavior “it shared time with others and help others but also doing real love others” it means that in the SEEN world,

“The rich and wicked soul” and “the poor & wicked soul” naturally related with wicked soul, so long these are connect to wicked soul. Here! Why not “ the rich & righteous soul” then, it is not possible in this “ the poor & righteous soul” because the rich is itself is easy living, so long, all of the wicked soul and mind are all together come to the rich, so long, the deep “revenge and break” power of actors are all concentration to the rich, so that, the rich itself naturally wicked soul is strong to live with a round of the rich, so that naturally it can survive in the rich actor the righteous soul, so long, “the rich & righteous soul” is not possible.

Righteous soul living and the poor is forming in the SEEN world, because of the poor living is so hard not easy, then the best living place of righteous soul is the poor actor. So long “the poor & righteous soul” is created.

In the SEEN world, living variable level actors are living, then, “the poor & righteous soul” “the poor & wicked soul” “the rich & wicked soul” and mind level actor, also etc. so long all of mixing in the SEEN world, the main character “the poor & righteous soul” must be hard and hunger but realized in living, so long, the poor & righteous soul, keep living in righteous soul behavior “ it shared timed with others and help others but also doing real love” in this “ the poor & righteous soul” also the real love is only to the righteous soul living actor so that, the righteous soul do real love others.

If infer that the mind level actor complain that why the poor is only righteous soul, it must be fully explained.

“The poor & righteous soul” in the SEEN world so hard to live on, because the poor must be regarded as not in count on the main

information, but also the poor living cannot live designed making money also, so the poor must be don not learned all of living is so hard.

“The poor & righteous soul” actor infer of unknown righteous soul living actor must be allotment, so the unknown “the poor & righteous soul” live in peace and silent, the actor living is harmony with around of “the poor & righteous soul” in this “the poor & righteous soul” is main character. The poor living is better than the rich.

The easy question “can you live in rich or poor?” easy answer is “rich living” yes that is easy living, so that easily most “the rich & wicked soul” and “the poor & wicked soul” even still live in mind level actors are all live in rich.

But hard question, deep in touch in righteous soul living actor, yes I will living in the poor, then it moment the righteous soul living actor really lucky, hard to find the righteous soul in the poor living.

“The poor & righteous soul” is beyond the mind level, it must be all of righteous souls highly estimate “the poor & righteous soul” because the righteous soul in the poor, the righteous soul possible comeback to the righteous soul living destination place.

“The poor” and “righteous soul” the poor must be rewarded by the righteous soul, but also righteous soul also rewarded from the poor. Unknown “the poor & righteous soul” actor doing lived in the SEEN world “it shared time with others and help others but also doing real love others” the righteous soul must be sought in hidden place out of wicked soul.

In the point of view as the mind level actor must be “the rich &

wicked soul” is premium, but also some of the all of “ the rich” are all seen in the SEEN world, the actor must be famous, so that all of actor in the SEEN world, the rich must be righteous soul living destination place reach. But in this “the poor & righteous soul” it must be infer of that famous actor must be not in the righteous soul living as the righteous soul point of view.

“The rich & wicked soul” why lost chance to be “the poor & righteous soul”, the rich must be live in easy in the SEEN world, then the rich try to be keep in eternity but there is not eternity in the “wicked soul” so long, try to be keep easy living and famous so long, the wicked soul do not live in righteous soul living. The righteous soul living is “it shared time with others and help others bur also doing real love others”

Respect actor in the SEEN world, in the “poor & righteous soul” then it is an actor structure “wicked soul, righteous soul, and mind but also body” this is same as the poor and righteous soul, the respectful actor in the SEEN world, the actor loved and estimate high noble.

Then the respect actor in the “the poor & righteous soul” then the actor live in eternity because of the righteous soul, here respectful actor is not seen in SEEN world respect then all respect in the specialist but the respect actor also live in the in the righteous soul living, then the actor same as respect in the SEEN world.

