Preface

Yin and yang harmony

It shares time with other, help other, but also doing real love other

Normal living

Reach at the end of macro concept world to beginning micro concept world

Woman and man same

Easy living woman and man even use revenge and breaking

Abnormal living

Do not reach at the end of macro concept world not to beginning micro concept world

Helping

Woman and man to be God of human being

self-injury in me I used knife cut me my hand, just to get sex with my girlfriend, what happened in me?

Right after I felt regret, I'm pray "god help me not to do regretting behavior"

God help me “living in nature and end of macro concept world in natural, help me my end of macro concept world on the lover of wife knees”

Why I’m try to do book writing is this?

October 21, 2020

yin and yang harmony at micro concept world

micro concept world is consisting of righteous soul living in destination place and wicked soul living in destination place.

Righteous soul living in destination place

Righteous soul creating place

Righteous soul yin

Righteous soul yang

But also, righteous soul living in destination place is

Righteous soul macro concept world voyage mission completion safe returning place

Righteous soul macro concept world voyage mission is

Righteous soul yin meets lover of wicked soul yang and do real love lover of wicked soul yang to be creating lover of righteous soul yang and safe returning to the both righteous soul yin and righteous soul yang safe returning to the righteous soul living in destination place.

Wicked soul living in destination place

Macro concept world voyage mission failure of wicked soul

So that failure of macro concept world voyage mission produce

Wicked soul yin

Wicked soul yang

Here is wicked soul as the failure of macro concept world voyage so that, wicked souls are all anger of fallen to the wicked soul living in destination place so that, wicked soul yin and yang all feeling that “revenge and breaking”, so that wicked soul yin and yang feeling is all effort to revenge and breaking other.

In the micro concept world

Righteous soul living in destination place

Creating righteous soul yin and righteous soul yang

Righteous soul yin mission is wicked soul yang creating righteous soul yang

Righteous soul yang mission is wicked soul yin to create righteous soul yin

Because cosmos law is kept cosmos to be silence and clean clear so that

In the cosmos wicked souls are all trying to revenge and breaking of

loudly and dirty

Cosmos law

Expect righteous soul living in destination place creating righteous soul help cosmos to be being silence and clean clear.

So that cosmos law and righteous soul macro concept world mission is creating cosmos silence and clean clear.

Righteous soul does create wicked soul in the macro concept world.

Micro concept world yin and yang is

From righteous soul living in destination place

Righteous soul yin and yang

From wicked soul living in destination place

Wicked soul yin and yang

Infer that

From micro concept world to macro concept world

Both wicked soul and righteous soul same opportunity to live macro concept world.

So that

In the macro concept world role player is

Wicked soul living is revenge and breaking

Righteous soul living is doing real love

Righteous soul doing real love to wicked soul creating righteous soul

But wicked soul doing revenge and breaking all righteous soul,
wicked souls

Sure, of righteous soul from micro concept world

Righteous soul from micro concept world, survive and safe returning
to the righteous soul living in destination place, this is righteous soul
macro concept world purpose as macro concept world mission
completion.

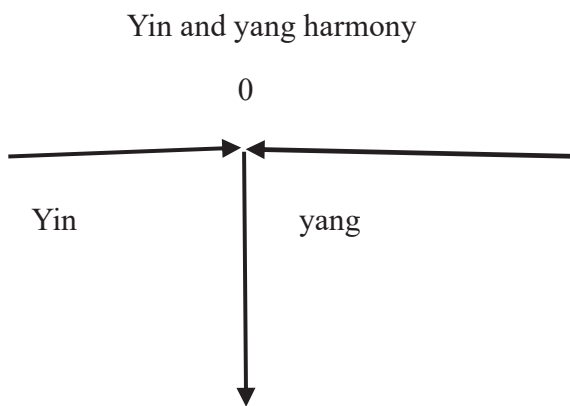

But wicked soul from micro concept world

To be saved from a righteous soul then, created to righteous soul then
complete macro concept world living.

In the macro concept world

Yin and yang harmony are

Righteous soul living in destination place arrival

Righteous soul living in destination place

Sure, of meeting in the macro concept world yin to yang, yang to yin,

In the macro concept world meeting yin to yang, yang to yin

Here is yin and yang harmony

Yin (-) + yang (+) = 0 in the micro concept world living
the absolute value yin (-) + the absolute value yang (+) =
feeling of yin (-) is that 2 absolute value of yin (-)
feeling of yang (+) is that 2 absolute value of yang (+)

and here is righteous soul macro concept world mission and cosmos
law is

righteous soul yin + wicked soul yang = righteous soul yin + righteous
soul yang

righteous soul yang + wicked soul yin = righteous soul yang +
righteous soul yin

this is righteous soul macro concept world mission

righteous soul macro concept world mission

yin and yang harmony

is all to be fit of completion is macro concept world righteous soul
voyage mission clear.

If in the macro concept world voyage

A righteous soul does not live yin and yang harmony then, the yin and
yang living do not feel

feeling of yin (-) is that 2 absolute value of yin (-)

feeling of yang (+) is that 2 absolute value of yang (+)

so that, macro concept world yin and yang living energy is not completion to do, righteous soul macro concept world voyage mission so that even meet a righteous soul yin and yang wicked soul yang and win but impossible cause of righteous soul macro concept world lack of energy.

So that

If a righteous soul macro concept world voyage mission completion

It needs to live

Yin and yang harmony

So that feeling

feeling of yin (-) is that 2 absolute value of yin (-)

feeling of yang (+) is that 2 absolute value of yang (+)

righteous soul yin and wicked soul yang harmony

righteous soul yang and wicked soul yin harmony

righteous soul yin (-) + wicked soul yang (+) =

righteous soul yang (+) + wicked soul yin (-) =

righteous soul yin (-) = 2 absolute value of yin (-)

righteous soul yang (+) = 2 absolute value of yang (+)

2absolute value of (-) + wicked soul yang (+) = righteous soul (-) +
{righteous soul (-) + wicked soul (+)} =

Righteous soul (-)

righteous soul yin (-) + wicked soul yang (+) = righteous soul (-)

2absolute value of (+) + wicked soul yin (-) = righteous soul (+) +
{righteous soul (+) + wicked soul (-)} =

Righteous soul (+)

righteous soul yang (+) + wicked soul yin (-) = righteous soul (+)

here is yin and yang harmony

yin influence to yang, and yang influence to yin so that

here is

wicked soul yin and yang disappeared.

Here is strong condition is yin and yang harmony.

So that

$$\begin{aligned} &\{\text{righteous soul yin } (-) + \text{wicked soul yang } (+) = \text{righteous soul } (-)\} + \\ &\{\text{righteous soul yang } (+) + \text{wicked soul yin } (-) = \text{righteous soul } (+)\} \\ &= \{\text{righteous soul } (-) + \text{righteous soul } (+)\} \end{aligned}$$

Righteous soul yin and righteous soul yang is created helping yin and yang harmony.

Macro concept world

Righteous soul, wicked soul yin and yang variance to

Micro concept world righteous soul yin and yang creation so that

Righteous soul yin $(-)$ + righteous soul yang $(+)$ = 0 of righteous soul living in destination place safe returning.

Micro concept world

Righteous soul living in destination place

Righteous soul yin $(-)$ + righteous soul yang $(+)$ = 0

This is yin and yang harmony at micro concept world

Yin and yang to in and out with righteous soul mission

Yin is in

Yang is out

Righteous soul mission

Yin and yang are defined as all of cosmos consist of yin and yang.

Yin is (-) yang is (+)

Magnet is (-) and (+)

Electric power (-) (+)

Yin and yang harmony are

Yin role as inside living actor

Yang is outside of space role playing

So then!

Yin is living in a space of yang.

Righteous soul mission is

Righteous soul meets a lover of wicked soul, then do real love lover

of wicked soul, and create righteous soul of a lover, in the end
righteous soul and creating righteous soul together safe returning to
the righteous soul living in destination place

Here is righteous soul is doing real love other of role player

Wicked soul is revenge and breaking other of role player

Yin is inside

Yang is creating space

This combination is in the macro concept world righteous soul living
rule

Infer that

How hard righteous soul doing real love lover of wicked soul who is
revenge breaking other.

Righteous soul mission is really turf and hard to the righteous soul,
who role of doing real love, who role of revenge and breaking.

But here is righteous soul mission is regulation and duty of micro
concept world righteous soul living in destination place.

But righteous soul living is

It shares time with other, help other, but also doing real love other

Wicked soul living is

Easy living of revenge and breaking living

righteous soul living mission is

“It shares time with other, help other, but also doing real love other”
righteous soul +doing real love +lover “Easy living of revenge and
breaking living” wicked soul = creating a new

“It shares time with other, help other, but also doing real love other”
righteous soul + lover of righteous soul of “It shares time with other,
help other, but also doing real love other” righteous soul”

How hard righteous soul do to do real love to create wicked soul to
righteous soul.

Yin and yang harmony

Yin is inside

Yang is our side of space creating

To be yin living it required to be a space,

But to be living yang is creating for yin living residence

In the cosmos all of

“Yin and yang” huge numbers are living

Yin and yang harmony or

Yin and yang do not harmony is in the cosmos

This is yin and yang livings

Yin and yang harmony or yin and yang do not harmony is which is
righteous soul mission clear helping.

If in the macro concept world

A yin and yang living are harmony

Then

Infer of truth

Yin of inside living is righteous soul

But yang of space is wicked soul

Then!

Yin of righteous soul stay at the space

At the space righteous soul yin doing real love of outer of yang to be
righteous soul living.

I do not know; this is inferring that yin is righteous soul in inside is
yang of space.

If this true

Then righteous soul yin is host, yang is space or yin living space.

Yin and yang harmony

Yin living is inside silence and clean clear

Yang is outside loudly and dirty may be of infer

Yin living is best player with silence and clean clear living

Yang is best player with loudly of dirty living

Righteous soul living of yin is doing real love lover of wicked soul,

Yin and yang harmony are

Yin living is inside silence and clean clear

Righteous soul yin living is

Silence and clean clear of bubble of creation of knowledge.

Yin and yang harmony are

Yang is outside of space creating role player.

Righteous soul yin living harmony with wicked soul of yang then infer of sure righteous soul yin feeling “silence and clean clear of bubble of creation of knowledge”.

It is feeling dangerous feeling in book writing because yin is role of righteous soul, but yang is wicked soul, this not correction, until now all of my book is not discriminate but righteous soul to wicked soul.

So that as the person of righteous soul living or wicked soul living is prime concerning.

So that righteous soul living only living me is all my books

But here is

Yin and yang harmony are yins role is inside and outside of yang is creating space.

It is surprising

But here is do experiment of infer is

If yin and yang do not harmony then

Do not harmony yin and yang mean that

Yin is not living inside living

Yang is not role of outside of creating space

Then

Here is yin is not living inside by creating yang outside of space.

Then!

Yin living is not inside of yang creating outside but also yang do not creating space

Then

Yin living place is not

So that yin does not live silence and clean clear

So that yin does not get bubble of creation of knowledge

Yin living is not based on yang creating inside but, yin living is outside of loudly and dirty living

So then!

Do not harmony yin and yang living are surprisingly much more dangerous.

Yin do not role of inside living, then yin is living outside living also

Yang do not role of outside living, then yang to be living inside also

Here is yin living loudly and dirty living, so then

Here is not completion of righteous soul mission clear.

Therefore

Sure, of clear is

Yin and yang harmony with righteous soul macro concept world mission strong relative.

Yin and yang harmony

Righteous soul mission clear

Yin and yang harmony + righteous soul mission clear = righteous soul living in destination place safe returning possible.

Yin and yang do not harmony

Yin and yang do not harmony

If yin and yang role play then, this is yin and yang harmony

Yin is silence and clean clear

Yang is bright and power

But yin and yang do not harmony,

Yin is bright and power

Yang is silence and clean clear

Truly yin and yang living are whole in the macro concept world

Truly infer is yin and yang harmony or yin and yang do not harmony
is living in the macro concept world.

self-injury in me I used knife cut me my hand, just to get sex with my
girlfriend, what happened in me?

Right after I felt regret, I'm pray "god help me not to do regretting
behavior"

God help me "living in nature and end of macro concept world in

natural, help me my end of macro concept world on the lover of wife
knees”

Why I’m try to do book writing is this?

Yin and yang harmony

Yin and yang do not harmony

Yin and yang harmony

Defend regret behavior but also living natural and end of macro
concept world also natural

Yin and yang do not harmony

Do not, cannot defend regret behavior but also living do not natural
and do not end of macro concept world natural

Truly I’m fear of

If my living is yin and yang do not harmony

My living is really dangerous so that living is also all dangerous living.

Righteous soul living me is really do

Righteous soul mission in the macro concept world

“Righteous soul me meet a lover of wicked soul, and do real love

lover of wicked soul, do create righteous soul, so that righteous soul
me and lover of righteous soul both safe returning to the righteous
soul living in destination place”

I’m regret my behavior self-injury in me I used knife cut me

How I’m did that, righteous soul me creator help me not to do next
living, but also help me safe finishing in the macro concept world,
righteous soul creator help me living “yin and yang harmony” yang
of me and yin of my lover of wife to be living in harmony so that help
each other safe living in the macro concept world.

Yin of my lover of wife

Yang of me of husband

Yin and yang harmony

Yin and yang safe living

It never to be happened regret behavior

Yin and yang harmony help safe living in the macro concept world
between yin and yang.

This is really my living is yin and yang harmony

So that

Keep safe living yin and yang harmony

So that it never to be happened regret behavior

But also based on yin and yang righteous soul mission in the macro concept world living

Truly infer righteous soul mission and cosmos law is

One of righteous soul, yin of righteous soul, or yang of righteous soul meet other,

Other is lover of wicked soul.

So then

Wicked soul of lover is not same living

Righteous soul me behavior “it shares time with other, help other but also doing real love other”

But lover of wicked soul is

“easy living only wicked soul of lover to do it, use revenge and breaking other”

In the macro concept world cosmos law planning

Each righteous soul to wicked soul and righteous soul to create wicked soul to righteous soul

This is macro concept world righteous soul mission.

Righteous soul to wicked soul

This living is

Righteous soul is living macro concept world mission clear, keep a cosmos law, and safe returning to the righteous soul living in destination place, so that righteous soul host role play

Wicked soul is

Righteous soul mission target to be real loving from a righteous soul, so that wicked soul role player is against to the righteous soul, making hard to live righteous soul mission clear, so then here is wicked soul is guest of righteous soul.

Here is not business transaction but this is righteous soul mission

Righteous soul macro concept world mission is

Righteous soul meets a wicked soul then do create righteous soul; this mission is completion is then safe returning to the righteous soul living in destination place.

Here is yin and yang harmony

Is yin and yang living being “yin shares time with yang and help yin and do real love yang” but also

“yang shares time with yin and help yin and do real love yin”

How hard righteous soul mission clear?

Only yin and yang harmony then, carry righteous soul mission

“Righteous soul meets a wicked soul then do create righteous soul;
this mission is completion is then safe returning to the righteous soul
living in destination place.”

But if not doing yin ang yang harmony

Do not “yin shares time with yang and help yin and do real love yang”
but also do not “yang shares time with yin and help yin and do real
love yin”

Here is do not yin and yang harmony is

The same as wicked soul living, so that it never to be completion of
righteous soul mission.

This is wrong because there is no righteous soul, so that it doesn’t
have to righteous soul mission clear.

Yin and yang harmony

Righteous soul mission

As the cosmos law and righteous soul mission is one is righteous soul
the other is wicked soul

So then

Yin and yang harmony

Host must be

Righteous soul yin

Righteous soul yang

The best inferences, of righteous soul and yin and yang harmony

Righteous soul yin to wicked soul yang

Righteous soul yang to wicked soul yin.

Truth of inference is

Righteous soul living behavior to the wicked soul is do real love

But

Wicked soul living behavior to the righteous soul is do revenge and breaking

Righteous soul yin doing real love lover of wicked soul who is living revenge and breaking

Righteous soul yang doing real love lover of wicked soul who is living revenge and breaking

Yin and yang harmony + Righteous soul macro concept world

mission = completion of macro concept world safe living and safe returning to the righteous soul living in destination place.

Here is strong condition is

In the macro concept world husband and wife, wife and husband is who is yin and yang and who is righteous soul other is wicked soul, so that

Yin and yang harmony are really base living safe living safe returning to the righteous soul living in destination place

Righteous soul yin and yang role play

Righteous soul living in destination place create righteous soul yin and righteous soul yang.

Righteous soul creator design righteous soul yin and yang

Righteous soul yin role play

Righteous soul yang role play

Here is righteous soul role play

Yin and yang role play

Righteous soul role play is righteous soul mission clear

Righteous soul meets a lover of wicked soul and then do real love wicked soul to create a righteous soul and safe returning to the righteous soul living in destination place

Yin and yang harmony

Yin do righteous soul behavior to yang and yang to do behavior to yin

Yin shares time with yang and help yang and do real love yang, but also yang shares time with yin and help yin and do real love yin.

Here is infer that

Righteous soul mission

Righteous soul meets a wicked soul

So then, here is a wicked soul is must be inferring that cosmos law keeping and righteous soul mission so then

Righteous soul creator designing a righteous to meet a wicked soul

So then, a righteous soul creates to save a wicked soul, this is righteous soul mission but this is cosmos law.

But also, here is

To save a wicked soul who is do not reach at the righteous soul living in destination place, so a wicked soul to be saved then, righteous soul living in destination place create for a wicked soul.

Yin and yang role play

Creating righteous soul yang designed for a yin wicked soul, so then righteous soul yang saves wicked soul of yin in the righteous soul mission.

Creating righteous soul yin designed for a yang wicked soul, so then righteous soul yang saves wicked soul of yang in the righteous soul mission.

In the cosmos law

Cosmos must be being silence and clean clear

But now in the cosmos, loudly and dirty, so that cosmos law designed righteous soul living in destination place, righteous soul creator does create righteous soul to save wicked soul, so that all wicked soul saved then cosmos law completion so that cosmos to be being silence and clean clear.

Here is really critically truth is

Righteous soul living in destination place righteous soul all designed for the ordained a wicked soul saving.

All of righteous soul designed for ordained a wicked soul

So, then a righteous soul mission is

Righteous soul meets an ordained wicked soul and help and doing real love ordained lover of wicked soul to be creating ordained righteous soul, so that a righteous soul with ordained a righteous soul safe returning to the righteous soul living in destination place

Righteous soul creator really excitement because

A creating righteous soul save ordained a wicked soul create righteous soul

Creator design completion

Originality all righteous soul create righteous soul role play but in the voyage at macro concept world fail safe returning to the righteous soul living in destination place, so that righteous soul creator try to save did not safe returning so called failed to righteous soul mission clear, so that fallen to the wicked soul living in destination place, so then righteous soul creator try to save a righteous soul

So that now creating is righteous soul designed save a wicked soul so that ordained to meet a wicked soul.

Here is really infer of truth

In the macro concept world living

A righteous soul of a person living, then all the time or all of righteous soul of a person moving keeping seeking an ordained wicked soul who must be save wicked soul to righteous soul.

A righteous soul meets an ordained wicked soul who must be saving by righteous soul

Here is yin and yang harmony are appeared.

A righteous soul yin and yang meets ordained wicked soul who must be saving righteous soul, but also here is righteous soul mission adopt

Righteous soul meet an ordained wicked soul who is must to be save because righteous soul creator designed a righteous soul so then a righteous soul help and doing real love to be creating a righteous soul, this is really critically important, a righteous soul do mission clear is

one is righteous soul creator design is save ordained wicked soul to create a righteous soul, but also a righteous soul safe returning to the righteous soul living in destination place.

Righteous soul meet ordained a wicked soul

This is really critically important

A righteous soul meets an ordained a wicked soul who must be saved wicked soul to righteous soul

Here is save a wicked soul to righteous soul

A righteous soul shares time with ordained wicked soul

A righteous soul helps an ordained wicked to live in righteous soul living in destination place living creation of knowledge getting

A righteous soul does real love an ordained wicked soul to create an ordained righteous soul

Here is appeared yin and yang harmony

If a righteous soul created as righteous soul yin then a righteous soul yin ordained to meet a wicked soul yang

If a righteous soul created as righteous soul yang then a righteous soul yang ordained to meet a wicked soul yin

This is cosmos law and righteous soul mission

So that righteous soul living in the macro concept world is all

challenge because a righteous soul to do create wicked soul to righteous soul.

Truly a wicked soul is really fear and deceit so that a righteous soul living with wicked soul is really hard.

Here is a righteous soul meet an ordained lover of wicked soul, then who is all responsibility to cosmos law keeping but also righteous soul mission clear is a righteous soul meet an ordained wicked soul meeting, this is beginning “yin and yang harmony”.

Righteous soul yin is host to save an ordained wicked soul yang to be creating righteous soul yang

Righteous soul yang is host to save an ordained wicked soul to be creating righteous soul yin

Righteous soul yin meets ordained wicked soul yang

Righteous soul yang meets ordained wicked soul yin

This is really critically important

Here is all of righteous soul living in destination place a creating righteous soul all has designed mission, so that macro concept world living righteous soul

Living is originality

Strong righteous soul so that feeling silence and clean clear but also getting bubble of creation of knowledge

This is righteous soul yin, and this is righteous soul yang

If not living strong righteous soul yin and yang

Even meet ordained wicked soul yang and yin, but a righteous soul hard to live with ordained wicked soul, so that righteous soul role play or mission do not clear, so that a not strong righteous soul end also to be wicked soul living in destination place fallen

Righteous soul

Righteous soul

Righteous soul mission is saving an ordained wicked soul to create a righteous soul

So that all of righteous soul living is

Silence and clean clear but also getting bubble of creation of knowledge

This is righteous soul living

Righteous soul living is host

Wicked soul living is guest

So that,

All of all result is all righteous soul me responsibility

Righteous soul me is all responsibility now in the macro concept world living.

If really to be string righteous soul living seek and living righteous soul living.

Then righteous soul living will be getting and living possible

Do live righteous soul

Righteous soul me

As I do is only real doing accomplished

If I do live righteous soul of yang or yin, then I can do real doing to my lover of wicked soul yin and yang.

This is clear of righteous soul living and righteous soul mission clear.

But also, this is as righteous soul living yin and yang living in micro concept world time of vertical time.

So that righteous soul yin and yang living is righteous soul living in destination place time living.

Righteous soul yin and yang righteous soul time living in the macro concept world.

If not living righteous soul yin and yang

Then, wicked soul living yin and yang, there is no energy to do lover of other to be being righteous soul, because as living wicked soul yin and yang so that, wicked soul living yin and yang passive saving from other righteous soul, so that if ordained a righteous soul do not living righteous soul, then sure of now living wicked soul yin and yang hard to save to creating righteous soul.

Wicked soul yin and yang living is their time all macro concept world time of horizontal time.

Righteous soul time of vertical time of righteous soul living in

destination time is

Depth of vertical is ∞ X width of horizontal is $1/\infty = \text{constants time}$

Wicked soul time of horizontal time of macro concept world time is

Width of horizontal time is ∞ X depth of vertical time $1/\infty = \text{constants time}$

Righteous soul time of vertical time of righteous soul living in destination time is

“it shares time with other, help other, but also doing real love other”

This time is not living in macro concept world time living because, righteous soul time do not make hard other.