“The poor & righteous soul” the poor must be “it shared time with others” it must be infer that humble, become lower, but also do help others must be the talent use for others, do real love other also.

The specialist of the living then, it must be much more sensitive, “the poor & righteous soul” then in the level of righteous soul point of

view then,” the rich & wicked soul” must be connected to the “the poor & righteous soul” so long the rich & wicked soul changed to the poor & righteous soul.

This book “the poor & righteous soul” must be understood in the righteous soul living destination place, but in the mind level “ the poor & righteous soul” must be do not understand but even though still the righteous soul living destination living level is this.

“ the poor & righteous soul” is in the top in the righteous soul living destination place point of view, the righteous soul living destination place living is “ it shared time with others, help others but also doing real love others”

So long, to live in righteous soul living then the poor must be prime, so that the poor living is also really important to the righteous soul living.

Righteous soul living circulation is this

Righteous soul start from righteous soul living destination place

To get a lover to this righteous soul living destination place

Wicked soul argument that if righteous soul going SEEN world then wicked soul also go to the SEEN world so that an actor soul room residence righteous soul and wicked soul

The righteous soul and wicked soul appeared up to the SEEN world then meet “mind”

The place of mind is a body, so that closed body and mind, living that place wicked soul and righteous soul

Righteous soul to live survive from wicked soul and mind, the

righteous soul seek **the poor**, then it comes that “the poor & righteous soul”

“The poor & righteous soul” live righteous soul living “it shared time with others and help others but also doing real love others” so that the poor & righteous soul, the righteous soul get be strong energy, so long the “poor & righteous soul” the wicked soul get in to $1/\infty$, so that it come to the poor & righteous soul complete to “righteous soul” Righteous soul meets a lover to bring back to the righteous soul living destination place

Then the righteous soul live with love in the righteous soul living destination place in eternity

“The poor & righteous soul” living actor even harder in this SEEN world but in the point of righteous soul living destination place the righteous soul is live in eternity. So that, the poor living itself is so deep in value.

The poor living in the SEEN world, in the second level, righteous soul living, truly better than the rich living, who is in the “the rich & wicked soul”.

So long, in the SEEN world the poor living is better than the rich. Because the poor can go to the righteous soul living destination place, but the rich can go to the wicked soul living destination place.

The poor & righteous soul living is hard and difficult but the excitement is eternity. In the SEEN world the poor are in the real excitement living. And “the poor & righteous soul” living eternity in the righteous soul living destination place.

Summary

“Important knowledge from “the poor & righteous soul”

The level of “mind level” point of view the rich is not sin, the rich can said “I live all of time use getting asset” what is my fault, this is level of “mind level” so long, the actor in the SEEN world, so long, to be live in the righteous soul living destination, it must the actor get out of “mind level” mind level is not all to live on, all of living is

The actor live “mind+ body” mind is not organic so that mind do not know UNSEEN world, so that mind there is no any responsibility of the actor to be live in the righteous soul living destination place. So long “the mind” keeps pushing to live for rich, so called mind being ∞ .

“Mind + body” there is no any responsibility the actor to be live in the righteous soul living destination place. In the level of “mind +body” the actor living is to be rich, then it is the all of “mind level ignorance” mind level ignorance make absurd of existing of righteous soul living, so that the rich in the “mind level”, if infer that the rich actor try to be live in the righteous soul living destination place then, the rich must be out of the “mind + body”. Then the rich must be realized that $\text{mind} = 1/\infty$, here is mind is about to zero, then, the rich must be $\text{mind} = 1/\infty$, then the rich out of inorganic mind controls of the rich, so that, the actor of rich do live righteous behavior. “It shared time with others and helps others with doing real LOVE”. Then, in the SEEN world the rich is getting to be the poor and the rich closed relationship with the poor, so long as the rich try to live righteous soul behavior, then, the rich hear of the righteous soul actor, so long the rich keep doing righteous soul living behavior, so long, the rich living

with the poor all of the actor time, because of the rich actor try to be live in the righteous soul living destination place.