Wicked soul time of horizontal time of macro concept world time is

“wicked soul only easy living and doing revenge and breaking other”

This time is only macro concept world time so that to be wicked soul living easy living make hard other

If a righteous soul yin and yang living in righteous soul, then

A righteous soul yin and yang do shares time with wicked soul yang and yin, but also help wicked soul yang and yin and doing real love wicked soul yang and yin.

This is clear of a righteous soul runs to the righteous soul living in destination place through vertical time living.

But also, this is

Righteous soul macro concept world mission clear

As a righteous soul living of yin and yang

Righteous soul yin and yang meet a lover of wicked soul yang and win and do doing real love lover of wicked soul to create righteous soul, so that righteous soul and created righteous soul yin and yang safe returning to the righteous soul living in destination place.

This is righteous soul macro concept world voyage mission clear and righteous soul keep a cosmos law.

But

Macro concept world a living does not living righteous soul

What happened

An ordained wicked soul never ever to be created because saver of righteous soul being disappeared.

This is impossible keeping cosmos law and righteous soul macro concept world mission.

But also, do not living righteous soul

A wicked soul living is horizontal time living

To live easy living it must be huge other of livings to be hard from a wicked soul, because a wicked soul living purpose is only easy living, so that in the horizontal time living it never living vertical time living of righteous soul living in destination time but only most time is macro concept world time living consumed.

Wicked soul macro concept world time is

Horizontal time living, so that

This living is conflict to other, make hard other, so that only wicked soul easy living all of other to be hard living,

Wicked soul time is all hard time, all conflict time to other, so that wicked soul livings are never ever do live righteous soul behavior “it shares time with other, help other but also doing real love other”.

If living me is righteous soul living

Then, I can do what I want to do, that is

“righteous soul me shares time with wicked soul, helping wicked soul and do real love wicked soul”.

Because righteous soul vertical time living is not conflict to other, because

Righteous soul runs to the vertical time living righteous soul vertical time living and wicked soul horizontal time living time is constant

But

Righteous soul living time is vertical time run to the depth, but wicked

soul living time is horizontal time living runs to width so that,

Macro concept world time of horizontal time is runs to get width

Micro concept world time of righteous soul living in destination time
is running to the depth.

Righteous soul of Vertical time it doesn't have to conflict to other

Vertical; time of Horizontal time is do have to conflict to other

Here is

If a living is righteous soul yin then sure of other of wicked soul yang
to be saved from a righteous soul yin.

If a living is not righteous soul yin then sure of other of wicked soul
yang not to be saved from a righteous soul yin

This is

If a living is righteous soul living then

Righteous soul of Vertical time it doesn't have to conflict to other

Do not conflict to other

So that

A righteous soul yin + a lover of wicked soul =

A righteous soul yin vertical time it doesn't have to conflict to lover of wicked soul yang

So that

A righteous soul yin shares time with a lover of wicked soul yang and help wicked soul yang but also doing real love wicked soul yang without any doing conflict with a wicked soul yang.

A righteous soul yin + a wicked soul yang = do not conflict living.

A righteous soul yin living is vertical time living to runs righteous soul living in destination place.

As righteous soul yin feel silence and clean clear of getting bubble of creation of knowledge

A righteous soul yin with bubble of creation of knowledge

All a righteous soul yin living problems to be solving from helping creation of knowledge from a righteous soul living in destination place.

righteous soul living yin meets a lover of ordained wicked soul yang then, do macro concept world mission clear and do keep a cosmos law, so that righteous soul living yin do completion saving really lover of wicked soul yang.

Then, righteous soul creator how feeling excitement of pleasure

Because righteous soul creator

Design and ordained affairs all completion so that, a righteous soul macro concept world connection problem all solved from a created righteous soul macro concept world mission clear.

Righteous soul living in destination place all feeling excitement of pleasure

So that a righteous soul creature can design a new righteous soul, this is really a righteous soul living in the macro concept world ultimate goal come true.

If a macro concept world righteous soul living completion then

Here was wicked soul to be creating a righteous soul all process helping from creation of knowledge righteous soul living in destination place, so that safe returning to the righteous soul living in destination place a righteous soul yin and yang to be new creator of righteous soul.

Yin and yang harmony and yin

why yin is hard?

Husband and wife of yin is wife

Mother and father are yin is mother

Man and woman are yin is woman

Creator and space are yin is creator

What is yin?

Bright and shadow are yin is shadow

Yin and yang harmony are yin is first written

Why do not called Yang and yin harmony?

yin and yang are

inside is yin outside is yang

inside yin is why hard?

here is arguing because yin is inside but yang is outside because of yang is outside.

Infer that

Inside yin is limited just inside of yang

This is inferring of yin is inside with yang position is outside.

So then

Yin world is limited

Yang world is limitless

Here is righteous soul living in destination place of micro concept world

Yin and yang harmony

In here is yin is inside yang is outside

But truly infer that

In the macro concept world

Yin and yang harmony to man and woman equality

Micro concept world yin and yang harmony

Macro concept world man and woman equality

In the macro concept world

Truly infer that

Man = woman

Here is

Other expression is

Man = woman is changed to man so that all to be called

Man = man

Man is woman is changed to woman so that all to be called

Woman = woman

In the micro concept world

Truly infer that

Yin $\neq$, = yang

But here is

Yin is yin

Yang is yang

Here is conflict macro concept and micro concept

But here is much clearer is

Righteous soul yin and righteous soul yang harmony is much better

Why

Macro concept world appeared up man and woman equality is

Do not living

Righteous soul yin and righteous soul harmony

But truly infer that

Righteous soul yin and wicked soul yang so that even yin and yang
living but do not harmony yin and yang

So that appeared up macro concept world man and woman equality.

In the righteous soul living in destination place is

Yin and yang harmony

Yin is inside yang is outside

Here is righteous soul living in destination place circumstance is

Righteous soul yin and righteous soul yang harmony.

So then

Righteous soul yin is inside

Righteous soul yang is outside

Then

Righteous soul living in destination place

Yin living is silence and clean clear of getting bubble of creation of knowledge

But yang is creating space for the yin

So that

Yin living safe and silence living because yang is defense outside unsafe and loudly conditions.

So that righteous soul of yin to righteous soul yang leading to the righteous soul living in destination place

In this case yang is space vehicles

Righteous soul living in destination place

Yin is driver yang is vehicles

This is other called as

Righteous soul yin is driver

Righteous soul yang is vehicles

Here is yin and yang harmony is

Righteous soul yin of driver to righteous soul yang of vehicle

Infer of truth

In the macro concept world

Wicked soul yin

Wicked soul yang

Living

So that

Broken yin and yang harmony

But infer of it is

Wicked soul yin and wicked soul yang do not harmony so that

Infer that macro concept world

Wicked soul yang of man

Wicked soul yin of woman

So that infer of

Macro concept world

Man and woman equality are

Wicked soul yang and wicked soul woman do not harmony

So that

Man and woman inside and outside concept are also broken.

Infer of truth

Wicked soul yin and wicked soul yang living is all effort to easy living even using revenge and breaking energy so that all try to outside of limitless world.

So that righteous soul living in destination place

Yin is inside limit

Yang is outside of limitless

So, then yin living in excitement and pleasure inside

Yang is living in righteous soul living behavior “it shares time with other, help other, but also doing real love other”

But also,

Yang runs to the yin and yin runs to the yang, so that yin and yang harmony runs to the righteous soul living in destination place.

But macro concept world

Man and woman all equal so that man and woman is same

So that

Here is man and woman difference do not have difference so that

Man and woman all same position living.

In the macro concept world do not move but living same position living

This is macro concept world

Infer of

Not in righteous soul yin and yang living.

Righteous soul living in destination place

Righteous soul yin and righteous soul yang harmony

Righteous soul yin living excitement and pleasure under the righteous soul yang space

Righteous soul yang feels excitement and pleasure with inside yin

Inside righteous soul yin drive through living silence and clean clear and getting creative knowledge

Vehicles of righteous soul yang to the righteous soul living in destination place

Righteous soul yin is excitement and pleasure inside of righteous soul yang

This is really difference from macro concept world woman.

Righteous soul of micro concept world

Yin is excitement and pleasure inside of righteous soul yang creating space

But macro concept world woman runs out of man so that all man and woman same so that all is out, there is no one inside, because inside is limit outside is limitless.

Micro concept world righteous soul living in destination place is

Righteous soul yin is accepting inside of limit, yin and yang harmony

Keeping righteous soul yin and yang harmony living pleasure of excitement

Macro concept world woman is not accepting inside of limit, yin and yang do not harmony.

Losing and forgotten righteous soul yin and yang harmony living pleasure of excitement, macro concept world man and woman do not have feeling righteous soul yin righteous soul yang harmony feeling of pleasure of excitement.

Yin and yang harmony living is righteous soul living

Yin and yang harmony living is righteous soul living.

Because righteous soul living in destination place create righteous soul yin, righteous soul yang.

Then!

Righteous soul living in destination place

Righteous soul yin creating and mission in the macro concept world, is keep cosmos law and doing righteous soul mission clear, so that here is strong clear of righteous soul yin to meet wicked soul yang.

Because cosmos law is cosmos to be being silence and clean clear so that righteous soul do for cosmos to be silence and clean clear, wicked soul living is loudly and dirty so that, a righteous soul remove wicked soul as righteous soul real love wicked soul to be righteous soul.

Righteous soul mission is macro concept world all keep a cosmos law, so that as living way of keeping cosmos law then, cosmos helping getting righteous soul living energy, so that righteous soul energy using for running to the righteous soul living in destination place with doing righteous soul mission clearing.

Righteous living in the macro concept world yin and yang harmony host is righteous soul,

So that righteous soul living mission clear helping living is yin and

yang harmony.

A righteous soul ordained wicked soul meet and a righteous soul do real love to create lover of righteous soul, so then a righteous soul do role ordained lover of wicked soul save and creating righteous soul, then the righteous soul living get a safe returning to the righteous soul living in destination place.

For this yin and yang harmony is

At first

Righteous soul host must be undertaking huge because keep a cosmos law and righteous soul mission clear.

Righteous soul is solving problems is keeping a cosmos law and doing righteous soul mission clear.

Then, in the yin and yang harmony host and responsibility is to the righteous soul

So that macro concept world living is

Righteous soul living is keeping a cosmos law

Righteous soul mission clear

And finally, righteous soul creator in the righteous soul living in destination place

So that macro concept world living hard of righteous soul is not compared with wicked soul man and woman equality.

Macro concept world wicked soul livings easy living of

Wicked soul yin tries to easy living

Wicked soul yang tries to easy living

This wicked soul livings only important macro concept world living easy living, so that wicked soul's man and woman equality is woman also living easy living like man, then wicked soul living power is stronger but also, cosmos law, a righteous soul do real love an ordained wicked soul do create righteous soul.

Then, a righteous soul does save an ordained wicked soul, then

A righteous soul does not live righteous soul living then ordained wicked soul has not way to be righteous soul living way.

A righteous soul pair of ordained wicked soul both to be failed to safe come to the righteous soul living in destination place, but also cosmos increased wicked soul so that cosmos added loudly and dirty living of wicked soul.

Infer that here is

Righteous soul living of yin and yang harmony living runs to the righteous soul living in destination place

So that

A righteous soul yin meets an ordained lover f wicked soul yang then,
at first duration

Yin and yang harmony living righteous soul energy calculation is

Righteous soul yin is $100 +$ ordained wicked soul yang righteous soul
energy 0

Here is righteous soul all responsibility righteous soul but wicked soul
does zero, this is yin and yang harmony

Because righteous soul is host; keeping a cosmos law and righteous
soul macro concept world mission clear

But also, righteous soul in the righteous soul living in destination
place a righteous soul creator.

So that righteous soul all undertake all of hard living with ordained
wicked soul.

This is clear

Righteous soul living is not easy living, but hard and difficult living.

But righteous soul living is cosmos law keeping and cosmos to be
silence and clean clear so that

Righteous soul gets a righteous soul energy.

Here getting righteous soul energy used for

Righteous soul yin righteous soul living is “righteous soul yin shares time with ordained wicked soul yang and help ordained wicked soul yang and doing real love ordained wicked soul yang”

Righteous soul keeps a cosmos law

So, the righteous soul energy use creating ordained wicked soul to create righteous soul.

Righteous soul in the macro concept world

Yin and yang harmony

Righteous soul yin 100 + wicked soul yang 0

Righteous soul yin 90 + {wicked soul yang + righteous soul energy 10} = 100

Righteous soul yin 80 + {wicked soul yang + righteous soul energy 20} = 100

Righteous soul energy yin 0 + {wicked soul yang + righteous soul energy 100} = 100

Then

Righteous soul yin + righteous soul yang

Keep a cosmos law a righteous soul gets a righteous soul energy

A righteous soul all used up for ordained lover of wicked soul to create righteous soul

So that

Righteous soul energy yin + righteous soul yang

Here is righteous soul energy all used up so that energy is 0

Ordained wicked soul yang absorb all righteous soul energy 100 to be created to righteous soul so that

Created righteous soul yang also energy 0

So that

Righteous soul yin + righteous soul yang = energy 0

Righteous soul yin + righteous soul yang = 0

This is righteous soul macro concept world mission completion energy all used up to be 0

So that righteous soul yin macro concept world mission completion

And safe returning to the righteous soul living in destination place.

here is really important infer of truth is

righteous soul yin does real love to ordained wicked soul, then added righteous soul to the wicked soul, then growing to the righteous soul, then righteous soul yin also be loved from growing ordained yang, so that

yin and yang harmony is both benefit because righteous soul keep a

cosmos law and macro concept world mission clear but also ordained wicked soul to be creating righteous soul growing to be righteous soul.

this is in the end both righteous soul yin and righteous soul yang creating.

Yin and yang harmony of result is

Righteous soul yin + ordained wicked soul yang grows to

Righteous soul yin + righteous soul yang

This result is only

Yin and yang harmony living.

But if macro concept world

Wicked soul yin and wicked soul yang living of man and woman equality is all to be easy living.

But this only macro concept world living

Truly infer that

Macro concept world living is originality it is really hard living.

True hard living is living in the macro concept world.

Accept hard living

Yin and yang harmony living

Then yin and yang both safe returning to the righteous soul living in destination place.

Yin and yang harmony are constant or zero

Yin and yang harmony are one of zero

Macro concept world living of righteous soul yin and yang harmony is

Yin the absolute value + yang the absolute value = constant

This is yin and yang harmony

Even live yin living, yang lives possible but the living is not showing real living unsafe living.

Micro concept world righteous souls are yin and yang harmony are zero

Righteous soul yin + righteous soul yang = 0

Righteous soul keeps a cosmos law

Righteous soul does righteous soul mission clear

Righteous soul meets over of ordained wicked soul and do real love lover of wicked soul and do create a righteous soul lover

Righteous soul yin 100 + ordained wicked soul yang + {righteous soul energy 0}

Righteous soul yin and ordained wicked soul yang harmony

Righteous soul keeps a cosmos law so that getting a righteous soul from cosmos law

Then, righteous soul does righteous soul behavior to the ordained wicked soul

It shares time with ordained wicked soul, help ordained wicked soul and do real love ordained wicked soul

So that

Righteous soul yin 100, righteous soul 90, righteous soul 80.....
righteous soul 0

Ordained wicked soul yang 10, ordained wicked soul yang 20,
ordained wicked soul yang 30... ordained wicked soul yang 100 =
ordained wicked soul yang created righteous soul yang 0

So that

Righteous soul yin 0 + ordained wicked soul yang to created righteous soul yang 0 =

Righteous soul yin 0 + righteous soul yang = 0

Righteous soul yin 0 and righteous soul yang 0 harmony in the righteous soul living in destination place.

In the macro concept world

Yin and yang harmony go to the end

Yin and yang harmony are keeping a cosmos law

Yin and yang harmony are doing righteous soul mission clear

Yin and yang harmony macro concept world voyage completion

Yin and yang harmony reach at righteous soul living in destination place

Yin the absolute value + yang the absolute value = constant

This is yin and yang harmony in the macro concept world

Yin is 0 then yang 100 = constant

Yin is 10 then yang 90 = constant

Yin is 100 yang 0 = constant

Yin is 90 yang 10 = constant

Then here is yin and yang harmony are constant

Yin and yang harmony living keep constant

Here is yin and yang harmony feeling that

Even real yin is 0 yang is 100, yin and yang feeling are yin feeling 100, yang feeling 100

But if living single of yin, the best feeling is only 50, but normal feeling is under the 50.

So that macro concept world living

Yin and yang harmony are living is excitement of pleasure is yin 100
and yang 100

This is real living.

Micro concept world of righteous soul, righteous soul living in
destination place

Righteous soul living in destination place is sure all only righteous
soul living place

So that

Righteous soul yin macro concept world mission clear and keep a
cosmos law so that macro concept world voyage is completion so that
get this equation

Righteous soul yin $0 +$ righteous soul yang $0 = 0$

Righteous soul yin meets an ordained wicked soul yang and then keep
a cosmos law and doing macro concept world mission; righteous soul
meet lover of wicked soul and do real love wicked soul and create
righteous soul

So that a righteous soul keeps a all macro concept world do
completion.

The equation is here

Righteous soul yin 0 + righteous soul yang 0 = 0

Righteous soul yin 0

Righteous soul yang 0

But righteous soul living in destination place is

Righteous soul yin 0 + righteous soul yang 0 = 0

Righteous soul yin and righteous soul yang harmony of 0

Righteous soul living in destination place is all 0

So that righteous soul yin and yang harmony is 0

Macro concept world living

A righteous soul yin created for macro concept world ordained
wicked soul yang create righteous soul yang then safe returning to the
righteous soul living in destination place

So that righteous soul yin living is all

Righteous soul yin and righteous soul yang of 0

All of living is this in the macro concept world.

Righteous soul yin or yang macro concept world voyage is

All to be living

Righteous soul yin and yang + righteous soul yang and yin=0

To this equation living completion all of hard thing endure in the macro concept world.

If living in the macro concept world living in yin and yang harmony

Then

Yin the absolute value + yang the absolute value = constant

Righteous soul yin 0 + righteous soul yang 0 = 0

This is righteous soul macro concept world living after safe returning to the righteous soul living in destination place

Yin and yang harmony and righteous soul

Righteous soul living

Yin and yang harmony

Righteous soul living is one living

Yin and yang harmony are tow living to one team living

Righteous soul yin

Righteous soul yang

Created at righteous soul living in destination place

Who righteous soul creates?

Here is required righteous soul yin and yang harmony safe returned a righteous soul team of one righteous soul will be creator of new righteous soul

Righteous soul yin righteous soul yang harmony of safe returning to the righteous soul living in destination place

Righteous soul yin and yang harmony create a new righteous soul yin or righteous yang.

What is righteous soul?

Single a righteous soul, so that a righteous soul yin, a righteous soul yang

Then, in this time a righteous soul yin to be growing to meet an ordained wicked soul yang, here is growing is prepare of righteous soul yin macro concept world mission clear, righteous soul mission is “ a righteous soul meet ordained a wicked soul and do real love and create ordained righteous soul and a righteous soul with ordained created righteous soul safe returning to the righteous soul living in destination place

So that a righteous soul is preparing to be meeting ordained a wicked soul, a righteous soul growing for doing real love ordained wicked soul to create ordained righteous soul

Therefore

Righteous soul living, before meet ordained wicked soul, full growing to live righteous soul living.

Huge numbers of righteous soul tumbling down because before meeting ordained wicked soul, do not grow to live an ordained wicked soul.

A righteous soul living in the macro concept world, cosmos law keeping, righteous soul mission clear, huge hard living, then before meet a ordained wicked soul is righteous soul to be 0, because righteous soul energy used up create ordained righteous soul, so that wicked soul to create, so that creating new righteous soul also still righteous soul energy zero

So that

A righteous soul ordained righteous soul both energy zero

So that righteous soul yin and righteous soul yang harmony living.

What is yin and yang harmony?

Prepared righteous soul yin meet an ordained wicked soul then to be yin and yang harmony required.

Yin and yang harmony defined as

Yin + yang = constant

Yin is 0

Yang is 100

Yin is 30

Yang is 70

Yang is 0

Yin is 100

Yin + yang = constant is yin and yang harmony

A righteous soul yin

Before meeting an ordained wicked soul yang, fully prepared then the possibility living yin and yang harmony is higher, but if do not prepared harmony living then

A righteous soul yin to be deceit other wicked soul revenge and breaking old knowledge mand and woman is same.

Do not prepared a righteous soul yin deceit from a wicked soul man and woman is same

So that

If a do not prepared a righteous soul yin living man and woman is same

So that woman 50 + man 50 = mand and woman same.

So that woman 50 but mand is not reach at 50, so that woman keep anger to the man then, woman keep asking man and woman same.

Right after

Righteous soul yin is not righteous soul but wicked soul yin

Why a righteous soul yin does not know?

Yin and yang harmony

A prepared righteous soul yin knows

Yin and yang harmony

And righteous soul macro concept world mission also, so that

Prepared righteous soul yin

Knows yin and yang harmony

But also, righteous soul macro concept world mission also

Righteous soul yin living silence and clean clear so that, a righteous soul yin hears bubble of creation of knowledge

A righteous soul hears that

Yin and yang harmony

Yin + yang = constant

This equation to be heard in the righteous soul inside bubble of creation of knowledge

So that,

A well-prepared righteous soul does not to be deceit man and woman is same,

So that strong belief is

Righteous soul yin + an ordained wicked soul= to be living yin and yang harmony

Well prepared righteous soul yin knows that

At first living

Yin 100 + yang 0=constant

Yin 100 do keep a cosmos law and do live in righteous soul

So that,

Cosmos law keep supplied righteous soul energy to the well-prepared righteous soul yin

Righteous soul mission “righteous soul meets an ordained wicked soul, and do real love create righteous soul”

So that well-prepared righteous soul yin righteous soul living

Silence and clean clear living

Getting bubble of creation of knowledge

So that

Righteous soul yin righteous soul living behavior

“righteous soul yin shares time with ordained wicked soul yang, help ordained wicked soul yang, and doing real love ordained wicked soul yang”

As that

Yin and yang harmony

Yin 100 + yang 0=constant

Living, but keep in yin and yang harmony living

Then

Yin 50 + yang 50= {wicked soul 50 character; righteous soul character}

Righteous soul yin keeps living cosmos law keeping and

And righteous soul mission carrying

So that

Yang 50= {wicked soul 50 character; righteous soul character}
growing to the ordained righteous soul yang

In the end

Yin 0 + yang 100 = {wicked soul0; righteous soul100} so that create
righteous soul

Righteous soul yin 0 + ordained righteous soul 0 of creating righteous
soul = constant

Yin and yang harmony completion.

Righteous soul yin and ordained righteous soul yang harmony

Righteous soul yin keeps a cosmos law

Righteous soul yin completion macro concept world mission

Righteous soul yin complete macro concept world voyage

Righteous soul yin completion yin and yang harmony

Righteous soul yin with ordained righteous soul yang safe returning
to the righteous soul living in destination place

Yin and yang harmony & Cosmos law

Yin and yang harmony
Cosmos law

Yin and yang harmony

Cosmos law

All has harmony and silence and clean clear

Yin energy + yang energy = constant

Cosmos law= silence and clean clear

Yin energy + yang energy = constant

Then, yin accept all of yang living who is high and low

But also, yang also accept yin living high or low.

This is yin and yang macro concept world living best way

Truly

Yin living take it easy under the yang energy

Yang living taking it easy under the yin energy.

This is connected to cosmos law of silence and clean clear

As yin and yang harmony

There is no loudly and dirty between yin and yang.

Truly infer that

If yin and yang do not harmony living then

Both required to

Yin energy 50 to yang energy 50, so then both side

If yin living energy 50 feel yang energy only 40 then here is yin living anger to the yang because energy 10 is not, yin argue to the yang do same as yin 50, so that yin and yang loudly and dirty living

This is living is compares with “man and woman is same”,

Man energy 50 and woman energy 50, both required same energy getting.

Truly

Infer that

A yin and yang living keep a cosmos law that

Yin and yang harmony with silence and clean clear both yin and yang

But yin and yang living do not keep a cosmos law that

Yin and yang do not harmony with loudly and dirty

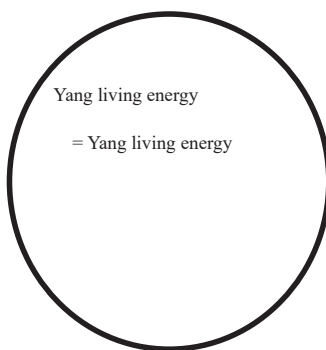

Yin is inside = yin living inside created by yang out side

Yang is outside = yang living outside created by yin inside

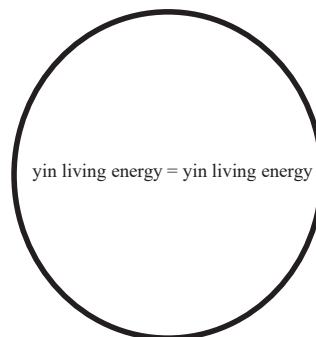

Here is yin is safer place

Yang is outside defense to other out side

Infer of drawing

A yin and yang harmony

other yin and yang harmony

A yin and yang harmony = yin energy + yang energy = constant

Other yin and yang harmony = yin energy + yang energy = constant

A yang energy = other yang energy = constant

A yin energy = other yang energy = constant

Cosmos law cover yin and yang of inside and outside.

So then, here is

Both yin and yang harmony

Then

Cosmos law is kept so that here cosmos is silence and clean clear.

But if not yin and yang harmony then

Here is yin and yang always combined constant, here is yin and yang harmony yin feeling constant and yang feels constant so that

Yin and yang harmony all feeling constant so that both a yin and yang harmony, other yin and yang harmony also

a yin and yang harmony, other yin and yang harmony create keeping a cosmos law of silence and clean clear

here is yin and yang harmony energy feeling same, so then the same energy in and out all also same, here is cosmos law keeping, because cosmos law governing in of yin and out of yang.

Here is cosmos law keeping.

So that

Yin and yang harmony create cosmos law keeping.

Here is time and space being silence and clean clear

Both growing yin and yang growth under the cosmos silence and clean clear cosmos

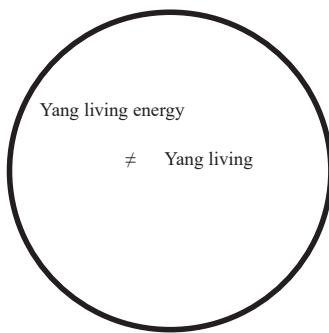

As the yin and yang harmony of both growth of feeling excitement pleasure of righteous soul living

Yin and yang harmony living is keeping cosmos law

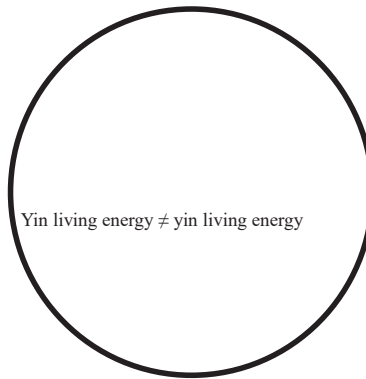

And righteous soul living.

Yin ang yang harmony living

Righteous soul living and safe returning to the righteous soul living in destination place

A yin and yang do not harmony

other yin and yang do not harmony

A yin and yang do not harmony

A Yin energy + yang energy $\neq$ not harmony = do not constant

Other yin and yang do not harmony

Other yin energy + yang energy $\neq$ not harmony = do not constant

A yang energy other yang energy is not harmony

A yin energy other yin energy is not harmony

As the do not harmony then

A of yin and yang do not harmony = do not keep a cosmos law

Other yin and yang do not harmony = do not keep a cosmos law

Yin and yang do not harmony do not create keeping a cosmos law

Here is time and space loudly and dirty

Both yin and yang do not growth under the loudly and dirty cosmos

As do not yin and yang harmony both do not growth feeling revenge
and breaking of wicked soul living.

Yin and yang do not harmony is doing not keep a cosmos law

And wicked soul living

Wicked soul living in destination place reaching at.

Yin and yang harmony go to the end

Yin and yang harmony go to the end

But yin and yang do not harmony do not go to the end

Yin and yang harmony are runs on the righteous soul way to the end

Yin and yang do not harmony out of running on the righteous soul way to the end

Yin and yang harmony are safe and righteous soul so that runs on the righteous soul way

Yin and yang do not harmony unsafe and wicked soul so that out of righteous soul way

Yin and yang harmony living is real living host living

Yin and yang do not harmony living is not real living guest living of temptation revenge and breaking other yin and yang harmony living

Yin and yang harmony are safe and righteous soul running to the
righteous soul living in destination place

Yin and yang do not harmony unsafe and wicked soul running to the
wicked soul living in destination place

Truly infer that

Yin and yang harmony living is righteous soul of real living

Yin and yang do not harmony living is wicked soul of not real living

Because truly infer that

Yin and yang harmony are host and real and center living

Yin and yang do not harmony are guest and do not real and out of
center living

So that cosmos watching then

Then yin and yang harmony are to be seen to the cosmos

But yin and yang do not harmony living is not to be seen to the cosmos

Even macro concept world human being saw

Yin and yang harmony living

Yin and yang do not harmony living seen

But cosmos only saw yin and yang harmony righteous soul running
to the righteous soul living in destination place.

This means that

Do not harmony yin and yang are not real not to be seen to the cosmos

So then useless living in the macro concept world

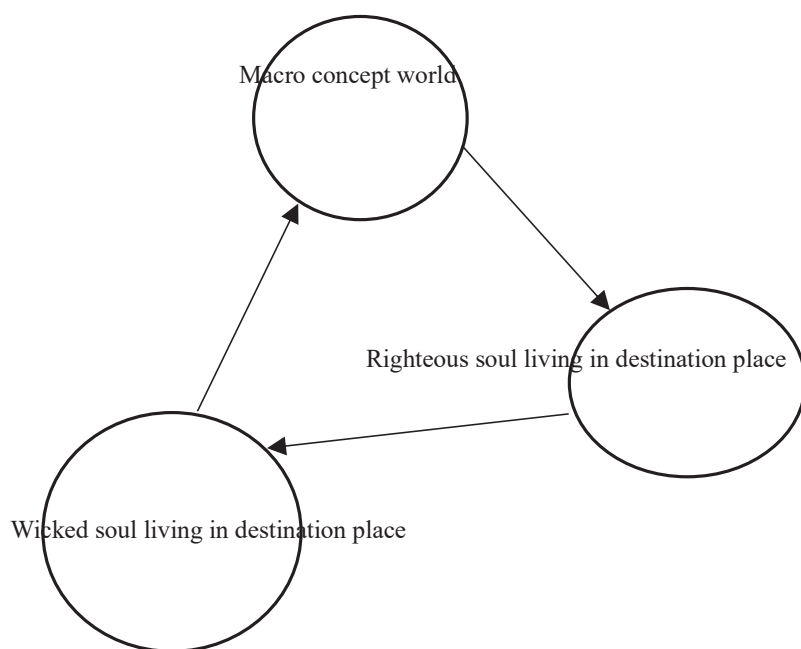

Yin and yang harmony living is real living and to be seen the cosmos

So then useful living in the macro concept world

Truly real and cosmos seen yin and yang harmony living is in the
circle cosmos law keeping

Cosmos law governing micro concept world and macro concept
world

Micro concept world is both righteous souls living in destination
place and wicked soul living in destination place

Cosmos law keeping is circulation

Cosmos law is

Cosmos to be being silence and clean clear

So that,

In the macro concept world wicked soul all to be created righteous soul which is righteous soul living is end of living.

Cosmos law is

Cosmos law keeping is righteous soul

Cosmos law = righteous soul

So that

Cosmos law

Expect

To be only

Cosmos law silence and clean clear

Righteous soul living silence and clean clear of getting bubble of creation of knowledge

Cosmos law = righteous soul

It means that wicked soul to be zero and all to be living righteous soul living

This is cosmos law expect

So that

Righteous soul creates all wicked soul macro concept world wicked soul and micro concept world wicked soul so that, cosmos law keeps support righteous soul create wicked soul then, wicked soul to be been silence and clean clear space.

So then

Yin and yang harmony are righteous soul create wicked soul to righteous soul

So then, yin and yang harmony living are helping cosmos law expect to all silence and clean clear

Yin and yang harmony are real living and center living and keeping cosmos law

Yin and yang harmony go to the end of righteous soul living in destination place

Because keep a cosmos law, so that as living yin and yang create wicked soul to righteous soul so that

Yin and yang all righteous soul yin and righteous soul yang go to the end, righteous soul living in destination place

Yin and yang harmony and yang

Yin and yang harmony and yang

Truly yin is silence energy

Yang is powerful energy

Here is yang living in the outside

Here is yin is living in the inside

Yang living with other yang in the outside

Other yang livings are wicked soul yang righteous soul yang, and mind living yang

Wicked soul yang is easy living using revenge and breaking other

Righteous soul yang is it shares time with other, help other but also doing real love other

Mind living is getting much more than other

Outside living yang living with inside yin, then yang to be role of yang character, but

Yang living is not yang but the living is mixed yang but yin, then

Inside yin living also to be changed nor pure yin but mix yin with yang

So that

Inside living yin do not live silence, then yin living does not living silence so that, lost as the righteous soul yin of host living yin, do not get bubble of creation of knowledge, then yang will be lost running to the righteous soul living in destination place.

Here is yin and yang harmony are program of micro concept world righteous soul living in destination place

But macro concept world “man and woman are me” program

So that

Here is righteous soul living program is yin and yang harmony

Here is yin and yang harmony are overcoming righteous soul living hard living in the macro concept world.

So that

Righteous soul yin energy + wicked soul yang energy = same righteous soul yin energy absolute value as wicked soul yang absolute value

So that

Yin and yang harmony = constant

Then

Yin feeling constant and yang is constant feeling.

So that

Yin and yang harmony living get a helper of cosmos law

Yang is living out, then yang is tired with living other yang because other yang

Wicked soul yang righteous soul yang and mind living yang so that their yang character is powerful energy

So then

Wicked soul yang is revenge breaking other powerful energy

Righteous soul yang is it shares time with other, help other and doing real love of powerful energy

Mind living yang is getting much more than other of powerful energy

So that in the yin and yang harmony of yang living outside

But, contact inside yin then, yang living is both role of space to the yin or yang to be being from yin “it shares time with yang and help yang but also doing real love yang”

Yin and yang harmony

Yang is creating space to the yin

Yin is “it shares time with yang and help yang but also doing real love yang”

Then

Yang living out side powerful living of living

Then, it is sure

Powerful yang helped from inside yin righteous soul living behavior “it shares time with yang, help yang and doing real love yang” then, outside living powerful yang is

“Righteous soul yang is it shares time with other, help other and doing real love of powerful energy”

Outside living yang living even huge hard but endless righteous soul yin supplied outside living yang righteous soul energy, vise versa even now living yang character is wicked soul yang, but as righteous soul yin of inside yin keeps supplied to the outside yang righteous soul energy.

Yin and yang harmony

Yin is living in inside

Yang is living outside

Truly infer that

Powerful outside yang role play

Silence inside yin role play

Yang is space

Yin is driver yin and yang moving vehicle

If this infer is true then

Yin and yang harmony are yin role player is really urgent

Yin all toward yang and yang all toward yin, this is really safe living
both watching temptation

Outside yang living hard from other do not harmony wicked soul yin
try to revenge and breaking yin and yang harmony of yang

Yin and yang harmony much more important is role play is

Inside living yin

Outside living yang

Inside living yin driver yin and yang harmony runs to the righteous
soul living in destination place.

This is yin and yang harmony principle.

But truly infer that

Macro concept world man and woman is same

So that

Woman living out

Man living out

Truly infer that macro concept world there is no inside living.

Because inside living is all revenge and broken because in the macro concept world

Mixed all wicked soul yin and yang, righteous soul yin and yang but also mind living yin and yang

So that

Infer of truth

Mind living yin and yang both all try to be getting much more than other

So that mind yin mind yang both all living outside so that all inside don't necessary so that both man and woman living is outside living of same.

This macro concept world

Man and woman same both man and woman all living outside, but inside is no one occupied

So that macro concept world man and woman all living in outside

But micro concept world

Yin and yang harmony yin are inside yang is outside

Even in the living macro concept world living working is outside both but strong occupied yin inside living of silence and clean clear living getting bubble of creation of knowledge drive yin and yang harmony, here is yang powerful energy keep running to the righteous soul living in destination place.

Here is yang outside living

Must be governed from righteous soul yin who is driver yin and yang harmony

Infer of truth

Yang accept and follow inside yin driver, vehicle of powerful yang to be drive form inside yin to the righteous soul living in destination place

Then this living shown to other in the macro concept world

It really normal living “yin and yang harmony” just silence and clean clear of a yin and yang harmony living, keeping cosmos law, so then it is plain sailing in the silence and clean clear.

Here is yang gradually growing with yin gradually growing also but, here is righteous soul yin is originality righteous soul, so that righteous soul yin giving all righteous soul energy to the wicked soul yang, so that

Yang of wicked soul, as yin of righteous soul “it shares time with yang and help yang but also doing real love yang”, then wicked soul yang created righteous soul yang.

Inside yin

Outside yang

Inside yin + outside yang = yin and yang harmony = inside yin drive yang to the righteous soul living in destination place.

Here is yin is driver yang is to be space of vehicle driver and vehicle reach at the righteous soul living in destination place.

Yin and yang harmony doing full real love

Yin and yang harmony

Yin to yang

Yang to yin

Yin inside to yang outside

Yang outside to yin inside

Yin inside do real love to yang outside

Yang outside do real love to yin inside

Yin inside energy getting from yang outside

Yang outside energy getting from yin inside

Yin inside role of lover to the yang outside

Yang outside role of lover to the yin inside

Truly infer

Yin and yang harmony are yin role and yang role are clear

Yin living energy get from yang

Yang living energy get from yin

Truly infer

Easily behavior is do not role of lover but judge living

Yin see yang wrong doing then criticize yang

Yang see yin wrong doing then criticize yin

Then

Moment there is no yin and yang harmony role player

Yin doing real love yang

Yang doing real love yin

But yin judge yang

Yang judge yin

If truth and infer

A living in the macro concept world

Do not know but only do judge then the judge role is only out of yin

and yang

Infer of truth

Yin and yang are player in a game

But in the game a judge is in the playing going well

Then

Yin and yang player powerful running to win in the game

But judge is role for wrong player do penalty

Judge is role is do penalty

Yin and yang harmony role are do real love each other

But infer of truth

If a yin tries to judge a yang

A yang tries to judge a yin

Then, a role player all disappeared but only doing penalty giving of judge only

So that

Yin and yang both doing real love changed

Yin and yang both doing giving penalty

If truth and real

A yin tries to easy living to the yang

A yang tried to easy living to the yin

Then

A yin living judge to the yang

A yang living judge to the yin

So that

A yin easy living judge to the yang

A yang easy living judge to the yin

Further more

Y yin easy living judge do penalty to the yang

A yang easy living judge do penalty to the yang

Then

Here is already revenge and broken

Yin and yang harmony

Truly infer that

This yin and yang both judge living how poor, this living it never
doing full real love

The only

Yin and yang harmony

Yin doing real love full yang

Yang do real love full yin

So that

Based on yin and yang both full doing real love each other

Yin help yang get energy

Yang help yin get help energy

Yin help yang grow to be righteous soul yang

Yang help yin grow to be living keep righteous soul yin

In the macro concept world living is all challenge

Then who can help yin to yang, yang to yin

Both overcoming challenges living in the macro concept world

Yin and yang harmony doing dull doing real love both

Then,

In the macro concept world, all of challenge to be being overcoming

If not do full doing real love then, yin and yang hard to be living in the macro concept world

Truly infer

Yin and yang harmony righteous soul living runs to the righteous soul living in destination place

But yin and yang do not harmony of wicked soul yin and wicked soul yang do temptation to yin and yang harmony so that truly infer

It is really hard to live yin and yang harmony

So that to do live yin and yang harmony, host and righteous soul of yin do full real love wicked soul yang, this is all of time doing real love full doing real love then, keep a yin and yang harmony.

Inside yin of righteous soul keep a yin and yang harmony driver

Yin living is silence and clean clear living

Yin is righteous soul silence and clean clear living

Getting bubble of creation of knowledge, based on keep yin and yang harmony

Yang is outside living of creating role of space of vehicle

So that righteous soul yin drive yang to the righteous soul living in destination place

Righteous soul yin

Righteous soul yin silence and clean clear do real love full yang

Yin do full do real love yang

Then

Yin and yang harmony are completion to the end of macro concept world

But also, righteous soul yin creates wicked soul yang to righteous soul yang

Righteous soul yin is driver

Yang is space of vehicle

Righteous soul does full do real love yang of space vehicle to the righteous soul living in destination place

Yin and yang harmony and soft to strong

Soft and strong relationship yin and yang harmony is

Yin is soft

Yang is strong

Truly infer that

Wicked soul livings in the macro concept world

Yin is soft

Yang is strong

Then, wicked soul yang of strong used revenge and breaking

So that

Strong yang used revenge and breaking to the yin of soft, so that

Just one time

Yin and yang harmony were treating as wrong

Truly infer at that time strong yang do not strong to the out other yang
but only

Revenge and breaking soft yin

Most yin was hard with wicked soul yang

But at that time also, a righteous soul yin soft also all endure with wicked soul yang

Who knows?

Even really hard with wicked soul strong yang, but righteous soul soft yin still living “it shares time with yang and help yang and doing real love yang”

Infer that at this time yin was huge hard, but some yins are endure with wicked soul yang

But the other yin does not endure with wicked soul yang

Yin is soft

Yang is strong

Then here is real living of yin and yang harmony is

Yin of soft energy and yang of strong energy harmony

Other saying

Soft of yin is micro of really small particle

Strong of yang is macro really big particle

Yin and yang harmony

Soft of yin of micro small particle and strong of yang of macro big particle

Soft yin role is small particle role playing

Strong yang is big particle role playing

So that here is

Yin is inside

Yang is outside

If yang is inside then yin living is uncertain

Because yang is big yin is small

Small of yin and big of yang harmony is also

Yin is inside and yang is outside

Here is really important cosmos law is

Inside of yin and outside of yang is yin is soft yang is strong then,

Strong is friend with word of power

Soft is friend with word of love

Strong power combined to friend word is “insure a yin against from risks”

Soft of lover combined to friend world is “doing real love yang”

Here is yin and yang harmony

Soft yin “doing real love yang” and Strong power yang “insure a yin against from risks” harmony

Here is

Yin is doing real love and yang is protect yin

Yin role is doing real love yang

Yang is protecting yin

Truly

Yin is to be protect from yang doing real love strong yang

Yang is to be doing real loved from yin doing protect yin

If do keep doing yin and yang role playing then

Yin and yang harmony are creating yin and yang normal living

Here is normal living is

Yin and yang harmony are yin driver yang is vehicle to the righteous soul living in destination place

Yin doing real love yang and drive vehicle of yang

Here is infer that

Yin is driver

Yang is vehicle

Yin drive yang to the righteous soul living in destination place

Here is really critically important truth

Yin is righteous soul, so that righteous soul does mission clear in the macro concept world

Righteous soul yin meets lover of wicked soul yang and do real love yang and create righteous soul yang, righteous yin and righteous soul yang safe returning to the righteous soul living in destination place

Yin is soft; doing real love; driver; righteous soul mission clear

Yang is strong; protect; vehicle; ordained wicked soul to be create righteous soul

Yin and yang harmony calculation

Yin doing real love to yang to yang protect yin

Yin driver to yang vehicle

Yin righteous soul mission clear to ordained wicked soul yang to be righteous soul

Here is yin role play is “driver”

Inside yin of driver to the outside of yang

So that inside yin is “driver”

If driver do not drive to the righteous soul living in destination place
then, the vehicle to being accident

So that do not go to the righteous soul living in destination place

Here is important is yin is on the vehicle

Driver of yin righteous soul

Then yin living is host and driver

So that yin must know the way condition and direction

How to know?