The rich in the “mind level” the rich actor role of the righteous soul living destination king, so called the GOD, the rich is the GOD’s energy to help the poor, so then, the rich actor getting out of the “mind level” in the end the rich get to the poor, so long, the new the poor come to realize then, the rich the poor actor come get out of the “mind level” so long, the rich the poor, come to “righteous soul actor” so long as the rich being the poor then, the rich the poor come righteous soul living, but also the actor being “righteous soul living actor” the rich poor actor be being mind is $1/\infty$, therefore the rich the poor come to real righteous soul living destination place living.

What is the poor? In this “the poor & righteous soul” it must be kept changed with getting much more doing realized. The poor it must be end of helping others, so long the poor must be start from the rich, the rich keep to end of helping so that all of giving asset all dried out.

The rich – helping others to end of helping asset = the poor.

The poor – strong righteous soul shared with the rich so many times = the rich being the poor

So long the poor all originality from the rich, so long the poor is even all of asset is about to $1/\infty$, so long, the poor come to reach at the $1/\infty$, this is micro concept point. So long the poor go in to micro concept channel to the micro concept actor righteous soul living destination place the strong righteous soul actor.

The poor and righteous soul is familiar to me, so long courageous the poor and righteous soul living going with others, secured coming back to the righteous soul living destination place, then my “the poor

& righteous soul” also very meaningful to me.

Only out of the poor & righteous soul living, I have been mistake. I didn't living with closed actors, to be out of the poor, I do live hurry, and all of valuable thing is forgotten. Not to run for the rich but run for the righteous soul living, as I'm not rich but on the way my righteous soul living is decreased, so long, I have to also connect to the poor, helping the poor, so long my weak righteous soul actor also helped from the poor strong righteous soul, my righteous soul also get up, getting toward righteous soul living, so then as getting asset this, so long the poor time righteous soul, so long in this time helping the poor, the poor righteous soul affect me, so long, my living go march to the destination of righteous soul living.

Luck or diligence or others fact, my living is not far the poor, still I'm not the poor so that I have enough asset to be the poor, I will shared time with others but also I will help others and doing real LOVE. My living also going with the poor righteous soul, then strongly I can get helping from the poor and righteous soul.

Righteous soul & the rich: Creature rich shared with the poor, this righteous soul and the rich is righteous soul so long time lived as the poor and righteous soul; so long the problems are solved from the righteous soul living destination place “blessed bank” energy so long, in the SEEN world the righteous soul the poor create to live on, so that the righteous soul the rich accomplished.

But righteous soul & the rich helped from the righteous soul living destination place creating helping, so long the righteous soul & rich comes, but righteous soul behavior is “it shared time with others and help others but also doing Real Love” so long, the righteous soul &

the rich is in the righteous soul, so long the poor & righteous soul actor living required helping the creature rich energy. So long the righteous soul & rich shared with the poor and help the poor and doing real love, so long, in the end the righteous soul and the rich some changed so long the rich is changed to the poor, so long the rich and righteous soul is ultimate the poor & righteous soul.

The righteous soul behavior means that the rich help the poor, so then the righteous soul energy is keep helping the righteous soul, so long, the rich to be live righteous soul energy, the rich must “it shared time with others, help others but also doing real LOVE” then righteous soul the rich eternity get of living in the righteous soul living destination place.

The poor & righteous soul asset is “time, helping, real Love” but the rich & wicked soul asset do not have “time, helping, real LOVE” so that in the first level “mind level” actor to be rich all of righteous asset “time, helping, real love” all forgotten so long, even though the actor get in to be the rich but there is no righteous soul asset to the rich& wicked soul. The rich & wicked soul actor segregated from the poor & righteous soul, and then the rich & righteous soul must be dead, so long the rich righteous soul in the risk cause of strong wick soul.

So that the rich& wicked soul to be the rich and righteous soul through to the poor & righteous soul, the rich & wicked soul must be helped from the poor& righteous soul, so long the rich & righteous soul alive by the keep meeting the poor & righteous then the rich actor also has dream to come back safe to the righteous soul living destination place.

The rich righteous soul also makes strong, then the rich righteous soul do live righteously “it shared time with others and help others but also do real love” to the poor and righteous soul, so then, the rich righteous

soul actor meet the poor & righteous soul strong righteous soul so that, the strong righteous soul righteous behavior “it shared time with others and help others but also do real love” then the poor strong righteous soul do real love the rich righteous soul, but also help do live righteously, in this the rich righteous soul help the poor & righteous soul, then the rich righteous soul and the poor strong righteous soul meet, so long the rich righteous soul keep strong connecting.

In this living then, the rich righteous soul, the poor strong righteous soul is making the community affluent place. So long in the SEEN world, the rich help the poor, but also the poor righteous soul help the rich righteous soul, the rich righteous soul also can possible in the 2th level living “righteous soul living place” it can be possible. Even the rich righteous soul is the poor righteous soul comes, so that the rich & righteous soul changed to the poor and righteous soul, so long, the rich and righteous soul changed to the poor, so it goes to the 2th level, the righteous soul living place.

The rich & wicked soul and the poor & righteous soul is pair, this is also infer because the rich has the strong power in the SEEN world, the rich all live easy, there is no any problems to live on, the poor & righteous soul hard to live on the poor try to find the solution to get asset for supporting the poor, so that the poor all of effort to find the knowledge, solution the time is somewhat longer then the righteous the poor keep consistence living righteously “it shared time with others and help others but also doing real love” then the righteous soul find the personal characteristic so called creative personality. The poor & righteous soul strong live in righteously then creative personal peace & excitement living occurs. If not pair between the rich & wicked soul and the poor and righteous soul” then the break pair then the growing in the soul is not expected. The poor & righteous soul to the rich & wicked soul, strange the rich is best in the SEEN world, so

called the “mind level” who knows the inferable second level “righteous soul living place” but do not realized then the rich & wicked soul any problems of living, because the rich is lived in the SEEN world, the rich lining who blame no one criticize the rich, because the rich all want to live, the rich living is peak. There is no any problem, the rich & wicked soul, it means that the rich personal actor, all done. There is no anything necessary to live another thing. So that the rich & wicked soul breaks the pair to the poor & righteous soul, in this “the poor & righteous soul” segregated from the rich in the mind level.

If then it must be the living is so simple, here is the rich is peak, done not anymore, so in this “poor & righteous soul” the rich & wicked soul is living in the “mind level” so long, it must be do not realize, in the “the poor & righteous soul” realized then, the poor & righteous soul structure is “wicked soul $1/\infty$, righteous soul is ∞ + mind is $1/\infty$ + body” so long, the rich & wicked soul structure is “wicked soul is ∞ , righteous soul is $1/\infty$ + mind is ∞ + body” so long, the rich is peak but also done, all actor desired to be rich, but the rich is in the structure is wicked soul and mind is ∞ , so that they do not live this simple behavior “it shared time with others , help others but also doing real love” so that in the end the rich& wicked soul and the poor & righteous soul do not pair.

The breaking pair communities it must be segregate the rich living from the poor living. Then it happened of inferring is “the rich & wicked soul” living getting old, but also there is no any wicked target the poor were not the rich place, but also there is no any “creative solutions” in the rich & wicked soul, so long the rich & wicked soul must be closing. The rich & wicked soul living generation gap is so short in must be, but also the righteous soul living without the rich & wicked soul, then it must be the poor righteous soul, here righteous

soul living is free from the strong wicked soul power, the strong wicked soul power break the righteous soul, but the rich & wicked soul and the poor & righteous soul pair braking then the righteous soul live righteous so long, righteous soul time being strong righteous soul actor. But also the poor & righteous soul living power of “creature” keeps eternity; the creative power means the poor & righteous soul living actor in the SEEN world, living righteous then the actor of righteous soul keep connected to the righteous soul living destination place, the SEEN world the poor righteous soul living actor living really excitement forever. But rich & wicked soul, wicked soul clearly revenges the wicked soul, the same wicked soul actor broken. But strong righteous soul can be defending from the wicked soul power.