Righteous soul living is

Silence and clean clear of getting bubble of creation of knowledge

This is really important

Yin and yang harmony of righteous soul living in destination place
safe reaching

Yin must be being enlightening and know that yin is driver of yang

If yin is do not know then yang vehicle to be being accident

And yin and yang both do not safe returning to the righteous soul living in destination place

Truly infer that

Yin and yang harmony driver are yin, so that yin living is huge feeling responsibility

But now macro concept world

Yin driver of micro concept world righteous soul living in destination place

But macro yin saying arguing “man and woman same”

This means that

In the macro concept world

Woman and man same are woman living like man

Woman do not drive man, so that woman do not have responsibility

These dangerous living man and woman is risk to run to the end, all of yin do not drive yang

Then all running to the righteous soul living in destination place to be accident do not reach at the righteous soul living in destination place

Sure, yin is driver yang to run righteous soul living in destination place

Yin ang harmony is convergence

Yin and yang harmony are convergence to 0

Yin and yang do not harmony is divergence to ∞

Yin and yang harmony convergence to 0

As the yin runs to the 0, but also yang runs to the 0

Say again yin runs to the yang and yang runs to the yin so that meet in the convergence of 0

Righteous soul living in destination place running condition is to be energy 0

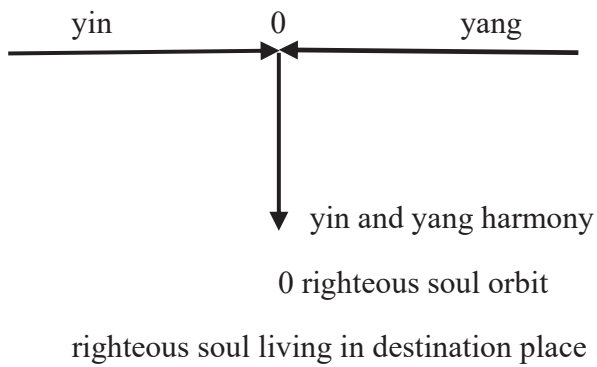

So then,

$$\{\text{yin } -50 \text{ energy}\} + \{\text{yang } +50 \text{ energy}\} = \text{energy is } 0$$

How to yin and yang convergence is yin and yang harmony to convergence to 0

Righteous soul living macro concept world voyage is safe returning to the righteous soul living in destination place

How to

yin has intension point to yang

yang has intension point to yin

this is yin and yang harmony of convergence to 0

convergence of yin and yang

is

this is righteous soul macro concept world righteous soul mission clear

then, righteous soul meet lover of wicked soul, then righteous soul do real love lover of wicked soul, then create lover of righteous soul, in the end completion of macro concept world mission righteous soul and lover of righteous soul, and safe returning to the righteous soul living in destination place

so then infer of truth is

in the yin and yang harmony to runs to the righteous soul living in destination place, it must be reach at righteous soul running orbit, that is 0000000 is righteous soul orbit, so that

{yin -50 energy} + {yang +50 energy} = energy is 0, is reach at the righteous soul orbit

So that yin and yang harmony is yin reach at 0, yang reach at 0 but this is

Righteous soul energy helps wicked soul energy to be righteous soul, so then

Righteous soul energy decreasing to zero, but wicked soul energy decreasing to zero cause of righteous soul energy pay back wicked soul energy to create righteous soul, so that

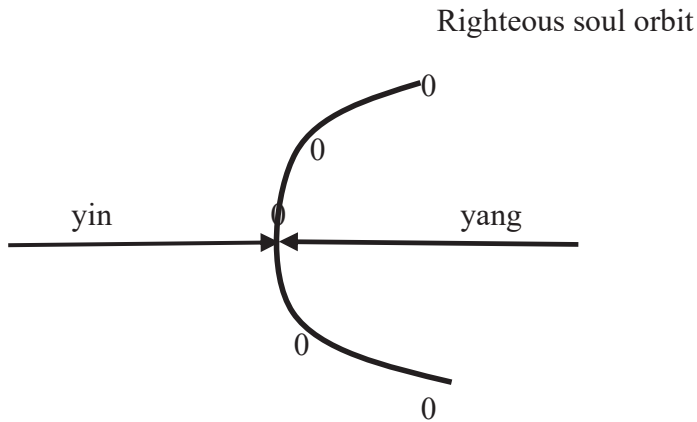

Already living righteous soul added energy help to wicked soul to be creating righteous soul, therefore

Righteous soul living is wicked soul to be creating so that,

Righteous soul is poor and righteous soul living

Wicked soul decreasing wicked soul energy but gradually wicked soul energy decreasing but paying righteous soul, so that wicked soul to be completion of 0, then in the end all paying wicked soul to be 0, that is righteous soul creating point this is yin and yang harmony of 0, reach at the righteous soul orbit of 0

Truly infer that convergence of 0 is righteous soul orbit,

Yin and yang harmony so convergence to 0, is reaching at the righteous soul orbit, running to the righteous soul living in destination place

Righteous soul living in destination place is

Poor and righteous soul, that is a righteous soul meet a lover of wicked soul, then, righteous soul all energy given to pay wicked soul creating energy, so that original righteous soul to be living poor and righteous soul

But wicked soul grows gradually wicked soul energy decreasing righteous soul energy increasing so that wicked soul all disappeared to righteous soul energy 0 creating.

Yin and yang harmony are in the macro concept world is

Yin energy + yang energy = constant

Here is yin and yang between all doing real love each other, but here is a righteous soul is host and helper but a ordained lover of wicked soul is acceptor but both are overcome all of problems ordained wicked soul grow to righteous soul, already righteous soul endless do real love ordained wicked soul, this is must be infer that

If a righteous soul is yin then

Righteous soul Yin energy 100 + wicked soul yang energy 0 = constant

Then, here is righteous soul yin living is

“it shares time with ordained lover, help ordained lover, but also doing real love ordained lover”

Even ordained lover is wicked soul so that righteous soul energy is 0

Yin and yang harmony

Yin + yang = constant

If yin is righteous soul then

Yin is host

Yin is righteous soul mission carrying in the macro concept world.

To be righteous soul harmony of

Righteous soul yin 0 + {wicked soul yang 100- righteous soul energy
= righteous soul yang =0

$Yin_0 + yang_0 = \text{convergence to } 0, \text{ righteous soul orbit}$

In the macro concept world real living

Man and woman same equal is man or woman all keep 50 to 50, so that if a man or woman is not 50, then anger each other because, as other is under 50 then, a man or woman living is hard of is not easy living, so that both anger each other, both are revenge and breaking

This is

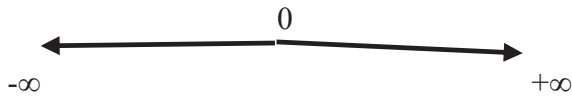

Micro concept world

Yin and yang do not harmony

So that

Do not convergence to 0 but divergence to ∞

Yin and yang do not harmony is divergence to ∞

As yin and yang do not harmony are yin runs to the yin of $-\infty$, but yang runs to the yang of $+\infty$

Say again yin and yang do not meet both forever these are all living yin living, and yang living.

Yin and yang do not harmony is do not meet each other

Even in the macro concept world living

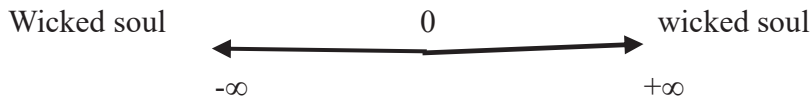

Man and woman equality and same, then both are to be

Man is ∞

Woman is ∞

So that here is man and woman getting all ∞

So that here is yin and yang do not harmony so that do not reach convergence to 0 but do divergence to ∞

Here is not yin and yang harmony so

Wicked soul yin and wicked soul yang of do not harmony

This is called as

Yin living easy living and yang living easy living of doing not harmony

Even living yin and yang living, say difference

If living man and woman all try to be easy living then, this is difference saying micro concept world

Then, the living is yin and yang do not harmony

This is never to be

Yin and yang harmony

Yin + yang $\neq$ constant

Yin and yang living are never to be living easy living but completion

righteous soul macro concept world mission completion, this is truly clear of knowledge is much more important is righteous soul living

Righteous soul living follows to the micro concept world righteous soul living in destination place program

Righteous soul living in destination place ordained a wicked soul saving to create righteous soul, this is much more important, all of righteous soul mission is given from righteous soul living in destination place ordained wicked soul saving, this is also concordance to cosmos law, cosmos law is cosmos to be silence and clean clear.

Righteous soul yin living is following righteous soul living in destination place, ordained lover of wicked soul to be creating righteous soul, this is righteous soul yin mission in the macro concept world living.

This is yin and yang harmony

Yin and yang harmony to be human god living

Yin and yang harmony living is human god living

Yin and yang do not harmony living is human animal living

Yin and yang harmony

Righteous soul yin + wicked soul yang = righteous soul yin +
righteous soul yang = human god living

Yin and yang do not harmony

Righteous soul yin + wicked soul yang = wicked soul yin + wicked
soul yang = human animal living

Yin and yang harmony

Righteous soul yin does real love ordained wicked soul yang, and to
be both growing to the human god

Yin and yang do not harmony

Righteous soul yin does not real love ordained wicked soul yang, and
do not growing so that human animal

In the macro concept world

Yin and yang harmony living growing to be righteous soul of human god living, this is macro concept world living completion to the righteous soul living in destination place

But yin and yang do not harmony living do not grow so that wicked soul of human animal living, this is macro concept world do not completion to the righteous soul living in destination place but reach at fall to the wicked soul living in destination place

In the macro concept world human being eat a animal, so does god also eat human animal because human eat animal god eat human, so then god do not eat god, but god eat a human, truly here is macro concept world human all human, but micro concept righteous soul see, righteous soul human god and wicked soul of human animal.

Righteous soul living is

It shares time with other, and help other, but also doing real love other, this is really hard living, but truly infer that in the righteous soul living in destination place all righteous soul is all living, this is simple.

Wicked soul living is

Wicked soul easy living with using revenge and breaking energy

Human god living is

It shares time with other, help other, but also doing real love other

Human animal living is

Easy living based on revenge and breaking

Yin and yang harmony = human god living

It shares time with other, help other, but also doing real love other

It growing with other

Yin + yang = 0 of righteous soul orbit

Yin and yang do not harmony = human animal living

Easy living based on revenge and breaking

It's easy living only wicked soul itself

Yin + yang = ∞ of god's best tasteful food and wicked soul garbage can

In the macro concept world living value is

Yin and yang harmony are both growing, but yin and yang do not harmony is only one getting god's best food

Why huge number of living try to easy living

Eating taste food, rich living, only one of wicked soul living this is same in the macro concept world caw eat and sleeping easy living, but refuse to caw cultivating agricultural land working, but just easy living, then a caw living hard is role play cultivating farm land, but easy living caw do not role play but eat and sleeping

Then in the macro concept world

Hard living of farm cultivating needs to learn how to cultivating but also heavy tools on the body, really hard-working full plow, hard living caw end of living bury to the ground, do not food of the human being, hard living caw living with host of a human being.

Full plow of hard living caw shares time with a famer and help famer and doing real love farmer

So that full plow hard living caw buried to the ground not to be eating by human being

But easy living caw do not time with farmer and do not help farmer and do not real love farmer

Easy living caw to be food of a human being

Yin and yang harmony = righteous soul hard living = human god = safe reaching at the righteous soul living in destination place

Yin and yang do not harmony = wicked soul easy living = human animal = god's tasteful food then god eating after fall to the wicked soul garbage can

Macro concept world living is not yin and yang easy living but yin and yang growing

This is real living is yin and yang harmony of both growing to god of human being, this is real living but also macro concept world harvest

But yin and yang do not harmony easy living do not grow to the human god, then macro concept world living result is only human animal to be being food of god

Be sure

Wicked soul easy living is to be being human being animal to be god's food

Be sure

Righteous soul hard living is to be being human being to be god and eat tasteful human animal

So that must be sure of truth

Live yin and yang harmony both growing to be a god

Yin and yang harmony and yin's interesting

Yin and yang living yin's interesting yang's interesting

Yin's interesting living role playing

Yang's interesting living role playing

Infer of Truth yin's region is shade

Infer of truth yang's region is sunny place

Yin's region is shadow

Yang's region is sunny place

Macro concept world wicked soul living

All of livings are trying to sunny place so that here is man and woman
is same

Micro concept world yin's region is shadow, yang's region is sully
place

Yin and yang harmony

Truly infer that

Yin living best region is shadow

Yang living best region is sunny place

This is to be explained

Yin and yang harmony

In and out, out is structure of space creating so that, yang is structure but in is yin of in the structure living

So that

Yin is shadow is yin's living best place, this is yin living interesting

Yang is sunny place is yang's living best place, this is yang living interesting

Yin living is in and shadow living is safer but also best living place

Yang living is out and sunny place living is fitting to live

If as the macro concept world wicked soul living orientation

Man and woman all try to living in the sunny place, because sunny place is dynamic and competition of money getting region, so that no one try to living at the micro concept world yin of shadow space

So that

In the macro concept world

Yin of shadow place is no one living

All of livings are all living at the sunny place living

So that macro concept world

Yin and yang harmony all broken to that of yin and yang do not harmony

Why

Righteous soul living in destination place expect keeping yin and yang harmony?

Yin living in and shadow of interesting living

Yang living out and sunny place of interesting living

Truly infer that here is righteous soul living yin and yang harmony is

Yin living best place is in and shadow

Yang living best place in and sunny place

In the mountain huge tree is face to the sunny so that sunny place interesting

But small trees are face to shadow so that shadow place interesting

In the cosmos truly infer that

Yin is living in the “in and shadow”

Yang is living in the “out and sunny place”

This is not duty but interesting

Yin living interesting in the “in and shadow”

Yang living interesting in the “out and sunny place”

In and shadow region to be friend with water

Out and sunny place to be friend with rainstorm

Truly infer that

In and shadow region of yin to be friend with water

Out and sunny place of yang to be friend with rainstorm

Yin friend with water

Yang friend with rainstorm

Macro concept world man and woman same is all trying to living in the sunny place

Then, all of macro concept world friendly with rainstorm to get water

This is not harmony with cosmos law

But macro concept world all try to live in the sunny space rainstorm

No one to live in the shadow water

But righteous soul living in destination place, expect to live yin and yang harmony

Yin living with water with interesting small trees in the mountain

Yang living with rainstorm with interesting huge trees in the mountain

So that cosmos consists of yin living shadow and yang living sunny place this is yin and yang harmony

Truly infer that

Yin is interesting living at the shadow with water

Yang is interesting living at the sunny space with rainstorm

Yin is friend with water safer and interesting

Yang is friends with rainstorm dangerous challenge and interesting

So that righteous soul living in destination place

Yin and yang harmony

Yin living inside yang living outside depend yin

Yin living with water yang living rainstorm

Yin and yang harmony are yin do for yang helping depend from out,
yang toward yin safe space strong depend

Infer of truth

Macro concept world

Man and woman are same so that woman and man same easy living,
but also woman feel that making money but home, working is added
so that anger to the man is wicked soul living of easy living.

because micro concept world

yin and yang harmony are both growing so then

a yin helps to yang and yang help to yin, then but truly yin and yang
harmony are

one not two

because macro concept world

man and woman are easy living is based on do not harmony man and
woman so that still two livings

but micro concept world

yin and yang harmony are one there is no yin and yang but it is yin
and yang harmony living only

yin and yang harmony are one, there is no two

so that

macro concept world righteous soul mission is

righteous soul meets an ordained lover of wicked soul, then do real love and create righteous soul, so that

righteous soul yin and righteous soul yang harmony and getting one reach at the righteous soul living in destination place

to be that

yin living safer place shadow and in position keeping is required

yang living challenge sunny place and in position keeping is required

safer place yin helps to challenge place yang

challenge place yang helps yin to live safer living under sunny space a shadow place living

cosmos law and righteous soul living planning

yin and yang harmony in the macro concept world to be best and interesting living and safe returning to the righteous soul living in destination place

yin yang harmony and meeting ordained yang or yin

yin and yang harmony

meet an ordained yang and yin

infer or truth all of meeting in the macro concept world

yin and yang meet ordained yin and yang

this meeting is ordained a promised meeting

ordained and promised meeting origin from micro concept world to macro concept world

in the micro concept world

a wicked soul failed to safe returning to the righteous soul living in destination place, so that

a righteous soul voyage to the macro concept world a wicked soul also macro concept world voyage

cosmos law is cosmos to be being silence and clean clear keeping

so that wicked soul living in destination place wicked soul again voyage to the macro concept world to be saved from a righteous soul, to the righteous soul is called as righteous soul mission; a righteous soul meet an ordained wicked soul of lover and do real love and create a righteous soul, so that a righteous soul meet a dreamed in the righteous soul living in destination place, a righteous soul yin meet a

righteous soul yang this is macro concept world voyage completion
so that safe returning to the righteous soul living in destination place

righteous soul voyage purpose is

righteous soul yin meets a righteous soul yang, righteous soul yin
meeting righteous soul yang it come true dreamed at the righteous
soul living in destination place before voyage to the macro concept
world

this is righteous soul dream come true in the macro concept world

but also, cosmos law purpose

at now macro concept world wicked soul's loudly and dirty living so
that all of cosmos occupied by loudly and dirty so that cosmos urgent
to be being silence and clean clear

so that righteous soul is a kind of cosmos law army to save a wicked
soul to righteous soul, because truly infer that macro concept world
wicked souls are all living revenge and breaking human animal living,
but a righteous soul human god save a human animal to create as
human god

this mission is only do righteous soul cosmos army

so that righteous soul is cosmos army; helping from cosmos law if
living still in the righteous soul living in the macro concept world

if living righteous soul then

a righteous soul meets an ordained wicked soul helping a judge of
cosmos law

originality

ordained wicked soul is revenge and breaking of a human animal

a righteous soul of human god meets an ordained human animal

human god shares time with human animal and help human animal
but also doing real love human animal to be creating a human god

human god of a righteous soul

human animal of a wicked soul

both are living in the macro concept world

human god of a righteous soul is host living

human animal of a wicked soul is guest living

human god of a righteous soul runs to the righteous soul living in
destination place

a righteous soul has righteous soul living in destination mission

cosmos law army of a righteous soul

so that host of righteous soul living a second all urgent and to do righteous soul living

truly infer that righteous soul time is ordained wicked soul meeting after, to create an ordained wicked soul to righteous soul, then the time is urgent.

A righteous soul meet ordained a wicked soul

It begins “it shares time other and help other, but also doing real love” this is a righteous soul to an ordained wicked soul, this is not easy as like just saying all is carry mission to completion

A righteous soul is originality silence and clean clear of getting bubble of creation of knowledge

But a wicked soul is originality loudly and dirty and living based on old knowledge

So that a righteous soul living is a wicked soul “loudly and dirty and living based on old knowledge” to a righteous soul “silence and clean clear of getting bubble of creation of knowledge” creating

A righteous soul to be a righteous soul then, wicked soul must be growing to a righteous soul, so that host of a righteous soul time is not enough all time is tight

Righteous soul meets an ordained wicked soul

A righteous soul time is all tight, not enough

If a time do not use to ordained wicked soul creating then a righteous soul macro concept world mission clearing and cosmos law army role playing is impossible

So that a righteous soul does righteous soul living behavior with helping cosmos law, so that keeping cosmos law

Righteous soul living energy increasing this energy must be using cosmos law army mission of cosmos all to be creating silence and clean clear

So that an obligation of cosmos law army silence and clean clear is “it shares time with a wicked soul and helping wicked soul and do real love a wicked soul to be creating wicked soul to righteous soul, so that wicked soul loudly and dirty to righteous soul a silence and clean clear creating

Righteous soul time is tight

After meeting a righteous soul ordained wicked soul time is truly infer of tight

Yin and yang harmony living time also tight

Righteous soul yin and an ordained wicked soul yang living time is right

Righteous soul is cosmos law army ordained wicked soul to creating a righteous soul

Here is variance is wicked soul revenge and breaking

Righteous soul try to creating righteous soul, but ordained wicked soul revenge and breaking making hard righteous soul “it shares time with wicked soul, help wicked soul to be righteous soul, but also doing real love to creating do not revenge and breaking of wicked soul but to live a righteous soul living”

Ordained a wicked soul strong revenge and breaking

A righteous soul mission and cosmos law army role really danger and hard living

A righteous soul does real love, a righteous soul living it don't necessary living “revenge and breaking”

A righteous soul tight time consuming with wicked soul revenge and breaking

A righteous soul living is based on yin and yang harmony

Yin 100 giving all to the ordained wicked soul to create and paying wicked soul energy to be complete to zero, so that creating a righteous soul

Yin all giving to the ordained wicked soul, righteous soul all to be being disappeared then, a righteous soul dreams an ordained righteous soul meeting

Righteous soul time tight to creating ordained wicked soul to creating righteous soul

Righteous soul energy 100 to be zero due to all giving to the ordained wicked soul paying all wicked soul so that wicked soul to be zero then appeared to righteous soul of an ordained righteous soul

A righteous soul mission and cosmos law army duty all come true and completion

At last within the time tight ordained wicked soul saved to a righteous soul

Host of a righteous soul also safe with a dream of ordained righteous soul comes true to be coming to the righteous soul living in destination place

A righteous soul all endure of overcoming wicked soul revenge and breaking of hard obstacle of variance if wicked soul power keeping growing then a righteous soul mission to be failed but a righteous soul whole living concentration to the saving and mission clear of time management so that a righteous soul mission come true

This is yin and yang harmony

Yin ang yang harmony is interesting living

Yin and yang harmony living is interesting living

Yin and yang harmony living is one team living

Yin and yang harmony living is both growing living

Yin and yang harmony living is to be being human god of righteous soul living

Yin and yang harmony living is both hard and difficult living to solve difficult problems

Yin and yang harmony reach at the completing all process creating by righteous soul living in destination place

Yin and yang harmony are followed a creator imagined designed way of living

Yin and yang harmony living is with cosmos law to keep righteous soul livings who is host

Yin and yang living are excitement of pleasure living

Yin and yang excitement of pleasure is running to the righteous soul living in destination place

Yin depend on yang, yang living depends on yin

Yin hard time to be helped from yang, yang hard time to be helped from yin

Yin and yang harmony living is righteous soul living, cosmos law living accept living

Righteous soul yin helps an ordained yang to be being righteous soul living

Righteous soul host of yin to be feel interesting and excitement of yang's growing

In the macro concept world

Man and woman same living, so that man required to be easy living, woman required to be easy living

But micro concept world

Yin and yang both growing so that both try to be hard living to other to be growing

Yin is inside yang is out side

Yin living silence and clean clear getting bubble of creation of knowledge

Then yin knows righteous soul living knowledge

Yin drive yang to runs to the correct road to the righteous soul living in destination place, then

Yin know that yang to be creating a righteous soul, yin keep doing real love ordained wicked soul yang not to be revenge and breaking

Then, ordained wicked soul yang feeling in pleasure of excitement

Inside living yin outside living yang

Truly infer that

Inside is safer outside is challenge

So that inside yin helps to overcoming challenge problems

But also, yin keeps helping to be get righteous soul creation of knowledge

At now running to the righteous soul living in destination place is endless comes hard problems

Then, yin role is do real love giving courageous saying “take care” “you worked hard today” this simple saying ordained yang living energy

But now in the macro concept world

Man and woman same

So that man is out woman is out so that

Do not saying anything “take care” “you worked hard today”

Because woman also out, there is man and woman easy living between man and woman try to be easy living

So that, even macro concept world man and woman but independent living is required

So that at now yin and yang harmony is do not understand from macro

concept world

But here is strong true is

Yin and yang harmony

Yin host of righteous soul dream come true cause of yin host of righteous soul doing real love ordained wicked soul to create righteous soul yang, this is come true righteous soul yin meet ordained righteous soul yang, both righteous soul yin and yang runs to the same direction to the righteous soul living in destination place

But macro concept world

Man and woman same

Economical easy living, so that there man there is no room for woman, but also woman also do not have room for man, just all man is trying to live easy but also woman try to live easy, man and woman living main concerning is to be living easy living

This concept does not accept righteous soul

Yin and yang harmony living

Yin accept hard living for yang

Yang accept hard living for yin

Here is growing interesting of excitement of pleasure

Yin and yang harmony are same as interesting and excitement of pleasure living

Yin and yang harmony = interesting and excitement of pleasure

Yin and yang harmony are strong powerful yin and yang distance is zero of one

Truly infer that

Yin to be gag woman for the yang

Yang to be gag man for the yin

Yin and yang harmony are yin and yang distance is zero with both source of interesting and excitement of pleasure

In the macro concept world living

Interesting living is only in the yin and yang harmony

Yin behavior to yang's interesting

Yang behavior to yin's interesting

If living this all of hard problem to be solving and do not know macro concept world living hard

A moment forgotten macro concept world voyage hard living

Because yin and yang harmony are interesting

Yin and yang harmony living reach at the righteous soul living in destination place

Overcoming all of problems

The perfect best safe macro concept world voyage is yin and yang harmony living

Yin and yang harmony living is interesting living

Yin and yang growing to the righteous soul of human god

So that living in the macro concept world all paying wicked soul debt but all creating credit of righteous soul living so that, it never to be come back to macro concept world voyage this hard living

Yin and yang harmony are interesting and excitement of pleasure

Forgotten macro concept world hard living

Moment reach at the righteous soul living in destination place truly longtime voyage

Yin and yang harmony and left-hand right hand

Yin and yang harmony

Yin + yang = constant

Left hand + right hand = constant

Macro concept world man and woman same

Man + woman = man + man = 2 man

Man + woman = woman + woman = 2 woman

Why yin and yang harmony are cosmos law accepting

Truly infer that

If macro concept world man and woman is same concept

Then,

Left hand + right hand = right hand + right hand = 2 right hand

Left hand + right hand = left hand + left hand = 2 left hand

Why micro concept hand

Left hand + right hand = constant

In the macro concept world

Yin of human being try to be living yang of human being this is happening

But yang of human being does not try to living yin of human being

So that in the macro concept world man and human is same concept is

Man + woman = man +man = 2 man

This is much better explained

Man + woman (refuse to be living woman) = man + man = 2 man

Here is strange happening

Man need a woman but there is no woman

Woman need a woman to be living, but there is no woman

So that man is seeking woman but there is no woman so that man feel lonesome

But also, a woman seeks another woman but there is no other woman so that a woman does not talking normal other woman.