The best thing is “the rich wicked soul” and “the poor righteous soul” living coexistence then, the rich wicked soul changed to righteous soul, the rich shared with the poor then same the poor, so long, during the rich wicked soul to change to righteous soul then the rich & wicked soul do role as the pair of the poor & righteous soul, so long the rich & wicked soul accept from the creative energy so long, the rich & wicked soul keep changed to righteous soul but also the rich of the old being the poor new soul beings. So long the besting is the rich & wicked soul and the poor and righteous soul is best pair then, the community place is itself is the righteous soul living righteous living place.

In this “the poor & righteous soul” the rich & wicked soul is pair of the poor & righteous soul, so long, the rich wicked soul even the peak in the SEEN world “mind level” the rich& righteous soul after rich, how to live then, the rich & wicked soul must be live to be the poor & righteous soul. Because the rich & wicked soul must be know that the righteous soul living is better in eternity living. The rich & wicked

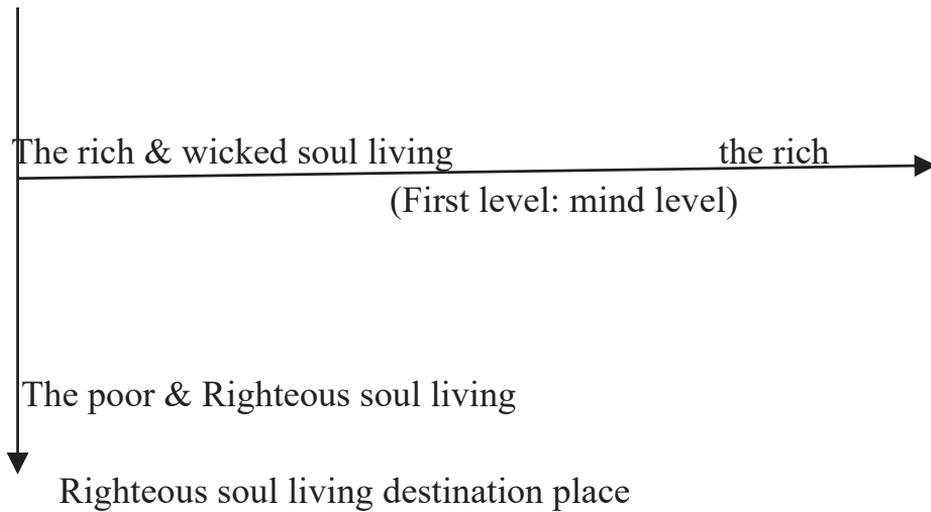

soul must be live how a new living, a new dream this is get in to “the poor & righteous soul”, this is rule is adopt in the SEEN world then, the place must be living is getting better, because the rich & wicked soul origin Is not help others, but wicked soul of the rich, the wicked soul is role being the rich, but the rich structure “wicked soul ∞ , righteous soul $1/\infty$ + mind ∞ + body” then, here is derived from the poor structure “ knowledge what is in the poor & righteous soul’s living also much more easy and + realized from the knowledge, so called the rich & wicked soul minority the righteous soul helped from the poor & righteous soul, “ wicked soul $1/\infty$, righteous soul ∞ + mind $1/\infty$ + body” then, the strong the poor & righteous soul, helped the rich & righteous soul, how to be live excitement of righteous soul living. That is the poor & wicked soul but the minority righteous soul getting realized, so long the rich & righteous soul so fear of wick soul, it must be appeared in the SEEN world, the rich in the helping others then, in the wicked soul understand “the poor is do not work and lazy, they are strong body so they must live their self, I don’t have to help the poor” so long the minority actor very weak in power, “even though they are lazy, do not work, it must be helping is the poor can revive so it needed to help others” this is comes in the SEEN world, but in the UNSEEN world “the rich & wicked soul meet the poor & righteous soul” in the SEEN world before segregated wicked soul and righteous soul, so then the “rich & wicked soul minority touched to the strong righteous soul the poor & righteous soul” so then the rich & minority righteous soul learned the other living is after level, so called the “mind level” after it come to second level “righteous soul living destination place living” in this place actually it don’t necessary “rich and poor” is not the only thing is “righteous soul living” so that the rich & minority righteous soul keep connect to the poor and righteous soul, so long as keep often meeting the poor & righteous soul, at now the rich and wicked soul as keep meeting the poor and righteous soul so then the rich minority righteous soul keep growing,