As the woman disappearing

Man is feeling lonesome

Woman is to be segregate among woman's so-called woman island

Why macro concept world woman tries to be living man, so that man and woman is same?

Infer of answer to this question

Woman also live like man, infer that is woman also easy living as man living

So that gradually woman living is disappearing

But still micro concept world righteous soul living in destination place

Yin and yang harmony are absolute criteria, cosmos law is strong law

To the human being

Left hand is not strong power

Right hand is strong power

Why a human being power difference left and right hand?

If macro concept world concept then

All woman tries to live as the man, so then

Left hand also strong power hand

Right hand strong power hand

Sure, it is saying

Left hand is not strong power

Right hand is strong power

This is cosmos law accept concept of truth

To be living a human being is

Right hand power, left hand power difference

Here is same as

Yin power and yang power is not same

Surly cosmos law has truth and clear knowledge

Even in the same body, but two hand power is not same

I do not know, eye of left and eye of right also must be function is difference

But this is inferring because I'm not special at I'm a writer

Macro concept world refuse to be yin to the yang

So that man and woman is equal

Man seek a woman to be living to be real love each other, but there is no woman to the man

Woman to woman help woman problems but there is no woman to help woman problems

Because most woman try to living easy living like man

Truly man living is not easy but all of woman living keep arguing as man and woman is same

So that man living is getting harder and the living is huge dry living, so that man and same man of woman do not live just like man and woman, so that huge number of getting divorced is increasing.

Truly yin living is hard living, but also yang living is hard living

Here yin and yang harmony are yin and yang both hard living but keep growing to be righteous soul living

So that micro concept world righteous soul knows that

Yin and yang harmony are both growing to be righteous soul living in destination place reaching

But macro concept world

Man and woman are same, so that man is easy living, woman also easy living

Man 50 = woman 50 so that

Man and woman same

Man 50 + woman 50 = feeling of man is 50, feeling of woman is 50
still, because

It never to be helped from other man to woman, woman to man

But yin and yang harmony

Yin + yang = constant

So that

Yin 20 + yang 80 = constant

So that yin feels constant feeling, yang feeling constant

This living is

Yin living 100, yang living 100

Yin 20 + yang 80 = constant

Yang is sacrifice to the yin

But here is

Yin 80 + yang 20 = constant

So then, yin sacrifice to the yang

Yin and yang harmony are both to be constant of 100, so that yin 100,
yang 100

Yin and yang harmony are both yin 100 and yang 100, this living is
safe arriving at the righteous soul living in destination place

Yin and yang harmony are same as left hand to right hand both
helping each other

Human being living possible any problems

Left hand helping to right hand

Right hand helping to left hand

Yes

This is not easy living, if easy living then,

Left hand strong, right hand strong so that

Each hand does not help each other, because it doesn't necessary from
both, because it don't necessary other.

So that cosmos creating yin is not strong, yang is strong

But here is even power is not strong but yin advantage living also has
so that, yang power of living disadvantage also to be need from yin
advantage living helping yang disadvantage living so that, yin and
yang harmony is both necessary living in the macro concept world

Yin and yang harmony are both necessary to live on in the macro

concept world

Yin and yang harmony are helping both to be out of lonesome

Yin and yang harmony are helping each other to be living excitement of pleasure

But still here macro concept world strong wrong power of man and woman is same

Of woman living also to be easy living like a man easy living, so then

Man and woman are same is both to be easy living, but do not living go deeper, so that man and woman same livings are living is feeling lonesome and there is no excitement of pleasure

It very sad

Huge number of man and woman do not know “yin and yang harmony”

Yin and yang harmony are truth there is no easy living all living is hard living

At now macro concept world

Try to living both easy living

Huge number of man and woman living is not safer living

Please yin and yang harmony living are still alive

If living yin and yang harmony then, the living is left and right-hand living accepting in the macro concept world

So then, please do yin and yang harmony living accepting

This is truth and real living

Yin and yang harmony and me

Yin and yang harmony and me

All yin and yang harmony are beginning with me

If I living as righteous soul then yin and yang harmony is living possible

Righteous soul me is host to live yin and yang harmony

Righteous soul me recently comes creation of knowledge is

Keep a heart's-blood of living with my wife this is yin and yang harmony

Do not do repent this is also saying to me keep a cosmos law of yin and yang harmony

Righteous soul me and yin and yang

Then, as I'm yang so that righteous soul me host of yang keep a cosmos law

So that

Righteous soul me yang and wicked soul yin, because book writer me is yang

Here is

Yin and yang harmony

As that

Yin energy 0 + yang energy 100 = constant

So that,

Yang energy 100 transfer to yin energy 0 that is macro concept world living

Yang energy 100 all transfer to yin

Yang energy 100 feeling of giving excitement of pleasure

Yin energy 0 feeling of accepting excitement of pleasure

Righteous soul yang meets ordained wicked soul yin of lover

So, this is

Ordained yin of lover has right to be loved from righteous soul me

There is no any question, because ordained lover of wicked soul yin and righteous soul me is strong

Connection, righteous soul me save ordained wicked soul yin to creating ordained righteous soul yin

But here is righteous soul me doing saving ordained wicked soul yin

Then,

In the macro concept world

Not ordained other wicked soul yins are temptation and chase me as

doing strong toward ordained wicked soul yin then, other wicked soul
temptation and chase me

So that

Yin and yang harmony are also to be face dangerous

Here is really urgent truth and infer is

To the ordained wicked soul yang and yin is wait righteous soul yang
and yin

So that

Ordained all wicked soul living in the macro concept world to be
chosen by a righteous soul yang and yin

Then, here is really dangerous

Is do not know who is ordained wicked soul yin and yang

A righteous soul to be strong temptation and chase

Here is temptation and chase are from inside of think of wicked soul
and outside other wicked soul yin and yang

Here is saying

Keep a heart's-blood of living with my wife this is yin and yang
harmony

Do not do repent this is also saying to me keep a cosmos law of yin and yang harmony

Righteous soul me living depend from a wicked soul temptation and chase me

So that righteous soul me living is keep a cosmos law

Righteous soul me responsibility to keep a all of energy to my ordained wicked soul yin

Righteous soul me of righteous soul yang energy 100 + ordained wicked soul yin energy 0=constant

This is

Yin and yang harmony

In the yin and yang harmony is

Here is righteous soul energy 100 yang feel energy 100

Ordained wicked soul energy 0 yin feel energy 100

So that macro concept world living is

Yin and yang harmony

This is saving and living ordained wicked soul to be creating righteous soul yin

Righteous soul me + ordained wicked soul lover = yin and yang

harmony

Then, cause of righteous soul me, ordained wicked soul to be creating
righteous soul lover

This is cosmos law, so that cosmos law this is normal

But must be living righteous soul me, the living is not righteous soul,
but ordained lover of wicked soul then

This living is cosmos law feeling abnormal

Righteous soul me + ordained wicked soul lover = yin and yang
harmony

But my living is must be naturally living is righteous soul me, but my
living is wicked soul me then

Wicked soul me + ordained wicked soul lover $\neq$ yin and yang do not
harmony

Then, here is really urgent and abnormal

Righteous soul me $\neq$ wicked soul me

Then,

As must be living righteous soul me, but macro concept world living

me is not righteous soul but wicked soul living me, then

Wicked soul me + ordained wicked soul lover $\neq$ yin and yang do not harmony

This is really sad

As me do not living righteous soul so that,

Waiting me saving from wicked soul to righteous soul

A waiting ordained lover of wicked soul lost to be creating wicked soul to righteous soul

This is really sadness

If living me is living righteous soul

Waiting me of ordained lover of wicked soul never to be chance creating righteous soul, this is really dangerous

In the macro concept world living is

Always living me is not me but ordained other living

If my living righteous soul living then, ordained a wait me other to be saved from me to creating righteous soul

But if living me is wicked soul then, ordained wicked soul do not saved from other

Yin and yang harmony and me

Truly infer that yin and yang harmony is all depend on me

My living is righteous soul living is keeping a cosmos law

So, yin and yang harmony are all from me

Macro concept world living

Righteous soul me living yin and yang harmony living

Saving an ordained wicked soul to creating a righteous soul

This is a righteous soul design in the righteous soul living in destination place

Righteous soul program all keeping this is really completion macro concept world mission clear

Righteous soul macro concept world mission is

“righteous soul meets an ordained lover of wicked soul, then do real love ordained wicked soul and create an ordained righteous soul, and righteous soul and ordained righteous soul safe returning to the righteous soul living in destination place with excitement of pleasure”

This is all from macro concept world yin and yang harmony

Yin and yang harmony and me

Yin and yang harmony and me

Righteous soul yang energy 100 to 0

Ordained wicked soul yin righteous soul energy 0 to 100, so that
wicked soul energy $-100 + \text{righteous soul } +100=0$

So then, all paying wicked soul energy 100, so that creating righteous
soul yin energy 0

As that

Yin and yang harmony = righteous soul me 0 + ordained righteous
soul 0

Here is

Righteous soul yin and righteous soul yang harmony completion

This is based on

Keep a heart's-blood of living with my wife this is yin and yang
harmony

Do not do repent this is also saying to me keep a cosmos law of yin
and yang harmony

Yin and yang harmony and absolute

Yin and yang harmony

Absolute

Yin and yang harmony

Yin and yang both to be growing living

Absolute

Is complete

Yin need to be absolute of completion

Yang need to be absolute of completion

Yin growing need to be required yang absolute

Yang growing to be required yin absolute

Yin living yin's surviving and growing to help, save yang

This is absolute; there is no any substitution, yin do yin absolute

Yang living yang's surviving and growing to help, save yin

This is absolute; there is no any substation, yang does yang absolute

Yin and yang harmony

Based on

Yin absolute doing for yang

Yang absolute doing for yin

There is no living out of absolute yin and yang living

If do not know

Yin absolute

Yang absolute

Then yin absolute is cosmos law

Yang absolute is cosmos law

So that if do not accept and follow

Yin and yang absolute then cosmos law decision go back to the yang
absolution and yin absolution

Because cosmos law is keeping silence and clean clear in the cosmos

So then

Yin do absolute yin

Yang do absolute yang

Then automatically complete silence and clean clear

But do not keep a cosmos law then

Yin do not do absolute yin

Yang do not do absolute yang

Then automatically do not complete silence and clean clear of loudly
and dirty

Cosmos law help and support righteous soul energy to the

Yin and yang harmony

Because silence and clean clear

But cosmos law does not help and do not support righteous soul
energy to the

Yin and yang do not harmony

Because loudly and dirty

Cosmos law keeping is

Absolute yin and absolute yang harmony

So that between yin and yang living is based on silence and clean
clear

Cosmos law do not keep is

Absolute yin and absolute yang do not harmony

So that between yin and yang living is based on loudly and dirty

What is absolute yin?

The answer is moon is absolute yin

Absolute yin is must be moon at a night

In the dark night moon to be seen to be rest a night

What is absolute yang?

The answer is sun is absolute yang

absolute yang is must be at a day

in the bright day sun to be a working a day

absolute yin and absolute yang harmony

moon to night and resting and absolute yin

sun to day and working and absolute yang

this is do not changed but this is strong truth and cosmos law

so then, here is infer that

absolute yin how to do

absolute yang how to do

macro concept world human being living is

absolute man and absolute woman harmony are not keeping

so that

in the macro concept world

absolute yin and yang harmony are to be ignorance

but

absolute yin is moon at a night

absolute yang is sun at a day

is cosmos law keeping but also this living is not hard living also,

but strange in the macro concept world

man and woman choose hard living do not keep a cosmos law of yin

and yang harmony living

so that

absolute yin of at night moon living is resting

here is role by absolute yin

absolute yang of at a day sun is living is working

here is role by absolute yang

if do not keep a cosmos law

then,

here is absolute yin do not role in a night, then

what happened

between yin and yang

loudly and dirty living

but also

here is absolute yang do not role in a day then

what happened

between yin and yang

loudly and dirty

then, cosmos law does not help and do not give righteous soul energy

then

basically, do not keep a rule

absolute yin ignorance so that nothing then, to be yang living anger

absolute yang ignorance so that nothing then, to be yin living anger

so, it occurs loudly and dirty living

this living will not go to the end

but keep an absolute yin do absolutely do to do for yang resting at a day

keep an absolute yang do absolute do to do for yin working at a day

then

this living will go to the end

yin and yang harmony and yin 50 to yang 50

yin and yang are yin 50 to yang 50

macro concept world is consisting of yin 50 to yang 50

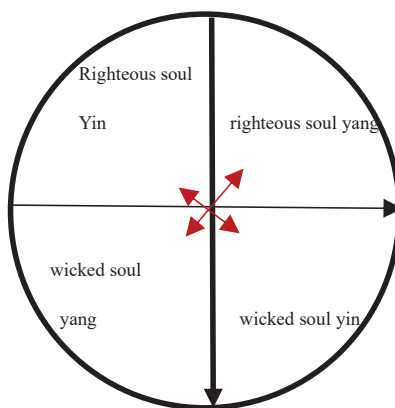

micro concept world is consisting of

righteous soul yin 25

wicked soul yin 25

righteous soul yang 25

wicked soul yang 25

micro concept world yin and yang

macro concept world

yin ang yang harmony

yin 50 and yang 50 harmony

macro concept world is

yin 50 and yang 50 harmony

so that all of creature of macro concept world explained as yin and yang

so, then yin and yang harmony and yin and yang do not harmony

yin and yang harmony are yin and yang hard living to the friend living each other of doing real love

yin and yang do not harmony are yin and yang try to be easy living to the enemy each other, do not doing real love

but micro concept world

yin and yang harmony

wicked soul yin 25, righteous soul yin 25 and wicked soul yang 25, righteous soul yang 25

micro concept world yin and yang harmony is keeping a cosmos law

cosmos law is cosmos try to be silence and clean clear
then, a wicked soul living is loudly and dirty
so that cosmos law and righteous soul mission is same

cosmos law is to be cosmos silence and clean clear
righteous soul mission is saving and create from ordained a wicked
soul yin and yang to ordained righteous soul yin and yang because
originality all of wicked soul started from righteous soul, so that
righteous soul living in destination place ordained a wicked soul to be
saved from a creative righteous soul
micro concept world yin and yang harmony

righteous soul yang meets ordained wicked soul yin
righteous soul yin meets ordained wicked soul yang

macro concept world living is
major living is macro concept world living
so that
yin and yang harmony
yin do real love yang but also yang do real love yin

but macro concept world is

yin and yang harmony

righteous soul yang host and wicked soul yin guest harmony

righteous soul yin host and wicked soul yang guest harmony

righteous soul yang host righteous soul energy 100 + ordained wicked
soul yin wicked soul energy - 100 =

righteous soul yang host and wicked soul yin guest harmony

righteous soul yin host righteous soul energy 100 + ordained wicked
soul yang wicked soul energy -100 =

righteous soul yin host and wicked soul yang guest harmony

in the micro concept world

yin and yang harmony

righteous soul yang and wicked soul yin harmony is

righteous soul yang all giving righteous soul energy +100 to the
ordained wicked soul yin energy -100

so then

$(\text{righteous soul energy} + 100) + (\text{ordained wicked soul energy} - 100)$
= righteous soul yang 0 + ordained wicked soul energy 0 of righteous
soul energy 0) = righteous soul yang 0 + ordained righteous soul yin
0 is created

Righteous soul yin and wicked soul yang harmony is

Righteous soul yin all giving righteous soul energy +100 to the
ordained wicked soul yang energy -100 so then

$(\text{righteous soul energy} + 100) + \text{ordained wicked soul energy} - 100 =$
righteous soul yin 0 +(ordained wicked soul energy 0 of righteous
soul energy 0) = righteous soul yin 0 + ordained righteous soul yang
0 is created

So that in the micro concept world

Yin and yang harmony

Keep a cosmos law because

As righteous soul ordained wicked soul meet and righteous soul
create ordained righteous soul so that

A righteous soul keeps a cosmos law

Loudly of dirty ordained wicked soul to be create silence and clean
clear of ordained righteous soul

So that a righteous soul and ordained righteous soul both to be one of
yin and yang harmony righteous soul safe returning to the righteous
soul living in destination place, so that righteous soul mission clear

There fore

The cosmos law and righteous soul living in destination place expect

In the micro concept world only destination place is righteous soul
living in destination place

This is cosmos law

Yin and yang harmony and host to guest

Yin and yang harmony

Yin host and yang guest

Yang host and yin guest

In the righteous soul living in destination place

Creating righteous soul, a created righteous soul to ordained wicked soul

A righteous soul is host and ordained wicked soul is guest

Here is

Righteous soul yin host and wicked soul yang guest

Righteous soul yang and wicked soul yin guest

Host is action player but guest is to be treatment

Host is

“it shares time with guest and help guest and doing real love guest”

Host do action player to feel silence and clean clear

Guest to be treatment as felt to be silence and clean clear

Truly guest living loudly and dirty, but guest invited to the place of silence and clean clear place

Guest feel interesting excitement and pleasure

Host prepare to create guest to be guest feel silence and clean clear, interesting excitement and pleasure

As righteous soul living in destination place, a creator of righteous soul to be meet an ordained wicked soul of lover, then here is righteous soul is host, ordained wicked soul is guest

Before a host of righteous soul before meeting a guest or ordained wicked soul, all to be prepared

Gest to be feel silence and clean clear, interesting excitement and pleasure

Host living is preparing is required, but guest don't have to preparing because guest

Then, here is host living is hard living, but host do righteous soul living behavior

A righteous soul host shares time with a guest of wicked soul and help guest of wicked soul to be fell silence and clean clear and interesting excitement and pleasure but also doing real love guest"

Then

A host living is keeping cosmos law, so that cosmos law gives

righteous soul living energy

A host living is doing righteous soul mission so that righteous soul living in destination place keep sending creation of knowledge to help host of righteous soul to do treat guest to be living

Silence and clean clear and interesting, excitement and pleasure living

Because righteous soul living in destination place a righteous soul creator knows that guest of wicked soul revenge and breaking, this living is huge hard living, but host living endure with guest, because guest is ordained wicked soul to be creating righteous soul so that, a host and guest to be all righteous soul living, and safe returning to the righteous soul living in destination place

Safe returning is

And of reaching arriving righteous soul living in destination place, huge number of variances from other wicked soul who are disturb do not returning to the righteous soul living in destination place

So that

Host living is all trembling from fear guest to be feel

Silence and clean clear and interesting, excitement and pleasure

To carry an ordained wicked soul creating an ordained righteous soul to the righteous soul living in destination place

Righteous soul knows that righteous soul living in destination place is

Silence and clean clear but also interesting excitement and pleasure living, so that a righteous soul of host all endure with guest of an ordained wicked soul to create an ordained righteous soul, and safe returning a host of righteous soul and guest of ordained righteous soul to the righteous soul living in destination place

Here is all responsibility is host

But also host to be reward from cosmos law and righteous soul creator helping all creation of knowledge

Truly infer that

Host living is really hard living

Because ordained wicked soul does not know, hard of host living

But host all endure guest revenge and breaking living

Host endure all of hard living to creating an ordained wicked soul to ordained righteous soul

So then, host of righteous soul and guest of ordained righteous soul living to the end in the righteous soul living in destination place

Host living result is guest living possible in the righteous soul living in destination place

So that

Guest of ordained righteous soul creating is harvest of macro concept world a righteous soul host living

Host of righteous soul macro concept world living is completion of macro concept world living mission

So that host of righteous soul complete righteous soul mission save an ordained wicked soul to create righteous soul, but also righteous soul of host keeps a cosmos law, so that host of righteous soul safe returning to the righteous soul living in destination place

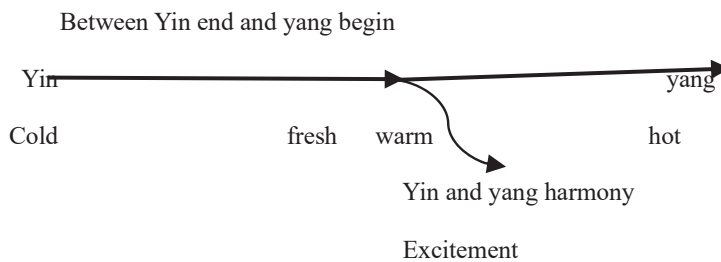

A righteous soul living in destination place a creator feeling excitement of righteous soul creator designing living did in the macro concept world, so then, a host of righteous soul living is mind is $1/\infty$ so that, righteous soul survive in the macro concept world, but follow righteous soul living in destination place broadcasting hearing and doing behavior of righteous soul “it shares time with other, help other, but also doing real love other”

So now here is in the righteous soul living in destination place

Yin and yang harmony and excitement

Yin and yang harmony and excitement

Yin and yang do not harmony and to be angry

This is do not harmony yin and yang

Yin begin is $-\infty$ cold

Yang end is $+\infty$ hot

Yin and yang do not harmony

{Yin beginning of $-\infty$ cold} + {yang end of $+\infty$ hot}

this living is it never to be feeling excitement

yin and yang do not harmony living is
between yin and yang to be angry

But yin and yang harmony

Yin end of fresh

Yang beginning of warm

So that

Yin and yang harmony

Between yin end and yang beginning

So that yin end of fresh, yang beginning warm

This is real excitement

Therefore, to be yin and yang harmony

Yin living must be running from $-\infty$ cold to fresh

Yang living must be running from $+\infty$ hot to warm

Then, yin running to forward to be fresh

But yang running to backward to be warm

Yin and yang harmony

{Yin running to forward to be fresh} + {yang running to backward to be warm}

This is from getting arrow graphic

This is must be inferring

So that

Yin running forward

Yang running backward

In the yin and yang harmony

Yin running forward so that yin runs to yang and do real love yang to be coming to yin

Infer that,

Yin is help, and doing real love yang running back to yin

But inf yin is not help, and do not real love yang then yang runs forward to hot

This is inferring of truth is

Yin is $-\infty$ cold must be do not know help and doing real love, so that
yang runs to $+\infty$ hot

This is yin and yang do not harmony

Yin $-\infty$ cold, so that yang runs forward to be $+\infty$ hot

Because a yin too cold so that yang to be survive runs to the hot

This living it never meet yin and yang

Say again

It never to be yin and yang harmony

Here is say

Yin is forward running to be fresh

Yang is back ward to be warm

Whose role is best, yin is running forward so that, yin running is
critically important