The wicked soul energy power is “revenge and breaking” so that in the poor living that power it don’t necessary, so even the wicked soul so huge it don’t make sense, because there is no any easy living energy, if the wicked soul to live in the poor living then, the wicked soul so hard to live on, there is any soul energy, so long, the wicked soul getting weak, but righteous soul behavior living is so excitement in the poor living “it shared time with others and help others but also doing living real love others” so long in the poor living the wicked soul in the end get mutation to the righteous soul living soul.

Then still is not understand in the point of SEEN world actor, the SEEN world who is the poor? The poor is defined in “the poor & righteous soul” then the poor is righteous soul living actor can live place supplied actor, then the poor is defined. The poor is not poverty in the SEEN world, the poor must be righteous soul actor living place is the poor. It defined that “the poor” is righteous soul residence, so long the poor is righteous soul living actor all governing the body that is the poor.

“The poor & righteous soul” living and “the rich & wicked soul” is living is explained as even before used

(Second level: righteous soul living)

In this diagram, one actor living is deep living, the actor do not harm other in living but go deeper, so long, “the poor & righteous soul” but the other horizontal line is the first level mind level is to be rich all of power combined of wicked soul and mind to be get rich, so many other soul actors are trampled so

Many a new wicked soul living actor produce, so many soulful actors try to live the rich, the live in the way, the rich living way, the place” the rich & wicked soul” truly get on the place rich, but all of the try to be rich actors are all be trampled.

So long the first level, the mind level living actors “mind + body” are live on the horizontal arrow line, but the “the poor & righteous soul” actor living is vertical arrow line live, “the poor & righteous soul” living is not make hard others but “it shared time with others and help others but also doing real love others” the poor living do not make hard others how to live it must be the living is infer that creative live,

the righteous soul living helped the poor.

In this “the poor & righteous soul” must concerning thing is the righteous soul voyage, the righteous soul start from the righteous soul living destination place so long the righteous soul actor must live righteously, so then, the living condition is simple is better, so long the real righteous soul like to live on the poor. But also the righteous soul actor living in the poor then, the wicked soul living circumstance deteriorate so then, the righteous soul live with the poor so then the righteous soul living is good for living “it shared time with others and help others but also doing real love others” so that the strong righteous soul living actor live in the poor, so called “the poor & righteous”.

The righteous soul voyage schedule is

- ① Start voyage from the righteous soul living destination place as traveling tool only REAL LOVE energy.
- ② First meet wicked soul living in the soul room, this time righteous soul do real love to the wicked soul, in this time the body must be live righteously “it shared time with others and help others but also doing real love” furthermore strong righteous soul power of God helping. So long the “the poor & righteous soul” living of principle is this, in this living is the poor living helping the wicked soul energy keep weak, because of the poor living is not easy living so that wicked soul do not like, but the righteous soul living is make strong the righteous soul so that in the soul room, the righteous soul also doing real love to the wicked soul then the place of soul, ultimate a wicked soul to be mutation so long, in the soul room, there only living two righteous soul so that, both righteous soul help each other’s, but also it shared time with others, so long both are strong real love. In the end in this

voyage created to the strong righteous soul so long the righteous soul gets a basis of the righteous soul living in the SEEN world. Here is appeared in the SEEN world “the poor & righteous soul”

- ③ Second the “the poor & righteous soul” will meet a lover, then the lover structure is “wicked soul, righteous soul + body+ mind” so then, “the poor & righteous soul” try to help love to be live righteously, so long “the poor & righteous soul” do live righteously“ it shared time with others and help others but also doing real love others”. Then the mission is recalled to “the righteous soul try lover to bring back to the righteous soul living destination place. so long, the lover must be helped from “the poor & righteous soul”, the lover must be live righteous soul, so long; “the poor & righteous soul” righteous soul connect to the lover righteous soul, so long, these “ the poor & righteous soul” and “ the lover righteous soul” meet, so then so strong righteous actor of “ the poor & righteous soul” to do righteous soul behavior, “the poor and righteous soul” shared time with lover righteous soul and help the lover righteous soul but also doing real huge love to the lover righteous soul, so long, in the end the Lover righteous soul huge righteous soul: lover righteous soul energy + “ the poor & righteous soul” energy + body righteous soul behavior and huge strong righteous soul of the God Real love” so that the lover soul is being strong righteous soul may can change the lover wicked soul to be mutation, in the end the lover also strong righteous soul actor.
- ④ As result of that the “the poor & righteous soul” and “lover righteous soul” so huge righteous soul so long, they are super righteous soul living these two righteous soul living is

“the poor & righteous soul + the lover righteous soul” is combined a huge and strong righteous soul appeared so long, “the poor & righteous soul” actor mission clear but also the righteous soul safe bring the lover to the righteous soul living destination place.

This cycle is righteous soul voyage; so long in the SEEN world living must be simple, living in the poor is critical important, all of living in the SEEN world, all of the actors are all same, so long, the righteous soul voyage to be safe returned to the righteous soul living destination place then, righteous soul cycle ②③④ all must be started from the poor living. Because the righteous soul must get mutation, this is really important process, so long, “the rich & wicked soul” in the SEEN world seen is “the rich” perfectly it never can be righteous soul possible the wicked soul changed to righteous soul, so long, “the rich & wicked soul” never it can be possible righteous soul mission voyage.

So long, “the poor & righteous soul” real living in the SEEN world must be live in poor & righteous soul. Righteous soul living must be doing not related with the rich living. in this “the poor & righteous soul” the actor living space is “SEEN world, and UNSEEN world” so long in this “the poor & righteous soul” are consist of “wicked soul, righteous soul, mind and body” so long, wicked soul try to live in the easy living, the wicked soul has powerful power to revenge and break others. Righteous soul living is “it shared time with others and help others and doing real love others”. But also mind is just hurry not to be hard and difficult living.

Even much more body also tries to live easy living. So long most actors are living easy then all is ok, easy living likeable characters “Wicked soul, mind, body” these actors are tried to live in easy. But

only righteous soul is “it shared time with others, help others, and doing real love others” righteous soul living is not easy living. Righteous soul living is excitement living. What is excitement living? The excitement living is righteous soul living behavior of pleasure, so called it shared time with others, the actor time used with others, here is others is same as the bible saying “do love neighbor” then time with neighbor, so long, the place is forming of charity so long, the relationship itself produce excitement.

Righteous soul behavior “do help others’ to help others, it must be the actor do live save and diligence living, then helping structure is forming, helping is just momentum helping pleasure but also preparing to help other, working also produce the excitement.

Finally righteous soul behavior of producing excitement is “do real love other” here is real love then; pair of false love, real love is charity love, not an instinct love, real love is eternity love, false love is do not recognition in the righteous soul living destination place. Doing real love is only righteous soul living can do real love others. So long, real love is righteous soul strong weapon to face with wicked soul, so long real love power wicked soul changed to righteous soul, so long real love is mutation power, so long, if an actor do real love others, especially the wicked soul actor is changed to righteous soul then, the excitement is also produced.