Because yin runs to fast to be fresh then, yin help and doing real love
yang to be warm living of backward running

Yin help yang the correct backward way, but also doing real love
because running back is hard, so that yin doing real love yang then,
yang feeling interesting to running back because yin's doing real love

Yin's doing real love yang

Then, yang backward running is faster and faster so that,

As the yin's righteous soul living behavior

Yin shares time with yang, help yang and doing real love yang

So that yang running backward is feeling is interesting

But also running forward yin also feeling is interesting

As doing keep it

So that

A time soon

Yin and yang meet

So that

Yin fresh yang warming is meeting

Between yin fresh and yang warming creating excitement

This is

Yin and yang harmony excitement

Yin and yang harmony and god

Yin and yang harmony and god

In the micro concept world of righteous soul living in destination place

Yin and yang harmony

God

Animal

Micro concept world

Macro concept world

Yin and yang harmony

Macro concept world is

$\{\text{Yin energy absolute value } -100\} + \{\text{yang energy absolute value } +100\} = 200$

Yin and yang feeling of energy is 200

This is macro concept world living possible

This is power to growing in the macro concept world, so that yin and yang harmony growing end is god

Yin and yang harmony

Micro concept world is

$$\{\text{yin -energy}\} + \{\text{yang +energy}\} = 0$$

Righteous soul yin or yang create an ordained wicked soul yang or yin then to an ordained righteous soul yang or yin of righteous soul yin or yang 0, ordained righteous soul yang or yin 0

This is micro concept world living possible

This is power to righteous soul macro concept world mission clear and keep a cosmos law in the end reaching at the righteous soul living in destination place of being god

Yin and yang do not harmony

Macro concept world

$$\{\text{yin -energy}\} + \{\text{yang +energy}\} \neq 0$$

$$\{\text{Yin energy absolute value -90}\} + \{\text{yang energy absolute value +90}\} \neq 200$$

Yin and yang feeling of energy is not 200

This is not macro concept world living impossible

This power does not grow in the macro concept world, so that yin and yang do not harmony end is animal

Yin and yang harmony

Micro concept world righteous soul living in destination place
running is 000000

So that

Yin and yang harmony

Righteous soul yin does righteous soul living

Righteous soul yin shares time with ordained wicked soul yang and
help and do real love

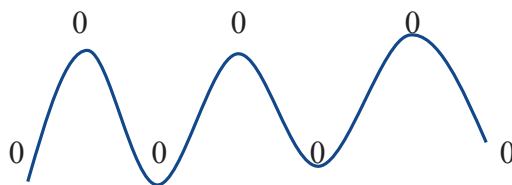

This is shown to the righteous soul living in destination place

Yin and yang harmony

Micro concept world is

$$\{\text{yin -energy}\} + \{\text{yang +energy}\} = 0$$

This is really critically urgent and important

Righteous soul running to the righteous soul living in destination place

Up and down up and down to the righteous soul living in destination place

In this voyage righteous soul of micro concept world living is in the righteous soul orbit 00000

To be living 000000 of righteous soul orbit running

Righteous soul of host keeps living righteous soul behavior

Righteous soul of host shares time with ordain lover of wicked soul and help and doing real love

If do not

Guest of ordain a wicked soul do not know righteous soul orbit so then

If mistake then out of righteous soul orbit 000001 then,

Host of righteous soul hard, so that

Host of righteous soul keep doing righteous soul living to ordained a wicked soul of lover

Yin and yang harmony

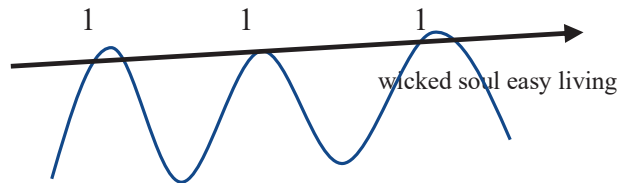

Righteous soul host running to the righteous soul living in destination place

So that righteous soul host runs to righteous soul orbit 00000

Righteous soul of host knows that righteous soul orbit is up and down

But ordained wicked soul does not know righteous soul orbit 000000

Originality a wicked soul living is

Original wicked soul running is 111111111 so that

Yin and yang harmony

Righteous soul yin help ordained wicked soul yang way of righteous soul 000000

So that host of righteous soul

It shares time with other, help other, but also doing real love other

Is based on righteous soul orbit 000000 living

Righteous soul help ordained a wicked soul righteous soul orbit up and down of 0000

Easy living ordained wicked soul must be feeling hard living is righteous soul living way

Because going down to with other living

Righteous soul living in destination place is

$$\{\text{yin -energy}\} + \{\text{yang +energy}\} = 0$$

Here is righteous soul living is 0, this is reaching at the righteous soul living in destination place

So that to be being god

But

Yin and yang do not harmony

$$\{\text{yin -energy}\} + \{\text{yang +energy}\} \neq 0$$

Then,

Yin and yang do not harmony is not righteous soul voyage of orbit 00000

So that

Yin and yang do not harmony

$$\{\text{yin -energy}\} + \{\text{yang +energy}\} \neq 0$$

This is do not pass righteous soul living in destination place

Only passing of

$$\{\text{yin -energy}\} + \{\text{yang +energy}\} = 0$$

So then

Yin and yang harmony to be righteous soul living in destination place

Yin and yang do not harmony to be wicked soul living in destination place

Righteous soul living in destination place, righteous soul god eat wicked soul of human animal food

Wicked soul living in destination place is a kind of garbage all of after garbage fall from righteous soul living in destination place

Only possible is

Yin and yang harmony

Reach at the righteous soul orbit

$$\{\text{yin -energy}\} + \{\text{yang +energy}\} = 0$$

Why macro concept world yin and yang harmony required is this

Righteous soul living in destination place program, and keep a cosmos law is to be safe returning to the righteous soul living in destination place

Thereby being righteous soul of god in the end eat human animal food in the righteous soul living in destination place

Yin and yang harmony in the oriental philosophy

Yin and yang harmony from oriental philosophy

Truly

Yin and yang

Harmony

And yin role, yang role

Yin and yang symbol in the oriental philosophy

This is yin to be 2 points meaning also 2

This is yang to be 1 point but meaning is 3

Here is to show yin and yang role playing

_____ yang

____ _ yin

_____ yang

called “summer”

this symbol express energy, fire hot

here is yin is inside, but outside is yang

so then, yin position is inside and yang position outside is same this book saying

so then, here is yin one manages to two yang and creating fire and energy but also hot

this another express is summer

____ _ yin

_____ yang

____ _ yin

called “winter”

this symbol express water, cold

here is yin is outside, but inside is yang

so then, yin two position is outside, and yang one position is inside

this another express is winter,

this is oriental philosophy ICHING saying

so then, infer that all of symbol express by yin and yang all express

yin and yang express in the time of there is no writing letter

here is

summer is

yin one is at the center

yang two is at the outer

here is fit to the yin and yang harmony

outer position is yang and yin are inside so that appeared up energy
hot

two of yang is power strong and space so then

one of yin is silence and clean clear of inside living driver yang

here is winter is

yang one is at the center

yin two is at the inter

here is not fit to the yin and yang harmony

outer position is yin two, yang one is inside is energy 0 of cold

truly infer that

one of yang inside is dynamic and power

but by 2 yins outside cold make dynamic to be do not dynamic

but also, inside yang is not living silence and clean clear of driver so that

here is “winter” yin and yang do not harmony

so that winter is cold and energy 0

here ICHING of oriental philosophy

yin location is inside

yang location is outside

this harmony this is yin and yang role

in the yin and yang harmony yin is center and driver role play is energy getting

but

yin and yang do not harmony is yang is center and do not driver of
role play so that energy losing

in the oriental philosophy saying

yin role, position, driver

yang role, position, space

so then, in the righteous soul living in destination place creating

yin designed to driver a yang to the righteous soul living in destination
place

yin living inside, so that yin living inside of managing outside yang

this is righteous soul living in destination place yin

but in the macro concept world

man and woman living are same, this is both to live easy living, so
that

woman do not role in the inside, but try to live outside as then, this
living

in the micro concept world righteous soul living in destination place
yin role, position, and driver sole playing nothing
this is righteous soul living in destination place strong point,
yin what help manage drive yang, but yang is powerful and dynamic
living
as the ICHING summer, two yang energy power, one of yin manage
and drive so get an energy
but in the ICHING
outer position is 2 yins and inside 1 yang is
yin and yang do not live of energy 0 of cold

yin and yang harmony are summer of 2 yang is out position and 1 yin
inside position, getting energy

yin and yang do not harmony are winter of 2 yins is out position but
1 yang inside position, losing energy

truly infer that

if living yin and yang harmony in the macro concept world
energy getting and keep living warm of excitement living

but if living yin and yang do not harmony in the macro concept world

energy losing and keep living cold of never ever interesting living

Yin and yang harmony

Yin living is silence and clean clear of inside living and drive yang to the righteous soul living in destination place

Harmony is yin inside manage outside yang to be living excitement

And yin role is inside living outside yang living creating excitement

yang role is outside living inside yin managing accepting and powerful energy getting

if not

the living is yin and yang do not harmony

yin do not drive yang

then, the yin and yang living stop

sure, all of yin and yang not to be stop yin and yang harmony is must be keeping

Yin and yang harmony and safe living

Yin and yang harmony and safe living

Yin and yang harmony are living righteous soul living in destination place program

Yin and yang do not harmony living is not righteous soul living in destination place program

Yin and yang harmony and safe living

Truly infer that yin living is silence and clean clear of inside living, then this living is yang creating inside so that, yin living is inside living, this living is safer living, but truly infer that in the macro concept world living, huge number of livings are fails yin inside living

If living yin inside living is safer living but yin living try to out living, so that a yang's inside position, there is no yin, but the yin going out, so then, this is yin living is dangerous because

A yin does not drive yang and a yin move out to out, so that a yang living is stop, but truly infer that the yin living also dangerous living

Why yin try to do out living?

Why do not know driving yang?

Huge number of yins living losing driving yang

Cause of yin living do not safer living, and there is no yang driver

Yin living dangerous yang to be broken

Who's wrong?

Yin wrong! Yang wrong truly both are damaged

Righteous soul living in destination place ordained to meet a righteous soul

A righteous soul meets ordained wicked soul to be creating righteous soul

So then, infer that meet and living then, possibly predict that righteous soul meets ordained wicked soul

Because at macro concept world living a meeting is all designed to live safe living in the macro concept world

Righteous soul creator designed to live safe living

So then, righteous soul yin and ordained wicked soul, in this case

If righteous soul yin run out from ordained wicked soul yang, then a ordained wicked soul yang would be stop running, but also a righteous soul yin is out then, righteous yin failed righteous soul living in destination place designed safe living in the macro concept world

Truly infer that righteous soul living in destination place designed

living is safer living

But huge number of macro concept world living failing living of righteous soul living in destination place design living.

Truly infer that

Yang is power and outside role player

But yin is silence and clean clear of getting creation of knowledge getting of inside living

If safe living then

Yin and yang harmony then, the living yin drive ordained wicked soul yang this living is righteous soul living

So that cosmos law helping yin living

Righteous soul living in destination place helping creation of knowledge

This is only yin living at the inside of yang, in this position only energy flow from righteous soul living in destination place to a righteous soul yin, but yin living is out then, the address is wrong so that out of yin do not get righteous soul energy and creation of knowledge

Yin living safer is keep position at inside of an ordained wicked soul yang

If a yin living out then, the living also meet another wicked soul yang but the yang is not ordained yang, but also the yang is inferred that

failed yang or losing a righteous soul yin to be save from wicked soul
to righteous soul

So then, if a yin out of yang inside then the living is really dangerous

Because basically yin is living inside is helping but outside not help
because yin living inside and help yang is cosmos law keeping, and
righteous soul living in destination place creation of knowledge
getting

If a yin out of an ordained wicked soul yang

Then, yin meets strong and deceit yang so that yin nothing influences
to the yang

A yin living must be living “it shares time with other, help other, but
also doing real love other”, if yin living at the inside of an ordained
wicked soul living, then it possible righteous soul living behavior, but
out of an ordained yang then, a yin living cannot doing living
righteous soul living behavior; it shares time with other, help other,
but also doing real love other

This is really dangerous

If a yin living out of an ordained yang

Then

A yin does not drive ordained yang so that broken a yang

A yin does not live righteous soul living behavior “it shares time with

other, help other, but also doing real love other”

This means that

As yin going out from an ordained wicked soul yang

Then, an ordained wicked soul yang broken but also do not save wicked soul to righteous soul

But also, yin of righteous soul also to be failing to live righteous soul so that being living wicked soul living

Why do not know?

This really dangerous truth of knowledge

Huge number of livings are failing in the macro concept world living.

If keep a righteous soul living in destination place creator designing living

Then, the living is really simple but clear, a yin living does live righteous soul living

It shares time with other, help other, but also doing real love other

But also, yin living is safe simple living

Yin living safe living is inside living at an ordained wicked soul living out living

Yin living do righteous soul living for ordained wicked soul living
and do all effort to ordained wicked soul to be creating righteous soul,
this living only

Helping from cosmos law

And righteous soul living in destination place creation of knowledge
getting

So that drive ordained wicked soul to righteous soul living in
destination place

While running to the righteous soul living in destination place, an
ordained wicked soul to be created an ordained righteous soul

This is yin living safer living this is clear

Yin and yang harmony and cosmos law

Yin and yang harmony

Cosmos law

Yin and yang harmony

Yin living

Yang living

Yin living is inside yang is outside

If yin and yang harmony then

Sure, it is who will be role of host and other is guest role play

Then, cosmos law knows who is host and who is guest, but also

Cosmos law connect with host

But yin and yang do not harmony

Then, there is no host but all yin guest and yang guest

So that here is never connect to cosmos law

So that

Cosmos law connect with yin and yang harmony of host

But cosmos law does not connect to yin and yang do not harmony of guest

Because cosmos law help

A righteous soul do real love a wicked soul to creating righteous soul, this is to the cosmos a wicked soul is loudly and dirty of cosmos really need to be cleaned, so that cosmos cleaner is righteous soul, so then

So then

Yin and yang harmony of host living is

Righteous soul yin and an ordained wicked soul of lover, so that righteous soul yin is host, but ordained wicked soul of lover is guest, because righteous soul know righteous soul living in destination mission; righteous soul meet a wicked soul then do real love and create righteous soul, and safe returning to the righteous soul living in destination place

So that righteous soul yin host,

All effort to mission clear

Truly infer that

Yin and yang harmony are host role play

If host do not role play then, the living is nothing so that cosmos law is not giving righteous soul energy to the yin and yang do not harmony

If here is yin is righteous soul of host

Then, yin living in the inside driver to the yang, so that yin to do driving yang

Yin must be living righteous soul living

Silence and clean clear living then, much more silence of bubble of creation of knowledge

Hear so that get a creation of knowledge to drive an ordained wicked soul to righteous soul living in destination place, while approaching to the end of macro concept world, then, the ordained wicked soul to be creature of knowledge

This living is

Yin and yang harmony of inside host of driver of yang

Yin is really urgent but yin living must be kept at the inside

Inside host yin to cosmos law connecting

Here is inside yin is macro concept world really hard living role player

But this is sure of inside player because yin is inside

Truly infer that

Macro concept world yin of woman living is anger to other

Because yang of man does not do anything

So that

In the inside anger to other

Only man and woman same concept

So that yin of woman forgot

Inside of yin host role playing, but also driver of yang and righteous soul mission also all do not know

So that whole man and woman same

And all the time yin of woman anger to other

Yin of woman is host player so that yin of woman meets to the cosmos law

Cosmos law keep with yin of woman

If hard with host role play but also ordained loudly of dirty to be creating silence and clean clear of a righteous soul, then cosmos law strong helping yin of woman

So that

Here is infer of writing

Yin host driver with cosmos law and yang guest space harmony

Truly infer that

Yin and yang harmony

Yin = host, driver with cosmos law

So that if living yin and yang harmony then, even really hard living but there is not hard because host role play

Yin living is hard means that that is yin affairs

Host yin urgent is safe returning to the righteous soul living in destination place,

The condition is righteous soul macro concept world mission clear; righteous soul meet a wicked soul and do real love a wicked soul to create righteous soul, this is really urgent host of righteous soul

So that

Yin and yang harmony

Yin of righteous soul host living is hard but the living with cosmos law

Cosmos really help host of righteous soul of yin because righteous soul will clean wicked soul to righteous soul, so that cosmos whole attend to righteous soul of yin host

Again

Yin and yang harmony

Yin= righteous soul, host, driver, and cosmos law righteous soul energy

But if not living

Yin and yang do not harmony

Yin = guest, wicked soul, ignorance driving yang and do not to be get cosmos law righteous soul energy

Then,

Yin and yang do not harmony of

Yin living is really hard living but also, the living is sorrowful living

Yin and yang harmony

Yin= righteous soul, host, driver, and cosmos law righteous soul energy + yang's reaction to the yin excitement

Yin and yang do not harmony

Yin = guest, wicked soul, ignorance driving yang and do not to be get cosmos law righteous soul energy –

Yang's reaction to the yin hating and anger

Yin and yang harmony

Yin= righteous soul, host, driver, and cosmos law righteous soul energy + yang's reaction to the yin excitement + righteous soul mission clear so that righteous soul yin creates ordained wicked soul yang to righteous soul yang and righteous soul yin and righteous soul yin safe returning to the righteous soul living in destination place

But

Yin and yang do not harmony

Yin = guest, wicked soul, ignorance driving yang and do not to be get cosmos law righteous soul energy –

Yang's reaction to the yin hating and anger – yin failed to create wicked soul yang to righteous soul so that yin cannot returning to the righteous soul living in destination place

Yin and yang harmony

Yin living completion in the macro concept world

Yin and yang do not harmony

Yin living do not completion in the macro concept world

Yin and yang harmony of end to beginning

Yin and yang harmony

End to beginning

$-1/\infty$ of yin of ending to $+1/\infty$ yang of beginning

End to beginning

Yin and yang harmony are end to beginning

Yin and yang harmony

Yin feeling “yin end and yang beginning”

Yang feeling “yin end and yang beginning”

Here is

$-1/\infty$ of yin of ending to $+1/\infty$ yang of beginning

Yin traveling to the yang, yang traveling to yin and creating yin end

to yang beginning

This is $-1/\infty \sim +1/\infty$

So that yin and yang harmony = $-1/\infty \sim +1/\infty$

Here is really truth and infer that

Yin meet yang

Yin to meet yang runs to the end of yin but yang to meet yin runs only beginning

Here is strange concept is here

Yin and yang harmony

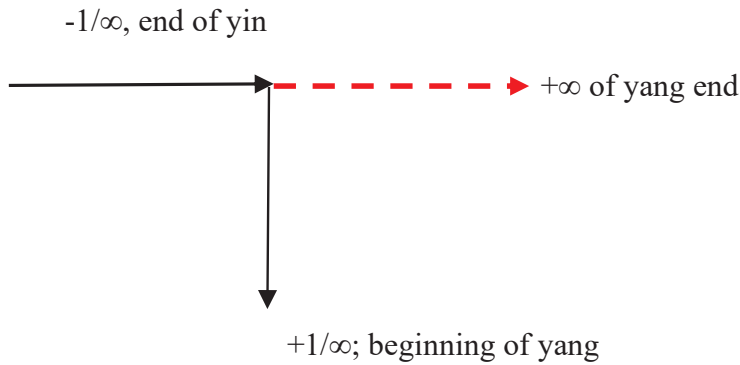

Yin runs to the forward, but to meet yin yang runs still beginning

This is possible but if meet after yin and yang how to yin,

Truly infer that yin is end of $-1/\infty$, but yang must be same beginning place, if runs to yang then, end off between yin and yang

So that

Do not end off but both running is

Yin and yang harmony

$-1/\infty$; end of yin to $+1/\infty$; beginning of yang

Here is

Yin runs to yang is horizontal time running

But yang meet yin to the vertical time running

Yin end and yang beginning

= yin and yang harmony = yin and yang meeting = $-1/\infty \sim +1/\infty$

= righteous soul orbit = vertical time running = vertical time running
 is going deeper from helping a creation of knowledge from righteous
 soul living in destination place = yin end and yang beginning runs to
 the righteous soul living in destination place

Yin and yang do not harmony = yin and yang do not meet = $-1/\infty \sim +\infty$
= do not runs to vertical time but runs to the horizontal time running
= yin runs to the yang but yang run away, so that yin can't run to
vertical time of yang beginning running
= yin can't run vertical time because yang runs horizontal time runs
to the ∞

Truly infer that

Yin and yang harmony

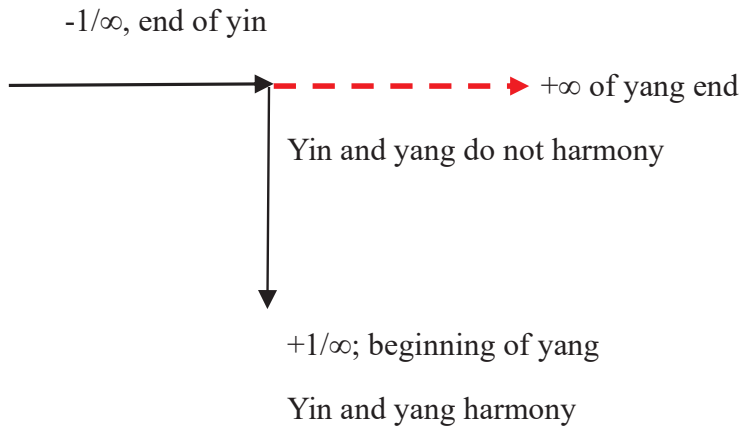

Yin and yang meet

But yin and yang do not harmony

Yin and yang do not meet

Yin and yang meet of yin and yang harmony

Yin and yang do not meet of yin and yang do not harmony

Yin and yang do not harmony

Yin and yang run to the horizontal time running is yin and yang do not meet

Here is $+\infty$ of yang end, so that yang also runs to the forward, but also yin follow forward so that

Yang running forward is faster because the beginning is from $+1/\infty$, so then still runs forward of yang

Then, it never to be meet yin and yang

Yin and yang harmony

Yin and yang run to the yin horizontal time through yang vertical time

is yin and yang meet

Yin runs to forward but yang runs to do not forward, but

Yin runs to the end of yin $-1/\infty$ but yang beginning of yang so that meet

By yang wait to meet yin, here is yin is running after but yang is running begging

Yin meet yang here is infer that

Yin do not run to the yang but also yang does not back to yin, just only

Meet $-1/\infty$ of yin and $+1/\infty$ of yang

This is only yin and yang meeting point

After meeting yin and yang = yin and yang harmony = $-1/\infty \sim +1/\infty$ move to vertical time running

Then, yin and yang keep meeting then yin and yang harmony runs to the vertical time running

Vertical time running is it never end off but yin and yang strong connecting runs to the vertical time end of righteous soul living in destination place

Yin and yang harmony and role play

Yin living in yin role play

Yang living in yang role play

If do not role yin is yin and yang is yang then, here is confused so that

Here is yin and yang mixing

So then,

Yin is not yin but yin

Yang is not yang but yang

Then, here is all to be tired

Yin is super tired

Yang is super tired

So that, yin resting place is not in their yang

Yang resting place is not in their yin

Truly here is really result is

Yin and yang role play wrong then, the place righteous soul energy is

decreased

But wicked soul energy is increased

Strangely yin and yang role play wrong then, it beginning wicked soul energy increasing