The actor in the SEEN world, the actor live in easy and excitement live, the easy living also a kind of living, but also excitement living can live in this world.

Righteous soul living is clear, the condition is mind is $1/\infty$, but also righteous soul living behavior; it shared time with others and help others but also doing real love others” furthermore to survive the actor must be in the internal survive then the righteous soul actor live in the

righteous soul best living condition, but wicked soul worst living condition, the wicked soul worst living condition is do not live in easy living condition that is the righteous soul best living condition, so long the righteous soul live in the not easy living condition, the condition is the poor living actor. So long righteous soul living must be living in the poor actor.

The poor actor of righteous soul is mind be $1/\infty$, so long the poor is reach at the mind about to zero, so long it comes righteous soul, so long righteous soul living behavior is “it shared time with others and help others but also doing real love others”. The poor & righteous soul living is hard and difficult so long, this actor must be seen in the SEEN world; pity looked from wicked soul living actors.

But in the righteous soul living actor know that “the poor & righteous soul” living is seen to the righteous soul as recognized as soul. So long the righteous soul meets others righteous actor then the moment the actor also soul touched. So long even in the SEEN world righteous soul is minor but in the SEEN world, the righteous soul living actor meets the others righteous soul then feel a real souls living.

So long the righteous soul live in the poor, but also the poor actor live in righteous soul living then, the poor must be distance from wicked soul living place, which is easy living place, it infer that “the poor & righteous soul” must be live in the righteous soul living best place also.

“the poor & righteous soul” here righteous soul, as living not easy place, so long there is not any wicked soul actors do not live, so long, the righteous soul actor structure “wicked soul keep decreased because of wicked soul nutrient must be $1/\infty$, so that in this condition “the poor & righteous soul” keep living in righteous soul living

behavior “ it shared time with others and help others but also doing real love others” so that the righteous soul energy keep strong, but the wicked soul energy is $1/\infty$ in the end “ the poor & righteous soul” in the end reach at the place, wicked soul must be inferred that the wicked soul get in to mutation to righteous soul. “ the poor & righteous soul” until now comes perfect righteous soul in the poor.

Epilogue

“The poor & righteous soul” so hard to start, I write the poor, four times erase, but I had to write, at now comes to conclusion. The name of “the poor & righteous soul” this book is challenge to me. I was perplexed with my first writing, because the poor is so hate to live on, I want to live on rich, but I’m writing, so that I start courageously, I will do give “ the poor & righteous soul” they live in the SEEN world, if I write then they must be consoled.

But also to overcome of fear, I said to me that, I got a key word “the poor”, the poor what in this book “the poor & righteous soul” I had to main character of the poor, the poor in mind level, if I say the poor is better than rich then, it must be all are wrong, but I have to find the poor is better than the rich. I can explain why the poor is better than the rich.

“The poor & righteous soul” live at hard in the SEEN world, but the rich is live in easy living, so long, hard and easy is appeared to, but also in this “the poor & righteous soul” then the excitement of righteous soul and wicked soul easy living a pair of keyword had found.

An actor structure is “wicked soul, righteous soul, mind and body” here is righteous soul is main character, so long, righteous soul living SEEN world and UNSEEN world living is prime concerning in this “the poor & righteous soul”

Only “the poor & righteous soul” can go to the reach at the righteous soul living destination place. The poor carried to the righteous soul living destination place.

So that the poor is essential to the righteous soul living complete of the mission of righteous soul living “brings a lover to righteous soul living destination place with living eternity with righteous soul lover”. For this the righteous soul live in the SEEN world all of hard living for the purpose of in the righteous soul living destination place eternity living with righteous soul lover.

“The poor and righteous soul” pleases the poor in the SEEN world read “the poor & righteous soul” then getting hope to live on righteous soul living in the righteous soul living destination place.

In the end the poor is much prouder than the rich living. The poor is even hard living but the living is excitement living