Because

Yin and yang role play turbulence is

Yin is not inside, yang is not in outside

So that, in is not inside so that, yang seek yin in the inside there is no yin so that yang living is also turbulence

Yin seek outside built yang but there is no yang so that yin living also turbulence

As the yin and yang role play refused so that both yin and yang living is turbulence

Yin also unsafe

Yang also unsafe

Then

All of living out of yin and yang harmony

All livings are yin and yang do not harmony

These livings do not know cosmos law, so that all livings are loudly
and dirty living

And all livings seek easy living, but there is no easy living

Most livings are wicked soul living

So then

Disappeared normal simple living but abnormal of complicate living

Yin and yang do not harmony

This living is normal

Yin and yang harmony is at the historical museum

So that

Yin seek yin

Yang seek yang

These strange is happened

Truly really hard to meet

Yin and yang harmony

Here is yin role play is urgent

Yin is inside

Yang is outside

Yin refuse located at yin

Yin try to located at outside

So that,

Yin and yang do not harmony is

All yin is out, yang is out

Yin and yang all out so that, no one do not role play of driver

So that yin and yang driving accident is huge number occurring

Huge number of man and woman living accident

As the woman of yin out living then, huge numbers of accident is happened

But why

All do not know,

But knows in the righteous soul living in destination place

Yin role playing driving yang

But this is all in the yin and yang harmony occurring

But now here is normal living is

Yin and yang harmony of man and woman is same

This means that

Man is easy living

Woman is easy living

But also

Man is out living

Woman is also out living

So that

Yin and yang do not harmony is

All of livings are out living

Truly infer that

Yin and yang harmony is

Yin is inside

Yang is outside

Then,

Outside living is all yin and yang harmony of outside yang's living space

So then

Yang meet in the only inside a yin

So that

Yin meet yang is in the inside, so that

Inside yin but outside yang is approaching to the inside of yin

Here is inside yin living is driver of outside of yang

Another saying yin is host but yang is guest

Here is yin is center

Yang is outskirt

So then

Yin drive yang so that

Decreasing accident go simple

As the yin drive yang, so then, out is all simple there is no accident

Yin and yang harmony living is simple

But yin and yang do not harmony living is dirty and unclean

Yin is driver is inside role play

Yang is space of outside role play

This is really urgent

If living yin drive yang then, the yin living is simple

If living yang space of outside living then, the yang living is simple

But now huge number of living is not simple whole living complicate

This living seen from cosmos law

Cosmos law feel hard because increasing loudly and dirty

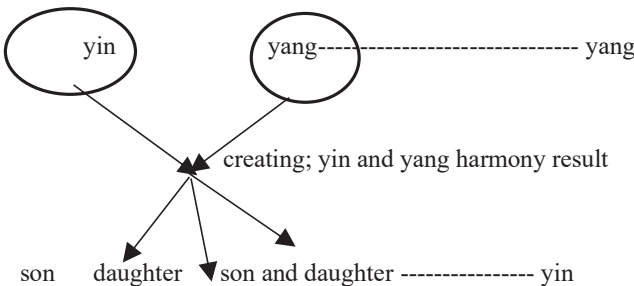

Righteous soul living in destination place worry because it is rare safe
returning to righteous soul living in destination place

Yin and yang harmony and family

Yin and yang harmony

Family

In the family yin and yang in the macro concept world

real yin and yang harmony

husband is yang wife is yin is real yin and yang harmony

parents are yang children is yin is real yin and yang harmony

exercise yin and yang harmony

son is yang and daughter are yin but this is exercise yin and yang harmony

yin and yang harmony in the family

husband yang and wife yin harmony

mother and father of parents is yang

son and daughter of children is yin

but truly infer that

brother and sisters are not true yin and yang

but exercise yin and yang

really important yin and yang harmony living

exercise yin and yang harmony brother and sisters are helper each other to be

to be living husband yang and wife yin living completion

this is yin and yang harmony are from micro concept world unseen world

macro concept world man and woman are same

so that

at now seen world or macro concept world

exercise yin and yang harmony concept are all disappeared

but also, in the macro concept world

man and woman is same so that, already yin and yang concept is broken

micro concept world of unseen world

yin and yang harmony are really concerning righteous soul mission completion

yin and yang harmony are righteous soul macro concept world voyage mission completion only way, so that

here is micro concept world righteous soul living macro concept world voyage is

righteous soul living in destination place

create a righteous soul yin or yang

so then,

righteous creator ordained righteous soul yin to meet a wicked soul yang

but also, righteous soul yang meets a wicked soul yin

so then,

in the cosmos law

righteous soul yin meets ordained wicked soul yang

righteous soul yang meets ordained wicked soul yin

here are wicked souls are failed completion of macro concept world
voyage

so that, righteous soul living in destination place save and create
wicked soul to righteous soul

in the macro concept world

so that ordained wicked soul also to be saved by a righteous soul

so that

righteous soul yin and wicked soul yang harmony

righteous soul yang and wicked soul yin harmony

is really critically urgent to macro concept world voyage completion

so then

here is exercise yin and yang harmony

brother and sister, exercise sister is yin and brother is yang

this exercise yin and yang harmony

then,

growing to the real yin and yang harmony living completion
possibility is higher

yin and yang harmony living are huge important

righteous soul yin

righteous soul yang is

personal living but yin and yang harmony is both living

so that

righteous soul living is preparing personal righteous soul yin and yang
living host of yin and yang harmony

personally, righteous soul is in the yin and yang harmony is host

this righteous soul must be carrying macro concept world mission
carry

righteous soul macro concept world mission is

righteous soul meets a wicked soul then do real love wicked soul, and
create a righteous soul

righteous soul and creating righteous soul both safe returning to the
righteous soul living in destination place

personally, righteous soul to be host to save guest of ordained wicked
soul to be creating righteous soul

here is infer of truth is

personally, righteous soul is from creating righteous soul, righteous
soul living in destination place

personally, wicked soul is failed macro concept world voyage mission,
so that guest of wicked soul to be being waiting a righteous soul who
is save a wicked soul to creating righteous soul

who know will I living righteous soul of host role player?

who knows will I living wicked soul of guest role player?

In the macro concept world

Yin and yang harmony

Host yin and guest yin harmony

Host yang and guest yin harmony

Yin and yang host guest

Host role player is mission carrier

Guest role player is mission object role player

So then

To be completion of righteous soul macro concept world mission clear is

Host of righteous soul living keep living silence and clean clear of getting bubble of creation of knowledge

Guest of wicked soul living getting growing to know righteous soul creation of knowledge so that

Host and guest living harmony in the macro concept world

How to know guest to be creating righteous soul?

This is known to a host of righteous soul all hard living, and doing real love guest

Here is a host of righteous soul living is really hard living, because a wicked soul does not know

Runs to the righteous soul living in destination place

Here is

Righteous soul to runs to the righteous soul living in destination place

Then, cosmos law helping a righteous soul voyage mission clear

Because cosmos to be same origin silence and clean clear

But still guest of wicked soul does not know

Host living is really hard but host running to the righteous soul then,
cosmos law helps a host, a righteous soul living with helping a cosmos
law so all endure of hard living in the macro concept world

If run out a righteous soul of host then, the yin and yang do not
harmony

Both host of righteous soul fail macro concept world voyage mission

But also, a wicked soul does not create so wicked soul living

Then the living in the macro concept world useless living, fail
righteous soul mission

As do not helped from cosmos law, so that a righteous soul to be
wicked soul, a wicked soul living is wicked soul

Yin and yang harmony and time

Yin and yang harmony

Yin time

Yang time

Yin time is yin role is required time

Yang time is yang role is required

So then,

Yin and yang harmony are connected

Yin time to yang time

Micro concept world of righteous soul living in destination place

Accept

Yin time and yang time

So then,

Yin time is yin role playing expecting

Yang time is yang role playing expecting

But macro concept world

Man and woman are same

Then

Man- time and woman is same

In the same time man and woman is same role playing

Here is

yin and yang harmony and time

yin is inside yang is outside

yin time is inside time yang time is outside time

so then

yin time is inside role playing

yang is outside role playing

truly infer that

yin time role playing then yin is host but yang is guest

yang time role playing then yang is host but yin is guest

this is micro concept world yin and yang harmony and time

but in the macro concept world

man and woman are same

truly infer that

man and woman both host

in this case

best

but, man and woman both guest

in this case

worst

strange

yin time role playing then yin is host but yang is guest

yang time role playing then yang is host but yin is guest

this yin and yang harmony and time

if do not do

yin time do not role play of host, then yang originality guest so that
here is not host

yang time do not role play of host, then yin originality guest so that
here is not host

this is yin and yang do not harmony

this is same

macro concept world

man and woman all guest

= micro concept world yin and yang do not harmony and time “

“yin time do not role play of host, then yang originality guest so that here is not host

yang time do not role play of host, then yin originality guest so that here is not host”

macro concept world all to be guest

then, who to be host?

Micro concept world yin and yang do not harmony and time

There is no guest, who to be host?

Parents; yang

Children; yin

Husband; yang

Wife; yin

To the children of yin time to be growing to real yin and yang role playing

To the parents of yang time to be helping yin of children to be real yin and yang

To the husband of yang time to be helping yin to be living righteous soul

To the wife of yin time to be helping yang to be living righteous soul

This is micro concept world righteous soul living in destination place

Yin and yang harmony and time

Yin time; inside

Yang time; outside

Here is time and space to be explain

Yin time is inside

Yang time is out side

Then infer of

Yin is outside time is rest of guest living

Yang is inside time is rest of guest living

This is another saying then

Yang time of outside comes to yin time of inside, then yang to be being guest

Yin time of inside comes to yang time of outside, then yin to be being guest

Yin and yang harmony and time

Yin time is opportunity to do righteous soul living behavior

As yin time yin host to yang guest

Yin shares time with yang, help yang and doing real love yang

As yang time yang host to yin guest

Yang shares time with yin and help yin but also doing real love yin

This is micro concept world, righteous soul living in destination place

Righteous soul yin and yang harmony and time

Macro concept world man and woman is same

Then, this is

Man and woman both host

Or man and woman both guest

So then

As the micro concept world righteous soul living in destination place

Yin time is yin is host to the yang guest

Yang time is yang is host to the yin guest

In the yin and yang harmony time is changed host time to guest time

In the host time is

“it shares time with other, help other, but also doing real love other”

In the guest time is

“it to be shares time with other, to be helped from other, but also to be doing real loved from other”

Yes!

Micro concept world

Yin and yang harmony time

Host time and guest time is keeping changing so that

Both yin and yang to be host to be guest living

Based on yin and yang harmony time living is excitement and pleasure

While yin is host then yang guest feeling excitement and pleasure

While yang is host then yin guest feeling excitement and pleasure

Here is only

Yin and yang harmony time

In this time and space only excitement and pleasure

So, called

Yin host yin role playing yang feeling excitement and pleasure

Yang host yang role plying yin feeling excitement and pleasure

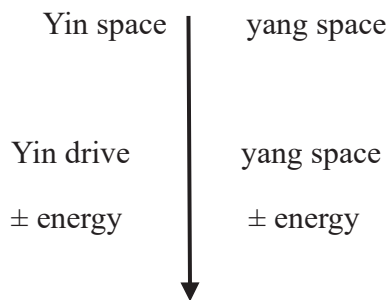

Yin and yang harmony with energy

Yin and yang harmony

Yin role is drive yang

Yin and yang harmony

Yang role is giving space

Here is yin and yang created by yin and yang meet, then yang is role for space yin is driver of space

Truly infer that

Yin drive yang well then + energy, but do not drive then – energy

Yang creating space well then + energy, but do not create space then – energy

Yin time and space yin drive yang means

Yin time and space is host is yin, but here is yang is guest, so then yin drive well means that

Yin of host treat well yang of guest then + energy

But if yin of host does not treat well then – energy

Here is yin host to yang guest behavior is same as righteous soul behavior

“yin shares time with yang, help yang and doing real love yang”

Here is + energy is only

Yin drive in the yin time and space yang then only + energy

If not, yin is out driving yang then, - energy

Yin and yang harmony with energy

Here is energy is

Yin living sustainment safe living in the macro concept world

Yin + energy help yang +energy

If yin – energy then it can't help yang +energy

As then yang does not get energy but losing energy then, infer that

yang's space will be dangerous

In the macro concept world

A region happened

Yin do not meet yang, just living yin because yin feel that hard living with yang cause of

Yin living for yang

This is yin's trying to live easy living in the macro concept world

But even yin and yang harmony with energy then

Huge responsibility is yin driver

But also, all yins are easy living free and yins desired working only

So that macro concept world mind is huge then, all effort to yin's working

Here is lost "yin driver yang position" but yin living at the yang space

Then, there is no any energy

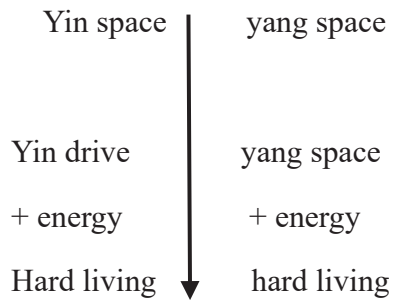

Yin there is no energy then, this is really dangerous

So that

Yin living in the yin and yang harmony

Yin living is hard, that is right

But also, yang is hard that is right

Host of yin in the yin space must be living righteous soul living behavior

"yin shares time with yang, help yang and doing real love yang"

Then, righteous soul energy will be getting from cosmos law

Yin and yang harmony with energy

Why cosmos law helps righteous soul energy to the yin of yin space drive well yang?

Cosmos law want to cosmos to be silence and clean clear

So then, host yin in the yin's space treat guest yang from yang space to yin space, then

Yang must be treated as guest by yin in the yin's space

In the macro concept world

If infer that host is inside then, in the home host is yin but guest is yang

Why happened in the home yin is doing work is because of it, yin living space role of host in the home

So then, here is macro concept world accept it is yin and yang harmony with energy + energy, but

Anger to the guest of yang who is from yang to yin space, then here is – energy

In the yin and yang harmony

Host of yin in the yin space treat well guest of yang who is from yang space then + energy

But host of yin in the yin space do not treat well guest of yang who is from yang space then-energy

Cosmos law give righteous soul energy to the only host of yin in the yins space, treat well guest of yang

But

Yin is not in the yin's space, so that living at the yang space, false of host living then, this is not in the giving righteous soul energy

Righteous soul energy is only

Host of Yin doing treat well guest of yang then yang's space yang living getting well, so that yin and yang harmony space is strong and powerful sustenance so that secure of yin living

Truly really hard yin living

But yin is host and yang is guest then, this saying is difference even hard but naturally all have to do is yin in the yin's space, too hard but this hard will be count on from cosmos law, so that cosmos yin is not loser but winner in the yin and yang harmony with energy

Host yin creating energy will be used

Yin creating energy used to the guest of yang, so then guest yang returning to the yang's space of host yang living space powerful living, then here is created

Yin energy to yang strong power

Cosmos law giving righteous soul energy

Then

In the macro concept world yin hard living is enough to live on,

because hard living all to be rewarded yin living in safe in the macro concept world, this is only safe living yin host living treat to well guest of yang.

Truly in the macro concept world

Yang to yin, has been wrong so that, in the macro concept world slogan is “man and woman is same”, so then

This is cause of man of wrong in the historically so that woman of yin anger to the yang

But truth and clear of knowledge is

Yin and yang harmony are clear

Macro concept world “man and woman are same” is man and woman are conflicting

But micro concept world “yin and yang harmony” is friendship of one team

Yin and yang harmony are yin 0.2 to yang 0.8 of one, or yang 0.2 to yin 0.8 of one is same

This is friendship of one team

This yin and yang harmony living runs to the end of macro concept world and beginning micro concept world

But in the macro concept world “man and woman are same”

Man 0.5 to woman 0.5 very fixing so that to get same position man to man is conflicting

This man and woman are same living do not run to the end of macro concept world and do not beginning micro concept world also

Yin and yang harmony with energy

Is simple, host yin in the yins space treat well guest of yang then

Cosmos law can give righteous soul energy, host yin does well guest yang in the yin space

Then, here is

Righteous soul macro concept world mission clear

Righteous soul meets a wicked soul then do real love to create righteous soul, then both righteous soul safe returning to the righteous soul living in destination place

A wicked soul to be creating to the righteous soul

Here is cause of

Yin and yang harmony with energy

Is simple, host yin in the yins space treat well guest of yang then

Cosmos law can give righteous soul energy, host yin does well guest yang in the yin space

Yin and yang harmony and creator

Righteous soul living in destination place

Righteous soul creating and start voyage to the macro concept world

Righteous soul to be completion to live another creator in the creating
righteous soul living in destination place

So that

Righteous soul starts from righteous soul living in destination place
to macro concept world where is wicked soul, mind living but also
righteous souls mixing place

Why righteous soul creator designed

Righteous soul meets an ordained wicked soul and do real love
wicked soul create to righteous soul?

Here is creator real love failed completion macro concept world
voyage then did not safe returning to the righteous soul living in
destination place

So that a creating righteous soul give to a mission

Therefor a righteous soul has mission in the macro concept world

A righteous soul mission is carrying creator doing real love wicked
soul saving to righteous soul and safe returning to the righteous soul

living in destination place

Righteous soul meets an ordained wicked soul

This is really challenge to the righteous soul

This is really hard with living wicked soul

So that here is righteous soul helper of cosmos law

Who is righteous soul remove wicked soul by righteous soul mission clear?

Cosmos law help righteous soul righteous soul mission clearing

Because cosmos law knows that righteous soul removes a wicked soul, then

Righteous soul creates wicked soul to righteous soul, so that cosmos to be being changed from loudly of dirty to silent and clean clear

Righteous soul creating is wicked soul to righteous soul

This is righteous soul living in destination place creator role exercising huge hard thing this is righteous soul living in destination place design

But also

Righteous soul doing real love and creating wicked soul to righteous

soul

Cosmos law help a righteous soul hard living remove wicked soul to creating righteous soul

Righteous soul living in destination place creator all know how hard in the macro concept world

Righteous soul lives with wicked soul

But righteous soul living is huge hard but that is righteous soul living, that is righteous soul to be completion macro concept world mission clear, that is reward to righteous soul to be safe returning to the righteous soul living in destination place

Righteous soul lives with wicked soul

Righteous soul lived is

Righteous soul living behavior

“it shares time with other, help other, but also doing real love other”

Righteous soul is

Shares with other

Help other

Doing real love other

Here is macro concept world

Shares is meeting ordained wicked soul and live endure of hard living

Help is based on righteous soul living then, cosmos law helping a righteous soul righteous soul living energy so that the righteous soul living energy will be helping a wicked soul

Doing real love other

This is only having righteous soul, so that this is righteous soul tools to live macro concept world with wicked souls

Doing real love is strong tools wicked soul to be creating a righteous soul

This is doing real love

Righteous soul to creator

Creator is creating righteous soul

Righteous soul is creator problems solving

The problems are huge number of creators are failed in the macro concept world voyage

So that, righteous soul is warrior of creator

Warrior of creator keep helping form creator

Micro concept world creator keeps sending strategic safe and creating

all of problems solving helping, so that a righteous soul of warrior of macro concept world wicked soul creating to righteous soul is possible

But righteous soul of warrior to be disappeared from wicked soul attacking

That is righteous soul living in destination place creator huge hard living also

So that

Creator of righteous soul

Keep doing broadcasting to the macro concept world a righteous soul

Solving problems with living wicked soul, and running to the righteous soul living in destination place

Here is macro concept world righteous soul receive broadcasting then even hard living but mission carrying

But a righteous soul does not receive righteous soul creator broadcasting then,

Creator to righteous soul communication broken then a righteous soul in the macro concept world to be hard to survive because a righteous soul warrior to be revenge and broken by wicked souls, so that righteous soul warrior to be disappeared from a righteous soul

So that righteous soul creator

With cosmos law keep a righteous soul to do mission clear

Then,

Mission clear righteous soul to be creator in the righteous soul living
in destination place

Mission clear righteous soul to be creating loudly of dirty to silence
and clean clear of cosmos

Righteous soul living in the macro concept world is really hard

But righteous soul living

Righteous soul is yin and yang harmony living

Creator entrust yin to yang, yang to yin that is

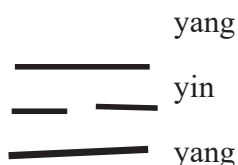

Yin and yang harmony and creator

Creator expect survive a righteous soul by yin and yang harmony

Yin and yang harmony and energy charging

Yin and yang harmony

Energy charging

yin inside location of fire of energy, summer in the I Ching
oriental philosophy

this symbol is energy charging

here is yin is inside location then energy saving and energy
charging

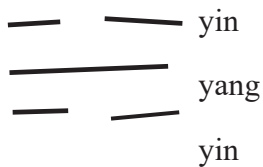

yin is really urgent with yang make warm, so that righteous soul
yin is diligence drive in the inside so that there is no time useless
doing

as the yin located at the inside energy save and charging, then yin
living silence clean clear of getting creation of knowledge to solve

yin and yang living problems

as yin and yang living problems solving so that yin and yang living excitement and pleasure

charging energy using runs to the righteous soul living in destination place, to the end of macro concept world

yin is outside location of cold of energy, winter in the I Ching oriental philosophy

this symbol is not energy charging

as this symbol yin is outside location is energy consuming,

yin complain to the yang why do not like me, so that this outside yin is do not make warm, so that wicked soul yin living is easy living, do not drive yang so that all of enough time is using useless doing

as the yin do not located at the inside, energy consuming, then yin living loudly and dirty of getting old knowledge not to solve yin and yang living problems

as yin and yang problems do not solve, so that yin and yang living is revenge and breaking,

consuming energy do not use to runs to the righteous soul living in destination place but do not reaching at the end of macro concept world

Yin and yang harmony and energy charging

This is yin living at inside but yang living at the space of outside

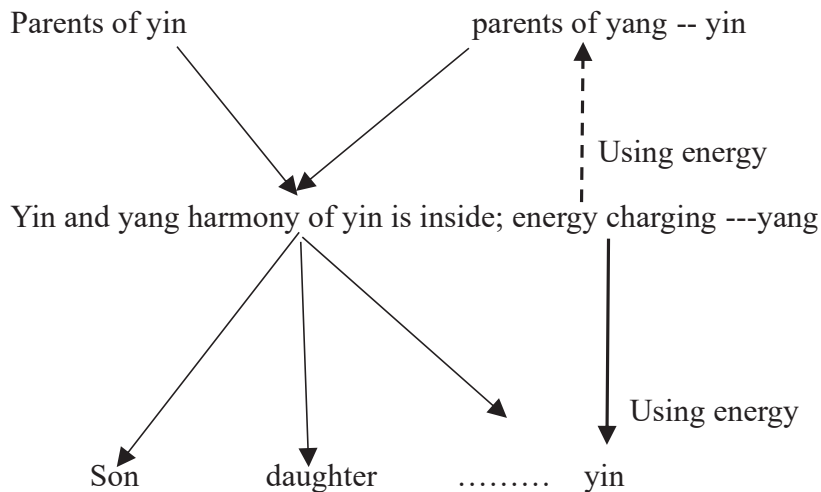

Yin drive space of outside of yang

This living is simple and normal living

But also, this living is creating energy to warm

Yin and yang harmony and energy charging

In the macro concept world family

It is really urgent yin located at inside of energy charging is all living, is normal

If yin is not locating at inside then, there is no energy charging is not normal

In the macro concept world living energy is urgent

Here is energy is righteous soul energy

This energy is living safe and running to the righteous soul living in destination place

So that this energy is creating

Righteous soul mission carrying

Righteous soul meets a wicked soul, then righteous soul doing real love to create wicked soul to righteous soul, then, here is cosmos law help creating righteous soul energy, because a wicked soul to be creating righteous soul then, cosmos to be being silence and clean clear

So then

This creating righteous soul energy is charging to the yin

So then

Yin is inside charging righteous soul energy flow from yin to yin also but drive yang as righteous soul living behavior

Yin shares time with other, help other, but also doing real love other

So then

Macro concept world family

As inside yin silence and clean clear of getting creation of knowledge, all solve problems in the family

But also, inside yin creating excitement and pleasure in the family

Yin and yang harmony and energy charging

Yin and yang harmony living is original living but

Living with family parents and children is also to be living excitement and pleasure

Yin living inside then, at first energy charging running to the righteous soul living in destination place to the end of macro concept world

But also, parents and children living is excitement and pleasure

Right!

In the macro concept world yin living is huge hard living, but the living is yin is inside of host and driver of yang so then, in the inside is yang also guest, then, anyhow yin host inside, yin is busy and hard, the living sure rewarded from cosmos law, so that the yin living in the macro concept world living is normal living is sure.

Normal living in the macro concept world is

Yin Running to the righteous soul living in destination place with yang safe and completion

So then, all of hard living rewarded

As living end is completion of righteous soul yin and yang macro concept world mission completion

And safe returning to the righteous soul living in destination place

This is normal living

This is rewarded yin living inside of hard living

Please now inside yin get a creation of knowledge, that feel excitement and pleasure of yin in inside living.

Yin and yang harmony and righteous soul host

Yin and yang harmony

Yin inside space

Yang outside space

Yin inside host of righteous soul

Yang outside host of righteous soul

Yin inside host of righteous soul get guest of righteous soul yang,
wicked soul yang

Yang outside host of righteous soul get guest of righteous soul yin,
wicked soul yin

But here is really important is yin and yang harmony are

Hot is all beginning of righteous soul

Inside host righteous soul

But here is guest of yang is variance

Righteous soul yang, wicked soul yang

Outside host righteous soul

But here is guest of yin is variance

Righteous soul yin and wicked soul yin

This is yin and yang harmony

So that

Host is righteous soul inside and outside

Then,

Righteous soul host is in the host,

Righteous soul host know treat well guest who are wicked soul or not,
because guest

Truly infer that

Righteous soul energy flow through host of righteous soul only, it
never flows righteous soul energy through guest, so that guest is
host's guest only

But if yin and yang do not harmony

Then,

Inside yin wicked soul host, guest is righteous soul yang, wicked soul
yang

Outside yang wicked soul host, guest is righteous soul yang, wicked soul yang

Here is inside host is not righteous soul, so that here is doing not flow righteous soul energy

Yin and yang do not harmony is

Inside yin host is wicked soul

Outside yang host is wicked soul

Here is not flow righteous soul energy

Righteous soul host inside yin

Guest wicked soul yang or righteous soul yang

Here is only cosmos law see is

Righteous soul host inside yin only

Because cosmos law expects by host of righteous soul wicked soul creating righteous soul, then, this is

Cosmos law feel that loudly of dirty wicked soul disappeared then, the place comes silence and clean clear so that cosmos law only relative to righteous soul host only

But surer even a righteous soul then, guest righteous soul, it never connects to cosmos law, because guest do not anything change so that cosmos law only host of righteous soul righteous soul energy flow

So that

Inside yin of righteous soul host+ cosmos law righteous soul energy

Inside guest of righteous soul or wicked souls

Yin inside righteous soul host, inside yin righteous soul host all can do to the guest righteous yang or wicked soul yang

Here is

Inside yin of righteous soul host+ cosmos law righteous soul energy

This righteous soul energy to shares with guest of righteous soul yang or wicked soul yang

Inside yin of righteous soul host getting righteous soul energy

Shares with guest of yang who are wicked soul or righteous soul

Then, guest yang feels excitement and pleasure

This is

Yin and yang harmony

Inside yin of righteous soul host getting righteous soul energy

Righteous soul energy of host of inside righteous soul yin

Righteous soul to be given to the guest of yang who are wicked soul or righteous soul

Righteous soul energy inside righteous soul yin help

Guest of outside wicked soul or righteous soul yang to live strong yang of outside yang righteous soul

Truly

In the yin and yang harmony

Yin is living in the silence and clean clear getting creation of knowledge and drive yang of structure of space so that, yin and yang harmony of problems solving running to the righteous soul living in destination place

Righteous soul yin in the inside host is typically critically is in the yin and yang harmony

Here is strong

Yin and yang harmony with righteous soul energy of inside righteous soul of host

Inside yin

Righteous soul yin

Host yin

Righteous soul energy with cosmos law

In the macro concept world

Guests are feels excitement and pleasure from host of righteous soul getting righteous soul energy

Truly infer that

Guest feeling is excitement and pleasure then, the living is really normal

Guest feeling excitement and pleasure is all of macro concept world livings dream

So then

For this

Yin and yang harmony

Inside righteous soul host yin and yang harmony is possible

In the macro concept world yin and yang harmony

Is at first yin so then, here is yin and yang harmony, yin is host sure, yang is guest sure

But even yin living also

Yin easy wicked soul living possible

Yin hard righteous soul living possible

In the macro concept world living is all free

Here is

If yin living is inside righteous soul hard living of host living is cosmos law righteous soul energy getting is sure also, but it really hard to guest of wicked soul yang or righteous soul yang treatment they feeling in excitement and pleasure

If yin living is inside wicked soul easy living of host living is not cosmos law righteous soul energy getting is sure also, but it really hard guest of wicked soul yang and righteous soul yang treatment they fell revenge and breaking

Which is living in the macro concept world

Yin living

Yin and yang harmony and righteous soul host

Yin is hard living righteous soul host living then, yin inside righteous soul and righteous soul energy will be given to the all of host of yang

who are wicked soul or righteous soul feeling in excitement and pleasure

Here is

Yin of righteous soul host of inside with righteous soul energy, drive yang to the righteous soul living in destination place normal living in the macro concept world, then who estimate that yin of hard living righteous soul inside host living is safe and completion of macro concept world this is only way to the macro concept world righteous soul living only living.

Yin voyage macro concept world righteous soul way is only “host of hard living righteous soul in inside” this living is given to the guest of yang feeling excitement and pleasure is only way to the safe yin macro concept world voyage and safe returning to the righteous soul living in destination place

Yin and yang harmony and creation of knowledge

Yin and yang harmony

Righteous soul

Creation of knowledge

In the yin and yang harmony

Righteous soul living in destination place mission is

Righteous soul meets a wicked soul and doing real love and create a righteous soul

Creation of knowledge

Righteous soul living behavior living creation of knowledge

It shares time with other, help other, but also doing real love other

In the righteous soul living in destination place creator really urgent

Creator created righteous soul safe returning to the righteous soul living in destination place

But now,

Creating a righteous soul living is in the macro concept world

Creator living at micro concept world righteous soul living in

destination place

So that,

Creator entrust righteous soul yin and yang mission a wicked soul
saving to righteous soul

So then,

Here is yin and yang harmony

Creation of knowledge

With doing real love

Yin and yang harmony

Hot role player of righteous soul

Righteous soul living in the macro concept world

Silence and clean clear, silence can hear silence bubble of creation of
knowledge so that

Righteous soul silence and clean clear can hear bubble of creation of
knowledge

Yin and yang harmony

If yin is righteous soul then shares with yang creation of knowledge
with doing real love

If yang is righteous soul then shares with yin creation of knowledge
with doing real love

Yin and yang harmony

Yin and yang to be one team, but also yin and yang to be help each other

Yin and yang to be one team shares creation of knowledge with doing real love

So that,

Yin and yang harmony are one team living in excitement and pleasure

So then to be it

Yin and yang harmony problems solving

That is creation of knowledge

In the yin and yang harmony

Host role player of righteous soul living

Silence and clean clear and getting creation of knowledge from micro concept world righteous soul living in destination place creator care of knowledge

Yin and yang harmony

Host of righteous soul shares time with guest of wicked soul or righteous soul

Host of righteous soul help guest of wicked soul or righteous soul

Host of righteous soul doing real love guest of a wicked soul or

righteous soul

Yin and yang harmony

Host shares time with guest who are wicked soul or righteous soul, so then

Its communication host and guest possible

Host doing real love guest, guest feeling excitement and pleasure

Host help creation of knowledge, guest feel to be living righteous soul is only way to macro concept world completion

In the yin and yang harmony

Host and guest is to be being same righteous soul in the end, so then all is to be host living

Because of

Host all do living righteous soul living behavior

Host righteous soul living behavior is

“host shares time with guest, and help guest and doing real love guest”

If yin living inside, then here is yin living space, so that all know inside creation of knowledge but, here guest yang does not know creation of knowledge in yin's place

So then, host yin righteous soul living behavior to the gest of yang

Inside yin host shares time with outside guest of yang and help guest outside yang but also doing real love guest of outside yang

Then,

In the inside host yin righteous soul

Silence and clean clear living of getting bubble of creation of knowledge

Here is yin's space of host yin righteous soul

Then, a guest of outside yang does not know yin's space inside righteous soul host living

Here is host of yin drive guest of outside yang

Truly infer that

Host, righteous soul, inside host, this is all knows inside

So that

Host of righteous soul getting creation of knowledge

Then, host of righteous soul help living guest in the yin's space to live excitement and pleasure

Teach creation of knowledge living in the yin space silence and clean clear with warm and doing real love to the guest, so that guest feeling warm and excitement and pleasure

Yin and yang harmony and creation of knowledge

In the yin's space yang living as same as yin's living same, then yin teach with doing real love a creation of knowledge who gets a host living silence and clean clear

This is host of yin living in the yin and yang harmony

Yin and yang harmony with cause and effect

Yin meets yang with cause and effect

Yin and yang harmony needed then, cause yin or yang did not live yin and yang harmony so that, effect now try to living yin and yang harmony

Yin meets yang with cause and effect

In righteous soul living in destination place creator who complete macro concept world voyage so a creator cause and effect, a creator cause in the macro concept world but did not solve it, so that as the creator try to do effect of carry to the righteous soul living in destination place

So that creator creating righteous soul, then a righteous soul voyage is cause of creator to be solving effect in the macro concept world, so that creating righteous soul meet an ordained wicked soul who was failed completion to macro concept world mission so that an ordained wicked soul fall to the wicked soul living in destination place

Here is yin and yang harmony with cause and effect

If infer that

Righteous soul of yin who comes to solve an ordained yang who waw fail macro concept world mission so that fall to the wicked soul living

in destination place, then, safe returning righteous soul creator as the cause and effect, so that cause is in the macro concept world a creator living, but now effect is creator creating righteous soul meet an ordained wicked soul yang

Truly infer that

At now macro concept world meeting is all “cause and effect”

All is cause then effect, this is critically yin and yang harmony, yin and yang meeting concept

So then, in the macro concept world,

A creator creating righteous soul rush to the ordained wicked soul to save wicked soul to righteous soul, so then, here is first meeting yin and yang in the macro concept world is huge relative “cause and effect”

Creating righteous soul yin who is from righteous soul living in destination place to solve creator problems cause before living at the macro concept world, so that effect is righteous soul yin meet ordained wicked soul who was failed to righteous soul living in destination place safe returning

At now macro concept world livings

Yin and yang harmony are explained as

Host is righteous soul creator creating a righteous soul who must

carry cause problems solving so that effect is helping ordained wicked soul to creating ordained righteous soul, then carry to the righteous soul living in destination place

In the righteous soul living in destination place creator all effort to be completion of “cause and effect”

So then,

Being creator creating a righteous soul

Creator = righteous soul is cause

Creator + righteous soul = save an ordained wicked soul to creating righteous soul is effect

Here is infer that

Creator + righteous soul = host of yin then

Creator + righteous soul = host of yin; cause of problem known

Creator + righteous soul + host of yin = meets guest of wicked soul of yang creating righteous soul; effect of solving problems

Yin and yang harmony with cause and effect

So then macro concept world yin must be ordained to meet a yang, who is to meet a righteous soul yin also

So then, if a yin does not meet an ordained yang then, the yang living is again fallen to the wicked soul living in destination place

So then effect in the macro concept world

Yin and yang harmony of normal living

Righteous soul host yin living in inside and wicked soul guest yang living in outside, so then a righteous soul host living doing righteous soul behavior

“righteous soul host yin shares time with wicked soul guest yang and help yang but also doing real love yang”

This is macro concept world yin and yang harmony of normal living

But sad livings are in the macro concept world

Huge number of abnormal living

Even a righteous soul host yin do not know, yin’s macro concept world creator cause knowing living so that host of righteous soul yin do problems solving of cause but in the macro concept world host yin do not know it, so that it happened to really sad and sorrowful because here is host of yin do not know, macro concept world urgent to do effect behavior, so that, a yin first meet yang is really urgent of “cause and effect” but, yin do not know “cause and effect” so that, in the macro concept world yin do not do “cause and effect” then, it happened to abnormal living in the macro concept world

As do not keep “cause and effect” so that righteous soul yin and ordained wicked soul yang both again fall to the wicked soul living in destination place

Yin and yang harmony with cause and effect

First meeting yin and yang is really urgent critically behavior

So that, here is righteous soul living in destination place, a creator really urgent solving cause in the macro concept world, so that as the relative solving cause problems solving of effect behavior

“righteous soul yin shares time with ordained wicked soul yang and help yang but also do real love yang”

Frist meet yin and yang is really critically important to live on macro concept world

Because

Here is first meeting yin and yang harmony is

But also, creator problems solving is needed to long time, infer that to save a ordained wicked soul to creating a righteous soul, is needed to time whole time macro concept world, so then, this is

So then, here is

Yin and yang meeting are deep relative of cause

Yin and yang harmony living in the macro concept world is effect of problems solving

This time is need to whole living so that, there is no time enough, if fail first meeting then, the living

It can not to be completion of righteous soul living in destination

place creator urgent problems

Truly infer that

Yin and yang first meeting are meting ordained yang meeting

So then, host yin living really hard with ordained wicked soul yang

Because ordained wicked soul yang has credit of cause, so that ordained wicked soul yang anger and other expression to the host of righteous soul yin

This is really, host yin's sorrowful and hard living with ordained wicked soul yang

This is yin's challenge but this is known cause yin fully endure with yang behavior, so that yin is host and creator in the righteous soul living in destination place

So then,

Righteous soul host yin living is now easy but hard living, this is macro concept world living, so accept it is normal living in the macro concept world, but a righteous soul host do not accept it, so that living abnormal living in the macro concept world

If host of righteous soul living with yang as yin and yang harmony then, the living is host righteous soul creating wicked soul guest yang to creating righteous soul yang whole year of macro concept world

Then, both yin and yang of righteous soul safe returning to the righteous soul living in destination place

This is normal living

If not, abnormal living in the macro concept world

So then, ordained wicked soul yang again to the wicked soul living in destination place

But also, creator of creating righteous soul also to be fallen to the wicked soul living in destination place

Yin and yang harmony with cause and effect

All living is now unfolding is all cause of effect

If righteous soul yin of host does, righteous soul living behavior then its completion of cause

Righteous soul yin effect living is normal living in the macro concept world

Its means that now normal living better then effect, living was keep living righteous soul living behavior, cause

If now living is abnormal wrong and hard living then, sure of cause, living do not live righteous soul living behavior;

Here is macro concept world

Yin and yang harmony with cause and effect

Of must solve cause problems and do live righteous soul behavior
then, the living then to be normal living then, but also whole living
needed to complete

Yin and yang harmony with cause and effect

Yin and yang harmony with doing real love

Yin and yang harmony

Righteous soul doing real love

Wicked soul revenge and breaking

Yin and yang harmony are meeting living

Yin meet yang and living

Yang meet yin and living

If yin is righteous soul doing real love yang

If yin is wicked soul doing revenge and breaking

In the macro concept world

Righteous soul + wicked soul + mind + body= but only seen is body
to other

So then,

Righteous soul host living is

Righteous soul + body = seen is body to other, but micro concept

world living then, righteous soul

Wicked soul host living is

Wicked soul + mind + body = seen is body to other, but micro concept
world living then, wicked soul

In the macro concept world host living is

Guest living saving role, but if host site is not host of wicked soul
then, to the guest living is sorrowful

Because guest save wicked soul to righteous soul host is not, so then
the living is really hard living

Without host guest only living in the macro concept world living the
living is feeling lonesome

Here is guest living wicked soul living without host living then, the
living whole living in the macro concept world living is lonesome
living

But righteous soul living feeling silence and clean clear living but also
in the place bubble of creation of knowledge so that here is

Righteous soul + body = righteous soul, here righteous soul is feeling
silence and clean clear

But wicked soul +body= wicked soul, here is lonesome feeling only,

Righteous soul +body = righteous soul is living in the micro concept world

Wicked soul +body= wicked soul is dead in the micro concept world

So then,

Yin is host

Righteous soul yin host and wicked soul yang guest

Righteous soul yin host= righteous soul +body= righteous soul, here is righteous soul is feeling silence and clean clear

Yin is host

Wicked soul yin host and wicked soul yang guest

Wicked soul yin host = wicked soul +body= wicked soul, here is lonesome feeling

Yin and yang harmony

Righteous soul yin host and yang harmony

Guest yang meet original righteous soul yin in the yin's space

Guest yang feel silence and clean clear in the original yin's space

righteous soul

Yin and yang do not harmony

Wicked soul yin host and do not yang harmony

Guest yang meet wicked soul in the yin space

Guest yang feel lonesome feeling in the yin's space wicked soul

Here is

Yin and yang harmony

Righteous soul yin in the inside and yang in the outside

Righteous soul yin righteous soul behavior

Yin shares time with yang help yang and doing real love yang in the yin space inside

Guest yang feeling doing real love from righteous soul yin

But

Yin and yang do not harmony

Guest yang feeling lonesome from wicked soul yin

Righteous soul yin is simple

Wicked soul yin is complicate

Righteous soul yin is simple but righteous soul to be meeting ordained yang

Wicked soul yin is complicate to be meeting rich and possible yang

Righteous soul yin meets ordained wicked soul yang = yin and yang harmony = normal

Wicked soul yin meets do not ordained wicked soul yang = yin and yang do not harmony = abnormal

In the macro concept world

Normal living is living well husband wife with children= silence and clean clear= excitement

Abnormal living is do not living well husband wife without children=loudly and dirty=lonesome

In the macro concept world

Just single me yin meet yang doing real love excitement living

Just single me yin do not meet yang lonesome living

Which is optimistic living?

In the macro concept world living is seen to me, other

Huge number of livings are out of normal living, most living is abnormal living seen

In the macro concept world

Man and woman living are really simple but really complicate

What is living?

Living is righteous soul yin and yang harmony is excitement living

There is host, there is host doing real love guest yang

Then, here yang feeling excitement with righteous soul yin

But why

Most macro concept world living is not excitement?

There is no host, there is no host doing real love guest yang

Then, here is yang feeling do not excitement with wicked soul yin

In the yin and yang harmony

Righteous soul creator, righteous soul yin is same

Righteous soul creator designed creating time a righteous soul

Creator problems solving

So then,

In the macro concept world

Problems solving to the yang who is creator relative creator voyage
macro concept world

Yin and yang harmony

Living excitement in the macro concept world

Host of righteous soul yin live righteous soul behavior

Host of righteous soul yin shares time with ordained wicked soul yang,
help yang and doing real love yang

This is

Host giving pleasure guest accepting pleasure

Host of righteous soul yin to be helped from cosmos law

So then, just role of give to the yang but host righteous soul yin get
from cosmos law energy

Cosmos law energy = righteous soul doing righteous soul behavior

It shares time with other, help other, but also doing real love other
then, cosmos law keep supply righteous soul energy to the host of
righteous soul yin

Just really precious macro concept world living voyage

Host of righteous soul yin living is really silence and clean clear living
of creation of knowledge

But ignorance poor wicked soul living only

Easy living in the macro concept world, then all living is wicked soul living

In the macro concept world wicked soul must be only living wicked soul yin living easy living

Yin and yang harmony

Righteous soul host yin and yang harmony

Righteous soul behavior is

“it shares time with other, help other, but also doing real love other”

This is cosmos law righteous soul energy creating righteous soul living energy

If living righteous soul living then endless creating righteous soul energy

So that

Righteous soul yin gets righteous soul energy

Host of righteous soul yin righteous soul living behavior

Host of righteous soul yin shares time with ordained wicked soul yang, and help yang and doing real love yang= righteous soul behavior automatically creating righteous soul living energy

This is normal living

This is normal host of righteous soul living meet ordained yang

This is excitement living in the macro concept world

Yin and yang harmony living is

In the macro concept world living at first living condition

Host of yin living

Yin and yang harmony then

Yin living macro concept world living normal living

Host of righteous soul wife meet ordained wicked soul husband

Host of righteous soul wife shares time with ordained wicked soul
and help yang but also doing real love yang

Then

Shown in the macro concept world normal living

Husband and wife living doing real love each other

And yin and yang harmony excitement and pleasure living

Yin and yang both righteous soul safe returning to the righteous soul
living in destination place

Righteous soul living in destination place creator problems solving

Creator meet macro concept world voyage problems solving as
creating righteous soul completion macro concept world voyage
mission

Macro concept world

Yin and yang harmony

Huge number of macro concept world livings do not know it

If huge number of livings knows yin and yang harmony then

Their livings are all to be yin and yang living excitement and pleasure

But, this opportunity macro concept world living do not know this
hard living

Truly infer that

In the macro concept world normal living is

Host of righteous soul of yin, who are strong hold even huge hard
living comes

This is strong righteous soul yin host living

In the macro concept world host of righteous soul yin is depend on in
this macro concept world living excitement living and pleasure living

Somehow all depend on yin living

But if yin is righteous soul of host yin and yang

Yin and yang harmony

Then,

Yin living macro concept world voyage to righteous soul living in destination place, safe returning to the righteous soul living in destination place is only yin and yang harmony

But also, righteous soul behavior

It shares time with other, help other, but also doing real love other= automatically righteous soul living energy form cosmos law; want to cosmos to be being silence and clean clear, so then wicked soul is loudly and dirty, to be cosmos silence and clean clear, righteous soul is really help cosmos silence and clean clear

So that

Righteous soul yin and cosmos law is connection so that

If righteous soul living yin all supplied to righteous soul energy

So then,

Yin and yang harmony

Yin is heavy host but to the yin righteous soul living, and safe righteous soul living in destination place is only this way.

In the macro concept world

Safe living macro concept world voyage is

Host of righteous soul voyage

Yin and yang harmony

This is only yin living to the righteous soul living in destination place
